DEPUTY CHIEF EDWARD CONNORS

JOSEPH J. DOYLE, Chief Clerk

PETITION FOR CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On April 29, 1954, Copy of Petition and Order of Certiorari was served on the Board by Coleman & Sanner, attorneys for Frank N. and Amelia D. Giampietro and Anthony Caltieri, objecting property owners, seeking a review of the Board's determination on March 23, 1954, granting a variance under Section 7, subdivision f, of the Zoning Resolution, permitting for a term of 15 years, in a retail use district, the erection and maintenance of a gasoline service station, car wash, lubricatorium, motor vehicle repairs and an office, also the parking and storage of motor vehicles on the unbuilt-upon portion of plot; Cal. No. 704-53-BZ; premises 145-55 New York Boulevard, Jamaica, Borough of Queens.

OFFICE—Municipal Building, Manhattan, Room 1014, Centre
and Chambers Streets, New York 7, N. Y.

TELEPHONE—WHitehall 3-3600, Extensions 2600-2609.

OFFICE HOURS FOR PUBLIC—9 a.m. to 4 p.m.

Address all communications to the Chairman

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellant and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of the same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

ACTION OF BOARD—Laid over to May 25, 1954, 10 A.M. for inspection and decision; hearing closed.

725-24-BZ—Vol. IV

APPLICANT—Siegel and Green, for 321 West 54th Street Realty Corp., owner (The Gevaert Company of America, Inc., lessee).

MINUTES

SUBJECT—Application March 12, 1954 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district, the change in use from factory (candy) (previously granted by the Board), to offices, warehousing and distribution of photographic products and its incidental processing and packaging, for a term of years (to expire January 10, 1965).

PREMISES AFFECTED—321-343 West 54th street, north side, 275 ft. east of 9th avenue (Block 1045, Lots 12 and 15), Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel, Harry Lax and Albert Coenen.

For Opposition: Dolores Feeney.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on March 23, 1954 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 20, 1954 after due notice by publication in the Bulletin; laid over to May 4, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; West 54th street is in residence, retail and retail-1 use, B area, class 1½ height districts; 9th avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated March 11, 1954 acting on Alt. Applic. 345-54, reads:

"1. Proposed change of use within the building located within a Residence Use District from a candy factory to offices, warehousing and distribution of photographic products and packaging is contrary to Sec. 3 Art. II Zoning Resolution and Cal. 725-24-BZ, Vol. II, B. S. & A."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 100 ft. 5 in. in depth, on which there exists a two-story and basement factory building, of class 1 and class 2 construction, equipped with an automatic wetpipe sprinkler system with a central station alarm, a standpipe system and is mechanically air conditioned throughout the entire building; that this existing building was originally a garage and was converted to a candy factory in 1944-45 at considerable expense and was made to conform to the Board's resolution under Cal. No. 725-24-BZ, Vol. II; that on February 25, 1947 the Board permitted an additional story to be added to the existing candy factory, under Cal. No. 725-24-BZ, Vol. III and thereafter, on January 10, 1950, the term of the variance was extended for 15 years from that date; that certificate of occupancy No. 40145 dated August 12, 1952 was issued upon completion of alteration work for the additional story, and which certificate is now in full force and effect; and

WHEREAS, the applicant further states that the Marlon Confections Corporation, lessee-tenant of the subject premises since its original conversion to a candy factory, has now vacated this building and has removed its industrial equipment used in this candy factory, as for reasons beyond its control, it is discontinuing its business operations; that consequently, the owner, a corporation affiliated with Marlon, has negotiated for a new tenant for this entire building; that before this lease can be made effective, it will be necessary to obtain an amendment to the Board's resolution, permitting the change of use from the candy factory to the new tenant's use; that the prospective tenant, The Gevaert Company, proposes to use the entire building, as is, for its

offices, warehousing and distribution for photographic products and its incidental processing and packaging; that the lessee does not contemplate any exterior structural alterations, nor any increase in the area of height of the existing building, nor will there be any deviation from the Board's original resolution of October 17, 1944 as to ventilation, sprinkler protection and other similar conditions, other than the change of tenancy; that all other applicable laws, rules and regulations to the new tenant's use and occupancy will be complied with in all respects; and

WHEREAS, the applicant contends that the character of this block has not substantially changed since the original candy factory variance, and the proposed change of tenancy, if anything, will tend to improve the block; that while the street is still zoned for residence use, it is not residential in character as there exists considerable non-conforming uses on this street, particularly the large bus garage opposite the subject premises; that the proposed use is a logical and reasonable utilization of the existing building and its facilities, without impairing any neighboring interests; that the Board is urged to grant the necessary amendment to its resolution to permit this change of use, thereby enabling the owner to make a beneficial use of its property without in any way being detrimental to or adversely affecting the character of the existing neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since August 10, 1944; that the assessed valuation of land is \$200,000 and of the building \$175,000, making a total of \$375,000; that the building was erected in 1918; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted under Vol. III on February 25, 1947, as thereafter amended by resolutions adopted through January 10, 1950, by adding thereto:

"that in the event the owners desire to change the occupancy of the building to that now proposed for warehouse, distribution of photographic products and incidental processing and packaging, such change of occupancy may be permitted for the term previously granted, expiring January 10, 1965, *on condition* that the requirements of the resolutions above cited shall be complied with; that there shall be no nitrate film stored in the building; that the premises shall be arranged and occupied substantially as indicated on plans filed marked "Received March 12, 1954" (6 sheets), as amended by revised plans marked "Received April 27, 1954" (3 sheets); that the laboratory rooms as proposed for testing shall be located toward the center of the building and shall be used only for spot checking small samples representative of each shipment and not for general laboratory work; and that all permits required, including a new certificate of occupancy, shall be obtained and all work completed within six (6) months from the date of this *amended* resolution."

148-33-BZ—Vol. III

APPLICANT—Noviak Holding Corp., owner.

SUBJECT—Application reopened April 6, 1954 for consideration as to extension of term of variance—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in the residence use portion of a plot located in a residence, retail and local retail use districts, the parking of motor vehicles for patrons and employees on the unbuilt-upon portion in the rear of existing stores.

PREMISES AFFECTED—205-20 to 205-40 Hollis avenue and 109-52 to 109-62 Cross Island boulevard, southwest corner (Block 10945, Lots 101, 106 and 112), Hollis, Borough of Queens.

APPEARANCES—

For Applicant: William Sambur.

MINUTES

For Opposition: None.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating 3
Negative 0
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, on December 20, 1949 this application was granted on condition, under section 7h, for a term of two years, to permit the parking of motor vehicles of patrons and employees of store on premises, and in the residence use portion of the plot; and

WHEREAS, on December 4, 1951 the term of variance extended for a term of two years; and

WHEREAS, the applicant requested an extension of the term of variance, which had expired by limitation; and

WHEREAS, this application was reopened on April 6, 1954 and set for hearing on May 4, 1954 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin, term of variance having expired December 4, 1953; and

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated April 5, 1954 acting on amendment to Alt. Applic. 541-49, reads:

"1. Proposed continued use of the portion of the premises that extends from retail use into residence use for the parking of customers cars is contrary to Art. 2, Sec. 3 of the Z.R. and the resolution of the Board Cal. 148-33-B.Z."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 20, 1949, as thereafter amended by resolutions adopted through December 4, 1951, only so far as it has reference to the term of the variance, so that as amended this portion of the resolution shall read:

"*granted* under section 7, subdivision h of the zoning resolution, for a term of five (5) years from the date of this *amended* resolution, as passed on by the borough superintendent under decision dated April 5, 1954, to permit * * *; and that other than as herein *amended* the resolutions above cited shall be complied with in all respects and that a new certificate of occupancy shall be obtained" (Alt. 541/49).

464-41-BZ—Vol. II

APPLICANT—Robert Gottlieb. for Louis Rothberg and Fannie Privot, owners.

SUBJECT—Application December 11, 1953 (decision of the borough superintendent), under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs and office; and to permit the display and sales of used cars and the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—3933-3939 3rd avenue, west side, 139.9 ft. north of East 172nd street (Block 2920, Lots 34, 35, 36 and 37), Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating 3

Negative 0
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, this application has reopened as Vol. II on January 5, 1954, subject to regular procedure, to consider additional use; and

WHEREAS, a public hearing was held on this application on March 30, 1954 after due notice by publication in the Bulletin; laid over to May 4, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 3rd avenue are in a business use, B area, class 1½ height district; East 172nd street is in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 7, 1953 acting on N. B. Applic. 1279-53, reads:

"1. In a Business use district the proposed 'Gasoline service station, lubritorium, car washing, motor vehicle repairs (hand tools only) display sales of used cars, storage, parking and storage of motor vehicles' is contrary to Sect. 4 of the Zon. Res."

and

WHEREAS, the applicant states the premises consist of a plot, 100 ft. frontage by 107 ft. in depth, irregular, vacant, and used for the parking and storage of more than five motor vehicles, for which certificate of occupancy No. 1033-42 has been filed; that it is proposed to erect a building 55 ft. front by 28 ft. in depth, one story, 15 ft. in height, of class 3 construction, to be used as auto laundry, lubritorium, motor vehicle repairs and office; that it is further proposed to install six 550-gallon gasoline tanks, with four dispensing pumps and with two 30 ft. curb cuts; that it is further proposed to display and sell 8 used cars and to permit parking and storage of 8 motor vehicles; and

WHEREAS, the applicant contends that the owners recently bought this plot with the idea of improving it with a gasoline service station because it is felt that this area needs a modern gas station; that the character of the street is such that the erection of stores would not be feasible; that the Third avenue elevated structure faces the property; that to use the property solely as a parking lot does not pay, as the income is not sufficient to keep a night operator as is required in this neighborhood; that the erection of the proposed gas station would not diminish the off-street parking on the lot as this still would be kept; that the proposed gas station would not interfere with any gas stations on Third avenue, as there are none in the immediate neighborhood; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, which recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the premises to be occupied as a gasoline service station, substantially as proposed and as indicated on plans filed with this application, marked "Received December 11, 1953" (4 sheets), *on condition* that the premises shall be arranged substantially as indicated thereon, and under section 7i for a similar term there may be repairing of motor vehicles for adjustments only maintained solely within the accessory building; that there shall be no cellar under the accessory building and that the accessory building shall comply with the requirements of the Building Code; that the exterior of the building shall be of brick; that the plot shall be leveled substantially to the grade of Third avenue and on the exterior lot lines a woven wire fence of the chain link type shall be erected on a masonry base or

MINUTES

retaining wall as the grade may require, to a total height of not less than 5 ft. 6 in.; that the balance of the plot shall be surfaced with concrete or asphaltic paving; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line; that curb cuts shall be restricted to two on Third avenue, each not over 30 ft. in width and no portion of a curb cut to be nearer than 5 ft. to a side lot line as prolonged; that the number of gasoline storage tanks shall be limited to six 550 gallon tanks; that under section 7h, there may also be parking of cars awaiting service and the general parking of motor vehicles of the pleasure car type only; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that complete working drawings shall be submitted within two months for further consideration and additional conditions before same are filed with the borough superintendent and after approval of same, all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

663-49-BZ—Vol. VI

APPLICANT—Siegel and Green, for L.S.C. Realty Corporation, owner.

SUBJECT—Application February 4, 1954 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district a new addition to existing amusement center building (previously granted by the Board), with illuminated business sign on building.

PREMISES AFFECTED—1928-1930 Bruckner boulevard, south side, 187.21 ft. east of White Plains road (Block 3677, Lots 65 and part of Lot 73), Borough of The Bronx.

APPEARANCES—

For Applicant: Max Siegel and Carl Littman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-

ert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. VI on February 24, 1954 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, E area, class 1 height district; Bruckner boulevard and White Plains road are in residence and local retail use, E area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 26, 1954 acting on Alt. Applic. 23-54, reads:

"1. Proposed addition for amusement games to existing amusement center within a residence use district is contrary to Sect. 3 of the Zoning Resolution and Resolution of the Board of Standards and Appeals Cal. 663-49-BZ Vol. III.

3. Proposed illuminated business sign on building face is contrary to Sect. 3 of the Zon. Res."

and
WHEREAS, the applicant states that the premises consist of a plot, 160 ft. frontage by 79.15 ft. in depth, on which is located an amusement center, with three buildings for amusement games and refreshments; that certificate of occupancy No. 10899 is in full force and effect for these premises, a copy of which has been filed with this application; that it is now proposed to erect a new addition, having

an area of 30 ft. by 59 ft., one story in height, of class 4 construction, to be used for miniature amusement game machines now contained in the existing buildings, plus certain additional similar equipment for patron amusement; that the existing two buildings now used for the amusement game machines, being re-located to the new addition, will be converted to amusement game booths; that the driveway extending from Bruckner boulevard to Houghton avenue will be eliminated, as well as the fences on the building lines of Bruckner boulevard and Houghton avenue, and maintain existing fences on lot lines; and

WHEREAS, the applicant contends that Bruckner boulevard at this particular location has become established as an amusement center; that the present owners have conducted the amusement center since its inception and due to increased patronage feel the necessity of the new addition; that White Plains road extending to Houghton avenue, has now been improved whereby it affords vehicular access to Houghton avenue, eliminating the necessity of the driveway on the subject plot; that the proposed illuminated business sign on the building face is a required incidental facility for the proper conduct of the operations of the new addition and cannot adversely affect anyone as it will face Bruckner boulevard which is a 187 ft. wide street with not a single development on its north and opposite side; and

WHEREAS, the applicant states the owner has held title to the property since October 15, 1950 and that the land is assessed for \$7,800 and the buildings for \$11,200, making a total of \$19,000, and that the buildings were erected under N.B. 1409-51.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted under Vol. III, on March 11, 1952, by adding thereto:

"* * * that for a further term expiring within ten (10) years from the date of this amended resolution, the premises, mainly Lot 65 and part of Lot 73, may be permitted under section 7, subdivision e, to be arranged as indicated on revised plans filed with this application marked 'Received March 31, 1954,' 4 sheets, on condition that the proposed building at the east side of the property shall be constructed of class 3 construction instead of class 4 construction as proposed, and in all other respects the resolution above cited, adopted March 11, 1952, shall be complied with where not inconsistent with this amended resolution; that there shall be no cellar under the proposed one story building which shall be arranged as proposed and for the use as shown on such plans, and in all other respects shall comply with all laws, rules and regulations applicable thereto; that a sign reading 'playland' as shown on such plans may be permitted and permitted to be illuminated provided it does not extend beyond the building but is on the face of the gable end as shown; that all permits shall be obtained and all work completed within six (6) months from the date of this amended resolution and that a new certificate of occupancy shall be obtained."

49-52-A—Vol. II

ert and Keating 3
Negative 0
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 19, 1954 subject to regular procedure, to consider proposed new use; and

WHEREAS, a public hearing was held on this application on March 23, 1954 after due notice by publication in the Bulletin; laid over to May 4, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Emmons avenue are in residence and business use, D area, class 1 height districts; Brigham street is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 11, 1953 acting on N. B. Applic. 1333-53, reads:

"1. Business use in a Residential use district is contrary to Art. II, sect. 3 of zone resolution.

2. Show window within 75' of a Residential use district is contrary to Art. IV sect. 7A of zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 ft. $\frac{5}{8}$ in. frontage by 126 ft. $10\frac{3}{8}$ in. in depth, irregular, presently vacant; that it is proposed to erect a kiddie park, arcade building and use the northerly part of the site for the open parking of patrons' cars, no fee to be charged; that the kiddie park will be developed with amusement devices consisting of Whip, Carousel, Airplane ride, Boat ride, Ferris wheel, a 5 ft. by 5 ft. portable office and an arcade building of class 3 construction, having a frontage of 40 ft. and a depth of 26 ft., one story in height; that the arcade building will contain the required toilet facilities for the kiddie park and children's mechanical amusement devices; and

WHEREAS, the applicant contends that the building will be modern in design and enhance the appearance of the entire area; that the proposed parking of patrons' cars on the site will remove the parking problem this type of business could cause; that the proposed use is permitted on that part of the site within the business use district and it is only proposed to extend said use to the entire plot; that signs, show windows

and business entrance on Emmons avenue within 75 ft. of the residence zone necessarily occur, as the site itself projects into the business zone only 20 ft. and therefore the owner is prevented from ever using the business portion of the site, which is a hardship; and

WHEREAS, the applicant states that the site was purchased on December 20, 1951, and that the land is assessed at \$8,500; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, which recommended that the application be granted for a temporary term or until such time as the proposed park is constructed, if less than the proposed temporary term; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, A and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c for a term of five (5) years, to permit the temporary use of the premises substantially as proposed and as indicated on plans filed with this application, marked "Received January 5, 1954" (3 sheets) and to permit under section 7h for a similar term the portion in the rear for the parking patrons' cars only, with no fee to be charged, on condition that the plot shall be leveled substantially to the grade of the surrounding streets and arranged substantially as proposed on such plans; that buildings shall comply with the Building Code in all other respects; that there shall be no cellar under the buildings; that the plot shall be leveled and surfaced; that on the rear portion, where parking is proposed, there shall be maintained a woven wire fence of the chain link type with anchored steel posts erected on the lot lines where indicated and on the street line of Brigham street for a total height of not less than 5 ft. 6 in. with no openings therein except one where shown, with curb cut opposite not over 15 feet in width; that such opening shall be fitted with gates of similar construction as the fence, which shall normally be closed except when the premises are in operation; that the sidewalks and curbing around the premises shall be repaired or restored to the satisfaction of the borough president; that such fire-fighting appliances shall be maintained as the fire commissioner shall direct; that no equipment shall be installed that exceeds 12 feet in height; that under Section 7A, for a similar term, the proposed show window may be permitted, if deemed contrary to the requirements and that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

728-53-BZ

APPLICANT—Melvin E. Kessler, for Sequoia Realty Corp., owner.

SUBJECT—Application October 8, 1953 (decision of the borough superintendent), under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district the erection and maintenance of gasoline and oil selling station, lubritorium, car wash, motor vehicle repairs and office; and to permit the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—1800 East Gunhill road, southeast corner of Delanoy avenue (Block 4499, Lot 22), Borough of the Bronx.

APPEARANCES—

For Applicant: Melvin E. Kessler and Hugh Quinn.
For Opposition: None.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating 3
Negative 0
Absent: Deputy Chief Connors 1

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 23, 1954 after due notice by publication in the Bulletin; laid over to May 4, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East Gunhill road are in a business use, D area, class 1 height district; Delanoy avenue and Brunner avenue are in residence and business use, D and E area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 1, 1953 acting on N.B. Applic. 1063-53, reads:

"1. Proposed gas and oil selling station, office, salesroom, lubritorium, car washing, minor repairs with hand tools only, parking & storage of more than 5 motor vehicles in a business use district is contrary to Art. II, Sect. 4 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 244.39 ft. frontage by 122 and 100 ft. in depth, irregular, presently vacant; that it is proposed to erect a building 44 ft. 8 in. front by 27 ft. 8 in. in depth, one story, 15 ft. 4 in. in height, of class 3 construction, to be used as a lubritorium, car wash, storage and sale of accessories and office; that it is further proposed to install ten 550-gallon gasoline tanks and two dispensing pumps, with four curb cuts fronting on East Gunhill road; that it is also proposed to use the vacant portion of the plot for parking and storage of more than five motor vehicles; and

WHEREAS, the applicant contends that because of the very nature of the property, the owners have been filling and levelling the property to hide a deplorable condition; that Gunhill road, the only street presently cut through for traffic around the site, is gradually becoming a most important traffic artery from the West Bronx connecting to the Hutchinson parkway to Long Island or Connecticut; that the land should obviously be put to a proper usage, commensurate with the value of the property and it is therefore requested that permission be granted to erect a first quality service station, which will be expertly managed, at this location, to insure a useful community function in serving gasoline and appurtenant service in an area practically devoid of such facility; that the proposed building, one story in height and with face brick on all sides, would in no way adversely affect an area devoid of structures; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the premises to be occupied as a gasoline service station, substantially as proposed and as indicated on plans filed with this application, marked "Received October 8, 1953" (3 sheets) and "January 29, 1954" (1 sheet), and under section 7i to permit the minor repairing of motor vehicles for adjustments only and maintained solely within the accessory building, and under section 7h, to permit for a similar term the parking of cars awaiting service; that complete working drawings shall be submitted to the Board for further consideration within two months from the date of this resolution, and after approval thereof, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

750-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Bonnie R. Bast, owner.

SUBJECT—Application October 15, 1953 (decision of the borough superintendent), under section 7c of the zoning

resolution, to permit in a residence and business use district the storage of new and used cars in conjunction with an auto agency.

PREMISES AFFECTED—94-26 to 94-34 81st street, west side, 49.10 ft. north of 95th avenue (Block 9006, Lot 12), Woodhaven, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-ert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 30, 1954 after due notice by publication in the Bulletin; laid over to May 4, 1954, for inspection and decision by the Board; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 81st street are in residence and business use, D area, class 1 height districts; 95th avenue is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated September 30, 1953 acting on Alt. Applic. 1851-53, reads:

"1. The use of the premises located partly in a Residence Zone and partly in a Business Zone for storage of new & used cars in the Residence Zone portion is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 112.98 ft. frontage by 62.78 ft. in depth, irregular, presently vacant; that it is proposed to extend the permissible storage of motor vehicles on part of the site in the business zone to the balance of the site in the residence zone; and

WHEREAS, the applicant contends that the site will be brought to legal grade and tarvia or cinder paved; that a 4 ft. high woven wire fence will be erected on all lot lines and along the 81st street building line, except for two 14 ft. wide gates; that the cars to be stored on the site are in conjunction with Haven Chevrolet Auto agency at 8120 Atlantic avenue, Queens in block 9009, lot 6; that the storage of cars will only be done during regular business hours so that 81st street will not be affected; that the present dwellings in block 9006, lot 17 and block 9010, lot 35 are the only dwellings on 81st street between intersecting streets and these two dwellings both front on 95th avenue; that the provisions of Art. II Sect. 7A are not violated inasmuch as paragraph c of section 7A permits a curb cut in the business portion of lot for permitted parking; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the proposed use as permitted in the business use district, substantially as proposed and as indicated on plans filed with this application marked "Received October 15, 1953" (2 sheets) as amended by revised plan marked "Received May 4, 1954" (1 sheet) *on condition* that the entire premises shall be leveled substantially to the grade of 81st street and shall be paved with steam cinders or clean gravel, treated with a binder and properly rolled; that there shall be erected on all lot lines including the street building line, a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, except that on interior lot lines within the

MINUTES

residence use district such fence shall be of the split paling type, of similar height and properly attached to a substantial framework; that access to and from the premises shall be by means of a curb cut located in the business use district approximately 20 feet from the northerly lot line where shown on such revised plans and not over 14 feet in width; that opposite such curb cut the opening in the premises shall be fitted with gates similar in construction to the fence; that such gates shall normally be kept closed except when cars are taken in or out; that signs shall be restricted to one sign attached to such opening, not extending beyond the building line, not illuminated and advertising only the use of the premises and the name of the tenant, the Haven Chevrolet Company; that bumpers properly located to protect the fences, shall be maintained; that during the term of this variance the premises shall be occupied for no other use than the storing of new and used cars as proposed and no building shall be erected thereon; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution.

762-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Michael Zeppetella, owner.

SUBJECT—Application October 21, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—1730-1736 66th street, south side, 240 ft. east of 17th avenue (Block 5560, Lots 25 and 27), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Michael Zeppetella.
For Opposition: None.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioners Kleinert and Keating 3
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 23, 1954 after due notice by publication in the Bulletin; laid over to May 4, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; 66th street is in residence and business use, C area, class 1 height districts; 17th avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 8, 1953 acting on Alt. Applic. 40555-53, reads:

"1. Proposed parking & storage of motor vehicles on open portion of lot in a residence use district is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 ft. frontage by 140 ft. in depth, on which is located a two-story, two-family dwelling, 22 ft. by 55 ft., of class 4 construction; that it is proposed to permit the parking and storage of motor vehicles on unbuilt-upon portion of plot; and

WHEREAS, the applicant contends that the premises are presently developed with a 2-½ story frame, two family dwelling, having a frontage of 22 ft. and a depth of 55 ft.; that a variance is requested for a temporary period in order to use the vacant part of the site for the parking and storage of motor vehicles; that legal courts and yards will be maintained for the present dwelling and a 4 ft. high woven wire fence will be erected and maintained along said courts and

yards; that the proposed parking will go far towards alleviating the parking problem on 66th street; that there are many private dwellings within the affected area and many multiple dwellings which do not have garages or parking facilities; that in addition, 18th avenue is a highly congested shopping center and parking facilities will also help alleviate the parking problem existing on 18th avenue; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 4055/53, Objection 1, be and it hereby is affirmed and that the application be and it hereby is denied.

840-53-BZ

APPLICANT—Guerino Salerni, for Michael Crispino and Mary Niesi, owners.

SUBJECT—Application November 24, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of motor vehicles for a term of years.

PREMISES AFFECTED—58-43 to 58-47 Rodman street and 130-03 to 130-13 59th avenue, northwest corner (Block 6354, Lot 46), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Guerino Salerni and Michael Crispino.
For Opposition: Edw. Hoffman for Park Dept.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioners Kleinert and Keating 3
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 30, 1954 after due notice by publication in the Bulletin; laid over to May 4, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Rodman street and 59th avenue are in a residence use, D area, class ¾ and class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 26, 1953 acting on Alt. Applic. 1206-53, reads:

"1. Proposed parking of motor vehicles on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 62.17 ft. frontage by 113.45 ft. in depth, irregular, presently vacant; that it is proposed to use the vacant plot for the parking and storage of motor vehicles; that a 12 ft. by 10 ft. class 3 structure will be erected for use as an office; and

WHEREAS, the applicant contends that the property is located near several main arterial highways and, especially on Sundays and holidays, people visiting the nearby cemeteries have great difficulty in finding parking space; that this situation causes double parking and much congestion, resulting in great interference with normal traffic; that in granting this appeal and allowing this plot to be used for parking purposes, the Board will not only be helping the owner in using his land for gainful purposes, but will also be solving a serious parking problem and relieving many people of much inconvenience and delay; and

WHEREAS, the premises and surrounding area were inspected by a committee of the board, which recommended that the application should not be granted; and

WHEREAS, the board found that there was no justification

MINUTES

for the exercise of discretion to grant a zoning variance under section 7, subdivision h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 1206/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

148-54-BZ

APPLICANT—Blum and Jolles, for Burudy Engineering Co. Inc., owner.

SUBJECT—Application February 27, 1954 (decision of the borough superintendent), under section 7b of the zoning resolution, to permit the extension from an unrestricted use district into the business use district, for the manufacturing of electrical connectors and appliances (making sand molds, melting of metal, pouring of metal into moulds, extraction of castings and grinding and finishing of castings).

PREMISES AFFECTED—183-87 Bruckner boulevard, northwest corner of East 136th street (Block 2565, Lot 20), Borough of the Bronx.

APPEARANCES—

For Applicant: Jos. G. Blum and Julius Eckmann.

For Opposition: Mary Cunningham and Britt Studebaker.

For Administration: John J. Saunders, Dep't of Housing and Buildings and B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 20, 1954 after due notice by publication in the Bulletin; laid over to May 4, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 136th street and Bruckner boulevard are in business and unrestricted use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 29, 1954 acting on Alt. Applic. 972-53, reads:

"1. This application is disapproved as use is contrary to Art. II, Sect. 4(a)-52(b) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 121.30 ft. frontage by 99.34 ft. and 160.72 ft. in depth, irregular, on which is located a building covering the entire lot, one story, 16 ft. in height, of class 3 construction, presently used for the manufacture of electrical connectors and appliances, for which certificate of occupancy No. 4773-48 has been filed; that it is proposed to permit the continuation of same use; and

WHEREAS, the applicant contends that the owner has been conducting its business at the instant location for approximately five years, pursuant to certificate of occupancy issued by the borough superintendent; that because of alleged complaints of smoke and noise, none of which complaints were verified by inspection, the commissioner of investigation heretofore instituted a proceeding to revoke the said certificate of occupancy on the ground that it was illegally issued; that the basis of the revocation application was the fact that the premises in lot 20 were located mainly in an unrestricted district and partly in a business district; that the portion in the business district is a small segment in the northwest corner of the property, approximately 1,672 sq. ft. in area, out of a total area in lot 20 of 13,620 sq. ft.; that the owner also occupies the adjacent lots, 8 and 12, to the north, on which are separate buildings connected with fire door protected openings; that since lot 8 consists of 9,500 sq. ft. and lot 12 of 8,312 sq. ft., the total area of the subject premises amounts to 31,432 sq. ft., and it is therefore apparent that the small segment in question constitutes approximately 5%

of the entire area; that the proceeding for revocation was pressed by the commissioner of investigation on the ground that due to the nature of the manufacturing operations conducted in the building on lot 20, the certificate of occupancy should not have been issued by the borough superintendent but should have been issued upon application to the Board; that on September 15, 1953, an appeal was before the Board, under Cal. No. 428-53-A, and at that time the Chairman announced that the Board had made a personal inspection of the premises and was satisfied that it had all the information pertinent to the said application; that in order to expedite the final solution of the questions involved and avoid unnecessary delays, this application is being made; and

WHEREAS, the applicant further contends that existing conditions comply in every way with all reasonable precautionary requirements that may be involved wherever property is located in different zones; that the segment in question which is located in the business area creates no nuisance in the business area and causes no emission of fumes or noises; that the business of manufacturing electrical connectors and appliances involves the making of sand molds, melting of metal, pouring of metal into molds, extraction of castings from molds and the grinding and finishing of castings; that the planning and layout of the factory was done with the fullest desire of conforming to all applicable zoning requirements; that the furnaces were located well within the unrestricted area and a large metal stack 64 ft. in height, equipped with an exhaust fan was also located in the unrestricted area; that with this equipment, the entire volume of air in the entire building is removed once every six minutes; that although windows are located in the east wall of the roof bulkhead, which is part in the unrestricted area and part in the business area, and are about 22 ft. from the west wall, by reason of the exhaust fan, these windows act solely as inlets for air and no odors or fumes escape therefrom; that a personal inspection of the premises will verify the fact that the flow of air is into the building from the bulkhead windows and not outwards; that there are no openings in the roof in the business area; that in every other way the segment in the business area is likewise being used so as to cause no emission of odors or fumes, smoke, gas or noise; that all of the fumes are drawn by forced draft up through the 64 ft. high stack; that when the condition was explained to the Board engineer that the 40,000 cubic ft. per minute exhaust fan made positive the air supply into the building through the bulkhead windows and definitely prevented any air escaping from the building through these windows, the engineer brought up the point that the exhaust fan mechanism might be subject to a breakdown and then the air might escape through these windows; that in order to obviate any such possibility, Alt. Applic. 972-53 was filed, to close up all these windows, even those to the south in the unrestricted area, and to install intake fans only to supply fresh air for the west part of the building; that it is therefore requested that this application be granted on condition that the presently existing conditions at the subject premises be continued, with the installation of the additional positive precautionary measures proposed in Alt. Applic. 972-53; and

WHEREAS, the applicant states that pursuant to a rezoning approved by the Board of Estimate on April 5, 1939, the following amendments occurred: height changed from 2 to 1; area changed from B to C; use changed in part from unrestricted to business; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, which was of the opinion, after careful study of the plans, that the work now proposed will materially help if not eliminate the matter of smoke nuisance to the adjoining occupancies; and

WHEREAS, action on Appeal 428-53-A was laid over to July 7, 1954 as to revocation of certificate of occupancy to permit work herein required to be done; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision b of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does

MINUTES

hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7b, to permit the extension of the use into the business use district on lot 20 as now being used and as proposed and shown on plans filed with this application marked "Received February 27, 1954" (4 sheets), *on condition* that the work as shown on additional plans marked "Received April 30, 1954" (2 sheets) shall be carried out; that such work shall include as shown the closing of the existing windows in the vertical wall of the building toward the rear above the roof and at three points in such wall there shall be installed as proposed 36 in. 10,000 cu. ft. per minute intake ventilating fans; that at the base of the present stack there shall be an exhaust fan exhausting 40,000 cu. ft. per minute of air from the first story of the building, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that a new certificate of occupancy shall be obtained to replace the existing certificate; and that all work shall be promptly done and completed within three (3) months from the date of this resolution.

428-53-A

APPLICANT—James H. Sheils, Commissioner of Investigation, City of New York.

OWNER OF PREMISES—Burndy Engineering Co., Inc.

SUBJECT—Application May 28, 1953—Appeal from a decision of the borough superintendent re revocation of Certificate of Occupancy 4773-48 re Alt. 361-48.

PREMISES AFFECTED—183-187 Bruckner boulevard, northwest corner of East 136th street and 185 Southern boulevard (Block 2565, Lot 20), Borough of The Bronx.

APPEARANCES—

For Applicant: G. Posner, Mary Cunningham and Britt Studebaker.

For Owner: Jos. G. Blum and Julius Eckmann.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to July 7, 1954, at 10 A. M. for action by the Board after completion of the work involved under Cal. 148-54-BZ.

TUESDAY AFTERNOON, MAY 4, 1954, 2 P. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating.

541-53-A

APPLICANT—Leonard F. Rothkrug, for George Donus, owner.

SUBJECT—Application June 18, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—133-18 Francis Lewis boulevard, west side, 160 ft. south of 133rd avenue (Block 12969, Lot 8), Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Cecil Donus.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3
Negative 0
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 19, 1953,, acting on Alt. Applic. 1000/53, reads:

"1. Public building not permitted in Class 3 bldgs. exceeding two stories in height, 4.2.1 B.C. (table)."

and

WHEREAS, the applicant states that the building is 3 stories, 27 ft. in height; of class 3 construction; 20 ft. by 38 ft. in area; erected 1953; located on a lot 20 ft. front by 100 ft. in depth; in a residence use, D area, Class 1 height district, and used and occupied since 1952—1st floor, boiler room and 2 rooms for tutoring, 16 persons; 2nd and 3rd floor combined, dwelling, one family, and now proposed to be used and occupied: 1st floor, boiler room and 2 rooms for tutoring, 20 persons; 2nd and 3rd floor combined, dwelling, one family; that the building is provided with one 3 ft. wide interior wood stairs, enclosed in partitions of wood studs, wood lath and plaster, equipped with wood doors which are not self-closing; that stair hall does not lead direct to street, and is provided with a ladder and scuttle to roof; and

WHEREAS, Certificate of Occupancy #Q84750 issued October 23, 1952, upon completion of work under Alt. Applic. 2702/50 describes the building as non-fireproof construction classification, 3 stories, 27 ft. in height; located in a residence use district, and classified as to occupancy as a residence building and permits the following use and occupancy: 1st floor on ground, boiler room and two rooms for tutoring, number of occupants not stated; 2nd and 3rd floors, dwelling, 40 lbs. live load, 1 family; and

WHEREAS, Violation #1101/53 was issued March 19, 1953, by the Borough Superintendent, for violation of Sec. C26-185.0 of the Administrative Code, for "conducting a school for children (about 15) on first floor with desks, and arranged as a school. Contrary to Certificate of Occupancy #Q-84750;" and

WHEREAS, the owner was prosecuted in Municipal Term, Magistrates Court, July 7, 1953, on a charge of violation of Section 643a-9.0 of the Administrative Code, and the complaint was marked "withdrawn—dismissed without prejudice"; and

WHEREAS, the applicant states that the building is one of a row of attached buildings, indistinguishable in frontal appearance from similar dwellings on both sides of Francis Lewis boulevard, except for a small sign similar to a doctor's professional type sign permitted in a residence use district, reading "Christopher Robin Elementary School"; that the owner and his wife are professional teachers, who prior to 1952 occupied the premises as a private dwelling and occasionally engaged in the practice of their profession by tutoring a few children in the living room on the ground floor; that the rear room was formerly their private garage; that their work gained recognition and to expand their facilities they filed Alteration Application 2702/50 to convert the ground floor to its present use as two classrooms for tutoring as was indicated on the approved plan; that relying upon the validity of the approval of the application, and acting in good faith, the owners let contracts to perform the necessary alteration work which was completed September 12, 1952, and Certificate of Occupancy #Q-84750 was issued; that however this certificate does not specify the number of students; that the owner does not contemplate having more than 20 students on the ground floor at any one time; that under normal conditions there are only 12 students in the building during instruction period and it is only during mid-day recess that there may be 20 students present for a brief interval; that the application of Section C26-254.0 of the Administrative Code to this building would require it to be class 1 construction as a public building for use as a school and would impose an undue hardship causing abandonment and considerable financial loss; that the space on the ground floor used for tutoring has two remote means of egress; that it is proposed to conduct regular fire drills at least once each month and to maintain a 2½ gallon fire extinguisher on the ground floor.

MINUTES

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1000/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the occupancy of the building as proposed with two rooms for tutoring, as indicated on plans filed with this appeal marked "Received June 18, 1953" (2 sheets) *on condition* that such children shall not exceed twenty (20) and shall not be permitted at any time above the first floor of the building; that the exits from the first floor to the street and yard shall remain readily openable at all times while the tutoring is in session; and *granted* only so long as this condition continues and the upper two floors of the building are occupied as a residence for a single family by the person conducting the tutoring on the first floor; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that a new certificate of occupancy shall be obtained.

659-53-A

APPLICANT—John T. Kelleher, Borough Supt., Department of Housing and Buildings.

OWNERS OF PREMISES—George B. and Cecil A. Donus.

SUBJECT—Application August 18, 1953—Revocation of Certificate of Occupancy #84750-52 issued re Alt. 2702-50.

PREMISES AFFECTED—133-18 Francis Lewis boulevard, west side, 160 ft. south of 133rd avenue (Block 12969, Lot 8), Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: Aaron Halpern.

For Owner: Leonard F. Rothkrug and Cecil Donus.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal withdrawn, in view of action taken by the Board this day under Cal. No. 541-53-A.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

650-53-A

APPLICANT—Julius Eckmann, for Marguerite Corp., owner.

SUBJECT—Application August 6, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—801 Bartholdi street, northeast corner of Barnes avenue (Block 4633, Lot 11), Borough of The Bronx.

APPEARANCES—

For Applicant: Julius Eckmann.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated July 27, 1953, reads:

"In regard to your request of May 15, 1953, our answer will have to be in the negative. Section 272 of the Labor Law prohibits the use of fixed screens on windows of factories during working hours. Therefore, Violation C-693 of 1953, which reads 'Iron grille installed at the exterior windows at street level of factory building,' cannot be dismissed."

and

WHEREAS, the applicant states that the building is one story, 16 ft. in height; 78 ft. 3 in. by 160 ft. and 240 ft. in area, of Class 3 and of fireproof construction; erected about 1900, located in a residence use, C area, class 1¼ height district, and used and occupied since erection as a lace factory, 80 persons; that the building is equipped with a one-source sprinkler system, there are two 3 ft. 6 in. wide interior steel stairways, to boiler room enclosed in block partitions; stair hall leads direct to street; and

WHEREAS, Violation #C-693-1953 was issued by the Borough Superintendent, April 23, 1953, stating that there exists a violation of Section 272, Subdivision 3, of the Labor Law, in that an iron grille has been installed at the exterior windows at street level of this factory building, and directing the removal of the grilles or their arrangement to be readily movable or removable so as to afford free and unobstructed use as a means of egress and be kept unlocked during working hours; and

WHEREAS, the applicant has filed with this appeal a copy of Violation #C-1283, issued by the Borough Superintendent June 24, 1953, for occupying the building before having obtained a certificate of occupancy; and

WHEREAS, the applicant has filed with this appeal a copy of Certificate of Occupancy #2930, issued February 13, 1947, upon completion of work under Alt. 521/45, and pursuant to a variance granted by the Board under Cal. No. 644-45-BZ, which certificate permits the use of the building as a factory with an occupancy of 80 persons; and

WHEREAS, the applicant contends that this is an application for variation of the Labor Law so as to permit the maintenance of fixed grilles on the windows as these grilles are essential to the operation of the factory and do not in any way affect the means of egress; that the grilles in question were installed as absolutely necessary protection; that directly across Magenta street is the Evander Childs High School; that diagonally opposite to the northwest is the playground and ball field used by the high school; that the costly and delicate lace making machinery in the plant requires protection from missiles breaking through the windows; that with many hundreds of students passing by daily, many incidents have occurred; that the low roof has been invaded many times; that the owner has spoken to the principal on several occasions, where damages are trivial they are being endured, but positive protection of the machinery is vitally necessary; and

WHEREAS, the applicant contends that the purpose of Section 272, Subdivision 3 of the Labor Law is to afford free and unobstructed use of the windows as a means of egress; that the building is only one story high, provided with automatic sprinkler and there is no cellar; that the floor is below the street level; that there are 4 exits directly to the street, one to the yard and an exit from the boiler room; that for the employees there are ample means of egress in addition to the sprinkler protection; that due to the floor level being below the street, the height of the window sills from floor are such that the windows are much higher than ordinary and are inaccessible for egress; that some of the sills are 9 ft. 9 in. above floor; that in view of the existing conditions and the necessity for protection from the daily activities of the high school students, it is requested that a variance be granted so as to permit the fixed protective screens on the windows to remain.

Resolved, that the decision of the Borough Superintendent, contained in letter dated July 27, 1953, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the continuation of the fixed screens on the windows, as proposed and as indicated on plans filed with this appeal, marked "Received August 6, 1953" (2 sheets) and "March 5, 1954", *on condition* that the existing means of exit as shown on such plans shall be maintained, and in addition there shall be a doorway leading from the building described as "original factory" to open onto the vacant portion of the premises to the east so as to permit exit to Magenta street; and if such grade is unsatisfactory and other means of reaching Magenta street is necessary, such shall be provided; and that in all other respects the building and occupancy shall

MINUTES

comply with all rules, laws and regulations applicable there-
to other than as *modified* by the Board under Cal. No. 644-
45-BZ, Vols. I, II and III.

140-54-A

APPLICANT—Samuel Rosenblum, for Yemmasse Corp.,
owner.

SUBJECT—Application February 19, 1954—Appeal from a
decision of the borough superintendent.

PREMISES AFFECTED—308-316 East 48th street, south
side, 100 ft. east of 2nd avenue (Block 1340, Lot 44),
Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum and Edwin J. Carey.

For Administration: Samuel L. Becker, Dep't of Housing
and Buildings and Edward Hoffman, for City Construc-
tion Coordinator.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating 3
Negative 0
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent,
dated February 10, 1954, on Alt. Applic. 94/54 reads:

"2. Business, or advertising signs, are prohibited on
E. 48 St. from 2nd Ave. to the East River. Board of
Estimate, Cal. 141-1947, D-41-28(d); Adm. Code."

and

WHEREAS, the applicant states the building is 4 stories, 52
ft. in height, 125 ft. by 100 ft. 5 in. in area, of fireproof
construction, erected in 1867 on a lot 125 ft. front by 100 ft.
5 in. in depth in a manufacturing use, B area, Class 1½
height district, used and occupied since 1923: Cellar—stor-
age of greeting cards, 0 persons; 1st floor—storage of greet-
ing cards and office, 20 persons; 2nd floor—factory (sorting)
cards, 20 persons; 3rd floor—factory (sorting) cards, 5 per-
sons; 4th floor—storage and sorting cards, 0 persons; and
now proposed to be used throughout as a garage for more
than five motor vehicles. The building is equipped with an
approved standpipe system, 2 interior 3 ft. 8 in. wide fire-
proof stairs, leading direct to street and one of which leads
to roof bulkhead and the other provided with ladder and
scuttle to roof; and

WHEREAS, the applicant states the building was approved
for garage use October 11, 1924, and Certificate of Occu-
pancy #8647/24 issued for such use; that during the war
emergency the building was leased for factory purposes and
storage and such use was the subject of an appeal to the
Board under Cal. No. 278-44-A for permission to use the
building for such factory use with restoration to its former
occupancy as a garage upon the discontinuance of such fac-
tory use, not later than October 31, 1955; and

WHEREAS, the applicant states it is now proposed to re-
store the building to the previous legal garage use and have
factory use vacate the building; and

WHEREAS, the applicant states that at the time the present
owning interests occupied the premises there were several
signs located at the front of the building, as evidenced by
photograph filed with this appeal; and

WHEREAS, the applicant has filed with this appeal a copy
of Sign Permit #4173 and M136579 dated February 19, 1947,
permitting the maintenance of illuminated signs on building
in question; and

WHEREAS, the applicant states these signs were re-
moved when the factory tenant moved into the building and
that it is now proposed to replace the previously existing
signs by new signs, as indicated on plans filed with this
appeal; and

WHEREAS, the applicant contends that while East 48th
street may have been originally intended as a direct approach
to the United Nations it is not so used; that traffic and lanes
provided at First avenue prohibit the crossing of any car

from East 48th street to the United Nations area; that the
roadway and fences have been so erected to serve First Ave-
nue through traffic, so that any car going east on E. 48th
street must proceed north on First Avenue and cannot di-
rectly approach the United Nations; and

WHEREAS, the applicant also contends that on the block
upon which premises in question are located there are numer-
ous illuminated projecting signs; and that inasmuch as the
proposed signs will merely replace signs previously existing
and heretofore approved in connection with the garage use
of the premises and as the garage use is being lawfully re-
stored and as East 48th street does not serve as a direct
approach to the United Nations area and the premises are
located in a manufacturing use district in which such signs
are permissible under the zoning resolution, it is requested
that the Board grant approval for the erection of the signs
as now proposed; and

WHEREAS, Subdivision d of Section D41-28.0 of the Ad-
ministrative Code as added by Chapter 23 of the Laws of
1947 as amended by Chapter 541 of the Laws of 1947, reads:

"d. To insure the beauty of the area to be used for
the United Nations' headquarters and the approaches
thereto and to promote the general welfare of the people
of the city and state of New York; to insure the safe
and orderly conduct of such United Nations and to
protect the useful and desirable purpose of the same and
to provide for the safety, convenience and comfort of
officials, delegates, personnel and visitors to the same,
such board of estimate shall have power to regulate and
limit signs, billboards and advertising devices, and shows,
exhibits, amusements and displays in the area of Queens
and New York counties contiguous to, fronting upon or
surrounding the lands occupied by the United Nations
and any violation of such regulations shall be a misde-
meanor."

and

WHEREAS, Section 2 of the resolution adopted by the Board
of Estimate May 8, 1947, regulating and limiting signs, bill-
boards, advertising devices and displays in the vicinity of the
lands occupied by the United Nations' headquarters site,
reads:

"2. No business amusement or advertising signs, bill-
boards, exhibits, displays or devices shall be established
thereafter in the Borough of Manhattan on or within
100 feet of the following: 1st Avenue from the north
side of 38th street to the south side of 52nd street, in-
clusive; 47th street from the west side of First avenue
to the east side of Second avenue; and 48th street from
2nd avenue to the East River, except as provided in
Section 6."

and

WHEREAS, Section 6 of said resolution of the Board of
Estimate reads:

"6. The Board of Standards and Appeals is hereby
authorized, for such period and upon such conditions as
will not violate the purposes of these regulations, to
waive the application of the provisions of these regu-
lations by approving the establishment of signs, bill-
boards, exhibits, displays and other devices in any of
the areas outlined above. Such approval shall be given
only upon the admission to such Board of Standards
and Appeals of specific plans in such detail as it shall
request as to the particular sign, billboard, exhibit, dis-
play or device for which approval is sought."

and

WHEREAS, the City Construction Coordinator and the
Assistant Secretary General of the United Nations have
been duly notified of this hearing by the Board.

Resolved, that the decision of the Borough Superintendent,
acting on Alt. Applic. 94/54, Objection 2, be and it is hereby
modified and that the appeal be and it hereby is *granted*,
to permit the signs as proposed and as indicated on plans
filed with this appeal marked "Received February 19, 1954,"
(2 sheets), *on condition* that the sign overhanging the
building line shall be reduced so as to extend for a distance

MINUTES

of no more than four feet from the building line and be not over six feet in height; and that this may continue for a term of five years from the date of this resolution as required by the regulations.

223-54-A

APPLICANT—Samuel Rosenblum, for 3 Vestry Street Corp., and 5-7 Vestry Street Corp., owners.

SUBJECT—Application March 18, 1954—Appeal from decisions of the borough superintendent.

PREMISES AFFECTED—3 and 5 Vestry street, southwest corner of Varick street and 24-26 Laight street (Block 220, Lots 21 and 22), Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum and Ralph Rubinger.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 15, 1954, affecting #5 Vestry street, re Alt. Applic. 2174/53, reads:

"6. Provide a one hour stair enclosure for one of the two stairways in the bldg. with all doors therein to be F.P.S.C.—enclosure to lead from street to roof through a bulkhead.

7. Provide two exits from the cellar enclosed in one hour incombustible partitions, cellar door F.P.S.C. and to lead directly to the street."

and

WHEREAS, the decision of the Borough Superintendent, dated March 15, 1954, on Alt. Applic. 2173/53, affecting #3 Vestry street, reads:

"6. Provide a one hour stair enclosure for one of the two stairways in the bldg. with all doors therein to be F.P.S.C.—enclosure to lead from street to roof through a bulkhead.

7. Provide two exits from the cellar enclosed in one hour incombustible partitions, cellar door F.P.S.C. and to lead directly to the street."

and

WHEREAS, the applicant states the buildings are 45 ft. 9 in. by 151 ft. in area, 6 stories, 70 ft. in height, of Class 3 construction, erected in 1887 and 1891, located in an unrestricted use, B area, Class 2 height district, and occupied since 1900 as follows: #3 Vestry street: Basement, 1st, 2nd and 3rd floors—storage and shipping of groceries and export merchandise, 10 persons; 4th floor—storage of baled clippings, 0 persons; 5th and 6th floors—sorting and baling of wool clippings, 4 and 8 persons respectively; #5 Vestry street: Basement, 1st, 2nd and 3rd floors—storage of groceries and food products, 6 persons; 4th floor—storage of baled clippings, 0 persons; 5th and 6th floors—sorting and baling of wool clippings, 4 and 8 persons respectively. No change in use or occupancy is proposed except on the 6th floor where it is intended to install picking machines which will perform the same general type of sorting of woolen clippings, and the 5th floor to be occupied by 4 persons and the 6th floor by 10 persons in each building. The buildings are equipped with an approved one-source sprinkler system throughout; that there are two 3 ft. wide wood unenclosed interior stairways in each building, provided with automatic trap doors in addition to horizontal exits; and

WHEREAS, the applicant states the premises consist of two buildings, each 6 stories in height, #3 Vestry street is 18 ft. 6 in. front by 150 ft. 6 in. in depth, running through to Laight street and #5 Vestry st. is 27 ft. 3 in. front running through to Laight street; that No. 3 Vestry street is occu-

piated on the 1st, 2nd, 3rd and basement floors for the storage of groceries and merchandise for export and import and #5 Vestry street is occupied on the 1st, 2nd, 3rd and basement stories for storage of groceries and food products. No manufacturing of any kind is conducted on these floors. A total of ten persons occupy the lower three floors of #3 Vestry street and six occupy #5 Vestry street; that the upper three floors of both buildings are occupied by one tenant who is actually the owner and also occupies the entire building at #7 Vestry street; that this owner-tenant is the Saxony Wool Corporation who sort, bale and ship woolen clippings; that these premises have been so occupied for about fifty years; that the sorting and baling of woolen clippings has been classified as factory work although there is no real manufacturing in the building; that as a result of this factory classification, the objections have been issued by the Borough Superintendent; and

WHEREAS, the applicant states it is intended to place as what are known as picking machines on the top floor, which work is similar to the sorting of clippings now being conducted; and

WHEREAS, the applicant contends that at both #3 and #5 Vestry street are at present equipped with two interior stairways in each building, protected by automatic trap doors and a horizontal exit protected by fireproof doors on each floor except the cellar; that there are two separate tenants in the cellar, one in each building and no one is regularly employed therein; that if the buildings were five stories in height, there would be no further requirement for these stairways, as the occupancy is less than 25 in each building; that the total occupancy above the 2nd floor in #5 Vestry street will be 14 and above the 2nd floor in #3 Vestry street will be 12 persons; that there is a horizontal exit on each floor so that by proceeding from #3 to #5 Vestry street the occupants would be in an entirely separate building separated by fire walls; that in addition there is a horizontal exit to #7, making the three buildings available for exit in an emergency; that there are also iron ladders to scuttles on the top floor; that as the occupants can proceed horizontally from one section to the other, there is no necessity for proceeding to the roof; that only 10 persons will occupy the 6th floor of #3 Vestry street and 8 persons the 6th floor of #5 Vestry street; and

WHEREAS, the applicant states that a similar order affecting #7 Vestry street was the subject of action by the Board under Cal. No. 294-51-A; and

WHEREAS, the applicant further contends that in addition to the horizontal exit, the premises are protected throughout with an automatic sprinkler system installed in 1941; and

WHEREAS, under Cal. No. 294-51-A the Board on July 27, 1951, modified a decision of the Borough Superintendent issued on Alt. App. 468/51, Objection 1, affecting #7 Vestry street, on condition that the provisions of the resolution adopted under Cal. No. 294-51-A be complied with in view of the installation throughout #3, 5 and 7 Vestry street of an approved one-source sprinkler system with direct connection to Fire Headquarters through a central station and on the further condition that the number of persons on the top floor engaged in factory work, sorting wool clippings shall not be increased; and

WHEREAS, under Cal. No. 231-41-A, the Board on April 15, 1941, modified Order #25266 LC, Item 1, issued by the Fire Commissioner, requiring the installation of a fixed fire-extinguishing system in #5 Vestry street, on condition that the cellar should not be used for the storage of combustibles unless a non-automatic dry system is installed therein; that rubbish be removed from each story; that the storage of combustible material and the maintenance of the building be to the satisfaction of the Fire Commissioner; that such portable fire-fighting equipment be installed as the Fire Commissioner may direct; that the automatic fire alarm system and watchman's service be maintained; that the horizontal exits be maintained, and granted only so long as conditions are maintained and the storage limited to the baling, sorting and storage of wool clippings in bales of not over 1-ton loose as proposed; and

MINUTES

WHEREAS, under Cal. No. 966-40-A, the Board modified Item 1 of Order #23361 LC issued by the Fire Commissioner, affecting #3 Vestry street and required the installation of a fixed fire-extinguishing system, on condition that the cellar shall not be used for the storage of combustibles unless a non-automatic dry system is installed throughout the cellar, that all rubbish be removed from each story of each building, and in all other respects the storage of combustible material and the maintenance of the building be to the satisfaction of the Fire Commissioner; that such fire-fighting material be installed as the Fire Commissioner shall direct and that the automatic fire alarm system and watchman's service be maintained.

Resolved, that the decision of the Borough Superintendent, affecting #5 Vestry street, dated March 15, 1954, on Alt. Applic. 2174/53, Objections 6 and 7 and the decision of the Borough Superintendent, affecting #3 Vestry street, dated March 15, 1954, acting on Alt. App. 2173/53, Objections 6 and 7, be and they hereby are *modified* and that the appeal be and it hereby is *granted*, to permit the use of the picking machine on the 6th floor of #3 Vestry street, as proposed and as indicated on plans filed with this appeal, marked "Received March 18, 1954" (4 sheets), *on condition* that the resolutions as adopted by the Board under Cal. No. 231-41-A affecting #5 Vestry street under date of April 15, 1941, and resolution adopted November 19, 1940, under Cal. No. 966-40-A, affecting #3 Vestry street and resolution adopted on July 27, 1951, under Cal. No. 294-51-A affecting #7 Vestry street shall be complied with where not inconsistent with this *amended* resolution; that this variance shall be applicable only so long as conditions in these three buildings #3, 5 and 7 Vestry street are maintained as passed on by the Board and are under either the same ownership or under the ownership of the same stockholders.

226-54-A

APPLICANT—Morris Rothstein and Son, for The Kali Co., owner.

SUBJECT—Application April 2, 1954—pursuant to section 310 of the Multiple Dwelling Law for variation of section 4(33) of the Multiple Dwelling Law re required open spaces.

PREMISES AFFECTED—141-05 to 141-15 Pershing Crescent, north side, 333.73 ft. west of Lander street and 84-57 Main street (Block 9714, Lot 18), Briarwood, Borough of Queens.

APPEARANCES—

For Applicant: Arnold Rothstein.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Keinert and Keating 3
Negative 0
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 31, 1954, on N.B. App. 278/54, reads:

"2. Election of grade elevation 138.0' within the bounds of the plot for the purpose of measuring the height of the proposed building is contrary to Sec. 4, subdivision 33, Multiple Dwelling Law in that proposed building, exclusive of space used only for storage of passenger motor vehicles, occupies an area in excess of thirty-five per centum of the area of the lot."

and

WHEREAS, the applicant states the premises consist of a plot 340.06 feet by 102.53 and 200 ft. in area, located in a residence use, DD area, Class 1 height district, upon which it is proposed to erect a six story Class 3 constructed, Class A multiple dwelling and accessory garage, 319 ft. by 60 ft. 4 in. in area at street level, 288 ft. 8 in. by 60 ft. in. in area at typical floor level; and

WHEREAS, the applicant states that this application is filed

pursuant to the power vested in the Board by Section 310, subdivision 2 (b) (1) for variation of the requirements of Section 4, subdivision 33 of the Multiple Dwelling Law so as to permit the reduction in area of the required open spaces on the lot from 65% to 60.1% (exclusive of garage) and to permit the owner to retain the right to elect 138.0 ft. as the legitimate grade within the property for the purpose of measuring the height of the building; and

WHEREAS, the applicant states the building will be of Class 3 construction from the first story to the roof and the cellar, subcellar No. 1 and subcellar No. 2 will be of fireproof construction; that the building will be composed of two separate sections, connected at the first floor by means of a one-story high lobby; that on the 1st to 6th floors inclusive the buildings will be occupied by 18 apartments on each floor, nine in each section; that the cellar will have 13 families and ordinary cellar uses; that subcellar No 1 will have 12 apartments and subcellar No. 2 will have a sprinklered garage with accommodation for 91 cars; that the building as designed will occupy 39.9% of the area of plot at first floor level and 37.8% above that level; and

WHEREAS, the applicant contends that the site is marked by a steep incline from Pershing Crescent to Main street; that the legal curb grade at the center of the building on Pershing Crescent is 140.68 feet and the legal curb grade at center of the portion facing on Main street is 116 feet; the difference in grade being 24.68 feet; that due to the fact the lot is not deep enough to erect two separate buildings facing on each street with the required legal setbacks and yards, the building was designed only 60 feet 4 in. in depth and kept an average of about 55 feet from the street line of Main street; and

WHEREAS, the applicant contends that if a narrow strip were deducted from the plot along Main street frontage, an interior lot would be created fronting on Pershing Crescent only and the building could be built up to both side lot lines; that this would constitute a subterfuge and would not provide as adequate light and ventilation as is now proposed by the side yard on the westerly lot line; and

WHEREAS, the applicant states that the average of the curbs for this building is 128.34 feet; that Pershing Crescent has been selected as the front of the building; that if the average curb grade of 128.34 ft. had been selected as the curb level, the entrance to the building would have been at the 2nd floor and the apartments below that level facing on Pershing Crescent would have no means of light and ventilation and therefore be unusable and create a large interior dead space along Pershing Crescent which would be impractical; and

WHEREAS, the applicant contends that as part of the building is on an interior lot, not running through from street to street, it would be an unnecessary hardship to be required to make the entire building conform to the average curb grade; that the portion of the lot facing two streets has an area of 24,640 sq. ft. and it is proposed to build an area of 8,402 sq. ft. which is 34.1% of the area, so that in effect that portion of the building actually occupies 35% of that portion of the lot which faces on both streets.

Resolved, that the decision of the Borough Superintendent acting on N.B. Applic. 278/54, Obj. 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* under the powers vested in the Board under Section 310 of the Multiple Dwelling Law, to permit the extension of use of the building as would be permitted if the building covered only 35% of the lot instead of 39.9% of the lot as stated, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto as shown on plans filed with this appeal marked "Received April 2, 1954" (7 sheets).

327-53-A

APPLICANT—Schoen and Hennessy, for Savoy Plaza, Inc., owner (Savoy Plaza Hotel, lessee).

SUBJECT—Application filed April 29, 1953—re an order of the fire commissioner.

MINUTES

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A. M. to 1 P. M.

Any person desiring to consult the chairman or the
engineers, pertaining to the work of the board, will be
seen only between the hours of ten in the morning and
one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and dispositio-
of the same expedited by conforming to these directions.

850-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Litt Realty Corp., and Maxwell Balsam, owners.

SUBJECT—Application November 30, 1953—(decision of the borough superintendent) under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district, the demolition of existing lumber yard, and the erection and maintenance for a period of twenty years a gasoline service station, lubritorium, car wash, motor vehicle repairs, storage and sale of accessories; and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—556-566 New Lots avenue and 631-641 Van Siclen avenue, southeast corner (Block 4305, Lots 1 and 3), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Joseph Herbshman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 18, 1954, 10 A. M. for inspection and decision; hearing closed.

928-53-BZ

APPLICANT—Paul Friedman, for Frances P. Headley, owner.

SUBJECT—Application December 31, 1953—(decision of the borough superintendent) under section 7f of the zoning resolution, to permit in a business use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, auto washing, lubritorium, storage and sale of accessories and office.

PREMISES AFFECTED—1982-1992 Utica avenue and 4914-4924 Avenue L, southwest corner (Block 7847, Lots 44, 46 and 47), Borough of Brooklyn.

APPEARANCES—

For Applicant: None.

For Opposition: Vincent J. Paga.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to May 18, 1954, for inspection and decision; hearing closed.

929-53-BZ

APPLICANT—Charles M. Spindler, for Estate of Julius Polakoff, Abraham Finkelstein and Solomon M. Kishner, owners.

SUBJECT—Application December 31, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, auto wash, lubritorium, storage and sale of accessories and office.

PREMISES AFFECTED—10504-10524 Flatlands avenue, south side, from East 105th street to East 106th street, 901-911 East 105th street and 902-912 East 106th street (Block 8213, Lots 37, 40, 41, 42 and 43), Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: L. M. Lebhar for N. Y. C. Housing Authority, Stanley W. Berman and Harry Ragguin.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to June 8, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

27-54-BZ

APPLICANT—Carl H. Salminen, for Macedonia A.M.E. Church, owner.

SUBJECT—Application January 14, 1954—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a retail use, B and C area district, the extension of existing church, using more than the area permitted and without the required rear yard and to be used as a church, gymnasium, classrooms and kindergarten.

PREMISES AFFECTED—37-22 Union street, west side, 128.43 ft. south of 37th avenue (Block 4977, Lot 46), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen and G. G. Crumphy.

For Opposition: Ann H. Murdock.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings, John J. Saunders, Bd. of Education and L. M. Lebhar, N. Y. C. Housing Authority.

ACTION OF BOARD—Laid over to June 8, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

28-54-A

APPLICANT—Carl H. Salminen, for Macedonia A.M.E. Church, owner.

SUBJECT—Application January 14, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—37-22 Union street, west side, 128.43 ft. south of 37th avenue (Block 4977, Lot 46), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen and G. G. Crumphy.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to June 8, 1954, at 10 A. M. for inspection and decision in conjunction with Cal. No. 27-54-BZ.

877-53-BZ

APPLICANT—Robert Gottlieb, for Wolker Holding Corp., owner.

SUBJECT—Application December 11, 1953—(decision of the borough superintendent), under sections 7f, 7i and 7A of the zoning resolution, to permit in a business use district for a term of ten years, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs and office; and to permit the display and sale of used cars and the parking and storage of motor vehicles, with a curb cut nearer the residence use district than is permitted.

PREMISES AFFECTED—1657 Jerome avenue, northwest corner of Featherbed lane (Block 2861, Lots 1 and 41), Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

MINUTES

For Opposition: Edw. Hoffman for Park Dept.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application withdrawn.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the premises and surrounding area were inspected by a committee of the Board in connection with the adjoining lot, #39, under Cal. #878-53-BZ, and in view of the proposed parkway, the Board is of the opinion that no action should be taken until the parkway is completed, which is expected to be completed in about another year.

Resolved, that the application be and it hereby is *withdrawn*.

345-32-BZ—Vol. II

APPLICANT—George P. Ames, for Otto Striebel, owner.

SUBJECT—Application December 3, 1952—(decision of the borough superintendent), under sections 7c, 7e, 7h and 7i of the zoning resolution, to permit in residence and local retail use district the change in occupancy from dwelling, three-car accessory garage and storage of contractors' equipment in open yard (previously granted, a gasoline service station on lot 105 for a term of years and extended from time to time—expired 6/17/42), to motor vehicle repair shop, brake service, battery service, fender and body work, spraying and painting and office, with open grease pits, all for a term of fifteen years, and to permit the parking of customers' cars.

PREMISES AFFECTED—200-09 47th avenue, north side, 63 ft. west of 202nd street (Block 5559, Lots 101 and 105), Bayside, Borough of Queens.

APPEARANCES—

For Applicant: George P. Ames.

For Opposition: Emil Pavone.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 6, 1953 subject to regular procedure, to consider new proposal as to use; and

WHEREAS, a public hearing was held on this application on March 16, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for inspection and decision; hearing closed; then to May 11, 1954, for applicant to file revised plans and for decision by Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 202nd street are in residence and local retail use, D area, class 1 height districts; 47th avenue is in a local retail use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated February 25, 1953 acting on Alt. Applic. 1093-52, reads:

"1. The proposed change of use and extension of use from 1 family dwelling, office, 3 car garage as accessory to dwelling, storage of contractors equipment in open yard to auto repair shop, brake service, battery service, fender & body work, painting and spraying and open parking of customers cars in a local retail district extending into residence district is contrary to Art. II Sections 3 & 4 of Zoning Res.

2. Proposed use of grease pit in a local retail district is contrary to Art. II Sec. 4c of Zoning Res."

and

WHEREAS, the applicant states that the premises consist

of a plot, 153.75 ft. frontage by 137.06 ft. in depth, irregular, on which is located a dwelling and three-car garage with two open grease pits; that it is proposed to extend existing 3-car garage from 23 ft. by 40 ft. to 40 ft. by 127 ft. 10 in., irregular, one story, of class 3 construction, to be used as a motor vehicle repair shop, to include brake, tire, fender, body service, painting and spraying and battery service; that it is further proposed to use vacant portion for parking of customers' cars awaiting service; and

WHEREAS, the applicant contends that under Cal. 345-32-BZ, resolutions were adopted by the Board granting temporary permits and extensions for a gasoline service station, on lot 105 of this property, on November 18, 1932, March 3, 1933, May 24, 1938 and June 7, 1939; that subsequently the property was purchased by a contractor who used it for the storage of equipment, as shown by certificate of occupancy No. Q-79637; that he erected the additional 3 car garage at the northwest corner of the property and the wall along the north or rear property line of lots 101 and 105, and later sold the entire property to the present owner; that about two years ago the Board granted a permit for a gas station on the property immediately adjoining on the west, extending to Francis Lewis boulevard; that the great amount of business done at this station indicates that there was a community need for the facility at this location; that the present owner has, since 1930, operated the gas station on the east side of 202nd street from 47th avenue to Rocky Hill road, owned by the Tide Water Oil Co.; that neither of these two stations is permitted to do repair work; that there is a great need for such an establishment but there is no unrestricted property in the vicinity; that it is proposed to enclose the rear portion of the property, from the above mentioned wall along the rear line, extending 40 ft. towards the front (47th avenue), and adjoining the present three car garage to the west, with a building, so that all work will be done indoors and will further shield the rear adjacent owners from the proposed work and use; that all access to the property will be from 47th avenue; that the owner is acquiring title to lots 61, 63 and 65 in block 5559, adjoining the site on the east, so that the only other contiguous properties directly affected are lots 89, 91 and 93, in addition to the gas station on the west; that lots 89, 91 and 93 were acquired by the present owners in 1951 when the storage of contractors' equipment was permitted, and the solid wall along the north or rear line of the property was in existence; that this solid wall shields those properties from the non-conforming use; that permission is requested, for a period of 15 years, for a motor vehicle repair shop, to include brake, tire, fender and body service, painting and spraying indoors and battery service and parking of customers' cars on the vacant portion of the property while awaiting service; that the gasoline service station, previously permitted by the Board, was discontinued several years ago; and

WHEREAS, the applicant states that as of July 25, 1916 the portion of the property within 100 ft. of Rocky Hill road was in a business district and the remainder was in a residence district; that the present use designation became effective on July 24, 1947; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, h and i, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e, for a term of fifteen years, to permit the use as proposed and as indicated on plans filed with this application marked "Received December 3, 1952," 1 sheet, "August 7, 1953," 3 sheets, and revised plan marked "Received May 7, 1954," 3 sheets, *on condition* that all buildings and uses, except the building to be retained as indicated on such

MINUTES

revised plans shall be removed, and the premises shall be arranged and constructed as proposed on such revised plans, on condition that where walls of proposed buildings do not occur there shall be constructed and maintained a woven wire fence of the chain link type not less than 5 ft. 6 in. in height with no openings therein except one opening to 47th avenue for entrance and exit with gate to be maintained during non-working hours for a total width of not over 15 ft. and with a curb cut opposite of similar width; that the existing wall on the rear line shall be reconstructed so as to be equalized in height for its entire length; that the space between such wall and the proposed new building shall be paved and kept clean at all times; that the unbuilt upon portion of the premises shall be leveled and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that the use of the premises under Section 7, Subdivisions h and i, may be as proposed for a similar term, with all repairing carried on in the building and consisting of motor vehicle repairing, brake service and battery service, fender and body work, spraying and painting and with open grease pits as proposed, ventilated from the bottom of the pit with an exhaust fan with ducts to above roof and to permit the parking of cars awaiting service; that no signs shall be erected on the premises except such signs as are permitted within the local retail district; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained, including a new certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

456-37-BZ—Vol. II

APPLICANT—Fred C. Dahlem, for Samuel Guise, Morris Guise, David Guise and Samuel Loeb, owners.

SUBJECT—Application December 15, 1953 (decision of the borough superintendent), under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district the demolition of all structures on site including parking lot, metal garages, motor vehicle repair shop, four-story dwelling, one-story frame dwelling, one-story metal building and two gasoline service stations; and to permit the erection and maintenance of a new gasoline service station, lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—4860-4866 Broadway, east side, 125 ft. south of West 204th street (Block 2234, Lots 7, 9, 10 and 14), Borough of Manhattan.

APPEARANCES—

For Applicant: Fred C. Dahlem and J. Guise.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 5, 1954 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on March 23, 1954 after due notice by publication in the Bulletin; laid over to May 4, 1954, for inspection and decision; hearing closed; applicant to file statement as to continuous ownership, whenever it was changed on the two lots; then to May 11, 1954, for further consideration of the new information furnished by the applicant as to affidavit of ownership; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Broadway are in a business use, B area, class 1½ height district; West 204th street is in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 3, 1953 acting on N.B. Applic. 139-53 and superseded by N.B. Applic. 139-53 dated February 18, 1954, reads:

"1. Proposed use as Gasoline Service Station, Lubritorium, Auto Washing (non-automatic), storage & sale of accessories and office in a business use district is contrary to Section 4a(46) of the Zoning Resolution.

2. Proposed use as Motor Vehicle Repair Shop in a business use district is contrary to Section 4a(29) of the Zoning Resolution.

3. Parking and storage of more than 5 motor vehicles in a business use district is contrary to Section 4a(15) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 225 ft. frontage by 150 ft. 7½ in. in depth, irregular, on which is located a parking lot, metal garages, motor vehicle repair shop, a four story dwelling, a one-story frame dwelling, a one-story metal building and two gasoline service stations; that it is proposed to remove all the buildings and uses on site and erect a new gasoline service station, lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles on the unbuilt upon portion of the plot; and

WHEREAS, the applicant states that the owner has held title to the property since May 25, 1921 and further states the assessed valuation of land is \$118,000, buildings \$24,000, making a total of \$142,000; and

WHEREAS, the applicant states that it is proposed to remove all structures and the old law tenement house and erect a new reinforced concrete retaining wall at the rear lot line, bringing the entire plot up to grade of Broadway; that the gas station metal building will be demolished and a new brick structure will be erected; that the present plot has outlived its usefulness and the buildings have deteriorated and become an eyesore to the neighborhood; that a new lubritorium with its facilities enclosed, plus a new modern surfaced parking lot will be a benefit to the community and will relieve some congestion by its off-street parking facilities; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the present two premises to be combined as proposed and occupied as a gasoline service station, as indicated on plans filed with this application marked "Received December 15, 1953" (4 sheets) *on condition* that all buildings and uses shall be removed and the premises shall be reconstructed and arranged substantially as indicated on such plans, except that the pumps shall be not nearer than 15 feet to the street building line; that the fences as proposed on the east, west and south shall be not less than 5 ft. 6 in. in height and of woven wire with steel posts erected on retaining walls as may be necessary to be constructed and maintained by this owner on the rear and side property lines; that there shall be no cellar under the proposed accessory building; that the accessory building shall comply in all other respects with the requirements of the Building Code therefor and may be faced as proposed with procelain enamel of a type as approved by this Board; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that curb

MINUTES

cuts shall be limited to four (4) on Broadway for exit and entrance as shown on such plans, except that no curb cuts shall be nearer than 5 ft. to either side lot line as prolonged; that the number of gasoline tanks shall be restricted to three existing 550 gallon tanks and five (5) new 550 gallon tanks; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs, but permitting the erection of one brand sign located toward the westerly end of the premises, advertising only the brand of gasoline on sale, which sign may be illuminated and may extend beyond the building line for a distance of not over 4 feet; that under section 7i there may be minor repairing with hand tools only and for adjustments only, maintained entirely within the accessory building; that the greasing on the side of the accessory building shall be of the hydraulic type; that under section 7h there may be parking of cars for a similar term, including cars awaiting service; that where premises are not built upon such portion shall be paved with concrete or asphaltic pavement; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

766-52-BZ

APPLICANT—M. Martin Elkind, for 213 Madison-Jefferson Corp., owner.

SUBJECT—Application October 29, 1952 (decision of the borough superintendent), under sections 7e and 21 of the zoning resolution, to permit in a residence use, D area district, the erection and maintenance of a retail store, using more than the area permitted and without the required rear yard.

PREMISES AFFECTED—731 East 5th street, north side, 291.5 ft. west of Avenue D (Block 375, Lot 54), Borough of Manhattan.

APPEARANCES—

For Applicant: M. M. Elkind.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 9, 1954 after due notice of publication in the Bulletin; laid over to April 6, 1954, for inspection and decision; applicant to submit statement that he proposes to comply with Objection 5, and state the circumstances under which the owner purchased the property and what he purchased it for; then to May 11, 1954, for applicant to advise Board re proposed tenant; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class 1½ height district; East 5th street is in residence and retail use, B area, class 1½ height districts; Avenue D is in a retail use, D area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 1, 1952 acting on N.B. Applic. 45-52 and superseded by N.B. Applic. 45-52, dated December 1, 1953, reads:

"1. Stated use (retail stores) in a Residence District prohibited by Section 3 of the Zoning Resolution.

2. Proposed coverage not permitted in a 'D' area district, Residence District, by Section 14 of the Zoning Resolution.

3. Proposed coverage allows for no rear yard as stipulated by Art. IV, P. 14 & 17 of the Zoning Resolution.

4. Proposed show window is contrary to Section 7A of the Zoning Resolution.

5. Proposed interior stair as a means of egress from store cellar is unacceptable since it is more than 50'-0" from the building line."

and

WHEREAS, the applicant states that the premises consist of a plot, 27 ft. frontage by 75 ft. in depth, presently vacant; that it is proposed to erect a building covering the entire lot, one story, 14 ft. in height, of class 3 construction, to be used as factory and ordinary storage; and

WHEREAS, the applicant contends that although the present use district is residential, there are many business uses now existing along this street; that the buildings on this street date from the beginning of the century; that the character of the present street is established and there would be no adverse effect by the proposed use; that it is not likely that the character of this district will change in the near future and if such change should occur at a distant date, the limitation in years of the proposed use will provide a safeguard when the existing conditions will change; that the property cannot be used for any purpose except commercial; that a residential improvement is out of the question and unless a use such as proposed were approved, the property would be unproductive both to the owner and to the City; that although the proposed building is in excess of area requirements it is only one story in height, whereas the predominant height of buildings on this street is 5 to 6 stories and therefore the proposed building will serve to maintain desirable openness to a greater degree than any present building on the block; that the greatest majority of buildings on this street are in excess of present area requirements and therefore the proposed area of the building would not represent a unique or unusual condition; that the property is relatively small and strict observance of the area requirements would make the possible area of this building too small to be economically desirable or warrant construction; that the proposed building would not extend in depth any further than the building adjoining on the west side; that no useful purpose would be served in this case by imposing strict compliance for yard requirement; that the subject property is only 75 ft. in depth, less than the prevailing depth of the lots on the block; that the proposed building would extend no further than the adjoining buildings on adjacent properties and although no yard is proposed in this case, the existing yard pattern throughout this block would still prevail; and

WHEREAS, the applicant states that as of July 25, 1916 the property referred to was zoned as a business district, a 1½ times height district and a B area district and that on March 1, 1939 the present zoning designations became effective; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant supplied the name of the proposed tenant—a painting contractor who proposed to use the building for his contracting equipment and office; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivision e, and that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the decision of Borough Superintendent acting on N.B. Applic. 45-52, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

465-53-BZ

APPLICANT—Frank J. Ross, for Jane Fiorillo, owner.

SUBJECT—Application June 11, 1953 (decision of the borough superintendent), under sections 7c and 21 of the zoning resolution, to permit in a residence and business use, C area district, the erection and maintenance of a business building (stores), using more than the area permitted.

MINUTES

PREMISES AFFECTED—5684A, 5684B and 5686 Riverdale avenue, east side, 80 ft. south of West 259th street (Block 3423, Lot 134), Borough of the Bronx.

APPEARANCES—

For Applicant: Peter R. Viscardi, Jane Fiorillo and Julius H. Fiorillo.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 11, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Riverdale avenue and West 259th street are in residence and business use, C area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated May 13, 1953 acting on amendment to N.B. Applic. 26-52, reads:

"1. Proposed commercial structure to be located on a lot partly in a business use district and partly in a residence use district is contrary to Art. II Sec. 3 Zoning Res.

2. Proposed structure will occupy excessive area of lot both in business and residence use districts. Art. IV Sec. 13(b) Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50.34 ft. frontage by 90 ft. in depth, presently vacant; that it is proposed to erect a building, 50.34 ft. front by 70 ft. in depth, one story, 15 ft. in height, of class 3 construction, to be used as stores, one to be operated as a drug store by the owner; and

WHEREAS, the applicant contends that the owner now conducts a pharmacy at 5676 Riverdale avenue, which is a frame store and dwelling; that she seeks to improve the subject site with a modern, one story, class 3 structure, into which she will relocate her business; that the site was purchased more than five years ago for the express purpose of improvement for retail use; that a drug store is a necessity in this community, particularly since the construction of the Netherland Gardens apartment project, which is approximately 500 ft. from this site; that the subject plot is bisected by the zoning law so as to leave 20 ft. in a business zone and 30 ft. in a residence zone; that there are a number of business uses within the affected area, principally on Riverdale avenue, which is a main thoroughfare for the Riverdale section of the Bronx; that some of these business uses adjoin the subject site and also the property directly across the street; that the subject property will be improved by retail stores, one of which will be operated by the owner as a drug store and the other two to be rented for retail stores, but not of an obnoxious nature; that the proposed building will be constructed with no cellar and it is felt that in designing the building for a depth of 70 ft., which will be occupying excessive area of lot, the owner, who will occupy one store for herself as a drug store, will have the necessary storage room in the rear for pharmaceutical products and enough room for the preparation of prescriptions and other commodities normally carried in a drug store; that the subject lot is not of standard depth and is only 90 ft. deep, and occupying excessive area of lot would not be as much as if this was a normal lot; and

WHEREAS, the applicant states that the present owner has held title to the property since March 15, 1948; that the assessed valuation of land is \$8,000; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the zoning resolution, as to use, and that the applicant has substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore en-

titled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension into the more restricted district, as proposed and as indicated on plans filed with this application marked "Received March 24, 1954," 4 sheets, *on condition* that the building shall be occupied as proposed and shall not exceed 1 story in height; and under Section 21, to permit the excess area as proposed, provided such store building does not exceed a depth of 70 ft.; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

641-53-BZ

APPLICANT—Norman Lederer and Leonard Joseph, for James Ciccarella, owner.

SUBJECT—Application September 3, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use district the erection and maintenance of a garage for more than five fuel oil trucks belonging to the owner.

PREMISES AFFECTED—359 Beach 85th street, west side, 224 ft. north of Beach Channel drive (Block 567, Lot 100), Arverne, Borough of Queens.

APPEARANCES—

For Applicant: Norman Lederer and James S. Painton.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioner Keating 1

Negative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connors 3

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 9, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for inspection and decision after applicant has filed revised plans: hearing closed; then to April 27, 1954, awaiting records from the Department of Housing and Buildings; then to May 11, 1954, for further consideration after applicant has filed revised plan and new decision of the borough superintendent; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Beach 85th street and Beach Channel drive are in a residence use, A area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated August 27, 1953 acting on N.B. Applic. 1005-53, reads:

"1. Use of premises located in a residence use district as a garage for more than five fuel oil trucks is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 119.82 ft. frontage by 224.57 ft. in depth, irregular, presently vacant and used for parking of owner's five trucks; that it is proposed to erect a building 32 ft. front by 60 ft. in depth, one story, 14 ft. 6 in. in height, of class 3 construction, to be used as a garage for owner's five trucks; and

WHEREAS, the applicant contends that prior to the purchase of the subject property from the City of New York, for the sum of \$11,000, the owner was informed that the area was zoned for business use; that on December 11, 1952 the owner received the deed to the property and the following day the Borough President of Queens requested a change of zoning from business to residential; that subsequently on February 24, 1953 plans were approved for a parking lot on the subject plot under Alt. No. 2732-52; that on March 17, 1953 plans

MINUTES

were filed for a private garage, were held by the housing and building department until April 14, 1953 and then rejected by reason of change of zoning on April 7, 1953; plan No. N.B. 1005-1953; that the subject plot is vacant, extending from the corner formed by the intersection of the westerly side of Beach 85th street, running thence westerly along the north side of Beach Channel drive 119.82 ft. to the westerly side of Beach 86th street; thence northerly along the easterly side of Beach 86th street 209 ft.; thence easterly and parallel to Beach Channel drive 118.80 ft. to the westerly side of Beach 85th street; thence along the westerly side of Beach 85th street 224.82 ft. to the place of beginning; that the area affected by the change of zoning extends from part way between Beach 84th street, west to the easterly side of Beach 87th street and north from Beach Channel drive to Jamaica Bay; that the east side of Beach 85th street, north from Beach Channel drive, contains one bungalow, three private garages, three houses and from there on bungalows on a pier; that on the west side of Beach 85th street to the east side of Beach 86th street, with the exception of the extreme north, is vacant land; that on the north end five bungalows are located extending northerly to Jamaica bay; that from the west side of Beach 86th street, from Beach Channel drive to Jamaica bay and extending to the east side of Beach 87th street, the land is entirely vacant and west of this point are fishing stations and gas stations; that plans have been filed for the construction of a private garage to contain no more than five trucks; that this is to be on the extreme northeast portion of the property and occupy a space 32 by 60 ft., and will be of cement block, one story, with concrete flooring; that the sole purpose in buying the property from the City was to obtain a plot of ground which could be used for business purposes and the City certified both prior to and at the time of closing of title that such was the use of the plot in question; that it was on these representations that the owner paid the City \$11,000 cash on December 11, 1952 and the following day the Borough President of Queens requested a change of zone from business to residential; that the request of the Borough President of Queens was on the calendar on January 21, 1953, No. 70; that the City Planning number is CP9643; that plans for the garage were filed on March 17, 1953 and were retained by the Department of Housing and Buildings until after the effective date of the change of zoning, which was April 7, 1953, and then rejected; that on June 9, 1953 the office of the Borough President of Queens requested the posting of a performance bond for the replacement of sidewalks, etc. and a cash deposit of \$200 was made by the owner as security; that the owner at present has an approved parking lot on the plot in question under approved plans of February 24, 1953; that the owner has gone to considerable expense to fence in the entire plot, clean the same, and purchase materials for the construction of the proposed garage; that the building materials have been on the location for months before April 7, 1953, but without permission to construct the garage the land is useless to the owner; that the area re-zoned is in fact over 70% vacant land, and the major portion of this area is not residential; that equity requires the granting of this application so that irreparable damage will not be suffered by the owner in that he is left in a position where he has parted with the sum of \$11,000 to the City for land to be used for a specific purpose and now the same City refuses to permit him employ the plot of land for the purposes for which it was sold and purchased; and

WHEREAS, the premises and surrounding area were inspected by a Committee of the Board; and

WHEREAS, the applicant submitted further plans as to location of proposed building for oil trucks on Beach 86th street instead of Beach 85th street as previously shown; that the matter has been thoroughly considered by the Board, including the revised plans; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 1005-53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

748-53-BZ

APPLICANT—Lama, Proskauer and Prober, for William E. Kleinhenz, owner.

SUBJECT—Application October 15, 1953 (decision of the borough superintendent), under sections 7f, 7i and 21 of the zoning resolution, to permit in a business use district for a term of fifteen years, the erection and maintenance of a gasoline service station and the conversion and extension of existing structure now used as an automobile showroom, to be used as an accessory building for lubritorium, car wash, motor vehicle repairs, wheel alignment, new and used car shape-up shop, parts department and office; and to permit the erection and maintenance of an additional structure to be used as an automobile showroom, and to permit the continuation of the storage, display and sale of new and used cars on unbuilt upon portion of plot.

PREMISES AFFECTED—205-01 to 205-19 Northern boulevard and 43-28 to 43-46 206th street, northwest corner and 43-27 to 43-35 205th street (Block 6269, Lot 20), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy and Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinhert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 16, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for inspection and decision; hearing closed; then to May 11, 1954, for decision after applicant has filed revised plans; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Northern boulevard are in a business use, D area, class 1 height district; 205th street and 206th street are in residence and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 24, 1953 acting on N.B. Applic. 3526-53, reads:

"1. The use of the premises for two buildings on one lot is contrary to Art. I Sec. (v) of Zoning Resolution. See Application Alt. 1848/53."

and Alt. Applic. 1848-53, which reads:

"1. The proposed change of use of an existing auto show room, sales of new and used cars to new and used car shape-up shop, minor auto repairs, lubritorium, office, office and sales, parts department, wheel alignment, car washing, gasoline service station, storage, display and sales of new and used cars, parking and storage of motor vehicles in the premises in a Business Use District is contrary to Art. II Sec. 4(a) (29), (46) of Zoning Resolution.

2. The use of the premises for two buildings on one lot is contrary to Art. I Sec. 1(v) of Zoning Resolution. See Application N.B. 3526/53."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 99.56 ft. in depth, irregular, on which is located an auto showroom, having a frontage of 53 ft. 11½ in., a depth of 26 ft., one story in height, of class 3 construction; that the balance of the site is now being used for the sales and display of new and used motor vehicles; that these uses were installed under N.B. 4538-52 and certificate of occupancy No. 88355-53 was issued for an

MINUTES

auto showroom and sales and display of new and used vehicles; that it is proposed to use said premises for a new auto showroom having a frontage of 50 ft., a depth of 50 ft., one story in height, of class 3 construction; that it is proposed to convert the present building to a shape-up shop with minor auto repairs for new and used cars; that it is further proposed to erect a new extension to this building having a frontage of 102 ft. $\frac{7}{8}$ in. by 30 ft. in depth, one story in height, of class 3 construction, to be used for parts department, office and sales, wheel alignment, lubritorium, minor auto repairs and car wash; that part of the site on the northwest corner of Northern boulevard and 206th street will be used for a gas station consisting of six 550-gallon gasoline tanks and four dispensing pumps; that part of the site on the corner of Northern boulevard and 205th street will be used for the storage, display and sales of new and used cars and for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the contemplated showroom and display and sales of new and used cars and the parking and storage of motor vehicles are permissible uses in a business zone; that the proposed gas station and accessory building will be conjunctive uses; that Northern boulevard is a main auto artery leading across Queens and as such the gas station is a required service and in keeping at this point; that although Northern boulevard is zoned for business there are many non-conforming uses within the area; block 7301, lots 6 and 28 contain gas stations; block 7305, lots 61 and 5 contain lumber mills and lot 11 in the same block contains a motor vehicle repair shop; that in view of the fact that there are sufficient stores within the affected area and there are so many non-conforming uses opposite the site, it is impossible to develop the site with a conforming use and it is mandatory that it be developed as proposed at this time, due to its extremely high assessed value; that the highly modern design of the proposed buildings will go far towards improving the appearance of the entire area; that although there are to be several buildings on the site, each building will have frontage on a legal street, and legal yards and courts are provided for each building; that all of the buildings also comply with the zoning ordinance as to the area coverage permitted in this zone; that the agency contemplated is to be run by Motor Wholesalers, Inc.; that the buildings will be in complete harmony on Northern boulevard as it is developed; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, f, h and i, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section f, for a term of fifteen (15) years, to permit the premises to be reconstructed and arranged as indicated on plans filed with this application marked "Received October 15, 1953," 4 sheets, "January 25, 1954" 1 sheet, and revised plan marked "Received May 3, 1954," 2 sheets, on condition that the premises shall be arranged as indicated on such revised plans marked "Received May 3, 1954," 2 sheets, for the uses and arrangement as indicated thereon; that the pumps however shall be set back from the building line of Northern boulevard not less than 15 ft. from the base of the pumps; that the storage tanks shall be limited to six (6) 550 gallon tanks; that under Section 7, Subdivision i, there may be minor repairs in connection with the sales agency maintained in the lubritorium building, as shown, including minor adjustments with hand tools for a similar term; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that the automobile showroom as now shown and other buildings shall comply with the requirements therefor and no windows shall be erected in the rear walls; that if any skylight is erected in the office or showroom, such skylight shall not be nearer than 25 ft. to the rear lot line; that there may also be under section 7h, for a similar term, the parking and storage of motor vehicles awaiting

service; and under Section 7e, for motor vehicles on display for sale; that along the rear lot lines where walls of proposed buildings do not occur there shall be erected and maintained a woven wire fence of the chain link type not less than 5 ft. 6 in. in height; that such fence shall extend along the 205th street building line and turning along the rear line to the auto showroom building and continued to the rear of the lubritorium building to 206th street and returned on 206th street for a distance of approximately 40 ft. as shown on such revised plans; that there may be a gate to the rear portion from 206th street for entrance only to permit maintenance of such area; that the premises where not built upon shall be paved with concrete or asphaltic pavement; that along the rear lot line near 205th street there shall be a space at least 5 ft., properly curbed and maintained with suitable planting material as a protection to the adjoining residential use; that curb cuts shall be restricted to three curb cuts on Northern boulevard, of the width as shown on such revised plan and one 20 foot curb to 206th street within the first 25 ft. from the Northern boulevard building line; that at the intersection within the building line at 206th street and Northern boulevard there shall be erected a block of concrete extending for approximately 5 ft. along either building line and not less than 12 inches in height; that signs shall be restricted to a permanent sign attached to the accessory building and the showroom building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting a ground sign not over 8 ft. in height, advertising the sale or the display of used cars and permitting the erection within the building line at the intersection of Northern boulevard and 206th street of a post standard for supporting a brand sign which may be illuminated advertising the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over 4 ft.; that the sidewalk and curbing around the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire fighting appliance shall be maintained as the Fire Commissioner shall require; that all permits shall be obtained, including certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

812-53-BZ

APPLICANT—Carl H. Salminen, for Antonio Scalone, owner.

SUBJECT—Application November 13, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, F area district, the maintenance of existing two family dwelling without the required setback from street line.

PREMISES AFFECTED—155-08 Francis Lewis boulevard, south side, 76.29 ft. east of 155th street (Block 4724, Lot 56), Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen and Antonio Scalone.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 11, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, F area, class $\frac{1}{2}$ height district; and

WHEREAS, the decision of the borough superintendent, dated October 14, 1953 acting on N.B. Applic. 5265-40, reads:

MINUTES

"1. All portions of building must be set back from street line as required by Article 4, Sec. 16 a minimum of 15 ft. Premises is in an F district; see original approval of Sept. 10, 1940."

and

WHEREAS, the applicant states that the premises consist of a plot, 49.47 ft. frontage by 149.68 ft. in depth, irregular, on which is located a building 22 ft. 9 in. front by 46 ft. in depth, two stories, 25 ft. in height, of class 4 construction, used as a two-family dwelling; that there is also a two-story building erected as a garage; and

WHEREAS, the applicant contends that the premises are improved with a two-story frame building erected in 1922 under permit No. 1073-22 for use as a garage; that the premises are also improved with a two-story, two-family frame dwelling for which plans were filed in 1940 and approved September 10, 1940; that construction was commenced immediately and in approximately 12 months the building was 70% completed; that the then owner applied for a loan to complete construction but was turned down by the loaning institution due to the fact that the building was constructed in violation of article 4, paragraph 16 of the zoning resolution requiring a 15 ft. setback from Francis Lewis boulevard; that the then owner misunderstood the requirements and had set the building back 18 ft. from a line parallel with the front of the building from Francis Lewis boulevard, but as the boulevard is on an angle, it leaves only 8 ft. 1 in. from the northeast corner of the building, whereas this point should be 15 ft.; that the then owner realizing the error abandoned completing construction and shortly thereafter died and the premises fell into a very unsightly condition for a number of years; that the present owner acquired the property in August 1953 with no knowledge of any difficulty in completing the structure and obtained a certificate of occupancy for same; that the department of housing and buildings advised the new owner that he must obtain a variance from the Board from the setback requirements in order to complete construction and obtain a certificate of occupancy; that no structural changes were made by the owner from plans filed in the building department; that the owner must vacate from his present premises at 1792 Bathgate avenue, Bronx, because the City is condemning the property for the purpose of constructing the Bronx Express Cross highway; that he will therefore be in need of living quarters and had purchased the premises in question for this reason; that he intends completing the premises and provide landscaping which, when completed, will be a credit to the community in contrast to the unsightly appearance that has prevailed for so many years; that the Board is requested to grant a variance so that the present setback of 8 ft. 1 in. be permitted, due to the fact that it would be a hardship for the owner to move the structure as his funds are limited; and

WHEREAS, the applicant states that the owner has held title to the property since August 7, 1953 and further states the assessed valuation of land is \$1500 and for the building \$8000, for a total of \$9500, and states the building was erected in 1922; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21, to permit the front yard to be less than 15 feet at one point as required, as proposed and as indicated on plans filed with this application marked "Received November 13, 1953" (5 sheets) and "March 4, 1954" (1 sheet), *on condition* that in all other respects the requirements of the zoning resolution and all other laws, rules and regulations applicable to the building and occupancy shall be complied with; that the building at the rear, a two-story garage or stable shall be removed, and if any required garage facilities are provided,

same shall comply with the requirements of the zoning resolution therefor; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution and that a new certificate of occupancy shall be obtained.

822-53-BZ

APPLICANT—Albert B. Bauer, for Department of Public Works, City of New York, owner.

SUBJECT—Application November 18, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a business use, B area and a 1½ times height district, the extension of 9th floor of existing hospital, without the required setbacks.

PREMISES AFFECTED—559-565 Manhattan avenue, northwest corner of West 123rd street (Block 1950, Lot 14), Borough of Manhattan.

APPEARANCES—

For Applicant: S. H. Greenhill.

For Opposition: Thelma Lamb, Charles Waterman, Gloria Moore Beauchamp, Evelyn Ashby, William E. James and Murray H. Pinder.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleiner and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 11, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, B area, class 1½ height district; West 123rd street and Manhattan avenue are in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 16, 1953, acting on Alt. Applic. 982-53, reads:

"1. Proposed extension of 9th floor is contrary to Art. III, Sec. 8(f) of Z.R. since present building now extends beyond zoning envelope."

and

WHEREAS, the applicant states that the premises consist of a plot, 116.9 ft. frontage by 163 ft. in depth, on which is located a hospital 116.9 ft. front by 101.5 and 90 ft. in depth, eight stories and penthouse (2 stories), used as a hospital by The City of New York; that it is proposed to extend the existing structure on 9th floor on the Manhattan avenue frontage of northerly portion, and on southerly and westerly portions on West 123rd street frontage; and

WHEREAS, the applicant contends that the Sydenham hospital, owned and maintained by the City of New York, is located in a densely populated area of Manhattan, and serves persons requiring medical, surgical and obstetrical treatment; that the heavy demands made upon this hospital by the public have pressed its available space into violations of section 110 of the Sanitary Code, particularly with reference to overcrowding and inadequate sanitary safeguards in certain phases of its operation; that a list of violations issued by the department of health is filed with this application; that manifestly, the need to expand the facilities of this hospital is urgent; that the proposed extensions of the 9th floor, which is set back, would provide the needed additional space for augmented facilities; that other alterations throughout the building, premised on the extensions of the 9th floor, would remedy all conditions which are in violation and would increase the efficiency of the hospital's humane operations; that the hospital building is so situated on Manhattan avenue, the full length of the block between West 123rd street and Hancock place, that

MINUTES

no other structure abuts it, except in the rear where it rises six stories above the adjoining property; that the proposed extensions would therefore not be detrimental to neighboring properties; and

WHEREAS, the applicant states that the present owner has held title to the property since August 4, 1950; that the assessed valuation of land is exempt and of the buildings, exempt, and that the building was erected in 1926; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21 to permit the extension in area above the 8th floor, as proposed and as indicated on plans filed with this application, marked "Received November 18, 1953" (7 sheets) and "March 25, 1954" (1 sheet), *on condition* that in all other respects the building and occupancy shall comply with the requirements of the zoning law and all other laws, rules and regulations applicable; that the building shall not be further increased in height or area; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

860-53-BZ

APPLICANT—Caesar Nobiletti, for Bright Management Corp., owner.

SUBJECT—Application December 2, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of motor vehicles for a term of fifteen years.

PREMISES AFFECTED—305-309 West 48th street, north side, 100 ft. west of 8th avenue and 793 8th avenue (Block 1039, Lots 27, 28, 128 and 30), Borough of Manhattan.

APPEARANCES—

For Applicant: Caesar Nobiletti.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 6, 1954 after due notice by publication in the Bulletin; laid over to May 11, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 16, 1953 acting on Alt. Applic. 1944-53, reads:

"1. A parking lot is not permitted in a residence use district as per Article II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 21 ft. and 50 ft. 8 in. frontage by 100 ft. and 75 ft. in depth, irregular, on which are located a laundry, store and rooming house, which are to be demolished; that it is proposed to permit the parking and storage of motor vehicles on un-built upon plot; and

WHEREAS, the applicant contends that the use zoning of this area is basically wrong; that in 1936 when the use zoning was changed from business to residence, it was hoped that by raising the restrictions this area could be brought back; that this obviously was a false premise on which to base use zoning; that it has been well established over the years that zoning

cannot bring back a run-down neighborhood; that the residence use zone has been established for 17 years and the neighborhood has shown not the least sign of changing its character except to get shabbier year by year; that no new residence uses have been constructed in this block in many years; that the subject premises, consisting of approximately 4800 sq. ft., is about ⅓ vacant at the present time; that a demolition permit has been issued by the department of housing and buildings for the old residence structures now standing on the rear westerly portion of the plot; that demolition of these three old vacant buildings on lot 128 has already started; that the other two buildings facing on West 48th street, one on lot 28 and one on lot 27, are still occupied but will be vacated and demolished in the very near future; that the building on lot 28 contains a cowboy-outfitting store in the basement, and three upper floors containing eight furnished rooms; that the building on lot 27 contains a Chinese laundry in the basement and three upper floors containing eight furnished rooms; that lot 30, under the same ownership, is an L-shaped lot, the north-south portion of which (19 ft. by 50 ft.) will be included in the parking lot; that this leaves the east-west portion (21 by 81 ft.) on which is a three-story building fronting on 8th avenue, which is to remain; that the ground floor of this building is occupied by a bar and the two upper floors are used as lofts; that as the portion of lot 30 that is to be taken away (the north-south portion) is excess rear yard space and as off-street parking for more than five motor vehicles is a permitted use in a business district, it seems a proper use of the north-south portion; that the premises to be used as a parking lot are bounded on the east by an old hotel which, having no yard of its own would profit by the installation of a parking lot because of the great increase in light and air, and the backs of 8th avenue stores on the east; on the north by a public garage and a rear wing of a multiple dwelling; on the west by a dwelling with a restaurant and bar in the basement and on the south by West 48th street; that it is planned to store a maximum of 25 cars on the proposed parking lot; and

WHEREAS, the applicant further contends that the owner has held title to the subject premises for 3 years; that the old buildings presently standing were constructed about 80 years ago and the income from them is not great enough to offset the cost of taxes, operation and maintenance at today's prices; that the owner has carefully considered the possibility of constructing a conforming use on this plot but came to the obvious conclusion that it would be a total waste of money in this noisy, commercial district; that the only practical possibility appears to be complete demolition of existing buildings and the operation of a commercial parking lot; that at 328 West 48th street is Junior high school No. 17 which runs from West 47th to West 48th streets; that about 95% of the students come from the area west of 9th avenue; that during the lunch hour the students are kept in the yard on the West 47th street side as much as possible; otherwise they are permitted on West 47th street only; that West 48th street is an eastbound, one-way street and cars coming out of the parking lot would of necessity go east toward 8th avenue and would not pass the school; that it does not appear possible that a parking lot on the subject premises, east of the school, would in any way endanger the lives of the students; that Madison Square garden is located on the west side of 8th avenue between 49th and 50th streets and there are a great many theatres, movies, nightclubs and restaurants in this district; that during the daytime, the stores along 8th avenue would be served as well as patrons of the Garden and the moving picture theatres; that although there is a parking lot for 98 cars immediately back of the Garden and a public garage across the street from the Garden that takes in cars for parking, both of which are on 49th street, their capacity is entirely inadequate to serve the area; that the granting of this application would eliminate these very old, dilapidated buildings in which are two prominent non-conforming uses, namely, a Chinese laundry and a cowboy outfitting store; that directly across the street from the subject site and immediately adjacent to it on the west are numerous other non-conforming uses; that it is difficult to imagine how

MINUTES

the operation of a much needed parking lot on this site could possibly injure the neighborhood in any way; that the demolition of these old buildings is the first necessary step towards modernization of the neighborhood; and

WHEREAS, the applicant states the owner has held title to the property since July 27, 1951 and further states the assessed valuation for land is \$50,000 and of buildings \$5,000., making a total of \$55,000; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions h and e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7h and 7e, for a term of five (5) years, to permit the premises to be occupied for the parking and storage of motor vehicles, as proposed and as indicated on plans filed with this application marked "Received February 17, 1954," 3 sheets, *on condition* that the premises shall be leveled substantially to the grade of West 48th street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on the lot lines and the street line of 48th street, except for entrance and exit therein, a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, except where walls of existing buildings exist; that opposite such entrance there may be a curb cut not to exceed 25 ft. in width; that adequate bumpers shall be maintained, spaced for proper protection of walls and fences; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon except there may be a building not exceeding 100 sq. ft. in area, and one story in height, which may be of frame, to be used solely as an office and shelter for the attendant; that signs shall be restricted to a sign not exceeding 25 sq. ft. in area, attached to the fence adjacent to the entrance, advertising the parking lot and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not be illuminated and shall not extend beyond the building line; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that proper aisles shall be maintained at all times for easy entrance and egress; that all permits shall be obtained, including a certificate of occupancy and all work completed within six (6) months from the date of this resolution.

878-53-BZ

APPLICANT—Robert Gottlieb, for Etta Lacks, owner (Alru Auto Repairs, lessee).

SUBJECT—Application December 11, 1953 (decision of the borough superintendent), under section 7i of the zoning resolution, to permit in a business use district, the change in occupancy from hand laundry, tire repairs, ignition, battery service station and greasing, to hand laundry and motor vehicle repair shop.

PREMISES AFFECTED—1661-1663 Jerome avenue, west side, 100 ft. north of Featherbed lane (Block 2861, Lot 39), Borough of the Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: Bessie Padover.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 6, 1954 after due notice by publication in the Bulletin;

laid over to May 11, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Jerome avenue are in a business use, B area, class 1½ height district; Featherbed lane is in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 7, 1953 acting on Alt. Applic. 1135-53, reads:

"1. Proposed alteration to include a motor vehicle repair shop use in a business use district is contrary to Sec. 4(a) 29 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, on which is located a class 3 masonry building 50 ft. by 84 ft., used as follows: south portion, #1661, is a Chinese hand laundry (factory) and the north portion, #1663, is used for tire repair, ignition battery service station and greasing, for which certificate of occupancy No. 13293-53 was issued; that an 8 in. concrete block wall separates the two uses and both ceilings are fire retarded; that it is proposed to use the north portion, #1663, for a motor vehicle repair shop; and

WHEREAS, the applicant contends that the present tenant, Alru Auto Repairs, of the north portion, #1663, purchased the lease of this portion and used it as a motor vehicle repair shop until the Fire department revoked his motor vehicle repair shop permit because he, the tenant, had no certificate of occupancy for such use; that the street on both sides is filled with non-conforming garages and motor vehicle repair shops; block 2861, lots 35, 34 and 32 contain motor vehicle repair shops; block 2848, lots 1 and 8, garages; block 2849, lots 1 and 5, garages; that these uses are within 400 ft. of the subject building and there are many more to the north and south on Jerome avenue; that the area of the motor vehicle repair shop is only 23 ft. by 62 ft. or 1,426 sq. ft.; that it is separated from the laundry to the south (in the same building) by an 8 in. concrete block wall; that the ceiling of both portions is covered with plaster board and metal and there are only two or three persons working in the shop; that the neighborhood would not be adversely affected by the granting of this variance; and

WHEREAS, the applicant states that the owner has held title to the property since July 31, 1952 and further states the assessed valuation of the land is \$12,000 and the buildings \$14,000, making a total of \$26,000; that the building was erected in 1930; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, and the Committee has noted that the existing building is well below the houses on nearby Davidson avenue, and recommends that the use as proposed should be permitted for a temporary term of five (5) years; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision i, for a term of five (5) years, to permit the premises to be occupied as proposed for motor vehicle repairing, as indicated on plans filed with this application marked "Received December 11, 1953," 4 sheets, *on condition* that there shall be no heavy wrecking repair; that repairing shall be generally with hand tools; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that in the event there is any acetylene welding or spraying, such work shall be maintained in accordance with the requirements therefor under a permit issued by the Fire Commissioner; that all permits shall be obtained, including a certificate of occupancy and all work completed within six (6) months from the date of this resolution.

APPLICANT—Siegel and Green, for Lan Properties, Inc., owner.

SUBJECT—Application December 16, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence and restricted retail use district, the parking of motor vehicles of employees and patrons, as accessory to a two story store and office building.

PREMISES AFFECTED—136-22 Maple avenue, south side, 136.39 ft. east of Main street (Block 5135, Lot 8), and 42-05 Main street, southeast corner of Maple avenue (Block 5135, Lot 1), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 6, 1954 after due notice by publication in the Bulletin; laid over to May 11, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Maple avenue are in residence and restricted retail use, C area, class 1 height districts; Main street is in a restricted retail use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 8, 1953 acting on N.B. Applic. 4006-53 and Alt. Applic. 2726-53 dated December 4, 1953, reads:

"1. Proposed parking of more than 5 cars for patrons and employees on a lot partly in a Restricted Retail district and partly in a Residence use district is contrary to Art. 2 Sec. 3 of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 206.39 and 118.28 ft. frontage by 180 ft. in depth, irregular, on which is being constructed a building 118 ft. 3 in. by 97 ft. 5 in., two stories and cellar, 28 ft. 6 in. in height, of class 3 construction, to be used as a commercial building; that it is proposed to permit on unbuilt upon portion of plot the parking of motor vehicles of employees and patrons of building; and

WHEREAS, the applicant states that lot 1 has a frontage of 118.28 ft. on Main street and 136.39 ft. on Maple avenue and an area of 18,576 sq. ft.; that it is now zoned for almost its entire area as restricted retail use, except for a small triangular gore, 700 sq. ft. in area at its southeast corner at the rear, being zoned for residence use; that a two-story store and office building is now in construction on this lot No. 1, having a frontage of 118.28 ft. on Main street and 97 ft. 5 in. on Maple avenue, with an open area at the rear facing Maple avenue; that this open area, except for the aforementioned triangular gore, has been approved for use as a required off-street loading berth; that the excess open area over that required for this loading berth may lawfully be used for patron and employees' outdoor parking; that the owner, however, has not elected to so use this excess area for outdoor parking, as by itself it was inadequate in area for the off-street parking needs of the proposed building occupancy; that the owner therefore acquired adjacent lot No. 8, having a frontage of 75 ft. on Maple avenue, with a depth of 180 ft. and now being zoned for residence use, with the exception of a small triangular gore fronting on Maple avenue having an area of 721 sq. ft. and being zoned for restricted retail use; that the existing frame dwelling on lot No. 8 will be demolished; that by combining the full areas of lot No. 8 and the full excess open area of lot No. 1, a reasonable off-street outdoor parking

facility can be established which would be compatible with the contemplated needs for the building occupancy; and

WHEREAS, the applicant contends that retail shopping centers require adequate off-street parking facilities; that the parking lot will be conducted exclusively for patrons and employees and adequate signs and supervision to that effect will be established; that no overnight parking will be permitted; that the parking lot will be properly fenced off with gates at its entrances; that parking will be permitted only during regular business hours, which will not be later than 10 P.M. or before 8 A.M.; that the accessory parking proposed is not any more objectionable than the permitted accessory garages and outdoor parking for dwellings in residence use districts; that being an accessory to a business building does not change the nature of a parking facility; that a grant of this application will do substantial justice and be in harmony with the general purpose and intent of the zoning resolution, without impairing the public health, safety or general welfare; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, subdivision h, for a term of five (5) years, to permit the unbuilt upon portion of the premises to be occupied for the transient parking of motor vehicles belonging to employees and patrons, substantially as proposed and as indicated on plans filed with this application marked "Received December 16, 1953," 2 sheets, on condition that the premises shall be leveled substantially to the grade of Maple avenue and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all interior lot lines a woven wire fence of the chain link type not less than 5 ft. 6 in. in height; that a similar fence shall be erected along the street line of Maple avenue except for an opening not over 14 ft. in width, which shall be fitted with gates of similar construction as the fence and which shall be kept closed except when the lot is being used in connection with the store buildings adjoining; that opposite such opening there may be a curb cut not over 15 ft. in width; that the sidewalk and curbing in front of the premises shall be restored or repaired to the satisfaction of the Borough President; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon; that cars shall be parked in such a way that there will be adequate lanes for entrance and exit at all times; that any retaining walls that are required to protect adjoining properties shall be constructed and maintained by this owner; that the curb cut for entrance to Maple avenue to the unloading space, as shown, may be maintained; that such portable fire fighting appliances shall be kept in a convenient location in the adjoining building as the Fire Commissioner shall direct; that signs shall be restricted to one sign not over ten square feet in area attached to the fence advertising the parking use for patrons and employees only, and such other information as may be required by the Commissioner of Licenses; that such sign shall not be illuminated and shall not extend beyond the building line; that all permits shall be obtained, including a certificate of occupancy and all work completed within six (6) months from the date of this resolution.

900-53-BZ

APPLICANT—Martin Isaacs, for Elly Lee Pryluck, owner.

SUBJECT—Application December 21, 1953 (decision of the borough superintendent), under section 7i of the zoning resolution, to permit in a business use district the erection and maintenance of a motor vehicle repair shop.

MINUTES

PREMISES AFFECTED—134 East Broadway, north side, 185.42 ft. east of Pike street (Block 283, Lot 58), Borough of Manhattan.

APPEARANCES—

For Applicant: Martin Isaacs and Elly Leo Pryluck.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 6, 1954 after due notice by publication in the Bulletin; laid over to May 11, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, B area, class 1½ height district; East Broadway is in retail and business use, B area, class 1½ height districts; Pike street is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 10, 1953 acting on N. B. Applic. 159-53, reads:

"1. Auto repair shop in a business use district is not permitted. Sect. 4(a) (29) Article II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 62 ft. 10 in. in depth, irregular, presently vacant and used as a parking lot for more than five motor vehicles approved under certificate of occupancy No. 37595 issued in 1930; that the use district was changed from unrestricted to business on March 1, 1939; that the applicant took title to the property July 11, 1953 and has been a tenant of the premises for six years prior to the time of taking title; that it is proposed to erect a one-story, non-fireproof, class 3 structure (no cellar) fronting one street, to be used as a motor vehicle repair shop, covering the entire lot, which has an area of 1569 sq. ft.; that there is at the present time a legal curb cut in front of the premises; and

WHEREAS, the applicant contends that at the present time the owner operates a motor vehicle repair shop at premises 136 East Broadway which he has occupied as a tenant and lessee for the past 15 years; that at the present time he is a tenant; that premises 136 East Broadway changed ownership about October 15, 1953 and the new owner has since notified the applicant (as a tenant) of an increase in rental from the present \$100 per month to \$200 per month; that in addition, the condition of a 5-year non-renewable lease and specific improvements to the property at the applicant's expense have been imposed; for these the new owner will give the applicant an option to buy the premises at a price fixed by the new owner; that the new owner of premises 136 East Broadway is an auto mechanic and he is imposing these conditions with the sole intention of forcing the applicant out of his business with no consideration; that in view of the fact that the applicant has been in business operating a motor vehicle repair shop for 15 years at premises 136 East Broadway and by his hard work and determination has built up a business of good will, and inasmuch as it will be impossible for the applicant to meet the difficult conditions imposed on him by the new owner of premises 136 East Broadway, and that the new structure will in no way be detrimental to the adjacent neighborhood nor will the use impair the public health, safety and general welfare, the applicant by virtue of the severity of the situation urges the Board to permit this use; and

WHEREAS, the applicant states the owner has held title to the property since July 11, 1953 and that the assessed valuation of the land is \$5,000; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision i, to permit occupancy of the building as proposed to be occupied as an automobile repair shop; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that there shall be no connection between the proposed building on Lot 58 and the existing building now occupied by the tenant on Lot 59; that opposite the entrance to such proposed building there may be a curb cut not exceeding 10 ft. in width; that the sidewalk and curb in front of the premises shall be repaired or restored to the satisfaction of the Borough President; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that there shall be no openings in the rear or side walls of the building to adjoining premises; that any skylight in the roof for lighting shall be erected not nearer than 25 ft. from the rear lot line; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 11, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 54th street are in residence and local retail use, B area, class 2 height districts; 1st avenue is in a local retail use, B area, class 2 height district; and

WHEREAS, the decision of the borough superintendent, dated December 3, 1953 acting on Alt. Applic. 2036-53, reads:

"A3. Proposed extension of business into a Residence Use District is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 119 ft. in depth, on which are located a one-story building 50 ft. by 94 ft. with a 50 ft. frontage on 1st avenue, 94 ft. on East 54th street, occupied by the Atlantic and Pacific stores, and on East 54th street, adjoining the rear of the stores, is a vacant 5-story old law tenement with a frontage of 25 ft. on a plot 25 ft. by 100 ft.; and

WHEREAS, the applicant further states that the old law tenement has been vacant and boarded up for 13 years and is unfit for habitation; that the volume of business in the A. and P. store has increased to such an extent that more

MINUTES

space is needed; that the owners are willing to demolish the upper stories of the old law tenement at 402 East 54th street and remodel the entire fronts, adding a one-story extension to the present structure; that there are 6 ft. of the old law tenement in a local retail district and the remaining 19 ft. are in a residence district; that there will be no loading door in the residence portion, only an exit door 3 ft. wide; that the loading door will be in the local retail district; that a new front will be provided on 1st avenue and the extension will be made to match the brick work of the present store; and

WHEREAS, the applicant contends that the buildings to the east are old law tenements with a large garage to the east of the old law tenements; that there are high class apartments across the street, also further east on the south side of East 54th street; that removing the old law tenement will be an improvement although the block is a mixture of commercial and residence structures; that the owners have a lease signed with the A. and P. company that they will do the work provided the Board permits this change; and

WHEREAS, the applicant states that the present owner has held title to the property since December 14, 1925 for lot 47 and since September 1, 1941 for lot 46; that the assessed valuation of land is \$86,000 and of the buildings \$13,000, making a total of \$99,000, and that the building was erected under N. B. 570-83; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c, to permit the extension of the existing business use into the more restricted area, substantially as proposed and as indicated on plans filed with this application marked "Received December 29, 1953" (5 sheets), on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto if located within a local retail district; that the building shall not be increased in height beyond the one story now proposed; that there shall be no openings in such building on the easterly or southerly lot lines to adjoining premises; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

Adjourned: 3:25 P. M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, MAY 11, 1954, 2 P. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

676-44-A—Vol. III

APPLICANT—Charles Kandall, for Cong. Anshei Zedek of Bensonhurst, owner.

SUBJECT—Application reopened January 12, 1954 as Vol. III—re Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—6720 19th avenue, northwest corner of 68th street (1st floor); (Block 5569, Lot 45), Borough of Brooklyn.

APPEARANCES—

For Applicant: Harry Leibowitz.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated December 11, 1953, acting on Alt. Applic. 4643/52, reads:

"1. Proposed plans submitted are not in conformance with that expressed by B. S. A. under Cal. No. 676-44-A, V. II, granted on July 21, 1953, Bul. 30, V. 38."

and

WHEREAS, the applicant states that the building is 2 stories, 32 ft. in height; 29 ft. by 50 ft. in area at 1st floor; 22 ft. by 50 ft. in area at 2nd floor; of class 4 construction; erected 1900, located on a lot 36 ft. front by 100 ft. in depth, in a residence use, C area, class 1 height district, used and occupied since 1927—cellar, storage and toilets; 1st floor, synagogue, 150 persons; 2nd floor, apartment for caretaker; attic, vacant, and proposed to be increased in area on the 1st floor to 29 ft. front by 65 ft. in depth, and used and occupied—cellar, storage and toilets; 1st floor, synagogue, 175 persons; 2nd floor, apartment for caretaker; attic vacant; that the building is provided with one interior 2 ft. 6 in. wide wood stairs, enclosed in partitions of studs, wire lath and plaster, equipped with wood self-closing doors; stair hall leads direct to street but not to roof; and

WHEREAS, the applicant states that the building was used from 1927 to 1944 as follows: cellar, toilet rooms; 1st floor, synagogue, 150 persons; 2nd floor, meeting room, 20 persons; attic, vacant; that in 1944 under Alt. Applic. 3357—the use of the building was changed to cellar, toilet room, 1st floor, synagogue, 150 persons; 2nd floor, dwelling, 1 family, and the attic to remain vacant; that the interior stairs was wood enclosed in partitions of wood lath and plaster, equipped with wood doors and leading directly to street; that this alteration was approved on the basis of a variance granted by the Board under Vol. I of this appeal; and

WHEREAS, the applicant states that under Alt. Applic. 4643/52, filed to increase the size of the building on the 1st floor and replace the existing walls on the 1st floor with 12 in. brick and maintain the following use and occupancy: cellar, toilet room; 1st floor, synagogue, 175 persons; 2nd floor, dwelling, 1 family, to be used by the Rabbi or caretaker, and the attic to remain vacant; and a variance was granted by the Board July 21, 1953; and

WHEREAS, the applicant states that it is now proposed to remove the front porch and extend the building in the front and part of the side on the 1st floor with brick construction maintaining the following use and occupancy: cellar, toilet rooms; 1st floor, synagogue, 175 persons; 2nd floor, dwelling, 1 family; to be used only by the Rabbi or caretaker, and the attic to remain vacant; and

WHEREAS, the applicant contends that the building is detached on all sides; that the present incombustible shingles on the extension of the existing building will be maintained; that the present occupancy will remain unchanged; that the present stairs from the cellar occupancy will remain unchanged; that the present stairs from the cellar to the 1st floor will be maintained; that the present stairs from the 1st to the 2nd floor will be maintained; that the exit hall of the 1st floor will be extended to a new lobby; that the exits will be maintained in all other respects and the building and occupancy will comply with all laws, rules and regulations applicable thereto.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 3, 1945, as thereafter amended by resolution adopted July 21, 1953, so as to permit as now proposed and as shown on plans filed with this appeal marked "Received December 28, 1953," (3 sheets), the arrangement of the alteration to existing building as thereon shown, on condition that the occupancy in all other respects shall comply with all laws, rules and regulations applicable thereto; that a door to the side yard near the pulpit, as an additional exit, shall be installed and main-

MINUTES

tained and where not inconsistent with this resolution, the requirements of the resolutions above cited shall be complied with.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 10, 1954, acting on Alt. Applic. 361/54, reads:

"1. Proposal to use the entire building five stories and pent house in height for stores, offices and show-rooms would require it to be of fireproof construction as per Sec. 4.2.1 B.C. and is contrary to B.S. & A. res. Cal. No. 798-46-A, V. IV."

and

WHEREAS, the applicant states that the building is five stories and pent house, 67 ft. in height; 36 ft. by 100 ft. 5 in. in area at 1st floor; of class 3 construction; erected 1896; located on a lot 36 ft. front by 100 ft. 5 in. in depth, in a restricted retail use, B area, class 1½ height district, and used and occupied since 1952 as follows: cellar, storage, no persons; 1st floor, Finnish consulate, 15 persons; 2nd floor, offices, ten persons; 3rd floor, tourist and display, 10 persons; 4th floor, information, 10 persons; 5th floor, consulate offices, 10 persons; pent house, apartment for consul-general, single tenant throughout the building; and now proposed to be used and occupied as follows: cellar, storage, no persons; 1st floor, stores, offices and showroom, 15 persons; 2nd to pent house story, offices and showroom, 10 persons on the 2nd, 10 on the 3rd, 10 on the 4th, 10 on the 5th and 4 on the pent house floor; the building to be occupied by a single tenant on each floor above the 1st floor; that the building is provided with a one source sprinkler system in the cellar only; that there are two 3 ft. 8 in. wide interior steel and concrete stairs, masonry enclosed, equipped with fireproof self-closing doors, leading from roof bulkhead direct to street; and

WHEREAS, Certificate of Occupancy #40854, issued February 24, 1953, on Alt. Applic. 83/52, subject to a variance granted by the Board under Cal. No. 798-46-A, V. IV, permits the following use and occupancy: cellar, storage; 1st to 5th floor, Finnish Consulate, offices, tourist and display information and consulate offices; pent house, 1 apartment for Consul General; a single tenant throughout the building; and

WHEREAS, the applicant states that under Vol. IV, of this appeal the Board permitted the 5th and penthouse story to be used for offices and consul's apartment in conjunction with the balance of the building; and

WHEREAS, the applicant states that permission is now sought to use the entire building as stores, offices and show-rooms, as passed upon by the Borough Superintendent on March 10, 1954, under Objection 1 of Alt. Applic. 361/54; and

WHEREAS, the applicant contends that the building was originally acquired to provide for the expansion of the work of Finland House adjoining at 39-41 East 50th street and has been so used pursuant to the variance granted by the Board October 15, 1952; that the Government of Finland has failed to obtain full recognition by the United Nations and cannot

qualify for assistance under the Marshall Plan; that therefore it now becomes necessary to convert the use of this building so that it will produce enough income to maintain itself until such time as it can be used for official purposes; and

WHEREAS, the applicant further contends that the uses proposed will not be any more hazardous than the use permitted by the Board on October 15, 1952, and the occupancy will not exceed that previously permitted by the Board; that it is therefore requested that the Board amend its prior resolution so as to omit the statement that the building will be used throughout by Finland House as a single tenant and permit its use and occupancy as now proposed.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 15, 1952, which amended the resolutions adopted October 29, 1946 and July 20, 1948, by adding thereto:

"* * * that in the event the owner desires to rent for lawful business use all of the floors above the first floor in the two buildings that were under consideration in the resolution adopted October 15, 1952, such space may be rented for business occupancy provided in all other respects, where not inconsistent with this amended resolution, the requirements of the resolution as adopted October 15, 1952, shall be complied with and that a new certificate of occupancy shall be obtained."

614-53-A

APPLICANT—Artco Chemical Corp., owner.

SUBJECT—Application August 5, 1953—Appeal from an order and a decision of the fire commissioner.

PREMISES AFFECTED—755-757 Whittier street, west side, 100 ft. south of Lafayette avenue (Block 2763E, Lot 343), Borough of The Bronx.

APPEARANCES—

For Applicant: Haig Haygooni and Arsen Artin.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, Order #95992C issued by the Fire Commissioner, reads:

"1. Discontinue storage and use of volatile inflammable oils for manufacturing of inflammable mixtures in a premises which have not been provided with an approved storage system. C19-59.0-k.

2. Discontinue manufacture and sale of inflammable mixtures without a permit from this department. C19-58.0.

REASON: Storage of the following volatile inflammable oils in drums or barrels for the manufacture of inflammable mixtures is contrary to C19-59.0-d and C19-59.0-a of the Administrative Code.

(a) Toluol—6 drums

(b) Benzol—2 drums

(c) Acetone—1 drum

(d) Xylol—1 drum

An approved system."

and

WHEREAS, the decision of the Fire Commissioner, dated July 16, 1953, reads:

"In reply to your letter of July 7, 1953 re Order No. 95992C your request is hereby denied but you may appeal to the Board of Standards and Appeals for a hearing."

and

WHEREAS, the applicant states the building is one story, 8 ft. in height, 18 ft. by 15 ft. in area, of class 3 construction, located on the rear of a lot 50 ft. by 100 ft. in area, in an unrestricted use district, and used and occupied since 1950 for the storage and manufacture of chemical

MINUTES

specialities including toluol, benzol, benzine and acetone; occupancy, 1 person; and

WHEREAS, certificate of occupancy #6565 was issued January 12, 1950 upon completion of Alt. Applic. 643/49 permitting the one-story, 8 ft. high, non-fireproof building to be used and occupied for the storage and manufacture of inflammable and combustible oils and chemicals for industrial use (no explosives), and states that fire department approval of fire extinguishing equipment and combustible storage was received; and

WHEREAS, the existing two story brick, one-family dwelling on the same lot was erected under N.B. Applic. 377/36; and

WHEREAS, the applicant states that it is engaged in the business of manufacturing and supplying various chemical specialties, principally used in the photo-engraving industry containing mixtures and component parts of inflammable oils consisting of toluol, benzol, xylol and benzine; that the only structure in which the oils are stored and used is a one story building, or brick construction, on the rear of a 50 ft. by 100 ft. plot as indicated on diagrams filed with this appeal; that the building is unheated and contains no stove or other heating equipment or apparatus to which heat is applied, nor is there any flame or other electrical heating apparatus contained therein; that all electrical fixtures have been specially housed and affixed in full compliance with the requirements of the fire department and the building is supplied with all fire extinguishing equipment required and approved by the fire department in addition to which the applicant stores a drum of carbon tetrachloride on the premises; that a certificate of occupancy has been issued by the Borough Superintendent permitting the storage and manufacture of inflammable and combustible oils and chemicals for industrial use; that the business is small; that the amount of inflammable oils used during the regular course of business does not exceed more than 9 drums, of which six are toluol, one benzine and one acetone and one xylol; that in the ordinary use of these oils, approximately 4 drums are upon the premises at any one time; that particularly, toluol is used within a very short time after delivery; that the usual and practical tank to be installed for underground storage is a 500 gallon tank, since delivery by tank car for underground storage must be at least 320 gallons; that under the ordinary use of these products made on the premises, four of these 550 gallon tanks would be required to comply with the order and this installation would be excessive and unreasonable in cost to the applicant corporation, which must store these oils in such small amounts that it is impracticable and would be almost impossible to pump the oils out of the said tanks; that commencing March 2, 1950 combustible permits have been issued continuously, the last one expiring February 7, 1953; that no change has been made in the premises since the original issuance of the combustible permit; that the order issued by the Fire Commissioner will cause the appellant to undergo expense which is far beyond reasonable under the circumstances and compel the appellant to install tanks which are for practical purposes useless to it; that it is therefore requested that the Board permit the issuance of a combustible permit for a minimum quantity of 9 drums of inflammable oils as heretofore stated; and

WHEREAS, the applicant further states that since the development of its product known as "one coat stripping solution" in which the inflammable oils are used, the use of collodion and rubber solvent in benzol has been practically eliminated by the industry and the fire hazard normally present has been reduced by a minimum of 50%; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the decision of the Fire Commissioner acting on Order #95992C, Objections 1 and 2, be and it hereby is modified and the appeal be and it hereby is granted to permit the continuance of the existing use in the buildings on the premises, provided that all buildings which have not

been approved by the Department of Housing and Buildings shall be so approved or removed, and to permit the use of inflammable oils to the extent as permitted under Cal. No. 60-44-A at the previous location of this applicant consisting of the following oils: benzol, xylol, toluol, benzine, and acetone to the extent of a total of not over six 55-gallon drums, which shall be isolated from other materials of combustible and inflammable nature, stored on racks and equipped with suitable faucets to the satisfaction of the Fire Commissioner; that all suitable fire-fighting appliances shall be installed as the Fire Commissioner shall direct; that there shall be no heating or spark-producing devices maintained on the premises and that all electrical devices of all kinds in the premises where such inflammable materials are stored shall be of the type approved under the electrical code for explosive atmospheres; that in all other respects the buildings and occupancy shall comply with all laws, rules and regulations thereto; that the portion used as a storage mixing room as permitted by the Department of Housing and Buildings may remain; that any opening between said building and the building formerly an accessory garage and now used for the storage and operation of the inflammable materials shall be equipped with a fire-proof self-closing door; that in all other respects the operations and storage shall be maintained to the satisfaction of the Fire Commissioner.

653-53-A

APPLICANT—J. Ryback & Co., Inc., for The W. S. Realty Corp., owner.

SUBJECT—Application September 17, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—2341-2347 12th avenue and 640 West 134th street, a southwest corner (Block 2000, Lot 61), Borough of Manhattan.

APPEARANCES—

For Applicant: Jack F. Ryback.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinfert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 31, 1953, on Alt. App. 1181/53, reads:

"2. Only one stair leads to roof contrary to Sec. 270 of L.L.

4. Use of wood stud partitions in Cl. 1 bldg. is contrary to Sec. 264 (7) of L.L."

and

WHEREAS, the applicant states that the building is 7 stories, approximately 90 feet in height, 125 ft. front by 99 ft. 11 in. in depth, of fireproof construction, erected in 1925 on a lot 125 ft. front by 99 ft. 11 in. in depth, in an unrestricted use, A area, Class 1½ height district, used and occupied since 1946: 1st floor—factory and shipping, 50 persons; 2nd floor—factory, 5 persons; 3d and 4th floors—storage, 1 person per floor; 5th floor—factory, 8 persons; 6th floor—garage, 1 person; 7th floor—factory, 9 persons, for which Certificate of Occupancy #31492 was issued January 18, 1946, upon completion of work under Alt. App. 1629/44. The building is now proposed to be used and occupied as follows: 1st floor—factory and shipping, 15 persons; 2nd to 5th floors—factory, 15 persons per floor; 6th floor—offices and factory, 20 persons; 7th floor—factory, 30 persons. The building is provided with an approved standpipe system and an approved interior fire alarm system. There is one interior stair and one fire tower of fireproof construction leading direct to street, provided with fireproof, self-closing doors and one of which extends to the roof; and

WHEREAS, the applicant states the building was erected in 1925 and approved with southwest stairway leading to roof

MINUTES

and north fire tower not leading to roof; that from the fire tower there are two street level exits, one at 1st floor level on West 134th street and one from the 6th floor to viaduct on West 134th street, which is a public street with entrance to building fronting on viaduct; that at this level, the building including the north stairway fronts two stories above the West 134th street viaduct; and

WHEREAS, the applicant requests that if the Board requires the north fire tower stairs to lead to the roof, that in lieu of such compliance a new exit from the north stairway leading to West 134th street viaduct be accepted as shown on Plan #5 filed with this appeal; and

WHEREAS, the applicant contends as to Objection 4, that wood stud partitions with hard tempered masonite both sides and glass above have existed in the building prior to new occupancy of owner-tenant, W. S. Realty Corp. and Schwab Rubber Co. and it is requested that the Board permit the use of these partitions, as indicated on plans filed with this appeal.

Examination of Fire Prevention Folder #12A2341.01 indicates that in 1933 the building was used as a garage and that such use continued through 1939, 1941; that in 1945 the building was used as a training center for the U. S. Navy and for the manufacturing and testing of Navy equipment; and that later in 1945 it became a tenant factory with the 1st, 2nd and 5th floors occupied by the Navy;

Inspection Report made August 20, 1945, at the request of the Borough Superintendent in connection with an application for a certificate of occupancy disclosed that the premises were used as a tenant factory above the 2nd floor with the first floor used by the U. S. Navy as a garage; the 2nd floor as a Navy school and the 5th floor as a Navy clothing depot and that the building was equipped with a sub-standard interior fire alarm system consisting of an open circuit break glass type station and an 8 in. vibrating gong on each story and that the system was out of order, and Order #33890 LF was issued against the defects in the standpipe system and the Borough Superintendent was advised that such standpipe order was outstanding, that there was no sprinkler in the building and orders were then being issued to install an approved fire alarm system and conduct fire drills. Orders to install a fire alarm system and conduct fire drills were issued August 31, 1945, and rescinded January 24, 1946, on the grounds that the occupancy above the first floor was less than 25 persons, the Navy having vacated the premises.

Under date of October 15, 1945, the Fire Dept. advised the Borough Superintendent that all standpipe orders had been complied with and the occupancy reduced to less than 25 persons above the first floor and that the fire alarm and fire drill orders would not be required. On January 23, 1946, the inspector reported that the building was used and occupied as follows: 1st floor—garage; 2nd floor—machine shop and office, 5 persons; 3rd floor—railway express dead storage, 0 persons; 4th and 5th floors—stockrooms, 1 person each floor; 6th floor—manufacturing lubricating devices, 9 persons; 7th floor—manufacture of automatic control switches, 7 persons.

On July 1, 1954, inspector's report indicated that the building was used and occupied as follows: 1st floor—stock and shipping, 3 persons; 2nd floor—stock, 0 persons; 3rd floor—stock, 0 persons; 4th floor—machine shop, 10 persons; 5th floor—splitting foam rubber slabs, 20 persons; 6th floor—office, shipping and receiving, 0 persons; 7th floor—cutting of foam rubber, 25 persons, and stated the building was provided with a substandard fire alarm system and recommended that an adequate interior closed circuit fire alarm system be installed and fire drills be conducted. Orders were issued July 20, 1953, requiring the installation of interior fire alarm system and the conduct of fire drills, which orders were dismissed.

On March 30, 1953, the company Commander reported that the building was used by the Schwab Laytex Rubber Co. for manufacturing foam rubber cushions, etc., using the entire building with an occupancy of 80 persons; that the building had no certificate of occupancy, no interior fire alarm system, no fire drills, no occupancy posted; that there were 100 gals.

of rubber cement, 1 air compressor, 1 tank of acetylene and 1 tank of oxygen stored without a permit, and that vertical openings were built, conveyor ramps should be provided with automatic fire doors; these orders were certified as complied with December 17, 1953, relating to the fire alarm and drill and the balance of the items were referred to the Dept. of Housing and Buildings.

An examination of Fire Dept. Folder #183350 (Combustibles) indicates the following: Application filed March 27, 1953, by the Schwab Laytex Rubber Co. for permission to store 100 gals. rubber cement, 1 air compressor, 1 tank of acetylene and 1 tank of oxygen resulted in a recommendation that a certificate of occupancy be obtained and interior fire alarm system installed and fire drills instituted.

Order #232 was issued by the Fire Department January 27, 1954, revoking Permit #Z183-50 to expire March, 1954, which was revoked due to the fact violations were pending in the Dept. of Housing & Buildings, and ordered the owner to submit evidence that the latter department had no objections to the storage of rubber cement, oxygen and acetylene.

An examination of the records of the Dept. of Housing & Buildings indicates the building was erected under N. B. 357/25 for use as a garage, repair shop, automobile salesroom and showroom, and examined under the Labor Law with a result an objection was issued that the building should comply with Section 270 of the Labor Law and without complying with such objection a certificate of occupancy #10724 was issued February 24, 1926, permitting the use of the building as a garage for more than five cars. This certificate was superseded by certificate #31492 issued January 18, 1946, on Alt. App. 1629/44 and permitted the following use and occupancy: 1st floor—factory, shipping; 2nd floor—factory; 3rd and 4th floors—storage; 5th floor—factory; 6th floor—garage; 7th floor—factory.

Inspector's report dated January 18, 1946, on Alt. App. 1629/44 did not contradict the applicant's statement that the exits complied with Section 270 of the Labor Law; and

WHEREAS, the premises was inspected by a committee of the Board, which noted the conditions in the building, and in view of same and the violation from the Department of Housing and Buildings and the records in the Fire Department, recommended that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1181/53, Objections 2 and 4, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

733-53-A

APPLICANT—Lama, Proskauer and Prober, for Stamp Realty Corp., owner (Benson W. Magoon, lessee).

SUBJECT—Application October 13, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—9002-9014 Church avenue and 565-575 Remsen avenue, southeast corner (Block 4711, Lots 36, 38, 39 and 40), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 29, 1954, on N.B. App. 1089/53, reads:

"1. Proposed frame office building within the fire limits is contrary to 4.1.2 of the Administrative Code.

2. Proposed business use in a frame building is contrary to 4.2.1 of the Administrative Code."

and

WHEREAS, the applicant states that the building is one story, 10 feet in height, 16 ft. by 20 ft. in area, Class 4

MINUTES

construction, erected in 1953 on a lot 120 ft. by 100 ft. in depth, in a business use, D area, Class 1 height district, used and occupied since 1947 for the parking and storage of motor vehicles and sale and display of new and used cars, for which Certificate of Occupancy #118630 was issued September 30, 1947, permitting the use of premises for the sale and display of not more than five used cars; and

WHEREAS, Violation #1156/53 was issued April 10, 1953, for using premises for storage and sale of more than five cars, contrary to Certificate of Occupancy #118630 and for erecting a one-story wood frame structure without a permit; and

WHEREAS, the applicant states the premises are now being used for parking and storage of motor vehicles and sale and display of new and used cars; that a one story frame building having a frontage of 16 feet and a depth of 20 feet has been erected for use as an office; that Alteration Permit #3567/47 and Certificate of Occupancy #118630 was issued for the sale and display of not more than five used cars; that the proposed parking and storage of more than five motor vehicles and sale of new and used cars is a legal use in a business use district; that the existing frame office was erected without a permit and it is the intention of this appeal to seek permission to maintain the existing office building; that the building in question is only one story in height and the sole use will be as an office for the sale of new and used cars; that the building will be 17 ft. from Church avenue and 20 feet from Remsen avenue and will therefore not constitute a hazard; that since this building is only one story in height and will only have two occupants and in view of the fact the use is not hazardous and is small in size and distant from all other buildings, it is requested that this appeal be granted.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 1089/53, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the construction and use as proposed of a one-story frame building of the size indicated on plans filed with this appeal, marked "Received October 13, 1953" (3 sheets), *on condition* that the building shall not be increased in height or area; that the term of this variance shall be coterminus with the permit for parking and storage use permitted by the Department of Housing and Buildings and upon the discontinuance of such use the frame building shall be removed that a new certificate of occupancy shall be obtained.

734-53-A

APPLICANT—Daniel Moore, for Park of Edgewater Inc. (owner of land) and Wm. A. Daulton (owner of building).

SUBJECT—Application October 14, 1953—filed pursuant to section 35, General City Law re building located in bed of a proposed street—Longstreet avenue.

PREMISES AFFECTED—East side of Longstreet (proposed), 87 ft. south of Sampson street (proposed); (Block 5517, part of Lot 61), Bungalow 82-B, Park of Edgewater, Borough of The Bronx.

APPEARANCES—

For Applicant: Domenic Gabbamonte, Jr.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated September 17, 1953, acting on Alt. Applic. 666/53, reads:

"1. General City Law, Article 3, Sec. 35 states in part that no permit shall be issued for any building in the bed of any street."

and

WHEREAS, the applicant states that the building is 1 story, 16 ft. in height; 15 ft. 6 in. by 45 ft. 10 in. in area, of class 4 construction, erected in 1927, located on a lot 27 ft. 6 in. by 71 ft. 6 in. in area, in an unrestricted use, A area, class 1½ height district, and used and occupied since 1927: 1st floor, dwelling, 1 family, for which no certificate of occupancy has been issued, and proposed to be used and occupied as follows: basement, boiler room, and open area; 1st floor, dwelling, 1 family; and

WHEREAS, the applicant states that it is now proposed to raise the present bungalow creating a basement; and

WHEREAS, the applicant contends that Park of Edgewater owns all of the land and streets contained in this area and pays taxes on the entire parcel including the streets; that the lessee owns the building erected on the lot which building can be removed by the lessee in accordance with the terms of the lease; and

WHEREAS, the applicant contends that for 26 years there has been a bungalow on the site in question; that the site lies in the bed of a mapped street; that if the owner of the land were unable to use or rent the land for building purposes, it would create a serious hardship and prevent the owner from obtaining a fair return for the property; that all of the streets presently contained in the Park of Edgewater are private streets and are maintained by the owner; that none of these streets are owned by the city and no proceedings are pending to acquire title to the street for public use; that permission is requested to construct the building as proposed in the bed of a mapped street on condition that in the event the street is acquired by the City the building will be removed by the owner without claiming any damages for the contemplated work.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 666/53, Objection 1, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted* for a term of not over fifteen (15) years, to permit the foundation to be constructed as proposed under the building, which has been in existence since 1927, and to permit the use as proposed, *on condition* that such foundation and uses shall be constructed and maintained in accordance with the requirements therefor and to the satisfaction of the Borough Superintendent; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that in the event of the acquisition and construction of the proposed Longstreet avenue by the city the building shall be removed by the owner without any claim for damages as proposed.

272-54-A

APPLICANT—Paul Friedman, for 8418 Bay Parkway Realty Corp., owner (Bensonhurst National Bank, lessee).

SUBJECT—Application April 14, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—8414-8424 Bay parkway and 2175-2183 85th street, northwest corner (Block 6335, Lot 43), Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman, Samuel Malkind and Louis J. Quadre.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 17, 1954, on amendment to N.B. Applic. 1378/53, reads:

"1. The proposed omission of the required exit stairs from the cellar is contrary to the Building Code, Sec. 6.1.2.2.3."

MINUTES

and

WHEREAS, the applicant states that the building will be 2 stories, 38 ft. 9 in. in height; 72 ft. by 52 ft. in area, of class 1 construction, on a lot 100 ft. by 80 ft. in depth, located in a restricted retail use, C area, class 1 height district, and used and occupied—cellar, boiler room, storage and vault and coupon booth, 6 persons; 1st floor, bank, offices, 60 persons; 2nd floor, bank offices, 35 persons; that the building will be provided with two interior stairs, 13 ft. 4 in. in width and the other 5 ft. in width, both of steel construction, cement or terrazzo tread, one stairway will lead direct to street, and will be enclosed in 4 in. gypsum block partitions, plastered both sides, equipped with fireproof self-closing door and the other stairway will be unenclosed; and

WHEREAS, the applicant contends that the exit facilities for the cellar as proposed will adequately safeguard the occupants of the building due to the limited and occasional human occupancy in the cellar because of the particularly non-hazardous nature of the occupancy; that most of the cellar will be used for storage, boiler room and meter room purposes; that the remainder of the cellar will be used for safe deposit vault purposes; that strict compliance with the law would require an additional stairway from cellar to street which would expose the bank to the hazards of unlawful ingress and egress and loitering in an obscure area and detract from the appearance of the building; that the proposed exit facilities will adequately safeguard the limited occupancy of the cellar; that the exits will consist of a fireproof enclosed steel stairway at the northwest corner of the cellar leading directly to the street through the side yard and an unenclosed 5 ft. wide steel stairway located at the easterly side of the cellar, leading up to the main banking area on the 1st floor, less than 10 ft. from the entrance vestibule and an engineer's ladder from the boiler room located at the westerly side of the cellar, leading directly to the exterior of the building.

Resolved, that the decision of the Borough Superintendent, acting on amendment to N.B. Applic. 1378/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the means of exit from the cellar as proposed and as indicated on plans filed with this appeal marked "Received April 14, 1954," (8 sheets), *on condition* that this variance shall continue only so long as the cellar is occupied as proposed in conjunction with the bank on the 1st floor and that the cellar is occupied only for the purposes as proposed and as indicated on such plans; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 8, 1954, on amendment to N.B. Applic. 1141/53 reads:

"1. At least two enclosed exit stairs from the cellar are required by Sect. 6.1.2.1.3 of the Bldg. Code."

and

WHEREAS, the applicant states the building will be 7 stories, 67 ft. 2½ in. in height, 170 ft. front by 54 ft. and 83 ft. 6 in. in depth, of Class 1 construction, on a lot 200 ft. by 100 ft. in area, in a business use, B area, class 1½ height district, and occupied as a Class A multiple dwelling, and in the cellar and portion of the first floor as banking space and stores; and

WHEREAS, the applicant states that a portion of the cellar and 1st floor (Store #6) will be occupied as a branch bank; that the approved new building application and plans show three stairways from the cellar of the bank space, two of which at the rear Nos. 3 and 4 will be completely enclosed and leading to the outer air at grade; that the front stairway #5 is shown unenclosed both in the cellar and 1st floor; and

WHEREAS, the applicant states that an amendment filed March 25, 1954, proposing to provide two stairways, consisting of stair #3 at rear 3'3" wide of steel and cement, fireproof enclosed, leading directly to the outside and Stair #5 at the front 5 ft. wide, of steel and cement construction, fireproof enclosed at cellar and open at the 1st floor, terminating adjacent to a revolving door; that there are two remote swinging exit doors 3 ft. 9 in. and 3 ft. wide at the 1st floor opening directly to the outside at grade level; and

WHEREAS, the applicant contends that the two proposed stairways are ample for the small occupied area of 3500 sq. ft. and the low number of occupants (40 persons) and the non-hazardous use; that these two stairways can accommodate a greater number of persons than required under Sec. 6.4.1.1 of the Building Code; and

WHEREAS, the applicant contends that Stairway #5 at the front will be left open on the first floor for security reasons but is enclosed in the cellar with fireproof partitions and doors; that due to the necessity for access to the Safe Deposit Department and for security reasons the proposed stairway construction is usual and customary in this type of use; that the fireproof enclosure in the cellar affords a shelter in case of fire and prevents the spread of fire to the first floor; that these two stairways will be used only by the bank and there will be no openings into the multiple dwelling portion of the building from the bank space; and it is therefore requested the Board modify the decision of the Borough Superintendent and grant this appeal so as to permit the exits as herein proposed from the cellar space of the bank portion of the building.

Resolved, that the decision of the Borough Superintendent, acting on amendment to N.B. Applic. 1141/53, Obj. 1 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the cellar shall be occupied by the bank on the street floor as proposed and as indicated on plans filed with this appeal marked "Received April 19, 1954" (6 sheets); that the two stairways from such cellar to the first floor, as indicated, shall be maintained; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

THE RESOLUTION—

WHEREAS, this application, under section 21 of the zoning resolution, to permit partly in a business use district and partly in a residence use district, the conversion of occupancy from a warehouse and garage for five motor vehicles to a garage for more than five motor vehicles, was granted by the Board, June 8, 1926, on certain conditions; and

WHEREAS, the term of variance was extended June 12, 1928; and

WHEREAS, this application permitting the building to be used for the storage of not more than five automobiles of the pleasure car type and automobile repairing, was granted by the Board, May 15, 1934, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended May 6, 1952; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 15, 1934, as thereafter *amended* by resolutions adopted through May 6, 1952, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * granted under Section 7, subdivision i, for a term of two (2) years, from the date of this *amended* resolution, to permit * * *; that other than as herein *amended* the resolutions above cited shall be complied with in all respects, and that a new certificate of occupancy shall be obtained" (Applic. #1298/34 and Application for Certificate of Occupancy #510 of 1954).

COURT DECISIONS.

Matter of Ira Kaplan, et al. vs. Board:—On July 1, 1952, the Board denied an appeal from a decision of the Borough Superintendent, refusing to issue a new Certificate of Occupancy for the entire building, applied for under Application No. 251-51 upon completion of alteration work carried through under Alteration Application No. 1047-1950, affecting the 4th story northwest apartment 3B used as a doctor's office by four doctors who do not reside on the premises; Cal. No. 666-51-A; premises 1148 Fifth Avenue and 2 East 96th Street, southeast corner (4th floor), Borough of Manhattan.

At Special Term New York County, Mr. Justice Greenberg sustained the Board. Order entered October 5, 1953.

* * * *

Matter of Famous Realty Inc. vs. Board:—On June 8, 1948, the Board denied two appeals, under Cal. No. 276-48-A affecting Pier 2, between Main and New Dock Streets, East River, and Cal. No. 278-48-A, affecting Pier 3, Foot of Jay Street, East River, in the Borough of Brooklyn, from Orders of the Fire Commissioner to install sprinkler systems or alternate fire protection.

At Special Term, Kings County, Supreme Court, Mr. Justice Norton sustained the Board's determination in each of the above cases, in a decision, part of which is as follows:

"Four motions in these proceedings were presented to this court for determination. The petitioner submitted two of said motions for an order granting a review of the determinations of the Board of Standards and Appeals of the City of New York and requested that a final order be made upon said motions annulling the determination of the Board of Standards and Appeals. The respondent commissioners also present two motions to dismiss the order of certiorari issued in the above proceedings and for an order affirming the determination made by the board in upholding the fire commissioner and making and issuing the orders herein and denying the appeal of the petitioner.

* * * *

The petitioner does not dispute or put in issue the authority of the fire commissioner to issue the orders or the jurisdiction of the fire commissioner. The petitioner does not even allege that the orders issued were either unreasonable or arbitrary. The petitioner proceeds solely on the basis that its judgment should be substituted for the experience, technical skill and judgment of the Fire Commissioner of the City of New York. The record indicates that the orders issued herein were reasonable, necessary and warrantable in order to properly protect property and safeguard life in the interest of public safety and the need for such orders rested upon the discretionary power of the fire commissioner. The petitioner objects to the issuance of the orders herein of the fire commissioner and appeals for a rescindment of the orders on the ground that in its opinion adequate fire protection was provided under the circumstances and that the demolition of the pier was anticipated, and further represented that highly inflammable, combustible or explosive merchandise would not be placed on the pier.

* * * *

The court will not accept this responsibility where the safety of the public is involved particularly in view of the fact that the

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on January 19, 1954 subject to regular procedure, to consider rehearing on alleged new facts; and

WHEREAS, a public hearing was held on this application on April 27, 1954 after due notice by publication in the Bulletin; laid over to May 18, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Lexington avenue and East 102nd street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 8, 1953 acting on N.B. Applic. 158-53, reads:

"1. Proposed occupancy as "Gasoline Service Station, Lubritorium, Auto Repair Shop, Laundry (non-automatic), Parking"—in a business use district is contrary to Article II, Section 4a, subdivisions 15, 29 & 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 110 ft. 11 in. frontage by 80 ft. in depth, on which is located a parking lot for which certificate of occupancy No. 39158-51 has been filed; that it is proposed to erect a building 41 ft. front by 28 ft. in depth, one story, 14 ft. in height, of class 3 construction, to be used as an accessory building for lubritorium, car wash, motor vehicle repairs and office; that it is further proposed to install eight 550 gallon gasoline tanks, with four dispensing pumps, with two curb cuts on Lexington avenue and one on East 102nd street; and

WHEREAS, the applicant states that the existing use of the premises is for the parking of more than five motor vehicles pursuant to a certificate of occupancy filed with this application and license No. M-13464, which license expires on September 30, 1954; that the premises are located on the southeast corner of Lexington avenue and 102nd street and consist of four lots having a total area of 8,000 sq. ft., of which there is a 100 ft. frontage on Lexington avenue, the plot being 80 ft. in depth; that it is proposed to tear down the existing structure, remove the presently erected gas pumps and to regrade the plot to substantially the level of the contiguous streets, and thereafter to re-surface the lots and erect thereon a modern "Esso Servicenter"; and

WHEREAS, the applicant contends that Lexington avenue is a main two-way traffic artery, having a width of 100 ft. and extending north from 125th street to south of 23rd street; that there are practically no gas stations fronting on it, the nearest one to the north being an alcove station on the northeast corner of 119th street; that as far south as 42nd street, there are no stations at all; that the property is presently assessed for \$31,500 and the current use for parking at the rates allowed by the license department does not produce sufficient revenue to meet expenses; that although there are two gas pumps on the premises at the moment, they are not in use and have not been in use for quite some time; that they are the property of the Gulf oil company and as soon as this application has been determined, this company proposes to remove these pumps; that the two gas tanks on the premises are also the property of the Gulf oil company, but if the variance is granted these tanks will remain; and

WHEREAS, the applicant further contends that this property is located in a business use district and is surrounded to a large extent by old law tenements; that since the original application was denied on June 7, 1939 the area has greatly deteriorated; that not only is a modern gas station a necessity to traffic traversing this area, but it would also be a helpful safety factor in the neighborhood; that there are no housing developments nearby, and since this application is for temporary use, the existence of a gas station in this area would not prevent a favorable development of surrounding properties; that the lessee in the premises is a war veteran and is trying to establish himself and make his livelihood in this manner, but as previously stated, the parking facilities do not produce sufficient return; and

WHEREAS, the applicant states that the parking sign on the small parking lot office is non-illuminated and is attached to building and no permit is required; that General Outdoor company billboards to the east, in the rear of lot, are attached to adjoining building on the east (lot No. 50) and are rented from the owner; that this has no connection with the instant proposal; that Esso Standard oil company has entered into an agreement to supply the product and to provide mortgage loan; that existing pumps and tanks are not in use and are illegal; and

WHEREAS, the applicant states that the owner has held title to the property since August 29, 1946 for lots 51 and

MINUTES

151 and from June 25, 1952 for lots 52 and 53, and further states the assessed valuation of land is \$31,500, with no buildings on plot, making a total of \$31,500; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the premises to be occupied as proposed and as indicated on plans filed with this application, marked "Received December 23, 1953" (3 sheets) and "February 25, 1954" (1 sheet), *on condition* that all uses on the premises whether lawfully installed or not and all buildings shall be removed from the premises and the premises shall be leveled substantially to the grade of Lexington avenue; that any retaining wall required along 102nd street and the rear due to grade shall be constructed by this owner; that the premises shall be arranged and constructed substantially as proposed on plans cited above; that the accessory building shall have no cellar and shall be constructed of approved masonry and may be stuccoed on all exterior sides and in all other respects shall comply with the requirements of the Building Code and shall be arranged for accessory uses as indicated; that the toilet rooms shall be further separated than as shown; that pumps shall be of an approved low type erected not nearer than 15 ft. to the street building line of Lexington avenue; that on the south and east lot lines there shall be erected a masonry wall where walls of adjoining buildings do not exist, not less than 5 ft. 6 in. in height; that a similar wall shall be erected on the East 102nd street building line for a distance of approximately 35 feet; that the number of storage tanks shall be limited to eight 550 gallon tanks except that the two unlawfully installed existing tanks shown on plans of existing conditions may also be used if approved by the fire commissioner; that the balance of the premises not built upon shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to two to Lexington avenue, each not over 30 ft. in width and one where shown to East 102nd street not over 25 ft. in width; that the sidewalks and curbing around the premises shall be reconstructed or repaired to the satisfaction of the borough president; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof, ground, wall and temporary signs, but permitting the erection within the building line at the intersection of a post standard to support a sign, which may be illuminated, advertising only the brand of gasoline on sale, which sign may extend beyond the building line for a distance of not over 4 feet; that under section 7i, for a similar term, there may be repairing done within the accessory building, with hand tools only and only for minor adjustments; and under section 7f for a similar term there may be permitted the parking and storage of vehicles awaiting service and for general parking, providing same does not interfere with the facilities of the gasoline service station; and that all permits required shall be obtained, including a new certificate of occupancy and all work completed within the requirements of section 22A of the zoning resolution.

7-49-BZ

APPLICANT—Henry G. Harris, for R. Nichols Voorhis, et al., owners.

SUBJECT—Application reopened April 27, 1954 for consideration as to extension of term of variance—re Application (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—438-440 West 53rd street, south side, 225 ft. east of 10th avenue (Block 1062, Lots 54 and 55), Borough of Manhattan.

APPEARANCES—

For Applicant: Henry G. Harris.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, on May 17, 1949 this application was granted by the Board on certain conditions, under section 7h of the zoning resolution, to permit in a residence use district, for a term of two years, the parking and storage of more than five motor vehicles, affecting premises 438-440 West 53rd street, south side, 225 ft. east of 10th avenue (Block 1062, Lots 54 and 55), Borough of Manhattan; and

WHEREAS, the term of variance was extended on July 3, 1951; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation on July 3, 1953; and

WHEREAS, this application was reopened on April 27, 1954 and set for hearing on May 18, 1954 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 18, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated April 20, 1954, acting on amendment to Alt. Applic. 2354-48, reads:

"1. Your application calling for a parking lot for more than 5 motor vehicles at the above premises, is denied because said premises are located within a residence district and the use requested is contrary to Sec. 3 Zoning Resolution."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 17, 1949, only so far as it has reference to the term of the variance, so that as amended this portion of the resolution shall read:

"* * * *granted* under Section 7, subdivision h, for a term of five (5) years, from the date of this *amended* resolution, to permit * * *; that other than as herein amended the resolution above cited shall be complied with in all respects, and that a new certificate of occupancy shall be obtained." (As passed upon by the Borough Superintendent under Alt. Applic. 2354-48, objection dated April 20, 1954)

676-51-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Sam Rosenberg, owner.

SUBJECT—Application, December 7, 1953, reopened January 5, 1954 as Vol. II—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit for a term of fifteen years in the local retail use district portion of lot located in a residence and local retail use district, the erection and maintenance of a gasoline service station, lubricatorium, car wash, motor vehicle repairs, and office; and to permit the parking of cars waiting to be serviced.

PREMISES AFFECTED—159-16 Union turnpike and 80-02 to 80-12 160th street, southwest corner (Block 6845, Lot 31), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy and Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

MINUTES

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioners Kleinert
and Keating Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 5, 1954 subject to regular procedure, and restored to docket for rehearing, in accordance with order of the court; and

WHEREAS, a prior application was denied by the Board and the decision was upheld by the Court; that upon later application to the Court, the Court rescinded its order, upholding the Board's decision and referred the matter to the Board for further hearing; and

WHEREAS, a public hearing was held on this application on April 6, 1954 after due notice by publication in the Bulletin; laid over to May 11, 1954, for inspection and decision; hearing closed; then to May 18, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 160th street are in residence and local retail use, D and G-1 area, class 1 height districts; Union turnpike is in a local retail use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated January 13, 1954 acting on N.B. Applic. 5035-51, reads:

"1. The proposed erection of a gasoline service station, lubritorium, minor autor repairs, car washing, office, storage and parking of cars waiting to be serviced on a lot which is partly in a residence use district and partly in a local retail use district is contrary to Art. 2, Sec. 3 and Sec. 4-c of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 123.34 ft. and 120.20 ft. frontage by 111.67 ft. in depth, irregular, presently vacant; that it is proposed to erect a modern gasoline service station consisting of ten 550-gallon storage tanks and four dispensing pumps; that the contemplated accessory building will have a frontage of 75 ft. and a depth of 32 ft., one story in height, of class 3 construction and will contain the conjunctive uses of car washing, lubritorium, minor auto repairs, office and storage; that a portion of the site will be reserved for parking and storage of cars awaiting service; and

WHEREAS, the applicant contends that although part of the plot is in a residence zone, the proposed gas station will be confined to the local retail district and the rear part of the plot, in the residence zone, will be used for conforming uses only and there will thus be a substantial buffer area between the proposed gas station and any residences; that the building will be colonial in design with a peaked roof and will be entirely in accord with the present architectural development; that Union turnpike is a heavily trafficked auto lane and at this point is a divided thoroughfare with a large mall in the center; that there is a distinct need for a gas station at the subject premises, which are located on the southerly side of Union turnpike; that there are sufficient stores now in use to take care of the entire area and therefore it would not be economically feasible to erect additional stores; that the site is adjoined to the west on lot No. 28, block No. 6854, by a fire house, which precludes the use of the plot for anything but a gas station or a non-conforming use; that the present gas station within the affected area in block 6831, lot No. 1, is a non-conforming use and Union turnpike, because of these conditions, is entirely adaptable to the proposed gas station; that the gas station will be in complete harmony with the affected area and public health, safety and general welfare will not be affected; and

WHEREAS, the applicant states that as of July 25, 1916 the part of the property within 100 ft. of Union turnpike was zoned as a business district and the remainder was in a residence district; that the entire property was then zoned as a D area district; that the present use and area designa-

tions were established on September 18th, 1947 and February 7, 1949, respectively; and

WHEREAS, the applicant states the owner has held title to the property since April 19, 1950 and further states that the assessed valuation of land is \$6,560 and is vacant, so that the total assessment is \$6,560; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which studied the conditions in the area and recommended that the application be denied; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivision e of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 5035/51, Objection 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

722-52-BZ—Vol. II

APPLICANT—Herman Kron, for 146 Center Street Corp., owner.

SUBJECT—Application November 4, 1953 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a business use district the reconstruction of existing gasoline service station, motor vehicle repair shop, parking lot, parking center and lunch wagon, to include gasoline service station, motor vehicle repair shop, storage garage for more than five motor vehicles and lunch wagon.

PREMISES AFFECTED—96-98 Baxter street, southeast corner of Center street and 125 Walker street (Block 198, Lots 5, 8, 10, 11 and 12), Borough of Manhattan.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 24, 1953 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on April 20, 1954 after due notice by publication in the Bulletin; laid over to May 18, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the districts maps accompanying the zoning resolution show that the site, Center street and Walker street are in a business use, B area, class 2 height district; Baxter street is in retail and business use, B area, class 2 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 13, 1953 acting on amendment to N.B. Applic. 109-52, reads:

"23. Proposed storage garage, auto repair shop and gasoline service station is contrary to Art. II, Sec. 4(15), (29) and (46) of Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 191.6 ft. frontage by 128.10 ft. and 100 ft. in depth, irregular, on which is located a parking center, lunch wagon, motor vehicle repairs, gasoline service station and parking lot; that it is proposed to demolish present metal building on the Center street side, except for the lunch wagon, which is to remain, and to erect a building facing Walker street which shall house the present motor vehicle repair shop, office and toilet facilities, and to add additional pump and gasoline tanks; that on the Baxter street side, it is proposed to add a second floor with a roof parking deck with the necessary ramps connecting such floors; and

WHEREAS, the applicant further states that on January

MINUTES

13, 1953, under Cal. No. 722-52-BZ, the Board approved the erection of a parking center at the corner of Baxter and Walker streets; that the 146 Center street corporation is also the owner of a plot of ground located at the corner of Walker and Center streets; that at the present time on this lot there are several metal buildings, a lunch wagon and gasoline service station, and parking and storage for more than five motor vehicles; that certificates of occupancy were issued for gasoline service station and parking lot facing Center street; that certificate of occupancy No. 35777, dated June 20, 1949, was issued for motor vehicle repair shop for 148 Center street; that Fire department permit No. CM-42244, dated October 4, 1952 was issued for motor vehicle repair shop covering 115 Walker street; that new fire department permit was issued January 13, 1953; that all these uses are now being conducted in accordance with the law; and

WHEREAS, the applicant contends that this building, which is going to be used as a parking center for pleasure cars only, shall be of the open type, with the parapet walls not less than 5 ft. in height and to have all lot line walls of solid brick; that the exterior will be furnished in a buff front brick and will have, on the 1st floor, two pumps with two gas tanks; that gas will be sold to parking customers only and will not be used as an oil selling station; and

WHEREAS, the applicant states that in June 1952 the use district was changed from unrestricted to business and there has been no change in height and area; and

WHEREAS, the applicant states that the owner has held title to lots 8, 10, 11 and 12 since August 15, 1952 and to lot 5 since April 26, 1940, and further states the assessed valuation of land is \$41,500 and of buildings \$80,000, making a total of \$121,500; and

WHEREAS, the premises and surrounding area were inspected by a Committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 13, 1953, by adding thereto:

"that in the event the owner desires to rearrange the premises and construct an extension of the garage thereon, as indicated on plans filed with this application, marked 'Received November 4, 1953' (1 sheet), 'November 20, 1953' (2 sheets) and 'March 31, 1954' (5 sheets), and also to include adjoining lot, No. 5, now occupied as a gasoline service station, and to arrange the entire premises including such premises as indicated on plans cited above and include the continuance of the lunch-wagon, such extension of use including parking may be permitted under section 7f within the term specified and as permitted under resolution adopted by the Board on January 13, 1953; and under section 7i, to include minor repairing with hand tools only, as proposed, on condition that none of such uses shall extend to any adjoining lot or lots and if presently existing such use shall be terminated; that on all interior lot lines where walls of proposed structure will not occur or do not exist there shall be erected a masonry wall to a height of not less than 5 ft. 6 in., properly coped; that gasoline tanks shall be limited to six 550 gallon tanks; that gasoline pumps shall be erected not nearer than 15 ft. to the street building line; that no pump shall be erected nearer than 10 ft. to any existing or proposed building; that all existing buildings on the premises of existing gasoline station shall be removed and the plot shall be reconstructed and arranged as indicated on such plans; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that the premises where not proposed to be built upon shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to those shown on plans and of the width shown; that sidewalks and curbing around the premises shall be repaired to the satisfaction of the borough president; that signs shall be restricted to a permanent sign attached to the garage, and attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof and temporary signs, but permitting

the erection of a post standard at the corner of Center and Walker streets advertising only the brand of gasoline on sale, permitting such sign to extend for a distance of not over 4 feet beyond the building line; that at such intersection there shall be erected a block of concrete not less than 12 in. in height, extending for a distance of not less than 5 ft. along each building line from the intersection; that a sign on the lunch-wagon shall be as permitted for such use within a business use district; that in all other respects, the buildings and occupancy shall comply with all laws and rules applicable thereto, including the requirements of resolution adopted on January 13, 1953, where not inconsistent with this amended resolution; and that complete working drawings shall be submitted for further consideration and additional conditions to be imposed by the Board within two (2) months from the date of this resolution and after approval thereof, all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

710-53-BZ

APPLICANT—Burke, Morrison and Groh, for Edor Holding Corp., owner.

SUBJECT—Application October 2, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in an unrestricted use, D area district, the erection of more than one building on a lot, using more than the area permitted.

PREMISES AFFECTED—178-16 104th avenue, southwest corner of 180th street (Block 10332, Lot 6), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh and Jack Dorf.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleibert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 6, 1954 after due notice by publication in the Bulletin; laid over to May 11, 1954, for inspection and decision; hearing closed; then to May 18, 1954, for inspection and consideration of the proposed revised plan showing residence area; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in an unrestricted use, D area, class 1 height district; 180th street is in residence and unrestricted use, D area, class 1 height districts; 104th avenue is in retail and unrestricted use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 14, 1953 acting on Alt. Applic. 1676-53, reads:

"1. The erection of two structures on the same lot is contrary to Art. I Subsection 1(v) of the Zoning Resolution.

2. The occupancy of more than 70% of the lot in a "D" district is contrary to Art. IV, Sec. 14, Subsection (c) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 103.69 ft. frontage by 461.90 ft. in depth, irregular; that there are two existing buildings on the plot at the present time, one of which is 150 ft. by 97 ft. for which there is certificate of occupancy No. Q46705 dated May 7, 1948; that the other building is 60 ft. by 97 ft. having certificate of occupancy No. Q47548, issued June 23, 1948; that this property was originally in tax lots 6, 15 and 19, but for the purposes of this case a reapportionment was made placing

MINUTES

the entire block front in one tax lot, namely lot 6; that it is proposed to extend an existing building with a newly constructed building 159.6 ft. in width and 99 ft. in depth, which will cover the now vacant portion of said block; that the present buildings are used for factory, warehouse and office dealing in metal manufactured products; that it is necessary that they expand their space and the Board is requested to permit a variance of a D area district so as to permit the proposed building to occupy more space than is allowable under the present area designation; and

WHEREAS, the applicant contends that the property is faced on the north by another warehouse and on the east by a lumber yard; that it would be not only impractical but out of uniformity of the existing buildings for the owner to construct an additional building adhering to the present area designations; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board deemed that the extension proposed should be permitted as primarily an extension of the building now on the lot; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, to permit as to objections 1 and 2 the extension of area substantially as proposed and as indicated on plans filed with this application, marked "Received October 2, 1953" (1 sheet) and "February 26, 1954" (8 sheets), as revised by plans marked "Received May 14, 1954" (5 sheets) *on condition* that the building shall not occupy an area other than as shown on revised plans marked "Received May 14, 1954" and shall not exceed one story in height, as proposed, and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the rear yard behind the building and other open spaces shall be properly paved; that if no fences exist on the adjoining rear and side lot lines, substantial fences shall be constructed and maintained; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

717-53-BZ

APPLICANT—Lama, Proskauer and Prober, for E.I.G. Corp., owner.

SUBJECT—Application October 7, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of motor vehicles for a term of five years.

PREMISES AFFECTED—320 East 35th street, south side, 300 ft. east of 2nd avenue (Block 940, Lot 49), Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Edw. Hoffman for Park Dept.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 20, 1954 after due notice by publication in the Bulletin; laid over to May 18, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; East 35th street is in residence, retail

and business use, B area, class 1½ height districts; 2nd avenue is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated September 22, 1953 acting on Alt. Applic. 1529-53, reads:

"1. The parking and storage of motor vehicles, located in a residence use district, is contrary to Art. II, Para. 3, Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 100 ft. in depth, presently vacant; that as of July 25, 1916 the premises were in a business use district and was changed to its present use designation on November 18, 1952; and

WHEREAS, the applicant contends that the parking situation in the entire city is acute and in this area in particular, and the proposal will help alleviate this situation; that East 35th street at this point is poorly developed and it would be unfeasible to use the site for residence purposes at this time; that the site is close to the Midtown Tunnel entrance, which renders it undesirable for residence use and highly proper for parking of motor vehicles; that although East 35th street is in a residence zone, it has not developed as a residence street as there are many non-conforming uses within the affected area as follows: block 940, lots 46, 44, 16, 20 and 21 contains stores; lot 41, garage; lot 38, loft building; lot 16, loft building and lot 17, lofts and store; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivision h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 1529-53, Objection 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

780-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Pauline Kurfist, Sylvia Asch and Libby Suskin, owners.

SUBJECT—Application November 2, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of new and used motor vehicles waiting to be serviced in adjoining building.

PREMISES AFFECTED—34-58 to 34-66 (34-60 official) 60th street, west side, 100 ft. north of 37th avenue (Block 1198, Lot 54), Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Reginald S. Hardy and Alfred A. Lama.

For Opposition: Mary Durniak, Nilde Saliter, Guorun Wirell and Julia S. Page.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 16, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for inspection and decision; hearing closed; then to May 11, 1954, for inspection and decision; hearing closed; then to May 18, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 37th avenue are in a residence use, B area, class 1½ height district; 60th street is in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 22, 1953 acting on Alt. Applic. 2193-53, reads:

MINUTES

"1. The use of the premises for parking and storage of more than five new and used cars in a Residence Use District is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 90 ft. frontage by 100 ft. in depth, presently vacant; that violation No. 140-53 was issued for illegal parking and storing; that as of July 25, 1916 the site was located in an unrestricted use district and was changed to its present use designation on December 18, 1925; and

WHEREAS, the applicant further states that this use was installed without a permit and no certificate of occupancy has been issued; that the request for a temporary period to continue the present use of parking and storage of motor vehicles forms the basis of this appeal; and

WHEREAS, the applicant contends that the parking and storage of motor vehicles will be used in conjunction with the motor vehicle repair shop adjoining on Lot Nos. 1 and 7, which is under the same ownership and within which buildings new and used cars are conditioned and repaired for sale by the automobile agency operating the repair shop and an automobile showroom located at 5725 Roosevelt avenue, Long Island City; that only cars dealt in by the Long Island Motors, Inc., 59-15 37th avenue, Woodside, New York, are conditioned in these buildings; that the proposed parking and storage of cars on the site in question will be for cars waiting to be serviced in the buildings and no servicing of any sort will be performed; that the site is adjoined to the west in lots 16, 17 and 19 by the rear walls of garages on said lots and to the south by the unpierced wall of the building on lot No. 1; that a woven wire fence 2 ft. distant to the northerly lot line will be maintained at all times, said fence being 6 ft. high; that a 6 ft. high woven wire fence will be maintained on the 60th street building line and will contain two 6 ft. wide gates; that within the affected area, Block 1198, lot 1, is developed with a motor vehicle repair shop; block 1215, lot 43—factory; block 1214, lots 52, 54, 55, 56, 58, 59, 61, 63, 65 and 66 are being developed with a factory, now under construction; that although the immediate area, including the site, is in a residence zone, the residential aspect has been lost and the proposal is entirely in keeping at this point; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 7h for a term of five (5) years, to permit the premises to be occupied as proposed for the parking of motor vehicles dealt in by the agency occupying the adjoining building on lots 1 and 7, *on condition* that the premises shall be leveled and surfaced with clean gravel, steam cinders and treated with a binder; that on the street building line the existing fence shall be maintained and the existing gate removed and replaced with a fence of similar construction; that the existing curb cut opposite such gate shall be removed and the curb restored; that the entrance to the plot shall be solely from the adjoining building on lot 1 as permitted this day under amendment to resolution adopted under Cal. 323-49-BZ; that during the term of this variance the premises shall be used for no other use and no other buildings shall be erected thereon; and no sign shall be displayed; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within six (6) months from the date of this resolution.

323-49-BZ

APPLICANT—Lama, Proskauer and Prober, for Long Island Motors, Inc., and Pauline Kurfust, owners (Long Island Motors, Inc., lessee).

SUBJECT—Application (decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence use, B area district, the extension of existing storage garage for more than five motor vehicles, motor vehicle repairs, welding, painting and spraying, body and fender work, parts department, office, auto showroom for new and used cars, using more than the area permitted.

PREMISES AFFECTED—59-01 to 59-19 37th avenue, 34-59 to 34-67 59th street, northeast corner and 34-68 to 34-76 60th street (Block 1198, Lots 1, 7, 9, 10 and 12), Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Reginald S. Hardy.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application under sections 7c and 21 of the zoning resolution, to permit in a residence use, B area district, the extension of an existing storage garage for more than five motor vehicles, motor vehicle repairs, welding, painting and spraying, body and fender work, parts department, office, auto showroom for new and used cars using more than the area permitted, was granted by the Board on September 27, 1949, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on October 17, 1950; and

WHEREAS, the applicant requested reopening of this application and an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 27, 1949, and to effectuate the use of the adjoining premises to the north, which are the subject of a resolution adopted this day under Cal. 780-53-BZ, by permitting the construction, within the rear wall of such garage, of a door not over 10 ft. wide and 8 ft. high for access to such lot #54; that such opening shall be protected with proper guards at the jambs and shall have an approved fireproof door or rolling shutter. (Alt. App. 458/49.)

781-53-BZ

APPLICANT—Maxfield Blaubeux, for Florbaum Realty Corp., owner.

SUBJECT—Application November 4, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a manufacturing use, C area district, the extension of existing and proposed extension (under construction), using more than the area permitted.

PREMISES AFFECTED—1824-1836 Atlantic avenue, south side, 225 ft. east of Utica avenue and 1817-1839 Pacific street (Block 1337, Lot 21), Borough of Brooklyn.

APPEARANCES—

For Applicant: Maxfield Blaubeux.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 20, 1954 after due notice by publication in the Bulletin; laid over to May 18, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a manufacturing use, C

MINUTES

area, class 1 height district; Atlantic avenue and Utica avenue are in manufacturing and unrestricted use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 20, 1953 acting on amendment to Alt. Applic. 3041-53, reads:

"3. Proposed area of building, in a "C" area zone, exceeds permitted coverage and is in violation of Article IV, P. 13 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 300 ft. and 200 ft. frontage by 200 ft. in depth, irregular, on which is located a building 75 ft. by 200 ft., one story, 17 ft. 3 in. in height, of class 3 construction, used as a knitting mill and factory, for which certificate of occupancy No. 135913-53 has been filed; that there is also being constructed an extension, one story in height, 75 ft. front by 200 ft. in depth; that it is proposed to erect an additional extension 150 ft. front by 200 ft. in depth, irregular, one story, 17 ft. 3 in. in height, of class 3 construction, to be used as a knitting mill and factory; and

WHEREAS, the applicant contends that the existing structure on premises, a one story, class 3, non-fireproof building, was erected under N.B. Applic. 1134-52 and for which certificate of occupancy No. 135913 was issued for knitting mill and factory; that it has an area of 15,000 sq. ft., 75 ft. by 200 ft., and in 1953 plans were filed and approved under Alt. Applic. 3041-53 to extend the present building an additional 15,000 sq. ft., 75 ft. by 200 ft.; that this extension is now under construction and when completed the total area occupied for building and extension will be 30,000 sq. ft. or the allowable 60% coverage for a lot in a C area district; that the area of the lot is 50,000 sq. ft.; that it is the intention of the owner to extend the building further for an additional 20,000 sq. ft. so that the entire lot will be fully occupied; that this new extension will have a legal occupancy and use permitted in a manufacturing use district and will be erected of class 1, fireproof construction and will have fireproof, self-closing doors in opening, separating the proposed portion and the portion which is now under construction; that since the premises adjoins on the west lot line a one story brick live poultry market and a plumbing and heating supply building, and on the east lot line with a one story brick factory and two story frame dwelling with no windows on the lot line, it is to be noted that the proposed extension will not obstruct light and ventilation for adjoining premises; that premises on lots 33, 34, 35, 36, 37 and 38, consisting of two story frame dwellings, also abut the lot line parallel with Atlantic avenue and Pacific street, have sufficient rear yards and their light and ventilation will not be obstructed, and upon observing the condition of these buildings, they will in all probability be demolished in the near future; that the entire surrounding district is typical of an industrial neighborhood, and this accounts for the reason that a poultry market, factories, garages, auto wreckers, lumber yard, etc., are prevalent in the vicinity; that the owner contends that by erecting the aforementioned extension he will remove from his lot the unsightly lumber storage yard and that it will improve the appearance of the particular street on which his premises front; that loading berths will comply with section 19A of the zoning resolution; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, which recommended that the application be granted to permit the extension in area of the existing building as proposed; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under section 21 as to area, to permit the extension of the building as proposed and

as indicated on plans filed with this application, marked "Received November 4, 1953" (5 sheets) and "January 22, 1954" (1 sheet), on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

850-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Litt Realty Corp. and Maxwell Balsam, owners.

SUBJECT—Application November 30, 1953 (decision of the borough superintendent), under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district the demolition of existing lumber yard and the erection and maintenance, for a period of twenty years, of a gasoline service station, lubritorium, car wash, motor vehicle repairs, storage and sale of accessories; and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—556-566 New Lots avenue and 631-641 Van Siclen avenue, southeast corner (Block 4305, Lots 1 and 3), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Joseph Herbstman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioners Kleinert and Keating and Deputy Chief Connors 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 6, 1954 after due notice by publication in the Bulletin; laid over to May 11, 1954, for inspection and decision; hearing closed; then to May 18, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, New Lots avenue and Van Siclen avenue are in a business use, C and D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated November 9, 1953, acting on N.B. Applic. 1230-53, reads.

"1. Proposed gasoline service station, lubritorium, car washing, minor auto repairs, office & sales, parking, storage of motor vehicles within a business use district, is contrary to Art. 2, Sec. 4a-29 & 4a-46 of the zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 107 ft. 4¾ in. and 100 ft. frontage by 108 ft. 4¾ in. in depth, irregular, presently used as a lumber yard, erected under B.N. No. 146-1941 and certificate of occupancy was issued for this use; that the lumber yard consists of a frame shed 8 ft. by 100 ft. and another frame shed 20 ft. by approximately 86 ft. used for the storage of lumber, and a concrete block office 12 ft. by 14 ft.; that these buildings and the lumber yard use are to be removed; that it is proposed to erect a modern gasoline service station consisting of eight 550-gallon storage tanks and six dispensing pumps; that the contemplated accessory building will have a frontage of 58 ft., a depth of 28 ft. and will be of class 3 construction; that the accessory building will contain the conjunctive uses of lubritorium, car washing, minor auto repairs, office and sales; that a part of the premises will be reserved for the open parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the accessory building will be highly modern in design and thereby enhance the appearance of the community; that the proposed parking and

MINUTES

storage of motor vehicles on the site will eliminate any parking problem due to the nature of this business and will also help alleviate the parking problem at this point; that the entire affected area is highly built up and requires the services of the proposed gas station, which will be erected and maintained in a highly efficient manner with the most modern equipment provided for service; that the land is high in assessed value and it is mandatory that it be developed as proposed so that the owner may receive an equitable return on his investment and continue to pay city taxes; that the site is now developed with a non-conforming use and its replacement with a highly modern gas station in lieu of the present sheds will be an improvement to the affected area; that the site is adjoined at the rear in lot No. 12 by a stable and diagonally opposite the site is faced by a gas station in block 4088, lot 41; that these facts show that the proposal will be entirely in keeping at this point; that there are sufficient stores now in the affected area for public requirements; that New Lots avenue is a highly traversed auto lane; that although the site is subject to restrictive covenants, these restrictions do not prohibit a gas station and the Title Guarantee and Trust company have agreed to issue a title policy which would insure that the erection and maintenance of a modern gas and service station on the premises would not be enjoined, and after completion of same may remain undisturbed; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the premises to be occupied as a gasoline service station, substantially as proposed and as indicated on plans filed with this application, marked "Received November 30, 1953" (4 sheets), *on condition* that all buildings and uses on the premises shall be removed and the premises leveled substantially to the grade of the abutting streets, arranged and constructed as indicated on such plans; that the accessory building shall have no cellar and shall comply in all respects with the requirements of the Building Code and all exterior walls shall be of brick as proposed and shown; that such building shall be arranged as indicated on such plans for the usual accessory uses, except that the toilets shall be rearranged so as not to be adjacent; that there shall be erected on the interior lot lines to the east and south a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 ft. 6 in.; that curb cuts shall be restricted to two to New Lots avenue, each not over 30 feet in width and two of similar width to Van Sicken avenue, with no curb cut nearer than 5 feet to the street building lines as prolonged; that at the intersection there shall be a block of concrete not less than 12 in. in height, extending for 5 feet along each building line; that the number of gasoline storage tanks shall be restricted to eight 550 gallon tanks; that pumps may be located where shown except they shall be not less than 15 feet from the street building line and shall be of a low approved type; that signs shall be restricted to a permanent sign attached to the facade of the accessory building, the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the intersection of a post standard, supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend beyond the building line for a distance of not more than 4 feet; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that the balance of the premises where not built upon shall be paved with concrete or asphaltic paving; that under section 7i for a similar term, there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under section 7f there may be parking for a similar term for cars awaiting

service and for general parking or storage, provided such parking does not interfere with the facilities of the gasoline service station; and that all permits required shall be obtained, including a new certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

876-53-BZ

APPLICANT—Samuel Carr, for Rudolph Bruer, Jr., owner.

SUBJECT—Application December 10, 1953 (decision of the borough superintendent), under sections 7c, 7e and 7h of the zoning resolution, to permit in a restricted retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repair shop, storage and sale of accessories, and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—46-04 Broadway, southeast corner of 46th street (Block 722, Lot 35), Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Samuel Carr and Rudolph Bruer, Jr.

For Opposition: Mal M. Mordochay and Vito Daddato.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 20, 1954 after due notice by publication in the Bulletin; laid over to May 18, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Broadway are in a restricted retail use, B area, class 1½ height district; 46th street is in restricted retail and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 8, 1953 acting on N.B. Applic. 4686-53 and superseded by N.B. Applic. 4686-53 dated February 4, 1954, reads:

"1. Proposed gasoline and service station, lubritorium, car wash, sales of accessories & office, Parking of Motor Vehicles waiting to be serviced and motor vehicle repair located in a restricted retail district is contrary to Art. 2, Sec. 4-B of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a one story brick structure, of class 3 construction, with concrete foundation, supporting masonry walls, street fronts faced with face brick, remainder walls of smooth cinder concrete blocks, frame roof and roofers and composition roofing; that this structure will contain two bays as spaces for lubritorium and washing of autos, and the balance will be subdivided in sales space, merchandise display and office; that there will be a separate space to house the compressor and heating unit, and provision will be made for toilets and rest rooms, which will be directly accessible by pathway outside of the structure; that there will be two separate concrete islands for two pumps each and three curb cuts, accessory signs, flood and light poles for exterior illumination and provision for interior electric illumination; that standard grading and paving of plot are included, leaving some room for cars waiting to be serviced; that there will be ten 550-gallon gas tanks buried beneath surface with one waste oil tank and one fuel oil tank, all for storage and sale of gasoline, merchandising of accessory products, providing and maintaining gas service station; and

MINUTES

WHEREAS, the applicant states that immediately east and south of this corner plot are two 2-story frame dwellings, each with one story accessory garages; that the zoning was changed from business to restricted retail on May 26, 1949; that immediately to the east, only three blocks away, beginning on the west side of 49th street, running east for eight blocks on 34th avenue, which is parallel to Broadway and bounds the block on which the subject site is located, and continues as Northern boulevard on the south, is an unrestricted area as of today, except for a change since May 26, 1949, from the west side of 49th street, east for three blocks, to manufacturing; and

WHEREAS, the applicant contends that this manufacturing and unrestricted area is so close to subject property that its influence is reflected in retardation of such improvement in the immediate vicinity of subject site, as its zoning use would permit; that the zoning of the instant site evidently has proved an error in proper use protection; that this property has been in present or successor ownership for a continuous period of 24 years and it represents capital investment, including taxes and carrying charges, of more than \$40,000, a sum which is about $2\frac{1}{2}$ times the present assessed valuation; that the immediate neighborhood shows negligible improvement; that only one new building on Broadway, between 47th and 48th streets, was built five years ago, and north along 46th street, about 370 ft. away, a new three story brick dwelling was erected one year ago; that other than these, there has been no new business, retail or otherwise, and no new residential structures in many years; that this critical area is virtually stagnant and there are still many unimproved or vacant lots here; that recently there have been inquiries and prospects for such improvement as is contemplated; that as of now, there is one gas station on a 25 ft. plot at 38th street to the west and one 25 ft. plot at 42nd street to the west, both built about 25 years ago; that Broadway has become a busy through traffic thoroughfare and an addition of this small station, such as is proposed, would render for the motoring public, as well as for the immediate neighborhood, a much needed service; that there is no demand for additional store requirements nor for any other permissible zone use in this area in the foreseeable future; that strict compliance with the zoning resolution will continue to cause undue hardship to the owner and, financially, he would be unable to recover his investment or obtain an equitable return on this investment; and

WHEREAS, the applicant states that the owner has held title to the property since February 14, 1944 for east 25 ft. of plot, and since May 27, 1946 for west 25 ft. of plot, and further states the assessed valuation of land is \$17,000, and there are no buildings, for a total of \$17,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which after careful consideration recommended that the application should not be granted; and

WHEREAS, the plot is not vacant as claimed but has a building used by an auto school reported to yield a rental of about \$50.00 a month to the owner; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivisions c, e and h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 4686/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

887-53-BZ

APPLICANT—Latham C. Squire, for Scandinavian Airlines Systems, Inc., owner.

SUBJECT—Application December 15, 1953 (decision of the borough superintendent), under sections 7c, 7h and 21 of the zoning resolution, to permit in a residence and business use district, the erection and maintenance of a business building, with off-street parking in the residence use

portion of plot and with a business entrance in residence use district.

PREMISES AFFECTED—138-02 Queens boulevard, southeast corner of Van Wyck expressway (Block 9648, Lots 1 and 36), Kew Gardens, Borough of Queens.

APPEARANCES—

For Applicant: Latham C. Squire, James Felt and Walter Mitoni.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 18, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence and business use, D area, class 1 height district; Queens boulevard is in a business use, D area, class 1 height district; Van Wyck expressway is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated November 17, 1953, acting on N.B. Applic. 4439-53 reads:

"1. Proposed business building located partly in a residence use district is contrary to Art. 2, Sec. 3 of the zoning resolution.

2. Proposed off-street parking on the residence portion of the plot is contrary to Art. 2, Sec. 3 of the zoning resolution.

3. Proposed curb cuts on the residence use street is contrary to Art. 2, Sec. 3 of the zoning resolution."

and

WHEREAS, the decision of the borough superintendent dated February 18, 1954, acting on N.B. Applic. 4439-53 reads:

"1. Amendment filed Feb. 5, 1954 does not change objections #1, 2 and 3 originally issued Nov. 17, 1953."

and

WHEREAS, the applicant states that the premises consist of a plot, 207.67 ft. frontage by 165 ft. in depth, irregular, presently vacant; that it is proposed to erect a building 75 ft. by 150 ft. in depth, four stories, 48 ft. in height, of class 2 construction, to be used as an administration building for an airline (Scandinavian Airlines); and

WHEREAS, the applicant contends that the site, situated at the southeast corner of Queens boulevard and Van Wyck expressway, was chosen as a result of many months of intensive search for an adequate, easily accessible location midway between the two large airports, and is the only site found to be at all satisfactory for the purposes intended; that in the immediate vicinity of the site, most of the land bordering Queens boulevard is vacant, except for some one-story stores, three motor vehicle repair shops and a gasoline filling station; that immediately east of the site is a large commercial off-street parking lot; that the site itself is presently used as a parking lot; that the curved street bordering the site on the west and south is now technically known as a service street for Van Wyck expressway; that previously it was 138th street, then Sussman avenue; that it is a two-way street, not expected to carry a great amount of expressway traffic; that this street serves two purposes—as a local street and to provide an easy route for drivers coming north on the Expressway to reach Main street or to proceed westerly on Queens boulevard; that this can also be accomplished by turning right on 86th avenue and then left on Queens boulevard; that as a result of land taking for the southerly extension of Main street and the development of Van Wyck expressway, the westerly portion of the site has been whittled down almost to a point and consequently only a small triangular portion

MINUTES

still remains in a residence use district; that the site at present is being used entirely as a commercial off-street parking lot; that it is a corner lot, has an area of 24,000 sq. ft. and is in a D area district; 5,000 sq. ft. at 70%, 3,500 sq. ft.; 19,000 sq. ft. at 55%, 10,450 sq. ft.; permitted coverage is 13,950 sq. ft. or 58%; coverage of building, 9,815 sq. ft. or 41%; that the building will cover 17% less than permitted; that the parking area at the rear of the building and on its south side will accommodate about 27 cars; and

WHEREAS, the applicant further contends that the building as proposed is oriented so that its axis coincides with that of the plot; that this makes the rear line of the building parallel with the rear lot line, thus providing sufficient aisle for the safe maneuvering of cars in the parking area; that this orientation results in an encroachment of the southerly rear corner of the building a distance of 8 ft. into the residence use portion of the site; that the horizontal area and shape of the building has been carefully determined to comply with minimum requirements for efficient operation, not only of the building but of the parking area as well; that any reduction in the horizontal coverage of the building would mean considerable sacrifice in operating efficiency; that exhibit 3, submitted with this application, shows the same building so oriented that its northerly side lies parallel to the street line of Queens boulevard and leaving a small space for landscaping; that this orientation would not require any portion of the building to overlap the business use portion of the site; that if this awkward orientation of the building were used, the rear wall would be no longer parallel with the rear lot line and this would ruin the efficiency of the accessory parking area; that instead of a clear, wide aisle for the full length of the area, the corner of the building would jut dangerously into the aisle; that the proper and logical orientation of the building is along the axis of the plot so that its featured facade can readily be seen from the westerly approach on Queens boulevard and the northerly approach from Main street; that to be forced to place the building so that it starts into a 25 ft. open cut would be wasteful and illogical; that the construction of this new building will undoubtedly raise the standard of future development in this presently undeveloped neighborhood; and

WHEREAS, the applicant further contends that because of the whittling away of the westerly end of this block to make way for public improvements, the remaining residence use portion of the site consists of about 5,000 sq. ft. in the form of a long, narrow triangle which could not reasonably be used for a conforming use; that in addition, the noise and confusion of Van Wyck expressway would also discourage the construction of a conforming use, and it is felt that it would be an unnecessary hardship to be required to do so; that the hardship claimed is unique and peculiar to this parcel of land and does not affect the vicinity generally; that the granting of this variance will not adversely affect the surrounding neighborhood which is now in its formative state; that the construction of this building will improve the neighborhood considerably; that on the southerly side where one corner of the building is proposed to project 8 ft. into the residence use, there probably is no house for a quarter of a mile; that adjacent to the site on the east is a parking lot and a repair garage; and

WHEREAS, the applicant further contends that the great amount of automotive traffic on Queens boulevard and the necessity of keeping the service street clear of parked cars makes off-street parking facilities on the site absolutely essential; that it is planned to park about 16 cars on the residence portion of the site because that portion of the available parking area lying within the business district is not sufficiently large either to accommodate the required number of cars to provide proper ingress, egress and maneuvering area; that as this entire parking area is for use only by tenants of and visitors to the building, and as no fee is to be charged, it is felt that changing from the present commercial parking lot to the proposed use would be a decided improvement in character; that it is also requested that two curb cuts, each 25 ft. wide, be permitted, giving access to the service street in order that the on-site parking facilities

may be operated safely and efficiently; that there is a probability that in the not far distant future conditions may require an increase in the height of the administration building to six stories from the presently planned four story height, to provide room for expansion; that as the building occupies only 41% of the entire plot and as there are no buildings in the immediate vicinity, it is felt that this added height will in no way be detrimental to the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since August 25, 1953 and that the assessed valuation of land is \$59,000; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision c, to permit the extension of the building as proposed into the more restricted area as indicated on plans filed with this application marked "Received December 15, 1953," 8 sheets, and "February 24, 1954," 1 sheet, and to permit the entrance to the residence district from the service road of Van Wyck Expressway, as proposed and shown, with curb cuts as indicated from the Van Wyck service road and from Queens boulevard for the purpose of off-street loading and for the parking of cars in connection with the use of the building, provided that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

890-53-BZ

APPLICANT—Henry George Greene, for Anna Klores, owner.

SUBJECT—Application December 16, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence use district, the extension in area of existing parking lot for more than five motor vehicles.

PREMISES AFFECTED—630-634 East 13th street, south side, 233 ft. west of Avenue C and 629-631 East 12th Street, (Block 395, Lots 21, 22, 23, 46 and 47), Borough of Manhattan.

APPEARANCES—

For Applicant: Arthur P. McNulty.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings, and John J. Saunders, Bd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 27, 1954 after due notice by publication in the Bulletin; laid over to May 18, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; East 13th street and East 12th street arc in residence and local retail use, B area, class 1½ height districts; Avenue C is in a local retail and manufacturing use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 24, 1953 acting on Alt. Applic. 1759-53, reads:

"1. The increase in area of an existing parking lot for more than five motor vehicles, located in a Residence use District, constitutes an extension of a non-conforming

MINUTES

use and is therefore contrary to Art. II, p. 3, Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 66 ft. and 50 ft. frontage by 206 ft. 6 in. in depth, irregular, for which certificate of occupancy No. 29301-42 has been issued for parking for more than five motor vehicles for lots 21, 22 and 23, and is on file; that it is proposed to extend the existing parking and storage of motor vehicles to include lots 46 and 47; and

WHEREAS, the applicant contends that the existing plot now used for parking on East 13th street was originally zoned as unrestricted and the extended area proposed to be used for additional parking facilities was originally zoned for business; that both areas were changed to residence use on November 29, 1945; that the East 13th street plot has been used as a parking lot since August 28, 1952; that there has been a great demand in the area for parking and the extension of the parking use into the additional area would help relieve the need for parking space; that the existing entrance on East 13th street would be maintained, but no openings would be made in the proposed fence on East 12th street so that ingress and egress would be restricted to the East 13th street side; and

WHEREAS, the applicant states that the present owner has held title to the property since January 16, 1952; that the assessed valuation of land is \$45,000; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, which understands there is now in existence a certificate of occupancy for the three lots on 13th street and this application is to extend the parking use to two additional lots on 12th street; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the parking use already lawfully permitted on the plots facing on East 13th street, as stated and as shown on plans filed with this application marked "Received December 16, 1953" (2 sheets), *on condition* that such adjoining premises on East 12th street now proposed to be added shall be levelled substantially to the grade of East 12th street, treated with cinders or clean gravel and a binder and properly rolled; that there shall be maintained on the interior and street lot lines of East 12th street a woven wire fence of the chain link type where walls of adjoining buildings do not occur, erected to a total height of not less than 5 ft. 6 in. with no opening to East 12th street; that proper bumpers shall be maintained against the buildings and fences for protection thereof; that proper aisles shall be maintained at all times for easy entrance and egress; that no sign shall be maintained on the portion of the premises facing East 12th street; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution.

891-53-BZ

APPLICANT—Burke, Green and Groh, for Errold and Mary Jeffrey, owners.

SUBJECT—Application December 10, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, E area district, the maintenance of existing dwelling nearer to street line than is permitted.

PREMISES AFFECTED—116-45 132nd street, east side, 23.81 ft. south of Lincoln street (Block 11688, Lot 45), St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 27, 1954 after due notice by publication in the Bulletin; laid over to May 18, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 132nd street and Lincoln street are in a residence use, E area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated November 16, 1953 acting on N.B. Applic. 3991-52, reads:

"1. The erection of a portion of a building nearer than 10' to the street line of any street as laid out upon the City map as shown on amendment dated 10/9/53 is contrary to Article IV, Sec. 15(d) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 63.06 ft. frontage by 112.10 ft. in depth, irregular, on which is located a two-story and attic house, 40.2¼ ft. front by 28 ft., two stories and attic, 23.6 ft. in height, of class 4 construction; that it is proposed to permit the maintenance of existing building; and

WHEREAS, the applicant states that the height and area designations have not been changed since July 25, 1916 and there is no change pending relative to these present designations; and

WHEREAS, the applicant contends that at the time the present owners purchased this property and obtained a loan from a lending institution, the builder did not have a certificate of occupancy but left a sum of money in escrow with the lending institution pending such a certificate of occupancy; that subsequent thereto the present owners discovered that there was a violation on the property and no certificate of occupancy could be issued due to the fact that when constructing said building the builder had not taken into consideration a proposed widening of Lincoln street; that the present owners appeal to the Board to legalize their home; that they realize that upon the widening of Lincoln street they will lose a section of their property; that their home is on an even keel with the remaining homes on the block so that the future widening will affect all homes alike; and

WHEREAS, the applicant states the owner has had title to the property since May 29, 1953 and further states the assessed valuation of land is \$2600 and of the building \$17,900, making a total of \$20,500; and further states the building was erected May 1, 1953; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, as to area, to permit the erection of that portion of the building including the steps erected nearer than the street line of the proposed widening of 132nd street (or Lincoln street) *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as modified this day under Cal. 892-53-A; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within six (6) months from the date of this resolution.

892-53-A

APPLICANT—Burke, Green and Groh, for Errold and Mary Jeffrey, owners.

MINUTES

SUBJECT—Application December 10, 1953—filed pursuant to section 35, General City Law, re premises in bed of mapped street—proposed widening of Lincoln street.

PREMISES AFFECTED—116-45 132nd street, east side, 23.81 ft. south of Lincoln street (Block 11688, Lot 45), St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Administration: Samuel L. Becker, Dep't of Housings and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 16, 1953, acting on N.B. Applic. 3991-1952, reads:

"2. The erection of any portion of a building in the bed of a mapped street is contrary to Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the building is 2 stories and attic, 23.6 ft. in height; 40 ft. 2 in. by 28 ft. in area, of class 4 construction, erected 1953, located on a lot 63.06 ft. by 112.10 ft. irregular in area, located in a residence use, E area, class ½ height district, and used and occupied since May 29, 1953, as a two-family dwelling with an unfinished attic, and proposed to be used and occupied without change; and

WHEREAS, the applicant states that the original builder of this building constructed the dwelling on a line even with the other buildings in the neighborhood and sold the building to the present owner; that it was later discovered that a violation existed due to the fact that a portion of the building was in the bed of a mapped street; and

WHEREAS, the applicant contends that the proposed widening of the street was actually consummated by condemnation by the city; that only one front step of the dwelling would be affected; that the building could still exist but without the setback required; that in lieu of the fact that this building will not be affected as much as the buildings to the north or south, it is requested that the Board permit the erection of the structure and its continuance pursuant to the power vested in it by Section 35 of the General City Law.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 3991/52, Objection 2, be and it hereby is *modified*, under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted* to permit the continuance of the existing conditions as permitted under resolution adopted this day in Cal. No. 891-53-BZ until such time as a portion of the premises are acquired by the city for the proposed street widening; that upon such acquisition for such street widening, the claim of the owner shall be limited to the actual land taken therefor, the value for which shall be as determined by the court.

Adjourned: 4:05 P. M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, MAY 18, 1954, 2 P. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

346-39-SA

APPLICANT—Watts Regulator Co., owner.

SUBJECT—Application reopened February 9, 1954 for test

and report as to change in construction re Watts Vacuum Breaker, No. 88 (previously approved).

APPEARANCES—

For Applicant: Robert W. Armbruster.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 346-39-SA

Subject: Amendment to resolution as to modification of body of vacuum breaker.

Watts Regulator Company, Massachusetts, requested by letter dated January 12, 1954 that the resolution adopted May 16, 1939 and November 8, 1939 be amended as to modification of the body of the appliance. The application was reopened by a vote of the Board February 9, 1954.

Purpose

The appliance is a vacuum breaker to prevent back siphonage.

Description

The vacuum breaker approved by the Board under Cal. No. 346-39-SA, had the body constructed of extruded brass rod. The modified design is constructed with a body of cast bronze. The downstream opening in the modified design will have a somewhat larger area, giving greater atmospheric relief. The internal valve structure, the bonnet and bell over the atmospheric vent will be identical to the approved vacuum breaker.

Inspection and Test

Details of construction of the modified design were compared with the approved vacuum breaker by Asst. Engr. J. A. Darts, Committee on Test and E. Bauman, Chief Insp., Bureau of Water Register and found to comply with the details of construction.

Recommendation

The Committee on Test recommends that the resolution adopted May 16, 1939 and amended November 8, 1939 under Cal. No. 346-39-SA be amended so as to modify the construction of the vacuum breaker body so that the body may be constructed of a bronze casting, as herein described, on condition that the requirements of the resolution adopted May 16, 1939 and as amended November 8, 1939 under Cal. No. 346-39-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of May 16, 1939 and November 8, 1939 in accordance with the above report.

985-40-SM—Vol. II

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 985-40-SM Vol. II

Subject: Amendment to resolution as to additional sizes of Travacoustic.

National Gypsum Company Buffalo, New York requested by filing an application dated December 1, 1952 that the resolution adopted October 22, 1940 and as amended at various times through March 14, 1950 under Cal. No. 985-40-SM Vol. I be amended so as to approve a change in thickness of the material Travacoustic and the number of perforation in the pan system known as Acoustimetal.

Description

The material Travacoustic, as approved by the Board October 22, 1940 and as amended March 14, 1950 under Cal. No. 985-40-SM Vol. I was made in sizes of 6" x 12" to 12" x 18" and in thickness of 3/4 inch and 1 inch. The present tiles are manufactured in sizes of 6" x 6" to 12" x 24" and in thickness of 1 1/8", 1 3/8", and 7/8". The tile is now available with square butt or beveled butt edges and can be kerfed for mechanical suspension.

The material Acoustimetal, approved by the Board October 22, 1940 had 4608 holes per sq. ft. each hole being .068 inches in diameter.

The present pan system has 1013 holes per sq. ft. each hole being .109 inches in diameter. In all other respects, the system is the same.

Recommendation

The Committee on Test recommends that the resolution adopted October 22, 1940 and as amended at various times under Cal. No. 985-40-SM—Vol. I, be amended so as to include the material Travacoustic in the thickness and size as herein described; and to include the Acoustimetal System as herein described provided the requirements of the resolution adopted October 22, 1940 under Cal. No. 985-40-SM—Vol. I, be complied with. The Committee further recommends that the reference to the Federal Specification be changed to Federal Specification SS-A-118A in order to be in line with the change of the Federal Specification designation.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution of October 22, 1940 in accordance with the above report.

279-47-SA

APPLICANT—Hamilton Manufacturing Co., owner.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 279-47-SA

February 23, 1954

Subject: Hamilton Electric Clothes Dryer Model 600-E, approval of.

Hamilton Manufacturing Co., Two Rivers, Wisconsin, filed March 20, 1947, an application the Board of Standards and Appeals for approval of the Hamilton Electric Clothes Dry Model 600-E under the provisions of C26-178.0 Administrative Building Code.

Purpose

The appliance is an electric clothes dryer.

Description

The outer case body is made of 20 gauge sheet steel finished with a two coat baked enamel finish. The assembly consists of top, two ends, back, front and base (back—22 gauge, Base—16 gauge) a 16 gauge loading door with glass window and rubber sealing gasket centrally located and at the right a control compartment door. Outside dimensions 39" high, 31" wide and 26-1/16" deep.

The inner case is substantially cylindrical in shape and inside the outer case, made up of 22 gauge galvanized sheet steel ends, 26 gauge galvanized sheet steel cylindrical wall and a 24 gauge galvanized sheet steel base assembly which provides a rectangular opening at the bottom of the cylindrical case and passages permitting air to be drawn by a fan through a intake opening at the center front passing the rectangular opening at the bottom and exhausted through a fine screen, removable lint catcher, at the lower right front. The entire inner case, except the base, is covered with heat insulation. The front and cylindrical wall is insulated with 1" thick fiber glass blanket and the back with 3/4" and 1/2" air cell asbestos.

The upper left hand region of the case is shaped outwardly from its general cylindrical form to provide room for an electric heating element assembly removable in guides from the rear.

The tumbler or rotating drum provides a cylindrical container in which the clothes are tumbled while being subjected to the drying heat. The assembly is 26" in diameter and 17" deep, all galvanized sheet steel, 22 gauge front and back, 26 gauge perforated cylindrical wall with three 18 gauge baffles.

The heating element is of a conventional type with open coils of chrome-nickel alloy wire supported by porcelain bushings in a steel framework. The above element is provided with an aluminum reflector above and a protecting screen of high temperature resisting wire mesh below. The heating element is rated at 4300 watts at 230 volts. In the heating element circuit is a fusible metal link which is exposed to the air temperature inside the inner case. This link will melt out and cut off the heating element when the inside temperature reaches 300 degrees F.

Controls—Over temperature in the drying chamber within the inner case is controlled by a thermostat of the bulb and bellows type, Model D-1, Robertshaw, or equal, which cuts off the heater circuit when the temperature inside the compartment in which the clothes are tumbling reaches 190 deg. F.

The motor is protected by a 6 1/4 ampere Bussman fustat. A General Electric time clock provides master control for all circuits with a 60 minute maximum time cycle. The clock opens the heater circuit five minutes ahead of opening the motor circuit.

Inspection and Test

The appliance was inspected and tested by Asst. Engr. J. A. Darts, Committee on Test and representatives of the

MINUTES

applicant. The appliance was subjected to full drying cycle under loaded conditions. The machine operated as designed. The appliance has been approved by the Underwriters Laboratory under Electrical 14005 Application No. 45C1086A.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval, for voluntary installation, of the Hamilton Electric Clothes Dryer Model 600-E under the provisions of C26-178.0 Administrative Building Code and that each unit bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 279-47-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

799-49-SA

APPLICANT—Erie Meter Systems, Inc., owner.
SUBJECT—Application reopened February 9, 1954 for test and report as to additional model—re Erie Meter Systems, Inc., Gasoline Pumps, Model 4032 (previously approved re Erie Systems, Inc., Gasoline Pumps Model 4012 Fleet Fueler with filter and Model 4011 Fleet Fueler, less filter and Model 4125).

APPEARANCES—

For Applicant—Frank E. Carney.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 799-49-SA

Subject: Amendment of resolution as to additional model of gasoline dispensing pump.

Erie Meter Systems, Inc., Erie, Pennsylvania, requested by letter dated January 13, 1954, that the resolution adopted April 18, 1950 under Cal. No. 799-49-SA be amended to include model 4032 gasoline dispensing pump. The application was reopened by a vote of the Board February 9, 1954.

Purpose

The appliance is a gasoline dispensing pump.

Description

The unit, model 4032, is basically the same as the models 4012, 4011 and 4125, approved by the Board April 18, 1950 except that the model 4032 has a computing type register which shows the amount of sale in dollars and cents whereas the previously approved models have a dial type register showing dispensed gallonage only. The model 4032 also has a 50'-0" of 1" hose and nozzle carried on a reel located within the housing and the same motor which powers the pumping unit is arranged to reel up the hose when a foot pedal is depressed. In all other respects model 4032 is similar to models 4011, 4012 and 4125.

Recommendation

The Committee on Test recommends that the resolution adopted April 18, 1950 under Cal. No. 799-49-SA be amended

to include model 4032 gasoline dispensing pump so that the models recommended for approval (including those models previously approved) are models 4011, 4012, 4125 and 4032 gasoline dispensing pumps on condition that the requirements of the resolution adopted April 18, 1950 under Cal. No. 799-49-SA are complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 133-51-SM

Subject: Amendment of resolution as to additional trade name.

National Gypsum Company, Buffalo, New York requested by letter dated May 6, 1953 that the resolution adopted May 22, 1952 under Cal. No. 133-51-SM be amended so that the material Gold Bond Mill Mixed Perlite Plaster, may be marketed under the trade name Gold Bond Gypsolite Plaster.

Purpose

The material is a mill mixed gypsum plaster containing perlite in place of sand.

Description

The material is the same material and is mixed in the same proportions as the material approved May 22, 1952 under Cal. No. 133-51-SM. The name Gold Bond Gypsolite Plaster is more descriptive in so far as it shows a combination of mill mixed gypsum and light weight plaster aggregate.

Recommendation

The Committee on Test recommends that the resolution adopted May 22, 1952 under Cal. No. 133-51-SM be amended so as to permit the material known as Gold Bond Mill Mixed Perlite Plaster as manufactured by National Gypsum Company to be marketed under the trade name of Gold Bond Gypsolite Plaster on condition that the requirements of the resolution adopted May 22, 1952 under Cal. No. 133-51-SM be complied with.

APPLICANT—Pioneer Fireproof Door Corp., owner.

SUBJECT—Application August 6, 1952—Pioneer One-and-One-half Hour Test Panel Kalamein Doors, approval of.

APPEARANCES—

For Applicant: Samuel Cohen.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 627-52-SM

Subject: Pioneer One-and-One-Half Hour Test Panel Kalamein Door, Approval of.

Pioneer Fireproof Door Corp. of Mount Vernon, N. Y. filed August 6, 1952, an application with the Board of Standards and Appeals for approval of the Pioneer One-and-One-Half Hour Test Panel Kalamein Door under the provisions of C26-661, C26-662 and C26-663, Administrative Building Code.

Purpose

A 1½ hour test fire protective opening.

Description

The doors are panel type kalamein doors 1¾ inches thick for installation in openings requiring ¾, 1 or 1½ hour ratings. The doors to be tested will be a pair 7 ft. 6 in. wide by 7 ft. high. The cores are constructed of white pine stiles and rails, mortised and tenoned. The metal covering is .022 sheet steel. The molding is one piece hollow metal. Panels are constructed of two sheets of .022 steel cemented under press to ¾ in. asbestos mill board.

The doors tested were a pair of swinging metal-clad paneled doors, having one section hung on full mortise and the other on half surface hinges, equipped with a single point lock within the active door of the pair and flush bolts in the inactive door installed in a #14 U.S.S. gauge steel frame mounted in an 8-inch brick wall. Rails and stiles of the doors were constructed of #24 U.S.S. gauge galvanized sheet steel. The panel was constructed of #24 U.S.S. gauge galvanized sheet steel insulated by ¾ in. asbestos millboard. The assembly was provided with a single astragal. The frame was designed for an 8-inch brick wall provided with adjustable non-removable anchors located adjacent to each hinge and was constructed of #14 U.S.S. gauge sheet steel. Each door section was provided with four 4½ in. steel hinges secured to the door stile and frame.

Tests

These tests involved the erection of a pair of swinging doors constructed as previously described. The test was conducted in conformity with the standard time temperature curve. The clearances along the top of the door were 3/32 to 5/32 inches along the hinge stile of the active door.

The average temperature on the unexposed side of door at end of 30 minutes was 725° F., a rise of 649° from the initial 76° or within the requirements of C26-610. After 1½ hour exposure to fire the door was withdrawn from the furnace and the exposed face was subjected to a hose stream test of a 30 lb. stream of water for 60 seconds.

Recommendation

On the basis of these tests and the data submitted by the applicant, the Committee on Test recommends the approval

of the Pioneer One-and-One-Half Hour Test Panel Kalamein Swing Door when constructed and hung as provided herein. The approval is for use as an opening protective assembly in fire partitions (one and one-half hours) under C26-661.0 and as an opening protective assembly in fireproof partitions ¾ hour under C26-662.0 and as an opening protective assembly in a fireproof partition under the Multiple Dwelling Law which requires an assembly having a fire-resistive rating of one-hour and under the applicable section of the Labor Law.

It is further recommended that all opening protective assemblies manufactured and labeled under this approval shall comply with the rules of the Board for the Inspection of Opening Protective Assemblies.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

APPLICANT—Cupples Products Corp., owner (John J. O'Keefe, Agent).

SUBJECT—Application July 10, 1953—Cupples Products Corp., Aluminum Windows, Series 490, 500 and 700, approval of.

APPEARANCES—

For Applicant: Samuel Rosenblum.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 553-53-SM

Subject: Cupples Aluminum Window, Series 500, 490 and 700, approval of.

John J. O'Keefe for Cupples Products Corp., St. Louis, Mo., filed July 10, 1953 an application with the Board of Standards and Appeals for approval of the material known as Cupples Aluminum Windows, Series 500, 490 and 700, under the provisions of C26-650.0 Administrative Building Code.

Purpose

The aluminum window is to be used in all locations wherein an hourly fire resistive rating is not required.

Description

The windows are of the double hung and projected type and all the frame and sash members, including the muntin bars are of extruded aluminum sections.

The alloy is known as 63-ST-5 and the chemical composition is as follows:

Copper :.....	0.10%	Zinc :.....	0.10%
Magnesium	0.45%	All others	0.15%
Titanium	0.10%	Silicon	0.20%
Iron	0.35%	Chromium	0.10%
Pure Aluminum		98.45%	

Series 500—The jamb, head and sill are so designed that the sash is removable without removing any member from the frame itself. The jamb and head sections are not less than .080 inches in thickness and the sill is not less than .112 inches in thickness. All joints of the frame are made with a mortise and tenon joint, and/or welded both at the head and sill. The sash is joined with a mechanical joint and/or welded to form a rigid sash frame. All weatherstripping is of stainless steel and is continuous in jambs, head and sill.

Series 490—This series is basically the same as the Series 500 except that the sill is not less than .110 inches in thickness and all sash members not less than .075 inches in thickness.

Series 700 is a projected type window and the aluminum used in this window has a tensile strength of 22,000 p.s.i. and the minimum thickness of any member is not less than 1/8 inches.

Inspection and Test

A sample window was tested for incombustibility in accordance with the requirements of C26-88.0 Administrative Building Code at F. Heinzelman & Sons (heat treating) in the presence of Asst. Engr. J. A. Darts, Committee on Test and S. Rosenblum and J. J. O'Keefe representing the applicant. The window successfully met the requirements of the above mentioned section of the Code. The window also successfully met the requirements of DH-A3 in regard to Material Construction and Performance of Aluminum Window.

Recommendation

On the basis of the inspection and test, and the date filed by the applicant, the Committee on Test recommends the approval of the Cupples Aluminum Windows, Series 500, 490 and 700 when constructed as herein described of alu-

minum alloy, known as 63-ST-5, the chemical components of which are herein described for voluntary installation, as having met the requirements of C26-88.0 Administrative Building Code, under the provisions of C26-650.0 Administrative Building Code, on condition that these windows shall not be installed in location wherein an hourly fire resistive window is required; and further that all windows or bills of lading shall be marked, tagged or stamped: "Approved by the Board of Standards & Appeals for use in New York City under Cal. No. 553-53-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,

REPORT OF COMMITTEE ON TEST

Re: Cal. 828-53-SM

Subject: Twin Boro Cement Block Corp. Cinder Blocks, approval of.

Twin Boro Cement Block Corp., Dumont, New Jersey filed October 28, 1953, an application with the Board of Standards and Appeals for approval of the material known as Twin Boro Cement Block Corp. Cinder Blocks under the provisions of the Masonry Rules of the Board.

Purpose

The material is cinder block for use in building construction.

Description

The plant is equipped with two Vibrapac machines, two fifty cubic foot mixers, overhead cement storage silo for storage of bulk cement, calibrated water tank, twelve kilns and a magnetic pick up for removing iron, etc., from the cinders.

The blocks are manufactured of one part of approved hi-carly cement to eight parts of aggregate (aggregate consisting of 60% cinders—40% sand) and six gallons of water per sack of cement. The aggregate is mixed in the mixer and the blocks are formed in the Vibrapac machine, then cured in the kiln for one day and then stocked in the open to cure for a minimum of two weeks.

Inspection and Test

The plant of the applicant was inspected by Asst. Engr. J. A. Darts, Committee on Test, and representatives of the applicant. Blocks were identified and marked and were tested in accordance with the requirements of C26-309.0 Administrative Building Code.

The methods of the test were those prescribed under C26-326.0 Administrative Building Code.

MINUTES

Results of the test were as follows:

(A) Hollow Cinder

1. 3"x8"x18"—Compressive Strength—5 blocks=1180 p.s.i.; Absorption (lbs. per cu. feet)—5 blocks=11.86.
2. 4"x8"x18"—Compressive Strength—5 blocks=1072 p.s.i.; Absorption (lbs. per cu. feet)—5 blocks=5.90.
3. 6"x8"x18"—Compressive Strength—5 blocks=1017 p.s.i.; Absorption (lbs. per cu. feet)—5 blocks=9.88.
4. 8"x8"x18"—Compressive Strength—5 blocks=1025 p.s.i.; Absorption (lbs. per cu. feet)—5 blocks=10.10.
5. 12"x8"x18"—Compressive Strength—5 blocks=968 p.s.i.; Absorption (lbs. per cu. feet)—5 blocks=7.83.

(B) Solid Cinder

1. 2"x8"x18"—Compressive Strength—5 blocks=1397 p.s.i.; Absorption (lbs. per cu. feet)—5 blocks=9.01.
2. 4"x8"x18"—Compressive Strength—5 blocks=2368 p.s.i.; Absorption (lbs. per cu. feet)—5 blocks=5.90.

Recommendation

On the bases of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Twin Boro Cement Block Corp. Cinder Block in the following sizes:

- (A) Hollow 3"x8"x18", 4"x8"x18", 6"x8"x18", 8"x8"x18", 12"x8"x18"—all load bearing block.
- (B) Solid 4"x8"x18"—load bearing.
2"x8"x18"—partitions.
- (C) Header Block 6"x8"x18" and 8"x8"x18".

As manufactured as herein set forth, at the applicant's plant for use in load bearing and non-load bearing masonry construction under the provisions of the Masonry Rules of the Board on the following conditions:

1. That the masonry units be manufactured according to the same specifications as herein set forth.
2. That the units be manufactured in accordance with the Masonry Rules of the Board.
3. That the units be marked as required under Rules 8.1-8.2 and 8.4.
4. That Rule 8.5 be complied with.
5. That nine copies of the drawings of the manufacturer's distinguishing mark and its method of application be filed with the Board.
6. That only approved aggregates be used.
7. That all provisions of the Masonry Rules be complied with.

REPORT OF COMMITTEE ON TEST

Re: Cal. 920-53-SM

Subject: Abco 275 Gallon Fuel Oil Tank, approval of.

Abco Tank Company, Brooklyn, New York, filed December 21, 1953, an application with the Board of Standards & Appeals for approval of the Abco 275 gallon fuel oil tank under the provisions of the Oil Burner Rules of the Board.

Purpose

The material is a 275 gallon fuel oil tank.

Description

The 275 gallon fuel oil tank is constructed of #10 gauge sheet steel, in two sheets with one lateral seam welded. The heads are #10 gauge dished, with weld offset of 2 inches.

The tank has four 2 inch connections on top of the tank; one 1/2 inch connection on the head at the low point, and one 1/2 inch drain on clean out located on the bottom of the tank. The tank is also equipped with four leg lugs.

Inspection and Test

A sample tank was hydrostatically tested at the applicant's plant, 2716 Fulton St., Brooklyn, in the presence of Asst. Engr. J. A. Darts, Committee on Test and H. Lane, L. Biscornet and L. Lane representing the applicant. The tank successfully withstood 100 p.s.i. hydrostatic pressure.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Abco 275 Gallon Fuel Oil Tank for use in New York City when constructed as herein described and installed in accordance with the Oil Burner Rules of the Board and further that each tank bears a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. Re: Cal. 41-54-SA

Subject: Delta Suspended Oil Fired Furnace Models SU-80, SU-110, SU-160, and SU-210, approval of.

MINUTES

The Delta Heating Corp. of Trenton, New Jersey owner-manufacturer filed January 20, 1954 an application with the Board of Standards and Appeals for approval of the Delta Suspended Oil Fired Furnace Models SU-80, SU-110, SU-160, and SU-210 under the provisions of C19-57.0 Administrative Code and the Oil Burner Rules of the Board of Standard and Appeals.

Purpose

A suspended Oil Fired Heater for domestic and commercial installation.

Description

The Delta line of horizontal warm air furnaces consists of four sizes Delta Model SU-80-80000 BTUs at the bonnet, SU-110-110000 BTUs at the bonnet, SU-160-160000 BTUs at the bonnet, and SU-210-210000 BTUs at the bonnet. The basic design and function of all four sizes is the same, the only difference being the size of the heat exchanger, the rate of oil flow to the burner and the size of the blower. Each furnace consists of a heat exchanger fabricated from 14 gauge steel and electrically welded into a gas tight unit, heads and tubes are of 11 gauge steel. A refractory combustion chamber is built in all models. A cabinet constructed of 20 gauge steel and insulated with foil-faced fiber glass or corrugated asbestos. A sirocco type blower and motor of adequate capacity pulls cold air into the furnace and forces it over the heat exchanger and through suitable ducts into the area to be heated. All Delta horizontal furnaces are designed to be used with the Delta oil burner or any other approved oil burner. The electric motors used are either Peerless, GE, Delco or Hoover with thermal over load protection built in. The controls consist of a thermostat, fan and limit switch and stack relay. All units are designed to be suspended from the ceiling or mounted on a suitable base. The unit has been approved by the Underwriters Laboratories Chicago #MP2188-52C4376A.

Inspection and Test

The Unit was inspected and tested at the factory at #1 Cole Street, Trenton, New Jersey and found to operate as designed with no flash backs or undue carbon deposits. Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test and Ribelle V. Perotto representing the applicant.

On the basis of the inspection and test and the data submitted by the applicant the Committee on Test recommends the approval of the Delta Suspended Oil Fired Furnace Models SU-80, SU-110, SU-160 and SU-210 for use in New York City with fuel oil not heavier than #3 U. S. Department of Commerce Standards when constructed and installed in accordance with this report provided that, if installed in garages and all places with explosive atmospheres, the unit shall be located 8' above the floor. That all heaters used in explosive atmospheres shall be equipped with a 40-40 mesh screen over the oil burner combustion air intake. Provided that each heater shall bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 41-54-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

42-54-SA

APPLICANT—Ribelle V. Perotto, for Delta Heating Corp., owner.

SUBJECT—Application January 20, 1954—Delta Oil-fired Unit Heater, Model UH-220, approval of.

APPEARANCES—

For Applicant: Ribelle V. Perotto.

ACTION OF BOARD—Appliance disapproved.

THE VOTE—

Affirmative: Chairman Murdock and Commissioner Keating 2
Negative: Commissioner Kleinert and Deputy Chief Connors 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 42-54-SA.

Subject: Delta Oil Fired Unit Heater, Model UH-220, Approval of.

The Delta Heating Corp. of Trenton, New Jersey owner-manufacturer filed January 20, 1954 an application with the Board of Standards and Appeals for approval of the Delta Oil-Fired Unit Heater, Model UH-220 under the provisions of C19-57.0 Administrative Code and under the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

Oil fired unit heater for domestic and commercial installation.

Description

The Delta Model UH-220 direct fired oil fired unit heater is designed to be used with the Delta oil burner, or any other approved oil burner. The heat exchanger consists of a combustion drum, 26 heat tubes, and a radiator, all fabricated from 14 gauge steel and electrically welded in one gas-tight unit. The cabinet is fabricated of 20 Gauge steel and equipped with adjustable louvers to direct the flow of heated air into the space to be heated.

Mounted on the unit heater is a Peerless totally enclosed motor, either 115-220 volts, thermal overload protected which drives a Torrington 24 inch 4 bladed fan at 1140 RPM. This fan blows the cool air over and through the heat exchanger and throws the heated air out through the louvers in the area to be heated.

The Delta Model UH-220 unit heater is equipped with standard controls consisting of a thermostat, flame detector, and fan and limit switch. The operation of the unit heater is as follows: the thermostat being suitably located in the space to be heated, determines the need for heat and operates to start the oil burner, through the master control. The oil burner and ignition start together. As the heat is generated, the flame detector feels the heat and operates to allow the burner to continue. Should, for any reason, the oil fail to ignite, the flame detector, feeling no temperature rise, would shut off the burner.

After the temperature in the unit has reached the required setting, the fan switch turns on the motor and blower. Should the unit become cooler than the required setting, the fan switch stops the fan until the temperature again builds up then again turns the fan and motor on.

Should, for any reason, the temperature within the unit rise above predetermined limits, the limit switch functions to shut off the burner. This too, is a standard safety device.

The maximum firing rate of the Delta Model UH-220 is a gph of #2 fuel oil. Fired at this rate, the unit was tested at 11.6 CO₂ with a net stack temperature of 615° F. The unit was approved by the Underwriters Laboratories, Chicago #MP2332-53C5809.

Inspection and Test

The unit was inspected and tested at the factory at #1 Cole Street, Trenton, New Jersey and found to operate as designed with no flash backs or undue carbon deposit. Present at the test was Chief Engineer Leslie V. Huber of the Committee on Test and Ribelle V. Perotto representing the applicant.

Recommendation

On the basis of the inspection and test and data submitted by the applicant the Committee on Test recommends the

MINUTES

approval of the Delta Oil-Fired Unit Heater Model UH-220, for use in New York City with fuel oil not heavier than #3 U. S. Department of Commerce Standards when constructed and installed in accordance with this report provided that, if installed in garages and all places with explosive atmospheres, the unit shall be located 8 feet above the floor. That all heaters used in explosive atmospheres shall be equipped with a 40-40 mesh screen over the oil burner combustion air intake. Provided that each heater shall bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 42-54-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated December 28, 1953, acting on amendment to Alt. Applic. 188/51, reads:

"1. The amendment filed does not comply with the resolution of the Board of Standards and Appeals, Cal. 185-51-A, as to restriction of the use of each floor to one tenant occupancy and as to exits accepted by the Board."

and

MINUTES

WHEREAS, the applicant states that the building is 3 stories, 36 ft. in height; 140 ft. by 160 ft. in area at street level; 130 ft. by 160 ft. in area at typical floor level; of class 3 construction; erected 1924; located on a lot 142 ft. 2 in. front by 170 ft. and 256.03 ft. in depth, in a business use, A area, class 1 height district and used and occupied since 1952 as follows: 1st floor, assembly of radio electronics, sales and repairs, parking for more than 5 motor vehicles of patrons and employees, 18 persons; 2nd floor, manufacturing garments, assembly of lamps, offices, display and storage, 98 persons; 3rd floor, manufacturing garments, office, display and storage, 82 persons; and proposed to be used and occupied as follows: 1st floor, radio and electronics assembly, sales and repair and the parking of more than 5 motor vehicles of patrons and employees, 45 persons; 2nd floor, garment factory, manufacturing and assembly of lamps, offices, display and storage, 100 persons; 3rd floor, garment factory, offices, display and storage, 85 persons; that the building is equipped with an approved interior fire alarm system and regular monthly fire drills are maintained; that there are two interior fireproof stairs, 3 ft. 10 in. and 4 ft. 7 in. in width, respectively, fireproof enclosed, equipped with fireproof self-closing doors and leading from roof bulkhead direct to street, and two fire escapes at the rear extending to yard by stair with fireproof windows on their course; egress from the yard is to street through permanent recorded easement; and

WHEREAS, the applicant states that one of the conditions of the resolution adopted by the Board April 12, 1951 was that the occupancy of the building be for not more than one tenant per floor; that the premises are now under new ownership and it is now proposed to change the occupancy of the building as follows: 1st floor, 2 tenants; 2nd floor, 3 tenants; 3rd floor, 2 tenants; and

WHEREAS, the applicant states that it is proposed to close some of the existing openings in the fire walls between tenants; and

WHEREAS, the applicant contends that each tenant will have at least two independent means of egress, consisting of a fireproof enclosed stairway over 3 ft. 8 in. in width at the front of the building leading direct to the street and an exterior stairs 3 ft. 8 in. wide, wire screened at the sides, covered with corrugated metal at the roof and leading to street over a permanent easement to Surf avenue; and

WHEREAS, the applicant states that the building is provided with a fire alarm system with fixed stations capable of being manually operated and not with an automatic fire alarm system as previously described under Vol. I of this appeal; and

WHEREAS, the applicant contends that since each tenant will be provided with two adequate and remote means of egress, it is requested that the resolution adopted by the Board April 12, 1951, be amended to permit the occupancy of each floor by more than one tenant and the maintenance of the existing fire alarm system and in all other respects the resolution as previously adopted to be fully complied with.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 12, 1951, only as to the occupancy of not more than one tenant per floor, so that as *amended* this portion of the resolution shall read:

"that the spaces as proposed and shown on revised plan marked 'Received January 26, 1954' (5 sheets) may be occupied for manufacturing as now proposed, *on condition* that such areas as subdivided shall be separated one from the other as indicated thereon and that two means of exit as proposed shall be provided at all times; that the interior fire alarm system shall be maintained and shall comply with the rules of the Board for such a system; and that the resolution above cited where not inconsistent with this amendment as to proposed subdivision of floors shall be complied with in all other respects."

280-53-A

APPLICANT—Lama, Proskauer and Prober, for O'Reilly Funeral Home, owner.

SUBJECT—Application for consideration—reopening and amendment of resolution—re Appeal from a decision of the borough superintendent, previously granted on condition. PREMISES AFFECTED—137-40 Brookville boulevard, west side, 50 ft. north of 138th avenue (Block 13233, Lot 52), Rosedale, Borough of Queens.

APPEARANCES—

For Applicant: Ernest Cordova.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 4, 1953, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 4, 1953, only so far as it has reference to the construction of the second floor and roof, so that as *amended* this portion shall read:

"that the cellar and first floor shall be of Class 1 construction and the second floor and roof may be of Class 3 construction; that in all other respects the resolution adopted as above cited shall be complied with where not inconsistent with this *amended* resolution." (Alt. 242-53)

130-54-A

APPLICANT—Andrew Di Camillo, for Anna Cara, owner. SUBJECT—Application February 26, 1954—filed pursuant to section 310 of the Multiple Dwelling Law for variation of section 172, subdivision 1 of the Multiple Dwelling Law re legal yard.

PREMISES AFFECTED—9 Cranberry street, north side, 78 ft. 6 in. east of Columbia Heights (Block 214, Lot 26), Borough of Brooklyn.

APPEARANCES—

For Applicant: Andrew Di Camillo.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 29, 1954, acting on Alt. Applic. 86/54, reads:

"13. Provide a legal yard as per Section 172 subdiv. 1 for an interior lot."

and

WHEREAS, the applicant states that the building is 3 stories, and basement, 41 ft. in height; 22 ft. by 38 ft. in area, erected prior to 1910; located on a lot 22 ft. front by 50 ft. in depth in a residence use, B area, class 2 height district, and used and occupied since prior to 1950—cellar, ordinary use; basement, 1 family; 1st floor, 1 family; 2nd floor, 1 family; 3rd floor, 3 furnished rooms; and

WHEREAS, the applicant states that it is proposed to install a multiple dwelling type sprinkler system in the public hall; that the building is provided with one interior wood stairs, 2 ft. 8 in. and 2 ft. 10 in. in width, enclosed in partitions of wood studs, wood lath and plaster both sides, equipped with wood self-closing doors; stair hall leads direct to street and is provided with a ladder and scuttle to roof; and

WHEREAS, the applicant states that the present owner purchased the building July 7, 1950, at which time it had been illegally converted to a multiple dwelling; and

MINUTES

WHEREAS, the applicant contends that the multiple dwelling law requires a 13 ft. deep rear yard; that the building in question has a 9 ft. 7½ in. deep rear yard; that the building is set back from the building line 2 ft. 4½ in. at the front, easterly side, and 4 ft. 5 in. at the westerly side; and

WHEREAS, the applicant contends that while the rear yard is short, 3 ft. 4½ in. in depth, this shortage is compensated by the fact that the rear yard is not pocketed; that it is supplemented by ventilation from the yards of surrounding buildings with the exception of the building adjoining to the east; that the building in question is well lighted and ventilated; that no enlargement of the structure is proposed; that only one room in each floor will face the rear yard; that the building will in all other respects comply with Article 6 of the Multiple Dwelling Law relating to converted dwellings.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 86/54, Objection 13, be and it hereby is *modified*, under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, to permit the existing rear yard to be continued as proposed and as indicated on plans filed with this appeal, marked "Received February 26, 1954" (3 sheets) and "April 28, 1954" (1 sheet) *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that this variance shall continue only so long as the open spaces on the adjoining lots are continued to be open and unbuilt upon.

MINUTES

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 21, 1950, only so far as it has reference to the number of gasoline storage tanks, so that as *amended* this portion of the resolution shall read:

"* * * that the number of gasoline storage tanks may be a total of ten (10) 550 gallon tanks, as shown on plans filed with this request for amendment marked 'Received April 22, 1954' (1 sheet), that in all other respects the requirements of the resolution above cited shall be complied with." (N.B. Applic. 5034/49 and Misc. Applic. 130/54)

18-37-BZ—Vol. III

APPLICANT—Carl H. Salminen, for Kinney Motors, Inc., owner.

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent) previously granted on condition, under sections 7c, 7h and 7i of the zoning resolution, permitting in a residence and business use, C and D area district, the reconstruction and extension of existing building (presently used as an auto service station, auto laundry, body shop, paint spraying shop, brake inspection and adjustment, lubrication and grease pits, auto accessories and parts, with an office on 2nd floor), using more than the area permitted, and proposed to be used as a show room and a service station for new and old cars, auto laundry, body shop, tool room, parts department and accessories, garage for more than five motor vehicles, gasoline pump for owner's use, unloading area, locker rooms and office on 1st floor; with offices, new car conditioning and accessory room on 2nd floor; and permitting the parking and storage of cars on roof and also permitting the parking of customers' cars and trucks on open portion of plot (previously denied, a gasoline service station and garage for more than five motor vehicles) and later permitted the rearrangement of existing premises and additional premises as to parking, and motor vehicle repairs, brake testing, greasing and oxyacetylene torch for welding and painting.

PREMISES AFFECTED—2166-2190 Coney Island avenue, west side, 100 ft. 4 $\frac{3}{8}$ in. south of First Court (Block 6685B, Lots 34, 37 and 40), Borough of Brooklyn.

APPEARANCES—

For Applicant: Carl H. Salminen and Lewis F. X. Cotig-nola.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. III, on May 26, 1953, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 26, 1953, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"* * * that in view of statement by applicant that plans have been filed with the Department of Housing and Buildings and part of the buildings have been demolished, that all permits shall be obtained and all work completed within the requirements of Section 22A

of the zoning resolution from the date of this *amended* resolution." (Alt. Applic. 3209/51)

706-41-BZ

APPLICANT—Viola Murtha, owner.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Application (decision of the borough superintendent) under section 7h of the zoning resolution, permitting in a residence use district, for a term of years, the parking and storage of motor vehicles.

PREMISES AFFECTED—115-117 Beach 96th street, northwest corner of Shore Front parkway (Block 635, Lot 76), Rockaway Beach, Borough of Queens.

APPEARANCES—

For Applicant: Raymond V. Murtha.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 14, 1942, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on May 22, 1952; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 14, 1942, as thereafter *amended* by resolutions adopted through May 22, 1952, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * granted under Section 7, subdivision h, for a term of two (2) years, from the date of this *amended* resolution, to permit * * *; that other than as herein *amended* the resolutions above cited shall be complied with in all respects; that a new certificate of occupancy shall be obtained." (Misc. Applic. 5827/41.)

578-42-BZ—Vol. II

APPLICANT—Maxfield Blaubeux, for Laponzina Associates, Inc., owner (Ridgeway Automotive Service, lessee).

SUBJECT—Application for consideration—reopening and extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition, under section 7i of the zoning resolution, permitting in a business use district, the change in occupancy from garage for more than five motor vehicles, office and storage of building materials and the sale of used cars, to motor vehicle repair shop, storage garage for more than five motor vehicles and office, and the parking and sales of more than five motor vehicles, for a term of years.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and the term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Guinee 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 11, 1941, as Vol. I, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on June 26, 1951; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 11, 1941, with reference to B.N. 3859-39, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * *granted* under section 7, subdivision h for a term of two (2) years, *on condition* * * *; that other than as herein *amended*, the resolution adopted on February 11, 1941, shall be complied with in all respects; and that a certificate of occupancy shall be obtained." (B.N. 3859/39)

* Correction—The subject matter on Vol. I *corrected* to refer to the parking and storage of motor vehicles and the extension of the term of variance thereof and the deletion of any reference to the application for a garage, as that matter is covered by Vol. II.

* CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on April 20, 1954, as they appeared in Bulletin No. 17, Vol. 39, are hereby corrected to read as follows:

795-50-BZ

APPLICANT—Frank Germain, for Starvel Realty Inc., owner (American Oil Co., lessee).

SUBJECT—Application for consideration—reopening and amendment of resolution as to additional tank—re Application (decision of the borough superintendent) previously granted on condition, under section 7e of the zoning resolution, permitting in a local retail use district, the erection and maintenance of a gasoline service station, lubricatorium and accessory store.

PREMISES AFFECTED—3768-3778 Nostrand avenue and 2915-2125 Avenue Y, northwest corner (Block 7422, Lot 1037), Borough of Brooklyn.

APPEARANCES—

For Applicant: Robert Germain.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board, April 24, 1951, on certain conditions; and

WHEREAS, the resolution was amended and time to complete was extended February 5, 1952; and

WHEREAS, plans submitted as being in substantial compliance with the Board's requirements were approved February 5, 1952; and

WHEREAS, revised working drawings submitted as being in substantial compliance with the Board's requirements were approved on September 9, 1952; and

WHEREAS, time to obtain permits and complete the work was extended on October 6, 1953; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 24, 1951, as *amended* through October 6, 1953, only so far as it has reference to the number of tanks, so that as *amended* that portion of the resolution shall read:

"* * * that in the event the owner desires to add two additional tanks, making a total of six (6) 550 gallon tanks, such additional tanks may be permitted provided the resolutions above referred to shall be complied with in all other respects; that all permits shall be obtained for such tanks and all work completed within three (3) months from the date of this resolution." (N.B. 1555/50 and Gas Tank App. 534-54).

* Correction—"Gas Tank App. 534-54" inserted at the end of the resolution.

* CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on April 27, 1954, as they appeared in Bulletin No. 18, Vol. 39, are hereby corrected to read as follows:

98-54-A

APPLICANT—Howard H. Snyder, for Erwin Construction Corp., owner.

SUBJECT—Application February 10, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—24 West 58th street, south side, 325 ft. west of 5th avenue (5th floor); (Block 1273, Lot 51), Borough of Manhattan.

APPEARANCES—

For Applicant: Howard H. Snyder.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 26, 1954, on amendment to Alt. App. 2151/53 reads:

"1. Bldg. should be fireproof construction as it exceeds tabular height limit—4 stories or 50 feet—Sect. C26-254. B.C."

and

WHEREAS, the applicant states the building is 5 stories, 58 ft. 5 in. in height, 25 ft. by 100 ft. 5 in. in area at street floor, 25 ft. by 70 ft. in area at typical floor, Class 3 construction, erected in 1872 on a lot 25 ft. by 100 ft. 5 in. in area in a restricted retail use, B area, Class 1½ height

district, used and occupied since 1924: Cellar—storage; 1st floor—store, 10 persons; 2nd floor—office, 15 persons; 3rd, 4th and 5th floors—dwellings, 1 family each; proposed to be used and occupied upon completion of alteration herein proposed as follows: Cellar—storage; 1st floor—store, 15 persons; 2nd, 3rd and 4th floors—offices, 10 persons each; 5th floor—offices and one apartment, 10 persons. The building is provided with one 3 ft. 8 in. wide fireproof stair, enclosed in 2-hour partitions with 1½-hour fireproof, self-closing doors leading from roof bulkhead direct to street; and

WHEREAS, the applicant states that this appeal is for permission to use the fifth floor for offices and apartment purposes; and

WHEREAS, the applicant contends that the building is being completely renovated and a new fireproof stairway with 2-hour enclosure is being constructed from cellar to roof with fire-retarded passage to street; that the building is 5 stories, 58 ft. 5 in. in height and it would work a hardship on the owner not to be able to use the top story for office use; that all precautions are being taken to provide a safe occupancy for the building and it is therefore requested that this appeal be granted; and

WHEREAS, examination of the records of the Dept. of Housing and Buildings under Alt. Applic. 2151/53 indicates that a permit was issued on this alteration upon the filing of an amendment stating that the fifth floor will remain vacant and that on January 18, 1954, a revised specification sheet was filed showing the use of the 5th floor as now proposed and the objection herein appealed was issued on such amendment.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. Applic. 2151/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the building to be occupied as

proposed and as shown on plans filed with this appeal marked "Received February 10, 1954" (6 sheets), *on condition* that the building shall not be increased in height or area and that in all other respects it shall meet the requirements of all laws, rules and regulations applicable thereto; that the apartment proposed on the 5th floor shall be used only by the *owner* of the entire building in conjunction with the office space on the same floor.

* Correction—The word "occupant" changed to "*owner*" in the next to the last line of the resolution, as indicated in italics.

COURT DECISIONS

(Continued from page 717)

determination of the Board of Standards and Appeals was justified on the law and facts. The motion herein to dismiss the order of certiorari is granted and the decision of the Board of Standards and Appeals affirmed."

(New York Law Journal, May 11, 1954, page 13.)

DISCONTINUANCE OF PROCEEDINGS

Matter of Lena Oxenhandler vs. Board:—On July 28, 1953, the Board granted a variance under Section 7, subdivisions f and i, for a term of twenty (20) years, to permit in a business use district, the erection and maintenance of an automobile showroom, motor vehicle repair shop (accessory to authorized dealer's use), also the erection and maintenance of a gasoline service station, auto washing, lubrication, storage and sale of auto parts and accessories and offices, and to permit the parking of customers and employees' cars (no fee to be charged); Cal. No. 45-36-BZ, Vol. II; Premises 1924-1938 Broadway and 1992-2016 Eastern Parkway Extension, southeast corner, Borough of Brooklyn.

At Special Term, Kings County, Supreme Court, a stipulation and agreement by and between the attorneys for the respective parties hereto for the discontinuance of the certiorari proceedings in the above matter, without costs to either party, was signed on February 11, 1954, and granted by the Court on March 5, 1954.

PETITION FOR CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On May 20, 1954, Copy of Petition and Order of Certiorari was served on the Board by Robert Williamson, attorney for owner, Santini Realty Co., Inc., in re the Board's determination on April 20, 1954, denying application from a decision of the Borough Superintendent, under Sections 7-e and 21 of the Zoning Resolution, to permit in a residence use, B area district, the demolition of an existing three-story dwelling and the erection and maintenance of a one-story structure to be used as stores, using more than the area permitted; Cal. No. 718-29-BZ, Vol. II; premises 2016-2022 Grand Concourse, southeast corner of Bush Street, The Bronx.

COURT DECISION.

Matter of Tulbro Realty Corp. vs. Board:—On January 12, 1953, the Board denied, under Sections 7, subdivision f, and 7A of the Zoning Resolution, an application to permit in a business use district the change in occupancy from sale and display and parking of more than five motor vehicles to gasoline service station, car washing, storage and sale of accessories, with show windows and business entrance nearer to residence use district than is permitted; Cal. No. 290-53-BZ; Premises 1401-86th Street, northeast corner of 14th Avenue, Borough of Brooklyn.

At Special Term, Supreme Court, Mr. Justice Norton sustained the Board's determination in the following decision:

By Mr. Justice Norton.

In re Tulbro Realty Corp'n (Murdock)—This is an application by the respondents, the Board of Standards and Appeals, to vacate the order of certiorari, to dismiss the petition upon which it was granted, and to affirm the determination made by the board in denying the application for a variance made pursuant to sections 7(f) and 7-A of the Zoning Resolution.

Petitioner is the owner of the corner premises known as No. 1401 Eighty-sixth street and No. 8523 Fourteenth avenue, Borough of Brooklyn, City of New York, located in a business use district, which consist of a plot 100 feet front and 100 feet deep, presently used as an auto parking lot and for the sale of second-hand automobiles. The board denied petitioner's application for permission to erect a gasoline station, car washing, two lubricatoriums, sales of automobile accessories, and an office on the aforementioned premises. The board's determination was based upon the ground that there was no justification for the exercise of its discretion to grant a zoning variation under the foregoing sections.

The pertinent statutes vest discretionary power in the board to grant variances in accordance with the provisions of the Zoning Resolution and the courts have recognized that the Board of Standards and Appeals is the agency to which the power to vary applicable provisions of the Zoning Resolution has been granted.

Here, the board found that the site involved is sufficiently provided with gasoline stations and that there was no need to permit a further non-conforming use thereat. It also found that the public safety and general welfare would be best secured by preventing the invasion of this area by another non-conforming use. It is now well established that neither a pre-existing non-conforming use nor a non-conforming use by virtue of variance granted by the board can constitute a basis for granting a new variance (Werner v. Walsh, 212 App. Div., 635, aff'd without opinion 240 N. Y., 689).

Here, the petitioner purchased the property with full knowledge of the provisions of the zoning regulations and consequently is in no position to ask for a variance on that ground (Matter of Corbett v. Zoning Board of Appeals, 283 App. Div., 282, 283). It is also

(Continued on page 808)

ACTION OF BOARD—Laid over to June 15, 1954, at 10 A. M. for inspection and decision in conjunction with Cal. No. 698-53-BZ.

726-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Leona Stromberg, owner.

SUBJECT—Application October 7, 1953—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business use district the continuation of existing manufacturing use, using more than the floor area for manufacturing use than is permitted.

PREMISES AFFECTED—387-393 South 1st street north side, 25 ft. east of Hooper street and 412 Hooper street, (Block 2400, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Housings.

ACTION OF BOARD—Laid over to June 15, 1954, at 10 A. M. at request of applicant.

727-53-A

APPLICANT—Lama, Proskauer and Prober, for Leona Stromberg, owner.

SUBJECT—Application October 7, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—387-393 South 1st street, north side, 25 ft. east of Hooper street and 412 Hooper street (cellar); (Block 2400, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to June 15, 1954, at 10 A. M. in conjunction with Cal. 726-53-BZ.

859-53-BZ

APPLICANT—M. Martin Elkind, for Larry-Allen Properties, owner.

SUBJECT—Application December 1, 1953—(decision of the borough superintendent) under sections 7c, 7A, 21 and 7h of the zoning resolution to permit in a residence and business use, D area district, the erection and maintenance of retail stores, using more than the area permitted, with signs in residence use district and with show windows nearer the residence use district that is permitted, and to permit the parking of patrons motor vehicles in residence use district.

PREMISES AFFECTED—138-38 to 138-54 84th drive and 138-01 to 138-07 Queens boulevard, southeast corner (Block 9649, Lot 44), Briarwood, Borough of Queens.

APPEARANCES—

For Applicant: J. V. McKee, G. Lazerus and M. M. Elkind.

For Opposition: P. Wolf Winer.

For Administration: Samuel L. Becker, Dep't of Housing and Housings.

ACTION OF BOARD—Laid over to June 8, 1954, at 10 A. M. for applicant to file revised plans.

886-53-BZ

APPLICANT—Patrick D. Concagh, for Joseph and John Carone, owners.

SUBJECT—Application December 15, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a business building (retail stores).

PREMISES AFFECTED—3060 Eastchester road, southeast corner of Hammersley avenue (Block 4766, Lot 1), Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: A. Conte, Lillian Horn, Mildred Keshner, Santo Capna, Paul Ackerman, Harriet Sederer and Max Klein.

MINUTES

For Administration: Samuel L. Becker, Dep't of Housing and Housings.

ACTION OF BOARD—Laid over to June 8, 1954, at 10 A. M. for applicant to file revised plans; no further argument; hearing closed on May 4th.

943-53-BZ

APPLICANT—Max Horn, for Allerton N. Y. Corp., owner.
SUBJECT—Application December 22, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the change in occupancy of existing hotel on 2nd, 3rd, 13th, 15th and 16th floors, from hotel use, to business use (offices).

PREMISES AFFECTED—22 East 38th street, and 241-245 Madison avenue, southeast corner (Block 867, Lot 55), Borough of Manhattan.

APPEARANCES—

For Applicant: Max Horn, William J. Jones, C. H. Tipton and H. A. Malone.

For Opposition: Joseph Danahy, Theodore H. Friend and John P. Fox.

For Administration: Samuel L. Becker, Dep't of Housing and Housings.

ACTION OF BOARD—Laid over to June 15, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

6-54-BZ

APPLICANT—Samuel Carr, for Lefsil Realty Co., owner.
SUBJECT—Application January 7, 1954—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence and business use, C area district the erection and maintenance of a business building (manufacturing, storage, storeroom and office), using more than the area permitted.

PREMISES AFFECTED—52-19 58th street, northeast corner of 52nd road (Block 2347, Lot 45), Woodside, Borough of Queens.

APPEARANCES—

For Applicant: Samuel Carr.

For Opposition: Charles Stocck, William Stocck, Germanio De Monte and Roberto Lattanzio.

For Administration: Samuel L. Becker, Dep't of Housing and Housings.

ACTION OF BOARD—Laid over to June 15, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

10-54-BZ

APPLICANT—Lama, Proskauer and Prober, for St. Roch's R. C. Church, owner.

SUBJECT—Application January 8, 1954—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, for a term of twenty years, the erection and maintenance of a class 1 structure to be used as a garage for more than five motor vehicles, lubritorium, wheel alignment, brake-testing, car washing, accessory sales, loading and unloading berth, and office; and to permit the erection and maintenance of a gasoline service station, lubritorium, motor vehicle repair shop, and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—801-807 4th avenue and 168-196 28th street, southeast corner (Block 665, Lots 6 and 19), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Amelia Valentino and Michael Durante.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings, and John J. Saunders, Board of Education.

ACTION OF BOARD—Laid over to June 15, 1954, at 10 A. M. for inspection and decision, pending action by the Board of Estimate as to Section 21-A; hearing closed.

715-52-BZ

APPLICANT—M. Martin Elkind, for Surenko Realities, Inc., owner.

SUBJECT—Application October 8, 1952—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use, B area district, the erection and maintenance of a business building (retail stores), using more than the area permitted.

PREMISES AFFECTED—609 East 11th street, north side, 142.8 ft. east of Avenue B (Block 394, Lot 64), Borough of Manhattan.

APPEARANCES—

For Applicant: M. Martin Elkind.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 14, 1953 subject to regular procedure, to consider rearrangement and reconstruction; and

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25, 1954, for inspection and decision without further argument; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Southern boulevard and East 147th street are in business and unrestricted use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 28, 1953 acting on N.B. Applic. 830-53, reads:

"1. On a premises located in a business use district (with the exception of a small triangle located in unrestricted use district) the proposed gasoline service station, lubritorium, car washing, minor auto repairs (hand tools only), storage, office and sales, parking and storage of motor vehicles is contrary to Art. II, Section 4 of the Zoning Resolution."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 213.55 ft. and 48.17 ft. frontage by 132.50 ft. in depth, irregular, presently used as a parking lot and for the sale of motor vehicles under Alt. Applic. 51-49, for which certificate of occupancy 5442 has been issued; that it is proposed to remove these uses and erect a modern gasoline service station consisting of eight storage tanks and six dispensing pumps; that the proposed accessory building will be of class 3 construction, one story in height, with a frontage of 50 ft. and a depth of 28 ft. 8 in. and will contain the conjunctive uses of office and sales, storage, lubritorium, car washing and minor auto repairs with hand tools only; that a part of the site will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that under Cal. 540-30-BZ, on January 13, 1931, the Board granted a variance permitting a gas station and garages for the storage of more than five motor vehicles; that this variance expired as the site was not developed; that on January 30, 1933 the Board again granted a variance for the above uses; that these uses were never installed and it is requested that this former grant be again restored; that the site is partly in an unrestricted zone wherein the proposed uses would be legal and it is requested that these uses be extended to the entire site; that the site is adjoined to the south and east by an unrestricted zone in which there are many unrestricted uses; that directly opposite the site in a business zone in block 2582, lots 1 and 12 are developed with a gas station and lot No. 7 with a motor vehicle repair shop; that therefore the site is completely adjoined with an unrestricted zone or faced with non-conforming uses and it would be impractical to develop the site with a conforming use; that Southern boulevard is a main auto lane leading across the Bronx and as such the proposal is entirely in keeping at this point; that the proposed gas station will be in harmony with the affected area; and

WHEREAS, the applicant states the owner has held title to the property since August 12, 1953 and that the assessed valuation of the land is \$24,700; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, and the Committee recommends that the application should be granted, having noted that the premises were previously permitted for a gasoline service station, which was not constructed, and have since been occupied for parking; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the installation of the proposed uses from the unrestricted into the business use district, as proposed and as indicated on plans filed with this application marked "Received September 21, 1953," 4 sheets, *on condition* that all buildings and uses on the premises shall be removed and the premises shall be levelled substantially to the grade of Southern boulevard; that any retaining walls necessary on the rear or side lines for supporting adjoining premises shall be constructed by this owner; that the premises shall be arranged substantially as proposed on such plans; that the accessory building shall comply with the requirements of the Building Code in all other respects; that there shall be no cellar underneath such building; that there shall be no openings in the lot line opening to adjoining premises; that from such accessory building to East 147th street there shall be maintained a masonry wall as a retaining wall and similar wall shall be constructed and maintained along the interior lot lines to the east and north to the building line of Southern boulevard; that pumps shall be of a low approved type and erected not nearer than 15 ft. from the street building line; that curb cuts shall be limited to curb cuts as shown, namely three (3) curb cuts, 30 ft. in width each to Southern boulevard and one of similar width to East 147th street: that the sidewalks and curbing abutting the premises shall be recon-

structed or repaired to the satisfaction of the Borough President; that the number of gasoline storage tanks shall not exceed eight (8) 550 gallon tanks; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that signs shall be restricted to a permanent sign attached to the front of the accessory building and to the illuminated globes of pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line of one post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that such sign may be erected either toward the southerly side or near the intersection; that at the intersection there shall be erected a block of concrete not less than 12 in. in height and extending along either building line for a distance of not less than 5 ft.; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that under Section 7i, there may be repairing, mainly with hand tools for adjustments, and carried on only inside of the accessory building; that under Section 7c, there may be parking and storage of motor vehicles; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

487-47-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Cushman Sons, Inc., owner.

SUBJECT—Application March 5, 1954 (decision of the borough superintendent), under sections 7e, 19A(h) of the zoning resolution, to permit in a residence use district, for a term of ten years, the change of present uses of bake shop, storage and locker room, garage for more than five motor vehicles and packing room (previously granted by the Board), to storage of plumbing supplies, pipe cutting and threading, garage for more than five motor vehicles, offices, locker room, loading and unloading, with door openings to loading berths less than the required width.

PREMISES AFFECTED—518-522 East 72nd street, south side, 298 ft. east of York avenue and 517-523 East 71st street, north side, 273 ft. east of York avenue (Block 1483, Lot 38), Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama, George Klein and Sydney Bare, Jr.

For Opposition: John W. Kral.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors..... 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 6, 1954 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on May 25, 1954 after due notice of publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 71st street is in a residence use, A area, class 2 height district; York avenue and East 72nd street are in residence and business use, A area, class 2 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 16, 1954 acting on Alt. Applic. 143-54, reads:

"1. Proposed extension of a non-conforming use of a garage for more than five motor vehicles and storage, to include factory work in a residence use district is contrary to Art. II section 3 of the Z.R. and also contrary to the B of S & A resolutions Cal. 487-47-BZ and Cal. 488-47-A.

MINUTES

2. Door openings for loading berths should not be less than 12'-0" Section 19A(hl) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 and 100 ft. frontage by 204 ft. 4 in. in depth, irregular, on which is located a class 3 building partly 2, 3 and 4 stories in height, erected prior to 1913; that under Alt. No. 310-47 and Cal. No. 487-47-BZ and 488-47-A, the premises were converted to the following uses: sub-cellar, bake shop; cellar, garage and locker room; 1st story, garage for more than five motor vehicles; 2nd story, packing room; that certificate of occupancy No. 85014 was issued for these uses on January 11, 1949; that the door openings for the loading and unloading space are existing and comply in all respects with section 19A of the zoning resolution, except in width; that one opening is 10 ft. 6 in. wide and the other is 11 ft. wide; that it would create an unnecessary hardship and expense to the owner to make the doors 12 ft. wide; that in their present condition they are practical and serve the owner's purpose; that it is proposed to secure a variance of the building zone resolution for a period of ten years to change the present uses as called for under certificate of occupancy No. 85014 to storage of plumbing supplies, pipe cutting and threading, garage for more than five motor vehicles, offices, locker room, loading and unloading; and

WHEREAS, the applicant contends that inasmuch as this site was in an unrestricted zone, the affected area was developed with non-conforming uses, but the character of the streets, because of the present non-conforming uses, is definitely unrestricted, as follows: block 1483, lot 33—garage, factory and loft; lots 28 to 32, parking lot; lot 23, motor vehicle repair; lot 41, garage and dwelling; lot 42, factory; lot 11, loft and garage; lot 10, garage; lots 9 and 1, factory; block 1455, lot 28, warehouse; lot 27, store and dwelling; block 1484, lot 5, loft; lot 8, store and dwelling; lots 9 to 14, factory; lot 16, store and dwelling; lot 26, part of gas station in residential zone; and

WHEREAS, the applicant states that the present owner has held title to the property since December 22, 1914; that the assessed valuation of land is \$105,000 and of the buildings \$80,000, making a total of \$185,000; that the building was erected prior to 1913.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 22, 1947, as amended by resolutions adopted through March 16, 1948, by adding thereto:

"that in the event the owner desires to sell the premises so as to permit occupancy throughout by a plumbing concern storing plumbing supplies and cutting and threading pipe, such change of occupancy may be permitted for a term of five (5) years, as proposed and as shown on plans filed with this application, marked 'Received March 5, 1954' (9 sheets), *on condition* that the building shall not be increased in height or area and in all other respects shall comply with the requirements of the Building Code therefor and all other laws, rules and regulations applicable thereto; that the cellar and sub-cellar shall be protected with a sprinkler system which need be not more than one-source fed from one street supply; that signs on the premises shall be restricted to such signs as would be permitted for a similar building when located in a retail use district; that as to objection 2, that under Section 19A, subdivision h, the existing doors may be permitted; and that all permits required, including a new certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

773-47-BZ—Vol. III

APPLICANT—Henry Nordheim, for Vincent Amatucci, owner.

SUBJECT—Application October 19, 1953 (decision of the borough superintendent), under section 7c of the zoning

resolution, to permit in a retail use district the alteration and erection of a one story accessory building on existing gasoline service station (previously granted, an extension in area by the Board), and the removal of existing pits and the installation of a new pit and a new hydraulic lift. PREMISES AFFECTED—3883-3889 East Tremont avenue, east side, 59.25 ft. north of East 177th street (Block 5439, Lots 3, 5 and 6), Borough of The Bronx.

APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Housings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on November 10, 1953 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East Tremont avenue and East 177th street are in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated September 21, 1953 acting on Alt. Applic. 847-53, reads:

"1. The proposed alteration and extension of a non-conforming use in a retail use area, i.e., the erection of a one story storage building accessory to an existing gas station and the provision of a new pit and hydraulic lift is contrary to Sec. 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.16 ft. frontage by 93.16 ft. in depth, irregular, upon which is located two buildings; that the northerly building is occupied as stock room and office and the southerly building as stock room for lubricating oil and auto laundry; that it is proposed to erect an extension between these two buildings, 26 ft. 3 in. front by 6 ft. in depth, to be used for the storage of non-volatile lubricants and all other lubricating oils; that this smaller building will be so located as to better facilitate lubrication of cars on the hydraulic lift and greasing pit; that the hydraulic lift will be new and the three existing pits are to be filled in for the reason that they are too centrally located and are a hindrance to movement of cars; and

WHEREAS, the applicant contends that the proposed building will improve the appearance of the site for at present there is an old metal fence in very bad repair between the existing buildings, unsightly and not worth the cost of repairing; that the space now taken up in the oil stock room is needed for the stocking of tires and batteries; that the building will be constructed entirely of cinder block with white stucco to street front and coated with cement on rear wall; and

WHEREAS, the applicant states that the owner has held title to the property since June 1, 1921 and further states the valuation of land is \$9,600 and for the buildings \$16,300, making a total of \$25,900, and states the building was erected October 24, 1947; and

WHEREAS, the premises was inspected in connection with the prior case.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted March 1, 1949, by adding thereto:

"* * * that the open grease pits shall be removed and filled in and the space surfaced; that there may be one open greasing pit and a pneumatic lift erected in the space

MINUTES

as proposed and as indicated on plans filed with this application marked "Received October 19, 1953", 3 sheets, and there may be constructed a one story building at the rear for such equipment as shown on such plan, provided such building does not exceed one story in height and is used for the purpose as proposed; and where not inconsistent with the resolution above cited, adopted March 1, 1949, the requirements of such resolution shall be complied with in addition to this amended resolution; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution."

797-47-BZ—Vol. II

APPLICANT—George H. Colin, for Crew Levick Corporation, owner.

SUBJECT—Application April 27, 1953 (decision of the borough superintendent), under sections 7c, 7i and 21 of the zoning resolution, to permit in a residence and business use district, the extension and reconstruction of existing gasoline service station to include lubrication, car washing, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking of motor vehicles on unbuilt upon portion of lot, with show window nearer to residence use district than is permitted.

PREMISES AFFECTED—4880 Broadway, northeast corner of West 204th street (Block 2235, Lot 1), Borough of Manhattan.

APPEARANCES—

For Applicant: Benjamin Mosher and Robert Stanton.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 19, 1953 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on April 20, 1954 after due notice by publication in the Bulletin; and laid over to May 18, 1954, for inspection and decision without further argument; hearing closed; then to May 25, 1954, for decision after applicant has filed revised plans; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Broadway and 204th street are in residence and business use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated April 10, 1953 acting on N.B. Applic. 54-52, and superseded by N.B. 54-52 dated December 23, 1953, reads:

"1. Proposed use as a gasoline service station, including accessory sales, lubrication, car washing, minor motor repairs & parking for more than five (5) motor vehicles, located partly within a residence use district and partly within a business use district is contrary to Art. II, Para. 3 & Para. 4, Zoning resolution.

2. Show window lies partly within 75 ft. of residence use district and is therefore contrary to Art. II, Para. 7A, Zoning Resolution.

3. Extensions of curb cuts located within 200' of an entrance to a public park constitutes an extension of a non-conforming use and is therefore contrary to Art. V, Para. 21A, Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 ft. frontage by 200 ft. 6 in. in depth, on which is located a one-story brick building, consisting of office, toilet and heater room; that there are also located on the property a three-pump concrete island and three open grease

pits; that in addition, there is a wood picket fence running parallel with Broadway, distant 78 ft. from the Broadway building line; that the portion of the premises east of this fence slopes sharply downward and is vacant; that the gas station now on the premises was erected in 1925 under Permit No. 980, dated April 9, 1925 which was issued on Applic. N.B. 70-1925; that certificate of occupancy No. 9876-1925 is submitted with this application, but all of lot No. 1 is not covered by this certificate and an area extension is therefore sought to permit use of the entire lot; that it is proposed to remove existing building and to erect a new three-bay service station 30 ft. by 62.5 ft. and will, in addition to the office, accommodate three bays, two for lubrication and one for car washing, ladies' and men's rest rooms and storage and heater rooms; that the construction is to consist of concrete foundations and floors, cinder block and concrete block walls, wood roof framing, sheet rock or plaster board ceilings and asphalt roofing; and

WHEREAS, the applicant contends that porcelain enamel facing is appropriate for this location and this type of exterior is therefore indicated; that it is also proposed to remove the wood picket fence, to grade and pave the easterly portion of the premises and to use same for parking and storage of more than five motor vehicles; that a ramp will be constructed from the service station area down to the lower level of the parking and storage area; that no change is contemplated with respect to the existing curb cuts but an additional curb cut is proposed on 204th street for access to the parking and storage area; that existing grease pits are to be removed and a two pump island is to replace the existing three pump island; that the area immediately adjacent to the pump island will be paved with concrete and the remaining open area will be paved with asphalt; and

WHEREAS, the applicant contends that Broadway and nearby Dyckman street are important vehicular thoroughfares; that the station was built in 1925 according to standards and requirements of that day and does not now meet the present day requirements; that open greasing facilities are outmoded and do not adequately serve the public and an enclosed lubritorium will make available modern greasing facilities; that the proposed modernization will improve the general appearance of the neighborhood; that the parking and storage facility will remove from the public streets many of the vehicles now clogging the thoroughfares in this vicinity and will alleviate traffic congestion; that the granting of this application will not alter the essential character of the locality; and

WHEREAS, the applicant states the owner has held title to the property since June 1, 1942 and through affiliated corporations and reorganization since 1924, and further states that the land valuation is \$53,000 and of the buildings \$2,000, making a total of \$55,000; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, and the Committee recommends that the application should be granted to permit extension of area and uses substantially as proposed; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c & i, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision c, to permit extension of area as proposed and as indicated on plans filed with this application marked "Received February 16, 1954," 6 sheets, and "May 21, 1954," 4 sheets, on condition that the premises shall be rearranged and constructed and maintained as indicated on such revised plans marked "Received May 21, 1954," 4 sheets; that there shall be no opening to West 204th street except one curb cut now existing adjacent to Broadway; that existing curb cuts to Broadway, as shown, may be continued; that all existing buildings and uses on the premises shall be removed and the premises shall be reconstructed, substantially as indicated on such plans except that the facing of the accessory building shall be of face brick; that there shall be no cellar underneath

MINUTES

the accessory building; that such building shall be arranged as indicated and shall comply in all other respects with the requirements of the Building Code; that the rear portion of the premises under section 7c may be occupied for the parking of motor vehicles awaiting service or having been serviced; that pumps shall be erected not nearer than 15 ft. to the street building line of Broadway and shall be of a low approved type; that the number of gasoline storage tanks shall not exceed eight 550 gallon tanks; that there shall be erected on the interior lot lines where walls of adjoining buildings do not occur a masonry wall or a woven wire chain link type fence for a total height of not less than 5 ft. 6 in. replacing the board fences and on the street building line of West 204th street for the distance as shown; that there shall be erected a similar woven wire fence erected on a masonry base; that the parking area shall be reached for exit and entrance only by means of the ramps as shown; that the parking area shall be paved with clean gravel or steam cinders and treated with a binder or paved throughout with asphaltic paving as proposed and with suitable yard drain; that wood bumpers shall be maintained along such fences at all points for protection of fences and walls of adjoining premises; that the balance of the premises shall be paved with concrete or asphaltic pavement; that sidewalk and curbing around the premises shall be reconstructed or restored to the satisfaction of the Borough President; that under section 7i, there may be minor repairing with hand tools only carried on within the accessory building for adjustments; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and not extending above the roof and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line of one post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend in the direction parallel to West 204th street for a distance of not over 4 ft.; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that all permits shall be obtained, including a new certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

1076-48-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Coberta Realty Corp., owner.

SUBJECT—Application November 30, 1953 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a business use district, for a term of twenty years, the erection and maintenance of a garage for the parking and storage of more than five motor vehicles, auto servicing, lubritorium, car washing, motor vehicle repairs, brake testing, wheel alignment, auto showroom and office, and to permit the erection of a gasoline service station.

PREMISES AFFECTED—190-194 Delancey street and 71-73 Ridge street, northwest corner (Block 343, Lot 30), Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on December 15, 1953 subject to regular procedure, to consider additional use; and

WHEREAS, a public hearing was held on this application on April 27, 1954 after due notice by publication in the Bulletin;

laid over to May 25, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Delancey street and Ridge street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated November 20, 1953 acting on N.B. Applic. 137-53, reads:

"1. Proposed garage for parking and storage of more than five motor vehicles, servicing, lubritorium, car washing, brake testing, minor auto repairs, wheel alignment, office & showroom, gasoline service station, parking and storage of motor vehicles in a business use district is contrary to Article II Section 4a(15)(46)(29) of the Z.R. and also contrary to the B. of S. & A. Resolution Cal. #1076-48-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 114 ft. 4 in. frontage by 76 ft. 4 in. in depth, presently used as a parking lot, for which certificate of occupancy No. 37384 has been issued; that it is proposed to remove the present use and erect a modern one story building of class 3 construction, having a frontage of 114 ft. 4 in. on Delancey street, 36 ft. 4 in. on Ridge street and irregular along the interior lot lines; that the building will be used as a garage for parking and storage of more than five motor vehicles, auto servicing, lubritorium, car washing, brake testing, minor auto repairs, wheel alignment, office and auto showroom; that the open area will be developed with a gasoline service station consisting of eight 550-gallon gasoline tanks and four dispensing pumps; that a part of the open area will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the site occurs in the heart of the most congested part of the city, where all of the buildings are old and a modern development of any sort would be an improvement to the community; that the site is faced on the south by a high masonry embankment of the Williamsburgh bridge and is unsuitable for habitation, or stores; that the shopping center has developed to the west, where the bridge approach is at grade; that the many non-conforming uses in the affected area show that the site is incorrectly zoned; that the non-conforming uses in the area are as follows: block 342, lots 37, 38 and 44, lumber yard and poultry market; block 343, lot 71, motor repair shop; block 343, lots 75 and 66, factory and garage; that under Cal. 1076-48-BZ, the Board granted a variance for a public garage; that Delancey street is a main auto lane leading to East River drive; and

WHEREAS, the applicant states that the present owner has held title to the property since March 14, 1944; that the assessed valuation of land is \$45,000, making a total of \$45,000; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, and consideration has been given to the previous grant for a garage which has not been constructed; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision f, for a term of twenty (20) years, to permit the premises to be occupied as a garage building and repair shop with a gasoline service station and parking substantially as proposed and as indicated on plans filed with this application marked "Received November 30, 1953," 4 sheets, on condition that all present uses, fencing and structures on the premises shall be entirely removed and the building shall be erected not over one story in height, substantially as proposed, and meeting the requirements in all other respects with the zoning resolution and the requirements of the Building Code and all other laws and rules applicable thereto; that the yard space in the back shall be properly paved and shall have a brick wall as proposed on the interior lot lines; that pumps for the sale of gasoline shall be erected not nearer than 15

MINUTES

ft. from the street building line of Delancey street; that curb cuts shall be restricted to two curb cuts each 30 ft. in width to Delancey street; that on the building line along Ridge street from Delancey street to the wall of the accessory building there shall be constructed a masonry wall with picket fence, as proposed, to a total height of 5 ft. except such wall may be reduced to a height of 3 ft. 6 in. within 5 ft. of the building line of Delancey street, with proper terminating posts at the building line; that no curb cut shall be nearer than 5 ft. to any building line as prolonged; that at the intersection within the building lines there shall be erected a block of concrete not less than 12 in. in height and extending for a distance of 5 ft. along the building line; that signs shall be restricted to a permanent sign attached to the front facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line near the intersection of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that the pumps shall be of a low approved type; that the number of gasoline storage tanks shall not exceed eight (8) 550 gallon tanks; that sidewalks and curbing abutting the premises shall be repaired or constructed to the satisfaction of the Borough President; that under Section 7i, for a similar term, there may be servicing of motor vehicles within the building, as proposed, and including such servicing also as a lubritorium, car wash, brake testing, wheel alignment and minor repairs; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

673-49-BZ—Vol. II

APPLICANT—Paul Friedman, for Mallis Realty Corp., owner.

SUBJECT—Application January 18, 1954 (decision of the borough superintendent), under section 7f of the zoning resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, lubritorium, auto wash (non-automatic), storage and sale of accessories and office; and to permit the parking of cars waiting to be serviced (previously withdrawn), for a term of fifteen years.

PREMISES AFFECTED—223-09 to 223-19 Merrick boulevard and 133-30 to 133-38 224th street, northwest corner (Block 12962, Lot 84), Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: Joseph Deutsch.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-	
ert and Keating and Deputy Chief Connors	4
Negative	0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 2, 1954 subject to regular procedure, to consider additional use; and

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; and laid over to May 25, 1954, for inspection and decision—hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Merrick boulevard are in a retail use, D area, class 1 height district; 224th street is in residence and retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 7, 1954 acting on N.B. Applic. 4896-53, reads:

“1. Proposed use for Gasoline Service Station, Lubritorium, Auto Laundry (non-automatic), Office, Storage and Sales of Auto Accessories, and Parking of cars waiting to be serviced, contrary to uses permitted in a Retail Use District under Art. II Sec. 4-A of the Zoning Resolution.”

and

WHEREAS, the applicant states that the premises consist of a plot, 117.96 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a building 60 ft. by 31 ft. in depth, irregular, one story, 13 ft. in height, of class 3 construction, to be used as lubritorium, auto laundry and office, with ten 550 gallon gasoline tanks, four dispensing pumps, with two curb cuts on Merrick boulevard and one on 224th street; that it is further proposed to park cars waiting to be serviced; and

WHEREAS, the applicant further states that as of July 25, 1916 the subject premises was in a business use district, one times height district and a D area district; that on January 21, 1947 the use district was changed from business to retail and on June 30, 1952 the height district was changed from 1 to $\frac{1}{2}$; that no petition or proposed amendment is pending to change the zoning designations affecting this plot; and

WHEREAS, the applicant contends that under Cal. No. 637-49-BZ, an application affecting these premises was filed to permit the erection of a gas station, lubrication, auto washing, office and sale of automobile accessories; that this application was withdrawn on February 15, 1950 at the request of the then applicant “inasmuch as the plot is to be used for a branch public library”; that subsequently an alternate site for the public library was approved by the Board of Estimate at the westerly side of 225th street approximately 226 ft. south of Merrick boulevard, in block 13105, lot 7, and the public library has been erected thereat; and

WHEREAS, the applicant further contends that there is no economic demand for the construction of retail stores at the subject premises as nearby stores adequately serve the needs of the neighborhood, nor is there any demand for residential purposes because the property is situated on heavily trafficked street and because of the character of development of premises in the immediate neighborhood; that block 12961, lot 18 contains a funeral home; block 12963, lot 308, auto showroom and motor vehicle repair shop; block 12964, lot 276, parking lot; block 13100, lot 34, lumber yard and on lot 37, parking lot; block 13103, lot 21, gasoline station and motor vehicle repair shop and in block 13105, lots 33 and 41, auto showroom, motor vehicle repair shop, gas station and parking lot for patrons and employees; that there is a demand for the use of the subject premises as a gas station because it is located on a heavily trafficked street; that a grant of this application would not adversely affect the neighborhood as the proposed use would be in conformity with the character of the uses established at the other three corners of this intersection, which are devoted to automotive uses; that the gas station will be of the parkway type with landscaping and fences; that a grant of this application would enable the owner to obtain the beneficial use of its property without adversely affecting any one; and

WHEREAS, the applicant states the owner has held title to the property since August 3, 1950 and further states the assessed valuation of land is \$16,000, no buildings, for a total of \$16,000; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, and the Committee has given careful consideration to the proposal, particularly as it might affect the adjoining residential occupancies and believes that no serious effect will occur as to the adjoining residential area with the conditions the Board intends to impose; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision f, for a term of fifteen (15) years, to permit the premises to

MINUTES

be constructed and maintained substantially as proposed and as shown on plans filed with this application marked "Received January 18, 1954," 3 sheets, *on condition* that all existing uses on the premises shall be entirely removed; that the plot shall be leveled substantially to the grade of the abutting streets and shall be arranged as indicated on such plans, except that there shall be no curb cut to 224th street; that along the 224th street building line and the rear line and along the easterly lot line there shall be erected a masonry fence which may be of the masonry and steel picket type for a total height of not less than 5 ft. except along the rear line where the wall shall be masonry for the full height; that such wall may be reduced to a height of not less than 3 ft. 6 in. within 10 ft. of the Merrick boulevard building line to the east and west; that the accessory building shall be of the design as proposed and there shall be no cellar under such building and it shall be arranged as proposed, and in all other respects shall comply with the requirements of the Building Code; that pumps shall be of a low approved type and erected not nearer than 15 ft. from the street building line; that curb cuts shall be restricted to two curb cuts to Merrick boulevard only, each not over 30 ft. in width; that at the intersection there shall be a block of concrete not less than 12 in. in height extending for a distance of not less than 5 ft. along each street building line; that the gasoline storage tanks shall be limited to ten (10) 550-gallon tanks; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line near the intersection of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to the Merrick boulevard line for a distance of not more than 4 ft.; that the space shown to be landscaped shall be maintained with suitable planting and protected with concrete curbing together with additional space now proposed for parking to the rear of the premises on a line north of the rear line of the accessory building as extended; that the balance of the station shall be paved with concrete or asphaltic pavement; that the sidewalks and curbing around the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that where no curbs or sidewalks exist on the streets abutting the premises, such new curbs and sidewalks shall be constructed to the satisfaction of the Borough President; that parking of cars awaiting service may be permitted under Section 7f as proposed; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

133-50-BZ—Vol. II

APPLICANT—Charles M. Spindler, for Arthur L. Krauss, owner.

SUBJECT—Application January 14, 1954 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a business use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, auto washing, lubritorium, motor vehicle repairs, storage and sale of accessories and office (previously denied by the Board, including auto showroom, wheel alignment and parts department).

PREMISES AFFECTED—73-33 Yellowstone boulevard and 67-02 Juno street, southeast corner, 66-82 to 66-102 Selfridge street and 67-03 to 67-13 Kessel street (Block 3183, Lot 2), Forest Hills, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus and C. J. Schley.

For Opposition: William E. Frost.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 2, 1954 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on April 27, 1954 after due notice by publication in the Bulletin; laid over to May 25, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area, class 1 height district; Yellowstone boulevard, Selfridge street and Kessel street are in residence and business use, D area, class 1 height districts; Juno street is in residence and retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 5, 1954 acting on N.B. Applic. 4985-53, reads:

"1. The use of the premises as a gasoline service station, auto washing, lubrication, office, accessory sales & minor repairs with hand tools only in a Business Zone is contrary to Art. II Sec. 4 subsection (a) 29, 46 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. by 233.36 and 129.06 ft., triangular in shape, presently vacant; that a previous application under Cal. No. 133-50-BZ was withdrawn on July 11, 1950 and then later reopened and denied on July 25, 1950; that this previous application proposed a large flat roofed building containing an auto showroom and repair shop, and also proposed driveways from both Yellowstone boulevard and Selfridge street to the gasoline station area; that it is now proposed to develop the site with a parkway type of service station; that the proposed building will be less than 1500 sq. ft. in area, will have a peaked roof and will have face brick facades on all four sides; that the building will be set back from all streets so as to minimize its effect on surrounding property; that the repairing proposed under section 7i will be confined to the interior of the building and will be limited to minor adjustments using hand tools only; that an ornamental wrought iron fence on a brick base will be constructed along the building lines of Juno street, Selfridge street and Kessel street, as well as along the lot line of adjoining lot No. 1; that shrubbery and planting, protected by a concrete curb, will be provided along all of these building lines; that with this layout, the gas station will actually be confined entirely to the Yellowstone boulevard frontage; that pumps, signs and curb cuts will be installed only on Yellowstone boulevard, with pumps set 15 ft. back from the building line; that considerable study has been given to the design of the accessory building to achieve a parkway aspect; that chimneys are being constructed at each end of the building, a bay window is to be provided for the front of the office and a cupola constructed at the center of the roof; that it is felt that this design will achieve an inconspicuous building with a residential aspect, entirely in harmony with the residential development to the east of the site; and

WHEREAS, the applicant contends that Yellowstone boulevard is a heavily travelled traffic artery; that although there is an existing gas station on Yellowstone boulevard directly opposite the site, in block 3150, lot 129, this station does not serve north bound traffic since the heavy traffic discourages motorists from crossing the opposing lane; that adjoining this existing gas station there are some large advertising billboards on the railroad property; that there is a Long Island railroad trestle crossing Yellowstone boulevard just south of Kessel street; that there are some large store buildings just north of the site on Selfridge street and Yellowstone boulevard in block 3184, lots 1 and 7, which are adequate to serve the needs of nearby residences; that because of these stores and because the railroad embankment cuts off the area to the south, it would not be economically feasible to construct stores on this plot; that the site is also

MINUTES

located in a D area district and the triangular shape and limited area permitted, constitute a further barrier to the construction of stores; that the type of service station herein proposed, with the fencing and planting as designed, will better protect the light, air and appearance of the neighborhood than would a taxpayer building, if such a building was economically feasible; that in designing this station, it was felt imperative to protect the residential character of the side streets, and it is felt that the design submitted achieves this protection and limits the station to the main traffic artery; that this site was originally in an unrestricted zone and the use zoning was changed from unrestricted to business on December 5, 1930; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivisions f and i, of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 4985-53, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

736-51-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Bellnord Associates, Inc., owner.

SUBJECT—Application March 31, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in the local retail use district portion of a lot located in a residence and local retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs, showroom for new and used cars, parts department and office; and to permit the parking and storage of cars, for a term of fifteen years (previously denied under sections 7e and 7A).

PREMISES AFFECTED—147-10 Northern boulevard and 37-01 to 37-09 147th street, southeast corner (Block 5016, Lot 18), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: J. H. Hoffnoyle.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 26, 1953 subject to regular procedure, for re-hearing; and

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25, 1954 for decision and inspection; no further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 147th street are in residence and local retail use, C area, class 1 height districts; Northern boulevard is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated March 26, 1953 acting on N.B. Applic. 583-53, reads:

"1. Use of premises located partly in a residence use district and partly in a local retail use district as a gasoline service station, lubritorium, minor auto repairs, car washing, auto showroom for new and used cars, office, parts department, parking and storage is contrary to Art. II Sec. 3 & 4C of the Zoning Resol."

and

WHEREAS, the applicant states that the premises consist of a plot, 153 ft. frontage by 105.30 ft. in depth, irregular, presently vacant; that it is proposed to erect a new automobile service center consisting of an auto showroom and a gasoline service station; that the contemplated building will

have a frontage of 74 ft., a depth of 53 ft., one story in height, of class 3 construction, and contain the aforementioned auto showroom and the necessary conjunctive uses to such showroom and gas station, these uses to consist of lubritorium, minor auto repairs, office and car washing; that the gas station will consist of ten 550-gallon gas tanks and six dispensing pumps; that a portion of the site will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the modern trend in automotive service has been to provide any service an owner may require in one place, from the purchase of his car to the maintenance and fueling of said car, and the project as proposed will be in line with these needs; that Northern boulevard is a very highly traversed auto lane and as such the project is entirely in keeping at this point; that the large residence development in the area has also created a need for the proposed showroom and gas station as such services are not available in the affected area; that there are more than sufficient stores in the area for public requirements; that although the site is partly in a residence zone the project will be confined to the local retail zone and the auto showroom is a permissible use in the local retail zone; that a planted area, 20 ft. in depth, will be maintained on the southerly lot line which will afford permanent additional light and ventilation to adjoining residence area and also act as a buffer between zones; that a 6 ft. wide planted area will be maintained along 147th street, except for a short distance in order to afford entry to the site, which will help maintain the residential aspect of 147th street; that a 15 ft. wide portion of the site at the easterly end will be reserved for a conforming use, and this, together with the permissible 30 ft. wide auto showroom will act as a buffer to the rest of the frontage on Northern boulevard to the east; that the highly modern design of the building and the contemplated treatment of the entire site with its landscaping and planting will enhance the appearance of the entire area and be in keeping with the modern trend in commercial design; and

WHEREAS, the applicant states that as of July 25, 1916 the property was in a residence district and on November 11, 1926 the portion of the property within 100 ft. of Northern boulevard was changed to a business district; that the present local retail designation became effective on September 18, 1947; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no sufficient reason advanced to justify a favorable decision to reverse the prior action of denial under Volume I; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivision e, of the zoning resolution

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 583-53, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

182-52-BZ—Vol. II

APPLICANT—Leonard Lazarus, for Vercon Holding Corporation, owner.

SUBJECT—Application January 29, 1954 (decision of the borough superintendent), under sections 7e and 21 of the zoning resolution, to permit in a local retail use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sale of accessories, and to permit the parking and storage of motor vehicles on unbuilt upon portion of lot.

PREMISES AFFECTED—18-10 Utopia parkway, 169-01 to 169-07 19th avenue, northwest corner, 169-02 to 169-04 18th avenue and 18-01 to 18-19 169th street (Block 5743, Lot 75), Whitestone, Borough of Queens.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 2, 1954 subject to regular procedure, previously withdrawn; and

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a local retail use, D area, class 1 height district; Utopia parkway, 19th avenue, 18th avenue and 169th street are in residence and local retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 8, 1954 acting on N.B. Applic. 1922-53, reads:

"1. The use of premises located in a local retail use district as a gasoline service station, lubritorium, minor auto repairs, car washing, office & sales, parking and storage of motor vehicles is contrary to Art. II Sec. 16-C of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 201.41 ft., 80.86 ft., 195.02 ft. and 30.54 ft. frontage by 80.96 ft. and 195.02 ft. in depth, irregular, presently vacant; that it is proposed to erect a modern gasoline service station to consist of ten 550-gallon storage tanks and six dispensing pumps; that the contemplated accessory building will be of colonial design having brick facades and a peaked roof, a frontage of 65 ft. and a depth of 30 and 31 ft., and will be of class 3 construction; that the building will contain the conjunctive uses of office, sales, lubritorium, minor auto repairs and car washing; that the northerly part of the site will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the highly modern colonial design of the building will be in accord with the community and enhance its appearance; that the parking and storage of motor vehicles will help alleviate the parking situation in the area; that there are to be no exits or entrances to the site on 169th street so that this street will not be affected; that all exits or entrances will be confined to Utopia parkway; that the site is in an irregularly shaped block completely isolated by streets on the four sides and will be entirely occupied by the proposed gas station so that no other property or owner can be affected;; that the isolation of the plot makes it entirely unsuitable for stores, which in any event would not be warranted at this time as there are sufficient stores in the area for public requirements; that Utopia parkway is a heavily trafficked auto lane leading across Queens and as such the proposal is entirely in keeping at this point; that the large apartment and home development makes this a required service to the community inasmuch as there are no other gas stations in the entire affected area; and

WHEREAS, the applicant states the owner has held title to the property since January 30, 1952 and further states the assessed value of land is \$2,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, a similar application under Section 7e, under Vol. I was withdrawn after hearing and inspection and recommendation for denial; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivision e, and that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the zoning resolution and was

therefore not entitled to relief on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the decision of the borough superintendent acting on N.B. Applic. 1922-53, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

714-52-BZ

APPLICANT—M. Martin Elkind, for Surenko Realities, Inc., owner.

SUBJECT—Application October 8, 1952 (decision of the borough superintendent), under sections 7e and 21 of the zoning resolution, to permit in a residence use, B area district, the erection and maintenance of a business building (retail stores), using more than the area permitted.

PREMISES AFFECTED—608 East 11th street, south side, 143 ft. east of Avenue B (Block 393, Lot 11), Borough of Manhattan.

APPEARANCES—

For Applicant: M. Martin Elkind.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 16, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for inspection and decision; applicant to file complete set of plans and submit letter as to what other properties the owner owns in this area; then to May 25, 1954, at request of the applicant's representative and for submission of name of proposed tenant; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; East 11th street is in residence and local retail use, B area, class 1½ height districts; Avenue B is in a local retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 1, 1952 acting on N.B. Applic. 46-52, and superseded by N.B. Applic. 46-52 dated January 25, 1954, reads:

"3. Proposed structure for retail stores in a residence use district is contrary to Art. II, Sec. 3 of Z.R.

4. Entire proposed coverage of lot is contrary to Art. II, Sec. 12(b) of Z.R. since the 65% provision is exceeded."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 94 ft. 9½ in. in depth, presently vacant; that it is proposed to erect a one-story and cellar commercial building; that the walls will be of brick and concrete block construction, foundation walls to be of concrete; that floor and roof beams will be of timber and the front of the building will consist of brick walls, glass windows and wood doors; and

WHEREAS, the applicant contends that although the present use is residential, there are many business uses now existing along this street; that the buildings on this street date from the beginning of the century; that the character of the street is established and there would be no adverse effect by the proposed use; that it is not likely that the character of this district will change in the near future and if such change should occur at a distant date, the limitation in years of the proposed use will provide a safeguard when existing conditions will change; that the property cannot be used for any purpose except commercial; that a residential improvement here is out of the question and unless a use such as proposed were approved, the property would be unproductive both to the owner and to the city; that although the proposed building is in excess of area requirements, it is only one story in height, whereas the predominant height of buildings on this street is 5 to 6 stories and therefore the proposed building

MINUTES

will serve to maintain desirable openness to a greater degree than any present building on the block; that the greatest majority of buildings on this street are in excess of present area requirements and therefore the proposed area of the building in question would not represent a unique or unusual condition on this street; that the property is relatively small and strict observance of the area requirements would make the possible area of this building too small to be economically desirable or warrant construction; that strict compliance with the letter of the law would be unnecessary in view of the fact that the proposed construction would not adversely affect any adjoining property owners; and

WHEREAS, the applicant states that as of July 25, 1916 the property in question was in a business district and was rezoned to its present use designation on November 29, 1945; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the applicant now proposes the tenant of the building to be the Eagle Realty Associates, engaged in the real estate and management business, now located at 531 East 13th street, New York City; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e, as to use, for a term of fifteen years, to permit the building as proposed and for the occupancy as proposed and hereinbefore stated and as indicated on plans filed with this application marked "Received October 8, 1952," 1 sheet, "January 15, 1954," 2 sheets, and "January 20, 1954," 1 sheet, *on condition* that the building shall comply with all requirements of the Building Code therefor, and also with the requirements of the zoning resolution as to area, and shall be constructed one story only in height; that signs to advertise the real estate brokerage and management business, as proposed for the occupancy, shall comply for similar buildings when located in a local retail district; that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

296-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Dept. of Marine and Aviation, owner (West End Development Corp., lessee).

SUBJECT—Application April 20, 1953 (decision of the Department of Marine and Aviation), under section 7e of the zoning resolution, to permit in a residence use district the erection and maintenance of a gasoline service station for servicing of boats, with two curb cuts to be used as business entrances, a bathing beach, a boat basin including storage, rental, anchorage and repairs of small boats, and to erect an approved type quonset hut to be used as a luncheonette, office and sale of boat equipment, and to erect shower stalls and lockers, and anchor floats to pier, all for a term of fifteen years.

PREMISES AFFECTED—3701-3771 Bayview avenue, north side, from Seagate avenue to 37th street (Block 6956, Lots 65 and 165), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioner Keating 1

Negative: Chairman Murdock and Deputy Chief Con-
nors 2

Not Voting: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 20, 1954 after due notice by publication in the Bulletin; laid over for inspection and decision; date to be set; applicant to furnish copy of agreement with the Department of Marine and Aviation and copy of lease; then set for May 25, 1954; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; Bayview avenue is in residence and business use, C area, class 1 height districts; Seagate avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Department of Marine and Aviation dated April 17, 1953, reads:

"You applied for a permit to use and develop premises as follows: bathing beach, build new boat basin including storage, rental, anchorage and repairs of small boats, erect approved type quonset hut to be used as a luncheonette, office and sale of boat equipment, erect shower stalls and lockers, anchor floats to pier, construct two curb cuts and install 2-550 gallon gasoline tanks and pumps northerly of Bayview Avenue, between West 37th Street and Seagate Avenue, Gravesend Bay, Borough of Brooklyn.

The proposed installations are in a residential use district and are contrary to Art. 2, Sec. 3 of Zoning Resolution.

You are advised, therefore, that your application for permit is hereby denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 647 ft. 11 in. frontage by 400 ft. in depth, irregular, on which are located a pier and a quonset hut; that the pier was erected before 1925 and was used as a landing pier for excursion boats; that this pier was repaired in 1952 under Department of Marine and Aviation Permit No. 43987; that it is proposed to maintain and repair the present pier and erect a new 20 ft. by 48 ft. quonset hut on said pier, to be used as a luncheonette, office and sales of boat equipment; that the westerly portion of the premises will be used as a bathing beach and for the storage of boats in the winter time; that the easterly portion of the site will be used as a boat basin for the rental, storage, anchorage and repairing of small boats; that it is also proposed to install two 550-gallon gasoline tanks and two gasoline pumps on the pier for the servicing of boats; that a new breakwater and bulkhead will be erected on the northerly and easterly lot lines; and

WHEREAS, the applicant contends that inasmuch as this pier has been in existence since before 1925 and at which time it was being used for the landing of excursion boats, it is only proposed to continue a similar commercial use; that the proposed use will not be a detriment to the affected area and will not affect Bayview avenue any more than a yacht club, which would be a permissible use in a residence zone; that lot No. 65, now under water, is owned by the City of New York, Department of Marine and Aviation and leased by the owner of lot No. 165; that lot No. 65 was leased for the uses requested under this application; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivision e, of the zoning resolution to permit the development of the premises for the uses proposed.

Resolved, that the decision of the Commissioner of Marine and Aviation, dated April 17, 1953, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

496-53-BZ

APPLICANT—Abraham Grossman, for 39 East 63rd Street Realty Corp., owner. (Pathological and Diagnostic Laboratories, Inc., lessee).

MINUTES

SUBJECT—Application June 18, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district the use of cellar and basement as a clinical laboratory in existing building used as a doctor's office and multiple dwelling, for a term of fifteen years.

PREMISES AFFECTED—39 East 63rd street, north side, 221 ft. east of Madison avenue (Block 1378, Lot 30), Borough of Manhattan.

APPEARANCES—

For Applicant: Abraham Grossman and Morris A. Misbin.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleiner and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; East 63rd street is in residence and restricted retail use, B area, class 1½ height districts; Madison avenue is in a restricted retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated May 28, 1953 acting on Alt. Applic. 138-53, reads:

"A1. The proposed use of cellar and basement as a Clinical Laboratory in a Residence District is contrary to Article II, Section 3, sub. 6 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 ft. frontage by 100 ft. 5 in. in depth, on which is located a building 20 ft. frontage by 85 ft. in depth (typical floor 59 ft. deep), four stories, 52 ft. in height, of class 3 construction, used as a multiple dwelling, doctor's office and clinical laboratory; that it is proposed to continue use of basement and cellar as a clinical laboratory; and

WHEREAS, the applicant contends that the premises were purchased in January, 1947 for the sum of \$72,000 for the primary purpose of establishing on the basement and cellar floors a physician's office and clinical laboratory; that the basement and cellar were so used from the date of purchase to the present date without interruption and without interference or criticism until an anonymous complaint was filed with the Department of Housing and Buildings on September 15, 1952; that pursuant to such complaint a violation was placed against these premises in that their use was a violation of the zoning resolution because the basement was being used for the conduct of a business; that during a period of six years, the sum of \$28,000 has been expended adapting and using the premises now declared under violation; that if this application is denied, the owner would suffer great hardship and the entire loss of these expenditures, since the improvements made would have no value once said use is terminated; that a certain amount of goodwill with the medical profession would be seriously curtailed and diminished by the termination of its work at these premises, and in addition enormous expense would be incurred in acquiring new quarters and adapting them for this use, which would be an unnecessary hardship; that doctor's offices are permitted in multiple dwellings such as this, and it is contended that the premises herein are used as a doctor's office; that Dr. Josef Gudemann, the chief stockholder of the petitioning corporation is a practising pathologist maintaining his office at the premises under violation and maintains a clinical laboratory as part of his practice, both for his own patients and those of other practicing physicians; that a large practice has been developed over the years, and it is because of this large

practice that criticism has been made that a business is being conducted at the premises; that Dr. Gudemann conducts only the practice of medicine and like any other specialist in the field of medicine accepts forwarding work from other physicians; that he does not hold himself out to the general public as a laboratory nor does he render reports or diagnoses to the general public, restricting reports and diagnoses only to physicians or to his own patients; that there is no advertising to the general public nor is laboratory work of any kind accepted from the street or from the public generally; that there is neither public display nor signs of any kind on the face of the building other than the doctor's name; that the work of a pathologist, by its very nature, deals with clinical and laboratory examination and for this reason a laboratory is maintained; that group medical centers are permitted on the street floor of multiple dwellings and no prohibition or limit is placed on, or size of laboratories used in conjunction with the activities of these group medical centers; that the street contains business uses as follows—store used as a laundry at No. 25 East 63rd street, which is to the west of the affected premises; that directly across the street are two restaurants in active operation, one at No. 26 East 63rd street and the other at No. 28 East 63rd street; that in view of the foregoing, a variance is requested for a term of fifteen years to permit the doctor to conduct his laboratory in the same manner as it is now conducted; and

WHEREAS, the applicant states that the present owner has held title to the property since January 5, 1947; that the assessed valuation of land is \$32,000 and of the building \$30,000, making a total of \$62,000, and that the building was erected 1882; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the doctor's office and laboratories are maintained by the person who is also the owner of the building; and

WHEREAS, it is contended that the use has existed for about seven years without question until recently; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e, to permit the use of the basement and cellar as proposed for a term of fifteen (15) years as indicated on plans filed with this application marked "Received June 18, 1953," 3 sheets, "April 19, 1954," 2 sheets, *on condition* that this use, as now being maintained, shall continue under the terms as herein proposed without material change in function; that in the event the present tenant moves, this variance shall cease; that the premises shall be maintained otherwise as proposed and as now existing and the laboratory and doctor's facilities shall be maintained to the satisfaction of the Commissioner of Health; that in all other respects it shall comply with all laws, rules and regulations applicable thereto; that the existing bronze sign in front of the premises may be retained but not enlarged; that such fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that all permits shall be obtained, including a certificate of occupancy and all work completed within six (6) months from the date of this resolution.

760-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Warren Wyckoff Realty Corp., owner.

SUBJECT—Application October 19, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in the business use portion of a lot located in a business and unrestricted use district, the egress from existing garage to parking lot, located in the business use portion of plot.

PREMISES AFFECTED—503 Warren street, north side, 150 ft. east of Nevins street and 272-280 Wyckoff street (Block 394, Lots 9, 10 and 51), Borough of Brooklyn.

MINUTES

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25, 1954, for inspection and decision; no further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Warren Street are in business and unrestricted use, B area, class 1½ height districts; Nevins street and Wyckoff street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 8, 1953 acting on Alt. Applic. 3166-53, reads:

"1. Egress to existing garage from business portion of lot is contrary to Art. II Sec. 4a-15 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 21 and 100 ft. frontage by 200 ft. in depth, irregular, on which is located a garage 21 ft. front by 100 ft. in depth, one story, 14 ft. in height, of class 3 construction, erected under N.B. Applic. 1579-47; that the gas station and gas pumps were installed under Misc. No. 1148-47 and no certificate of occupancy has been issued; that the rear of the premises, having a frontage of 100 ft. on Wyckoff street, is occupied for the parking and storage of more than five motor vehicles, installed under Alt. No. 3616-51, for which use no certificate of occupancy has been issued; that the present 24 ft. by 51 ft. frame shed is to be removed; and

WHEREAS, the applicant contends that the present garage building facing on Warren street and the present parking and storage of more than five motor vehicles facing on Wyckoff street are to be maintained; that a rear door has been installed in the rear of the building facing Warren street, giving access to the parking lot facing on Wyckoff street; that inasmuch as the lots on both streets are under the same ownership and as the uses are similar and will be used conjunctively, the block cannot be affected; that main access to the garage building is from Warren street and excess cars are stored at the parking lot, which has its own entrances and exits from Wyckoff street; that as the present uses are legal, it is requested that this application be granted; and

WHEREAS, the applicant states the owner has held title to the property since February 28, 1951, and further states the assessed valuation of land is \$12,500 and of buildings \$9,700, making a total of \$22,200, and the date of erection of building is 1947; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision c, to permit the extension of use on lots 9 and 10 to include lot 51, as proposed and as indicated on plans filed with this application marked "Received October 19, 1953," 3 sheets, and "March 17, 1954," 1 sheet, on condition that the curb cut to the premises on Warren street shall be subject to a permit therefor; that the building on such lot number 51 shall not be increased in height, and to permit the continuance of one gasoline pump and one 550-gallon tank as proposed and located where shown but not for sale of gasoline to the

public; that at the rear of such building there shall be an approved overhead door which shall normally be closed after working hours; that the existing frame building now on the premises, erected without a permit, shall be removed as proposed; that there shall be on the lot lines of the premises where walls of adjoining buildings do not occur a woven wire fence of the chain link type not less than 5 ft. 6 in. in height; that a similar fence shall be maintained along the line of Wyckoff street with no openings therein except a gate, where shown, opposite the existing curb cut, 17 ft. in width, for which a permit shall be held; that the premises where not built upon shall be suitably paved; that in all other respects the occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution.

761-53-BZ

APPLICANT—Burke, Green and Groh, for Bacall Realty Corp., owner (Goldcrest Store Fixture Corp., lessee).

SUBJECT—Application October 21, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a manufacturing use district the change in occupancy of part of 1st floor from manufacturing use to wood working shop, using power driven saws.

PREMISES AFFECTED—90-12 Van Wyck expressway, northwest corner of 91st avenue (Block 9364, Lot 1), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 16, 1954 after due notice by publication in the Bulletin; laid over to April 20, 1954, for inspection and decision; applicant to submit uses in building since erection, and also machinery used in the building; then to May 11, 1954, for decision after applicant has reported to the Board as to ventilating fan and cyclone; hearing closed; then to May 25, 1954, for applicant to file further revised plans and for information as to fans and the means of collecting sawdust and shavings; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a manufacturing use, D area, class 1 height district; 135th street and 91st avenue are in residence and manufacturing use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 6, 1953 acting on amendment to Alt. Applic. 1369-52, reads:

"1. Proposed change of use of portion of the first floor to a wood working shop using power driven saws in a manufacturing use district is contrary to Article II Sec. 4-F of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 250.3 ft. frontage by 200.39 ft. in depth, irregular, on which is located a building 250 ft. frontage by 100 ft. in depth (typical floor 200 ft. by 100 ft.), 3 stories, 40.3 ft. in height, of class 3 construction, presently used as assembling and manufacturing of store fixtures and show cases, including wood working, spraying and painting; that it is proposed to continue use by changing use of portion of 1st floor to wood-working shop, using power tools; and

WHEREAS, the applicant further states that as of July 25, 1916 the property in question was in an unrestricted district,

MINUTES

a 1½ times height district and a C area district; that on February 7, 1947 the present use zoning became effective and on June 30, 1947 the property was rezoned to its present height and area designations; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that the building in question is a three story fireproof building occupied as a factory in accordance with plans approved under Alt. No. 1369-52; that a portion of the 1st floor is used as a wood-working shop for the manufacture of store fixtures, wood trim, etc.; that this shop is confined to the corner portion of the 1st floor with a frontage of 70 ft. on Van Wyck expressway and 100 ft. on 91st avenue; that this area is shown on the 1st floor plan of proposed conditions and the plan also shows power driven equipment used in the wood-working shop together with a notation showing the horse power of the motors; that the area to be used for woodworking is located at the corner of the large plot; that there is 100 ft. of land and buildings on the same plot to the west of the woodworking area and 180 ft. of buildings on the same plot to the north of the woodworking area; that this provides effective separation of the woodworking use from adjoining properties; that the proposed plans show a one story and cellar extension to be erected on a plot 65 by 100 in the rear of the present factory adjacent to another portion of the building in question; that this extension has already been approved by the building department and is not a part of this application but is shown merely to give the Board a complete picture of the entire operation on this property; and

WHEREAS, the applicant further contends that the lessee has been a tenant of this building since the 20th of August, 1952 and at that time it was not contemplated that the use of any saws would be necessary for the conduct of the business; that as the business increased, circular saws were brought in which resulted in the subsequent violation being placed upon the property and is the reason this case is brought before the Board; that the present tenant's lease runs to October 1, 1957; that the building is located along Van Wyck expressway in an area which seems ideally set aside for such buildings; that it is in a manufacturing district and the sole purpose of this application is to grant the existence of a woodworking shop with circular saws in the portion of the building on the northwest corner of 91st avenue and Van Wyck expressway; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e, for a term of five (5) years to permit the occupancy of the space on the 1st floor of the building as proposed and as indicated on plans filed with this application marked "Received October 21, 1953," 10 sheets, "May 7, 1954," 2 sheets, and "May 21, 1954," 2 sheets, *on condition* that the uses proposed shall not exceed or be extended from the area now being occupied as shown on such plans; that there shall be erected on the roof in accordance with Bulletin No. 12 of the State Labor Department a cyclone connected to each woodworking machine making sawdust or shavings, so as to exhaust such material to the roof cyclone which shall be emptied when necessary in accordance with the requirements of such rules; that the number of woodworking machines listed in letter filed with the Board shall not be increased; that the spray booth shall meet the requirements of the rules therefor and shall be maintained to the satisfaction of the Fire Commissioner; that the fans exhausting such spray booth shall be reduced in speed so as to reduce the noise; that in all other respects this portion of the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such fire fighting equipment shall be maintained as the fire commissioner shall direct; that all permits shall be obtained, including a certifi-

cate of occupancy and all work completed within six (6) months from the date of this resolution.

818-53-BZ

APPLICANT—Ingram S. Carner, for Edward J. Thomas, owner.

SUBJECT—Application November 17, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a business use district the reconstruction of accessory building on existing gasoline service station, so as to include gasoline service station, lubricatorium, car washing, storage and sale of accessories, and to permit the parking of cars waiting to be serviced.

PREMISES AFFECTED—1676 3rd avenue and 182 East 94th street, southwest corner (Block 1522, Lot 40), Borough of Manhattan.

ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25th, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 3rd avenue are in a business use, B area, class 1½ height district; East 94th street is in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 28, 1953 acting on amendment to N.B. Applic. 60-52, reads:

"3. The reconstruction of an existing accessory building to an existing gasoline service station so as to include gasoline service station, lubricatorium, car washing, office and sales of auto accessories and parking of cars waiting to be serviced on a plot located in a business use district is contrary to Article II Section 4(a) (46)."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. 4¼ in. frontage by 36 ft. 8 in. in depth, on which is located a gasoline service station, for which certificate of occupancy No. 9624-25 (N.B. 565-24) has been filed; that the accessory building is 6 ft. by 12 ft. as shown on existing conditions and is of class 5 construction on the lot line; that it is proposed to rebuild the accessory building of masonry class 3 construction; that the increase in area will be approximately 54 sq. ft. and will definitely improve the property and the neighborhood; that it is proposed to leave all other conditions existing; and

WHEREAS, the applicant contends that in view of the fact that this property has been a gasoline service station for approximately 30 years and since the improvement will in no way adversely affect the neighborhood, but will provide a much needed up-to-date office in which to conduct this existing business, it is requested that this appeal be granted; and

WHEREAS, the applicant states the owner has held title to the property since August 19, 1924 and further states the land is assessed at \$16,000 and the building \$1,500, for a total of \$17,500, and further states the building was erected in 1924; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, and the Board has taken into account that this is not a proposed station but an existing station which was established before the zoning resolution went into effect, and the committee recommends that

MINUTES

in view of those conditions that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the erection of the proposed accessory building to replace the present accessory building as shown on plans filed with this application marked "Received November 17, 1953," 4 sheets, *on condition* that such accessory building shall comply in all respects with the requirements of the Building Code and shall be only for the use as proposed as accessory to the gasoline service station as existing and to supplement the existing accessory building; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

904-53-BZ

APPLICANT—Leonard F. Rothkrug, for Alexander McLarnon, owner.

SUBJECT—Application December 22, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a business use, C area district, the extension to existing structure on 1st floor, using more than the area permitted.

PREMISES AFFECTED—794 Manhattan avenue, east side, 150 ft. south of Calyer street (Block 2597, Lot 8), Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug, Albert Kunzi and Alexander McLarnon.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 25, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Manhattan avenue and Calyer street are in a business use, C area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 21, 1953 acting on Alt. Applic. 4913-53, reads:

"1. Proposed extension is contrary to Article 4 Section 13b of the Zoning Resolution in that it exceeds allowable area."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 100 ft. in depth, on which is located a building 25 ft. frontage by 65 ft. in depth, four stories, 45 ft. in height, of class 3 construction, used as a multiple dwelling (six families), with a store on 1st floor; that it is proposed to extend the store on 1st floor to cover balance of lot (25 by 35 ft.), one story in height, of class 3 construction; and

WHEREAS, the applicant contends that the existing building is 25 ft. front by 65 ft. in depth, and it is proposed to extend only the 1st floor 35 ft. to the rear lot line; that the area of the lot is 2500 sq. ft.; area of existing building, 1625 sq. ft.; area of proposed building, 2500 sq. ft., and area in excess is 350 sq. ft.; that the site is located in a highly developed retail sales area and there is a shortage of space for business expansion; that the Board, acting on 744-51-BZ, affecting premises 802-812 Manhattan avenue, granted an area district

variance; that the building adjoining the site to the north was extended to within 4 ft. of the rear lot line at a time when 100% coverage was allowed in a C area district; and

WHEREAS, the applicant states that the present owner has held title to the property since September 16, 1953; that the assessed valuation of land is \$16,500 and of the building \$6500, making a total of \$23,000; that the building was erected 1916; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the ground of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21 as to area, to permit the extension to existing building on the first floor only, substantially as proposed and as indicated on plans filed with this application, marked "Received December 22, 1953" (4 sheets) and "April 1, 1954" (1 sheet), *on condition* that the building shall not be increased in height or area; that the proposed extension of the height shown shall comply in all other respects with the requirements of the Building Code and all other laws, rules and regulations applicable thereto; that there shall be no windows opening on the side or rear lot lines; that the existing stairs to cellar from the rear shall be either removed or arranged so that there is a fireproof door at the wall line of the cellar into the crawl space under the proposed extension; that any skylights shall be not nearer than 10 feet to any building line; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

913-53-BZ

APPLICANT—Charles M. Spindler, for Ranf Realty Corp., owner.

SUBJECT—Application December 29, 1953 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, auto wash, lubritorium, motor vehicle repairs, storage and sale of accessories and office, for a term of fifteen years.

PREMISES AFFECTED—19-27 Rockaway avenue and 577-589 Chauncey street, northeast corner (Block 1512, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, C area, class 1 height district; Rockaway avenue is in local retail and business use, C area, class 1 height districts; Chauncey street is in residence, local retail and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated December 16, 1953 acting on N.B. Applic. 1355-53, reads:

"1. Proposed gasoline service station, auto washing, lubrication, office, accessory sales & minor repairs with

MINUTES

hand tools only, located within a business use district is contrary to Art. 2, Sect. 4a-29 & Sect. 4a-46 of the zone resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 110 ft. in depth, used for the parking and storage of motor vehicles; that there is a two story 10 by 24 ft. former projection room which is to be removed; that this plot was originally used as an open air theatre in conjunction with the motion picture theatre immediately east of the site (block 1512, lot 21); that the open air theatre has not been operated for many years and the plot is now used as a parking lot; that the adjoining theatre, as well as the store and office building on lot 28, is still under the same ownership as the site; that it is proposed to develop the site with a modern gasoline service station; that fencing will be provided along the lot lines and planting and shrubbery will be installed; that the proposed building will have face brick facades, the gas station area will be paved and pumps will be set back 15 ft. from the building lines; that the entire block on which this site is located is zoned for business; and

WHEREAS, the applicant further states that adjoining the site on the north is a parking lot, while immediately to the north is a large store and factory building; that also within the affected area is a motor vehicle repair shop and a wet wash laundry and garage; and

WHEREAS, the applicant contends that there has been no new construction in this area in many years; that the general character of the neighborhood is deteriorating so that the construction of a conforming use would not be economically advisable; that the retail stores along Rockaway avenue are generally run down in character with a number of vacant stores within the affected area, and under these circumstances, there is no demand for a new store building; that the site and the motion picture theatre have constituted a single lot (lot 1) ever since the theatre was first established in 1914; that the open yard was first used as an open air theatre about 1920 and the brick projection booth now on the site was constructed in 1930; that many factors combined to eliminate the demand for the open air theatre and as a result the outdoor theatre use was abandoned and the improvement herein proposed is the only practical method of securing a reasonable income from the property; and

WHEREAS, the applicant further contends that Rockaway avenue is a heavily travelled thoroughfare with no gas stations for a considerable distance so that the proposed station will render a needed service to this area; that in view of the fact that this property has not yielded an adequate return for a great many years, and since the proposed service station will be an improvement over the present appearance of the site and a benefit to the motoring public, it is requested that this application be granted for a temporary term of fifteen years; and

WHEREAS, the applicant states the owner has held title to the property since June 29, 1945 and the assessed valuation of the land is \$21,000 with no buildings; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, and the committee recommends that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision f, for a term of fifteen years, to permit the premises to be occupied as proposed and as indicated on plans filed with this application marked "Received December 29, 1953," 4 sheets, *on condition* that all existing uses on the premises shall be entirely removed and the premises shall be leveled substantially to the grade of the abutting streets and shall be constructed and arranged as indicated on such plans; that the accessory building shall have no cellar underneath and shall

be arranged as indicated, and comply in all other respects with the requirements of the Building Code; that the pumps shall be erected not nearer than 15 ft. to either street building line and shall be of a low approved type; that planting shall be maintained with proper curb protection with suitable planting material in the spaces as indicated; that curb cuts shall be restricted to two curb cuts to Rockaway avenue and two curb cuts to Chauncey street, where shown, and 30 ft. in width each; that within the intersection there shall be a block of concrete not less than 12 in. in height and extending for a distance of 5 ft. along either building line; that the number of gasoline storage tanks shall not exceed twelve (12) 550 gallon tanks; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line near the intersection of one post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to have two leaves, one from Chauncey street and one from Rockaway avenue, and to extend from the building line not over 4 ft.; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under section 7, subdivision i, for a similar term there may be minor repairing with hand tools for adjustment carried on only within the accessory building; that on the interior lot lines there shall be erected a steel picket fence to a total height of not less than 5 ft. 6 in. erected on a masonry base not less than 12 in. in height; that such fence shall have a suitable masonry terminal post at the building line of Rockaway avenue, and at that point the fence may be reduced for a distance of ten ft. from Rockaway avenue to a total height of not less than 4 ft.; that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

44-54-BZ

APPLICANT—New York Telephone Company, owner.

SUBJECT—Application January 26, 1954 (decision of the borough superintendent), under section 7d of the zoning resolution, to permit in a residence use district the erection and maintenance of a one story central telephone exchange building (new dial center).

PREMISES AFFECTED—5501-5523 Avenue I, north side, from East 55th to East 56th streets, 1057-1081 East 55th street and 1018-1040 East 56th street (Block 7759, Lots 1, 4, 5, 7, 9, 11, 13, 76 and 78), Borough of Brooklyn.

APPEARANCES—

For Applicant: Edward B. Cadley, Adolph C. Roehm and Joseph B. Klein.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25th, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Avenue I, East 55th street and East 56th street are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated January 12, 1954 acting on N.B. Applic. 1448-53, reads:

1. "Proposed bldg. to be used for Telephone Exchange in a 'Residence Use' zone, is in violation of Article II, Section 3 of the Zoning Resolution."

and

MINUTES

REGULAR MEETING

TUESDAY AFTERNOON, MAY 25, 1954, 2 P.M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 180 and 200 ft. in depth, irregular, presently vacant; that it is proposed to erect a building 109.6 ft. front by 132.2 ft. in depth, one story, 14.3 ft. in height, without basement, of class 1 construction, to be used as a central telephone exchange (new dial center); and

WHEREAS, the applicant further states that no area or height question is involved in this appeal; that the premises are located in a D area district and class 1 height district and there has been no change in the use, height or area district designations since July 25, 1916 and there is no petition pending for any change in these designations; that the premises are not subject to any restrictive covenant and at the present time are unimproved; and

WHEREAS, the applicant contends that it purchased these premises in nine separate parcels during the period July 11, 1952-December 18, 1952; that the plot was selected for a telephonic center to serve the East Flatbush section of Brooklyn; that the East Flatbush area includes Canarsie, Bergen Beach, Mill Basin and the easterly part of Flatlands and is one of the last remaining areas in New York City containing large tracts of undeveloped lands; that there are indications of extensive housing construction in this section in the near future; that at the present time, portions of the East Flatbush section are served from three different telephone exchange buildings, the Rockaway avenue, Kenmore place and Albemarle road exchanges; that all these exchanges are now congested and in order to provide relief it is necessary that a new wire center be established as soon as possible; that the premises involved here are located in proximity to a main cable route of the Company and, considering present as well as future service requirements of the East Flatbush district, provide the most practical available site for the proposed new central telephone exchange; that the initial requirement is for a one story building and it is estimated that the proposed building will be adequate for at least eight years; that present schedules contemplate that the proposed exchange building will be completed in the latter part of 1954 and that the initial dial equipment installation will be ready for service about June 1, 1955; that the proposed building will be of a type as to harmonize with the new brick residences and school building in the neighborhood; that the floor, roof and columns will be constructed of reinforced concrete and the exterior walls will be light red-face brick; that the coping, window lintels and sills and the front entrance will be of limestone; that the maximum number of employees assigned to the proposed building at any one time will be twelve; that in view of the urgent need for increasing and improving telephone facilities in this area, it is requested that the Board grant this application; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision d, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision d, of the zoning resolution, to permit the erection and maintenance of a one story central telephone exchange as proposed and as indicated on plans filed with this application marked "Received January 26, 1954," 6 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws and rules relative thereto; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

Adjourned: 1:10 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

740-53-A

APPLICANT—Lama, Proskauer and Prober, for Estate of Luigi Molia, owner (Anna Raffo, Administratrix).

SUBJECT—Application October 13, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—53 East 8th street, north side, 290 ft. 10¾ in. east of University place (Block 560, Lot 40), Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 16, 1953, on Alt. Applic. 1241/53, reads:

"1. Existing exits of factory building, including cellar, as previously accepted by the Board of Standards and Appeals under Cal. #1370-17-S of November 8, 1917, is now contrary to Sec. 271, Labor Law as amended July 1, 1948."

and

WHEREAS, the applicant states that the building is 7 stories, 79 ft. in height; 25 ft. by 88 ft. in area, of class 3 construction, erected 1905, now located on a lot 25 ft. by 93 ft. 11 in. in area, in a local retail use, C area, class 1¾ height district, and used and occupied since 1905—cellar, ordinary storage, no persons; 1st to 7th floors, factory, 5 persons on the 1st, five on the 2nd, two on 3rd, 10 on the 4th, and 20 on each of the 5th, 6th and 7th floors; that the building is provided with an approved interior fire alarm system and regular monthly fire drills are maintained; there is one 3 ft. wide interior wood stairs, enclosed in fire retarded partitions, equipped with fireproof self-closing doors, leading direct to street and provided with a ladder and scuttle to roof; and two fire escapes, one front and one rear, extending to roof by ladder and to street by ladder; and

WHEREAS, the building was originally erected under N.B. Applic. 962/05 for use as store, office and lofts; and

WHEREAS, the applicant states that the building was altered under Alt. Applic. 1992/17 pursuant to which a variance was granted by the Board under Cal. No. 1370-17-S, permitting the use of the building as a tenant factory and no certificate of occupancy has as yet been issued; and

WHEREAS, the applicant states that it is now intended to maintain the building in its present use and occupancy with the existing exits as previously accepted by the Board; that there is an existing wood stair from the 7th floor to the 1st floor; that this stair leads to street and access can be obtained to the roof by a scuttle and ladder; that the stairs are enclosed with fire retarded partitions; that secondary egress can be had by a fire escape at the rear of the building leading from the 7th floor to an iron platform at the 1st floor level with egress from such platform to the adjoining lot to the north; that there is also a fire escape on the front of the building leading directly to the street; that the cellar is used for ordinary storage with no permanent occupancy; that access can be had from the cellar by a 5 ft. wide stair direct to the street with steel sidewalk doors flush with sidewalk which will be made easily openable from the inside; that the present interior wood stair from cellar to 1st floor will be enclosed with 4 in. fireproof blocks, equipped with fireproof self-closing door at cellar level; that the entire building is

MINUTES

provided with a power elevator leading from the cellar to the 7th floor and access can be had directly from the elevator to the street on the 1st floor; and

WHEREAS, the applicant contends that in view of the facts that the conditions have remained substantially unchanged since the granting of the variance by the Board in 1917, it is requested that this application be granted; and

WHEREAS, the premises were inspected by a committee of the Board which found a dangerous condition and lack of a second means of exit in the first floor and due to removal of adjacent buildings no safe means for reaching the street from the rear fire escape; that the building adjoining to the east has means of exit to its courts but doors thereto are maintained barred and not readily usable for exit from that building or to furnish a means of escape for the building under appeal.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1241/53, Obj. 1, be and it hereby is *affirmed* and the appeal be and it hereby is *denied*.

782-53-A

APPLICANT—Leonard Lazarus, for Kessler-Pirozzi, Inc., owner.

SUBJECT—Application November 4, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—153-02 to 153-26 North Hempstead turnpike, south side, 23, 41.07, 59.13, 77.20, 95.26, 113.33, 131.39 and 149.46 ft. east of 153rd street and 96.97, 105.03, 123.10 and 141.16 ft. west of Kissena boulevard (Block 6437, Lots 40 to 51 inclusive), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Leonard Lazarus.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 30, 1953, on N.B. Applic. 4179/52 and 4181/52 to 4192/52, inclusive, reads:

"1. Common conc. driveway 6" above level of garage floors as proposed is contrary to C26-1221.1 Sub. 2.b of the B.C."

and

WHEREAS, the applicant states that each of the lots in question is approximately 18 ft. front by 119 feet in depth, located in a residence use, D area, Class 1 height district, upon which there have been erected two-story Class 3 constructed one-family dwellings 18 ft. by 37 ft. in area with accessory garages; and

WHEREAS, the applicant states this is an appeal from a decision of the Borough Superintendent denying a proposed amendment to permit the surface of a community driveway in the rear of a group of 13 attached houses to be situated above the grade of the finished garage floors; that Section C26-1221.1 paragraph 3 (a) requires that a community driveway be not less than 6 inches below the garage floor; that in the instant situation the driveways are approximately 6 inches above the garage floors; and

WHEREAS, the applicant contends that the rear yards were originally below the garage floors; that if the driveway had been built at the original grade the provisions of the Code would have been complied with but the physical situation would have been very unsatisfactory since the grade of the streets and of the adjoining land would have thrown a large quantity of water into the rear yards after a rain-storm; that for this reason the owner purchased \$1500 worth of fill to raise the grade of the rear yards and it was then deemed advisable to raise the paved portion of the driveway above the unpaved portion of the rear yards and

to place individual drains between the paved driveway and each house; that these drains have been connected to the storm sewer on Kissena boulevard; that there is no possibility of water flowing into the garages because of the sewer connections and therefore the intent of the Code has been satisfied; that although the paved driveway in the center of the rear yard is above the level of the garage floor, the area of the rear yard outside each dwelling is much lower than the garage floor; that this arrangement serves to keep the driveway passable at all times; that the drains are provided with a removable cover so that leaves and other debris can be easily removed; that the design of the drains was approved by the Building Department; that despite heavy storms recently the drains have functioned excellently and not a drop of water has come into any house; and

WHEREAS, the premises were inspected by a Committee of the Board; and

WHEREAS, the applicant has filed revised plans with the proper drain across the rear yards and the premises have again been inspected by a committee of the Board to consider such revised plans.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applics. 4179/52 and 4181/52 to 4192/52, inclusive, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that a new sewer line across the rear yards from west to east with yard drains and entering the storm sewer of Kissena boulevard shall be constructed and maintained as indicated on plans filed with this appeal marked "Received November 4, 1953," (1 sheet), "March 18, 1954" (1 sheet), and revised plan marked "Received May 21, 1954" (1 sheet), *on condition* that such sewer and yard drains therein shall be constructed and maintained as indicated on such revised plan marked "Received May 21, 1954," and that the yard drains now existing adjacent to the entrances to garages shall also be maintained as shown on such plan and each such drain shall be continued through to the sewer in North Hempstead turnpike; that the concrete pavement in the yards behind the building shall be maintained in good condition and all yard drains and yard sewer shall be kept clear of all rubbish and leaves.

805-53-A

APPLICANT—W. P. La Vallee, for Pia Rotondi, owner.

SUBJECT—Application November 12, 1953—filed pursuant to Sec. 35, General City Law re premises in bed of mapped street (106th avenue).

PREMISES AFFECTED—105-29 148th street, east side, 275 ft. south of 105th avenue and 105-32 150th street (Block 10062, Lot 6), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Wm. P. LaVallee.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated November 10, 1953, acting on Alt. Applic. 1742/53, reads:

"1. Proposed alteration of existing building partly in the bed of a mapped street is contrary to Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the building is 2 stories, 20 ft. in height; 25 ft. by 48 ft. in area erected in 1915, located on a lot 25 ft. by 99.03 and 112.38 ft. in depth, in an unrestricted use, D area, Class 1½ height district, and used and occupied since erection as two attached one family dwellings, now vacant, and proposed to be combined and used and occupied as follows: existing cellar to be filled; 1st floor, com-

MINUTES

mercial garage and storage of building material, 1 person; 2nd floor, now vacant, to be blocked off and not used; that the building is now provided with two 3 ft. wide wood stairs, frame enclosed, equipped with wood doors which are not self-closing; that stair halls lead to street and are provided with a ladder and scuttle to roof; and

WHEREAS, the applicant states that the building was formerly used for dwelling purposes but as it is in an unrestricted district its use as such is inadvisable any longer; that the owner does not wish to make extensive alterations; that the building is two stories and cellar and it is proposed to remove the 1st floor, fill in the cellar to grade, thus creating a new ground floor out of what was formerly cellar and 1st floor, to install garage door for storage of 2 or 3 trucks and building materials; that in order to save expense of demolition of the 2nd floor and roof it is proposed to leave the 2nd floor vacant and to remove the plumbing and to provide for no use for the 2nd floor except for access to the roof in case of repairs or an emergency; that the building will not be increased in area; and

WHEREAS the applicant contends that this appeal is for permission to alter the building and to change its use partly located in the bed of a mapped street; that the building was erected in 1915 at which time the street was only tentative; that the street was legally adopted on the city map June 8, 1917; that it has never been dedicated as a street; and

WHEREAS, the Board is in receipt of a communication from the President of the Borough of Queens, stating that 106th avenue between 148th and 150th streets is indicated at a width of 47 feet on Section 128 of the Final Map of the Borough of Queens, adopted by the Board of Estimate and Apportionment on June 8, 1917, and that title to 106th avenue has not yet been acquired by the City and there is no proceeding pending to acquire title thereto.

Resolved, that the decision of the Borough Superintendent acting on Alt. Applic. 1742/53, Obj. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* under the powers vested in the Board under Section 35 of the General City Law to permit the continuance of the existing building within the bed of mapped street as indicated on plans filed with this appeal marked "Received November 12, 1953," (7 sheets), *on condition* that in all other respects the construction of the building and use of the building shall comply with all laws, rules and regulations applicable thereto; that the Board is not making any variance or finding as to the proposed use or construction.

898-53-A

APPLICANT—M. Martin Elkind, for Louis Pegno, owner (L. and J. Concrete Corp., lessee).

SUBJECT—Application December 17, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—18-03 38th street, southeast corner of Berrian boulevard (Block 813, Lot 34), Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: M. Martin Elkind.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 7, 1953, as to Alt. Applic. 2646/53, reads:

"1. Use of frame bldg. as offices and lunchroom is contrary to C26-254.0 (table)

2. Provide one hour stair enclosure. 8.4.1.8.1."

and

WHEREAS, the applicant states the building is 2 stories, 25 ft. in height, 22 ft. by 44 ft. 6 in. in area at 1st floor, 22 ft. by 32 ft. in area at 2nd floor, Class 4 construction,

on a lot 45 ft. front by 100 ft. in area, in an unrestricted use, A area, Class 1½ height district, used and occupied as follows: Cellar—storage, 0 persons; 1st floor—office and lunchroom for employees, 3 persons; 2nd floor—offices, 2 persons. The building is provided with one 3 ft. wide wood stairway, enclosed in partitions of wood studs, wood lath and plaster, equipped with wood doors which will be made self-closing; stairhall leads direct to street but not to roof; and

WHEREAS, the applicant states the building is used by the owner who maintains a garage for the storage of his trucks at another location; that the proposed work to be done in the building consists of fire-retarding the cellar ceiling, enclosing cellar stairs and the installation of self-closing devices on all doors leading to stairhall; and

WHEREAS, the applicant contends that the business conducted in the building will be entirely clerical in nature and no hazardous use will exist; that there are no other dwellings nearby; that the Board is requested to accept the exit arrangement and construction although not in full conformance with the Code; that the stairhall is enclosed with wood studs covered on both sides with wood lath and plaster; that all doors leading to stairhall enclosure will be made self-closing; that the occupancy of 2nd floor will be only two persons and the stairs lead directly to the exterior of the building; that on the 1st floor there will be two means of egress; that the lunchroom will be used entirely by the employees of the owner.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 2646/53, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the premises shall be occupied only as proposed and as indicated on plans filed with this appeal marked "Received December 17, 1953" (5 sheets), *on condition* that a second means of exit from the 2nd floor shall be provided which may consist of an iron balcony at the sill of one of the windows on the south side with a straight or counter balanced ladder to grade; that this variance shall continue only so long as the building is occupied as proposed and in no other way, and is not increased in height or area; that in all other respects the building and occupancy shall comply with all laws and rules applicable thereto.

157-54-A

APPLICANT—Lama, Proskauer and Prober, for Morris Rappaport, owner.

SUBJECT—Appeal filed February 15, 1954, from a decision of the Borough Superintendent.

PREMISES AFFECTED—16-18 Lexington avenue, south side, 164 ft. east of Grand avenue (Block 1969, Lot 25), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Morris Rappaport.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 22, 1954, on Alt. App. 2348/52, reads:

"4. Passageway serving cellar and second floor stairs is required to be of fireproof construction as per Sec. 270 of the Labor Law.

5. Provide two means of egress from cellar complying with all requirements of Sec. 270 of the Labor Law."

and

WHEREAS, the applicant states the building is one and two stories, 14 and 25 ft. in height, 36 ft. front by 243 ft. 1 in. irregular in depth at 1st floor, 101 ft. 6 in. irregular front by 159 ft. 1 in. irregular in depth, of Class 3 construction,

MINUTES

erected in 1903 on a lot 36 ft. front by 243 ft. 1 in. irregular in depth, in an unrestricted, business and residence use, B area, Class 1½ height district, used and occupied since 1952: Cellar—boiler room and dyeing equipment, 1 person; 1st floor, manufacturing of knitwear, accessory dyeing, shipping and delivery, 50 persons; 2nd floor—office and manufacturing of knitwear, 50 persons, for which no certificate of occupancy has been issued. No change in use is now proposed. The building is provided with a one-source sprinkler system; there are two interior stairs of steel and concrete, 3 ft. 10 in. and 4 ft. in which, brick enclosed, equipped with fireproof, self-closing doors, leading direct to street but not to roof, and one exterior stairs on the west wall, extending to yard by stair with egress from lowest termination through the building; window and door openings on course thereof are not fireproof, self-closing; and

WHEREAS, the applicant states the building was originally erected under N.B. 1867/03 for use as a laundry and altered Alt. App. 6542/25 to enlarge the building to its existing size; that under Cal. No. 1154-24-BZ the Board granted a variance to permit the building to be used as a laundry; Certificate of Occupancy #6703 was thereafter issued for laundry use; that the Board under Cal. No. 799-52-BZ granted a variance to permit the change of use from laundry to manufacture of knitwear and accessory dyeing; the present one-story portion of building is to be used for shipping, delivery and manufacturing; that the work pertaining to this conversion and alteration is now being performed under Alt. 2348/52 and as construction is still in progress no new certificate of occupancy has as yet been issued; and

WHEREAS, the applicant contends as to Objection 4, that the proposed 3 ft. 8 in. wide passage serving as exit for the 2nd floor and cellar will lead directly to Lexington Avenue; that this passage has a concrete floor, 6" cinder concrete block walls and one-hour fire-retarded ceiling and in addition will be completely sprinklered; that the 2nd floor above the passage is open and will also be equipped with a sprinkler system; that as all of these provisions will result in a safe passageway, it is requested that the proposal be accepted; and

WHEREAS, the applicant contends as to Objection 5, that the cellar will be used as a boiler room and by dyeing equipment consisting of the bottom of vats extending through the first floor and will have an occupancy of one person; that the cellar is now provided with two exits, the easterly exit being a 3 ft. 8 in. wide concrete stair completely enclosed in the cellar with concrete walls and leading direct to a passageway leading to Lexington avenue; that the westerly exit consists of a 3 ft. 8 in. wide open iron stair leading to an open 3 ft. 8 in. wide concrete stair and thence to an open yard, where refuge may be had; that access may be had direct from said open yard back into the 1st floor of the building, which is provided with a sprinkler system and has legal exits direct to two streets, said exits being remote; that the cellar ceiling is composed mostly of concrete arches with a small part composed of wood beams, which small part will be fire-retarded with a one-hour ceiling; that inasmuch as only one person will occupy the cellar and as two exits will be provided, it is requested that this proposal be accepted.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 2348/52, Ohjs. 4 and 5, and that the decision be and it hereby is modified and that the appeal be and it hereby is granted to permit the means of exit from the cellar, as proposed and as indicated on plans filed with this appeal marked "Received February 15, 1954," (7 sheets), on condition that the means of exit from the boiler room by means of steel stairs, as proposed, opening upon the yard space in the rear and connected to a passage leading to Lexington avenue through premises of others shall be maintained in accordance with an undertaking filed with this Board by the tenants of the premises, the Electro-Knit Fabrics, Inc., under which the adjoining property owner, LexQuin Realty Corporation agrees for the term of the

lease of the present tenant of the premises under appeal to give him the right to cross its premises to reach Lexington avenue from the rear yard to which the proposed exit of boiler room is proposed and which shall be kept clear of rubbish; that the second means of exit as shown on such plans leading from such cellar shall be maintained with an exit door giving access to the stairway at the platform at the 1st floor and opening in the direction of exit; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as modified by the Board under Cal. No. 799-52-BZ on January 13, 1953; that firefighting equipment shall be maintained as proposed to the satisfaction of the Fire Commissioner.

277-54-A

APPLICANT—Proctor & Gamble Manufacturing Co., owner.

SUBJECT—Application April 6, 1954—Appeal from a decision of the fire commissioner.

PREMISES AFFECTED—South side of Richmond Terrace, 1020 ft. west of Western avenue (Block 1400, Lot 1), Port Ivory, Borough of Richmond.

APPEARANCES—

For Applicant: S. W. Blackett and F. J. Newman.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated March 30, 1954 (F.D. Acct. 311156), reads as follows:

"Papers and drawings transmitted in behalf of the Proctor and Gamble Manufacturing Company of Port Ivory relative to the manufacture of hydrogen gas from natural gas in lieu of present method, have been duly considered.

Please be advised as follows:

Resolution Cal. 306-23-A was originally granted by the Board of Standards and Appeals for the manufacture and storage of hydrogen gas by the water-gas method; the substitution of natural gas in this process is a variation from the approval granted by the Board of S. & A.: this application is therefore denied, but the applicant may file an appeal from this decision with the Board of Standards and Appeals."

and

WHEREAS, the applicant states that the premises consist of a 135 acre plot, located in a unrestricted use, A area, class 1 height district; used and occupied as the Proctor and Gamble Manufacturing plant upon which it is proposed to erect an 8 ft. 5 in. by 13 ft. 7 in. in area structure, of class 5 construction, 42 ft. 2½ in. in height as an addition to the structures used for the manufacture of hydrogen gas; and

WHEREAS, the applicant states that it has been manufacturing and using hydrogen gas since 1923 under the variance granted the Board under Cal. No. 306-23-A: that it is now proposed to change from the existing process using water gas made by passing steam through incandescent coke to the use of natural gas obtained from the local utility company and to use the natural gas by the Gridler reforming process; that the existing water gas generator and its associated equipment will remain intact and will be maintained as standby equipment in case of a failure of the natural gas supply; and

WHEREAS, the applicant states that the operation of the proposed equipment will be as follows: Natural gas will be taken from the public utility mains and passed through a desulphurizing process where impurities will be removed by activated carbon; that the gas will then be mixed with super heated steam and passed through stainless steel tubes

MINUTES

packed with a nickel base catalyst and heated by a natural gas fire; that in these tubes the gas will be broken down, releasing the hydrogen and forming carbon monoxide and then conducted to the existing catalyst part where a further breakdown releases additional hydrogen and converts the carbon monoxide to dioxide; that from this point on the process and the equipment will be identical to that previously used; that there will be no change whatever in the capacity of the plant nor in the size of the storage tanks or the amount of gas in storage; and

WHEREAS, the applicant contends that the proposed reformed process is well established; that the Gridler Company has fabricated and installed 65 similar units in various parts of the country; that the applicant has four of these units in successful operation in other cities and has had no serious difficulties or accidents and the maintenance problems are relatively simple; and

WHEREAS, on May 22, 1923, under Cal. No. 306-23-A, the Board modified a decision of the Fire Commissioner refusing to permit the construction of a gas plant for the manufacture and storage and hydrogen gas in large gas holders on condition that the plans embracing the proposed equipment be submitted to and approved by the Fire Commissioner; that there be no open flame or electric spark exposed where the manufacture, use or storage of hydrogen gas is conducted and maintained; that the plant be under 24 hour supervision by a qualified operator holding a certificate of fitness from the Fire Commissioner and that a periodic inspection be made by a recognized research organization satisfactory to the Fire Commissioner and

WHEREAS, the application made to the Board in connection with Cal. No. 306-23-A, indicated that it was proposed to use one hydrogen relief holder with a capacity of 5000 cu. ft. one oxygen storage holder with a capacity of 10,000/cu. ft. and 1 hydrogen storage holder with a capacity of 100,000 cu. ft; and

WHEREAS, the applicant now states that the existing hydrogen storage consists of one 50,000 and one 100,000 cu. ft. storage holder as shown on plans marked "Received April 6, 1954" (9 sheets) and "Received May 10, 1954" (1 sheet).

Resolved, that the decision of the Fire Commissioner dated March 30, 1954 (F.D. Acct. 3111156) be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* by *amending* resolution adopted on May 22, 1923, under Cal. No. 306-23-A, by adding thereto:

"* * * that in the event the owner desires to substitute natural gas in the process of manufacturing hydrogen gas for the water gas as previously referred to and approved, that such change may be made *on condition* that in all other respects the resolution above cited shall be complied with, and the equipment shall be maintained to the satisfaction of the Fire Commissioner."

778-39-A—Vol. IV

APPLICANT—James E. McKillop, for Oak-Cal Realty Co., owner.

SUBJECT—Application for consideration—reopening as Vol. IV—re Appeal from a decision of the borough superintendent, previously granted on condition.

PREMISES AFFECTED—114-126 Green street, south side, 270 ft. east of Franklin street (Block 2522, part of Lots 16, 18 and 22), Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. McKillop.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal reopened as Vol. IV, to consider a new proposal, subject to the regular procedure.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

396-47-A—Vol. II

APPLICANT—Sidney Daub, for Manhattanville Neighborhood Center, Inc., owner.

SUBJECT—Application for consideration—reopening as Vol. II—re Appeal from a decision of the borough superintendent, previously granted on condition.

PREMISES AFFECTED—514 West 126th street, south side, 161 ft. 10 in. west of Amsterdam avenue (Block 1982, lot 36), Borough of Manhattan.

APPLICANT—Lama, Proskauer and Prober, for All American Cables and Radio, Inc., owner.

SUBJECT—Application for consideration—reopening and amendment of resolution—re Application (decision of the borough superintendent) previously granted on condition, under section 7e of the zoning resolution, permitting in a residence use district, the maintenance of existing telegraph cable station.

PREMISES AFFECTED—184 Oxford street, west side, 100 ft. north of Oriental boulevard (Block 7517, Lot 1413), Borough of Brooklyn.

APPEARANCES—

For Applicant: Ernest Cordova.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 21, 1953, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on January 19, 1954; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 21, 1953, as *amended* thereafter by the resolution adopted January 14, 1954, by adding thereto:

"that there may be installed one 550 gallon gasoline tank in place of one 55 gallon tank previously per-

MINUTES

mitted; one additional gasoline engine; one 1-gallon approved type hand operated pump inside the building and one 5-gallon safety gasoline container inside the building used to fill the engine tanks, as passed upon by the Borough Superintendent under Alt. App. 353/53, objection dated April 6, 1954, and as shown on revised plan marked 'Received May 5, 1954' (1 sheet)."

704-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Bishop McCormick and Bishop, owners.

SUBJECT—Application for consideration—reopening and amendment as to time to file working plans—re Application (decision of the borough superintendent) previously granted on condition, under section 7f of the zoning resolution, permitting in a retail use district the erection and maintenance of a gasoline service station, car wash, lubricatorium, motor vehicle repairs and office; and permitting the parking and storage of motor vehicles on unbuilt upon portion of plot for a term of years.

PREMISES AFFECTED—145-55 New York boulevard and 145-54 to 145-66 Farmers boulevard, northeast corner (13313, Lot 40), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Ernest Cordova.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and resolution amended, extending time to file working plans.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 23, 1954, on certain conditions; and

WHEREAS, the applicant requested an extension of time to submit working drawings, for approval by the Board, as being in substantial compliance with the requirements of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 23, 1953, only so far as it has reference to the time within which working plans are to be filed with the Board, so that as *amended* this portion of the resolution shall read:

"that such plans shall be filed within three (3) months from the date of this *amended* resolution; and that in all other respects the resolution adopted as above cited shall be complied with." (N. B. 3529/53)

836-53-BZ

APPLICANT—Robert Gottlieb, for Danrob Corp., owner.

SUBJECT—Application for consideration—reopening and

amendment as to term of variance—re Application (decision of the borough superintendent) previously granted on condition, under section 7e of the zoning resolution, permitting in a residence and retail use district, the maintenance of manufacturing in existing retail stores.

PREMISES AFFECTED—3387-3399 White Plains road, southwest corner of Magenta street (Block 4624, Lot 33), Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb and Morton Candee.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on April 20, 1954, on certain conditions; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 20, 1954, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * *granted* under Section 7, subdivision 7e for a term of ten (10) years, from the date of this *amended* resolution, to permit * * *; that other than as herein *amended* the resolution above cited shall be complied with in all respects and that a certificate of occupancy shall be obtained." (Alt. 1004/53)

(Remaining Minutes of the Meeting of May 25, 1954 will be printed in the Bulletin of June 8, 1954.)

COURT DECISION

(Continued from page 765)

significant to note that there is no evidence in the record submitted by the petitioner to show that the existing conforming business use does not bring a reasonable return, or that the petitioner cannot use the premises under consideration for any other conforming business use, or that it ever made any effort to devote the premises to any other conforming use, or that there is any need for the proposed gasoline station in the affected area. In the circumstances, the facts do not show that there was an abuse of discretion, discrimination or other error on the part of the Board of Standards and Appeals (Reed v. Board of Standards and Appeals, 255 N. Y., 126, 136).

The order of certiorari is vacated, the petition dismissed and the determination of the Board of Standards and Appeals affirmed. (N. Y. Law Journal, May 20, 1954, page 11)

PETITION FOR CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On May 25, 1954, Copy of Petition and Order of Certiorari was
served on the Board by Mr. Louis Blau, attorney for owner and
petitioner, Michael Zeppetella, seeking a review of the Board's denial
of his application under Section 7, subdivision h, of the Zoning Reso-
lution, to permit in a residence use district the parking and storage of
motor vehicles on unbuilt upon portion of plot; Cal. No. 762-53-BZ,
Premises 1730-1736—66th Street, south side, 240 ft. east of 17th
Avenue, Borough of Brooklyn.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and dispositio-
of the same expedited by conforming to these directions.

For Opposition: Robert M. Klami.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application withdrawn.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, under the name of another, an application has been approved by the City Planning Commission under their assumed jurisdiction for a similar use.

Resolved, that this application be and it hereby is withdrawn.

564-23-BZ—Vol. III

APPLICANT—Irving P. Marks, for Court Leasehold Corp., owner (C. and C. Food Stores, lessee).

SUBJECT—Application November 23, 1953 (decision of the borough superintendent), under sections 7c and 21 of the zoning resolution, to permit in a residence and business use district, the change in occupancy from motion picture theatre (previously granted by the Board), to store (supermarket).

PREMISES AFFECTED—395-397 Court street, east side, 100 ft. south of 1st place and 106 1st place (Block 459, Lots 2 and 6), Borough of Brooklyn.

APPEARANCES—

For Applicant: Irving P. Marks.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on December 8, 1953 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on June 2, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 1st place are in residence and business use, C area, class 1 height districts; Court street is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 27, 1953 acting on Alt. Applic. 973-53, reads:

"1. In a building located partly in a business and partly in a residence use district the proposed change in occupancy from 'theatre' to Super Market is contrary to Art. II Sec. 3 of Zoning Resolution and to terms of conditional variance granted under Cal. #564-23-BZ by B. of S. & A."

and

WHEREAS, the applicant states that the premises consist of a 110 ft. and 30 ft. frontage by 149 ft. in depth, irregular, on which are located two buildings, a four-story building fronting on 1st place (lot 6) and a one-story structure facing on Court street, formerly a moving picture theatre, at present converted to supermarket (lot 2); that it is proposed to alter the existing motion picture theatre as a supermarket; and

WHEREAS, the applicant contends that under N.B. Permit No. 4038-24 a theatre was erected on this site within the business use zone as then fixed and certificate of occupancy No. 31518 was issued; that under Cal. No. 564-23-BZ, Vol. II an extension was approved permitting the rear part of this building to extend into the residence portion of this property as then fixed by the zoning resolution; that plans were filed under Alt. Applic. 973-53 to change the use from theatre to supermarket and were approved on condition that the portion of the building within the residential area be demolished; that after work started, the owners found it impractical to remove the rear portion of the building and an amendment was filed to keep the building area intact and meanwhile, the alteration continued; that the amendment was denied by the borough superintendent on October 27, 1953; that the dwelling and passageway on lot No. 6 is not to be altered; and

WHEREAS, the applicant further contends that the former theatre, which closed down about 13 months before the new owners purchased the property, could not profitably operate even though the former owner had continually reduced the rental until he no longer could carry the property; that the expense of demolition and rebuilding, plus the reduced rental value which this would create would not yield a fair return; that the hardship to the owner is peculiar to the property involved and does not relate to the neighborhood generally, and will not be adversely affected by a grant; that there will be an improvement in the appearance of the site by the demolition of the marquee and boarded up building front and would also eliminate a possible junk yard created by the demolition; that the plot is uniquely situated in that it runs through a portion of the center of the block and the space that would be created by this demolition would serve no purpose that would be beneficial to surrounding properties; and

MINUTES

WHEREAS, the applicant states that the owner has held title to the property since February 3, 1953 and further states the assessed valuation of land is \$32,400 and of buildings \$46,100, making a total of \$78,500.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 7, 1938, by adding thereto:

"that in the event the occupancy of the building is changed to that of a supermarket, as proposed and as indicated on plans filed with this application, marked 'Received November 23, 1953' (5 sheets), such extension of use as previously granted by resolution above cited may be continued for the new use, provided that in all other respects all laws and rules applicable thereto are complied with; that the extension through to 1st place shall be used only for exit purposes and not for loading or unloading; that the open space to be left vacant adjoining the building shall be properly fenced where walls of adjoining buildings do not occur and shall be paved in accordance with the requirements of the borough superintendent; that all permits required, including a new certificate of occupancy, shall be obtained and all work completed within six (6) months from the date of this *amended* resolution."

120-39-BZ—Vol. II

APPLICANT—F. D. Koehler Company, Inc., owner.

SUBJECT—Application reopened May 11, 1954 re extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition, under section 7i of the zoning resolution, permitting in a business use district, for a term of years, the maintenance of a motor vehicle repair shop.

PREMISES AFFECTED—1646 Hylan boulevard and 301-309 Seaview avenue, northeast corner (Block 3379, Lot 89), Dongan Hills, Borough of Richmond.

APPEARANCES—

For Applicant: William E. Gerke, Jr.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-

ert and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, on February 27, 1940 this application (Vol. I) was granted by the Board on certain conditions, under section 21 of the zoning resolution, to permit in a business use district, the continuation of a motor vehicle repair shop for a temporary term of two years, in part of an existing building; and

WHEREAS, on January 9, 1945 application was reopened as Vol. II and restored to the calendar, subject to the usual procedure; and

WHEREAS, on January 30, 1945 and December 17, 1946 the resolution was amended and variance extended for a term of two years; and

WHEREAS, on December 14, 1948 the term of variance extended for a term of five years; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation; and

WHEREAS, this application was reopened on May 11, 1954 and set for hearing on June 2, 1954 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin, to consider extension of term of the permit; and

WHEREAS, a public hearing was held on this application on June 2, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated May 10, 1954 acting on B.N. Applic. 8-39, reads:

"1. The Board of Standards and Appeals under resolution Cal. No. 120-39-BZ, amended on Dec. 14, 1948, limited this occupancy to a term of 5 years, expiring on Dec. 14, 1953.

2. It will be necessary to obtain the approval of the Board of Standards and Appeals for an extension of the variance, before a new certificate of occupancy may be issued."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 27, 1940 as thereafter amended by resolutions adopted through December 14, 1948, only so far as it has reference to the term of the variance, which had expired, so that as amended this portion of the resolution shall read:

"*granted* under section 7, subdivision i for a term of five (5) years from the date of this amended resolution, to permit * * *; and that other than as herein amended, the resolutions above cited shall be complied with; and that all permits, including a new certificate of occupancy, shall be obtained and that all work involved shall be completed within three (3) months from the date of this *amended* resolution." (Bldg. Notice 8/39)

611-53-BZ

APPLICANT—Morris Rothstein and Son, for Wesley A. Roche, owner.

SUBJECT—Application August 5, 1953 (decision of the borough superintendent), under section 9A(a) of the zoning resolution, to permit in a residence use district the erection and maintenance of a class A multiple dwelling to a height greater than that permitted within two miles of an airport.

PREMISES AFFECTED—2515-2545 East 29th street, southeast corner of Avenue Y (block 7445, Lots 39, 49 and 65), Borough of Brooklyn.

APPEARANCES—

For Applicant: Arnold Rothstein.

For Opposition: None

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-

ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 2, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 29th street are in a residence use, D area, class 1 height district; Avenue Y is in residence and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated July 29, 1953, acting on N. B. Applic. 945-53, reads:

"1. Proposed multiple dwelling exceeds height allowed for areas within two miles of Airport in violation of Article 3 Section 9A subdiv. (a) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 560 ft. frontage by 105 ft. in depth, presently vacant; that it is proposed to erect a building 459 ft. 2 in. front by 95 ft. in depth (typical floor 65 ft. in depth), six stories, 63 ft. in height, of class 3 construction, to be used as a class A multiple dwelling and garage for more than five cars; and

WHEREAS, the applicant contends that the building at the typical floor plan will occupy about 37% of the plot; that the project will be a six story apartment house accommodating 120 families; that the proposed height of the building in question is 63 ft. or 10 ft. 6 in. in excess of that permitted; that a variance is requested on the grounds that the building

MINUTES

faces in part on Avenue Y, which is 80 ft. wide where a greater height than proposed would be permitted; that the plot is located on the edge of the 2 mile limit and the nearest point of the boundary line is 1.89 miles from the site and the nearest point of the runway is actually more than 2 miles from the site; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1952 and that the assessed valuation of the land is \$20,700; and

WHEREAS, the applicant can construct a portion of the building to a height greater than proposed where the street is eighty feet in width; and

WHEREAS, that, in the opinion of the Board, inasmuch as the premises are practically remote, being nearly two miles from the nearest airport, there is no substantial basis justifying the rejection of the application.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the requirements of the zoning resolution Section 9A as to airport areas, and that the application be and it hereby is *granted* to permit the multiple dwelling as proposed to be constructed to the height as proposed and as indicated on plans filed with this application marked "Received, August 5, 1953," (three sheets), and "April 23, 1954," (one sheet), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and work completed within the requirements of Section 22A of the zoning resolution.

Adjourned: 1:35 P. M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

WEDNESDAY AFTERNOON, JUNE 2, 1954, 2 P. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

121-35-SA

APPLICANT—Timken Silent Automatic Division, Timken-Detroit Axle Company.

SUBJECT—Application for amendment—re Timken Silent Automatic Water Heater, Models 40-A and 50-B.

APPEARANCES—

For Applicant: John J. Morro.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report of Committee.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 121-35-SA.

Subject: Amendment to resolution to include water heaters, heating boilers and furnaces.

Timken Silent Automatic Division of Timken-Detroit Axle Company requested by letter dated February 26, 1954, that the resolution adopted on June 18, 1935 and amended at various times through October 21, 1952 under Cal. No. 121-35-SA be amended so as to include water heaters, heating boilers and furnaces when fired by the Timken Silent Automatic Wall Flame Burner Model J (approved by the Board October 21, 1952 under Cal. No. 121-35-SA).

The Board, by its action October 21, 1952 under Cal. No. 121-35-SA, approved the water heating units Models 40-A and 50-B when fired with the Model J burner.

Recommendation

The Committee on Test recommends that the resolution adopted June 18, 1935 and amended through October 21, 1952 under Cal. No. 121-35-SA be amended so as to include the following pieces of heating equipment when fired with the Model J burner.

Boiler-Burner Units-Models OBK-25; OBK-50; OBG-65; OBG-85; OBG-110; OBR-80A; OBR-100; OBR-100A White Poe Oil Boilers-Models OBW-80; OBW-100 Air Conditioning Oil Furnaces Models OFA-50; OFA-75; OFA-100; OFB-120; OFC-140; OFC-170; OFD-75; OFD-100; OFH-60; OFH-80; OFJ-80.

Oil Fired Water Heater OWK-50; OWK-100; OWE-66 and OWB-130 on condition that all installation comply with the requirements of the Oil Burner Rules and Article 12 Chapter 26 Administrative Building Code and the requirements of the resolution adopted June 18, 1935 under Cal. No. 121-35-SA.

The Committee further recommends that in the event the owner-manufacturer augments his line of equipment, similar to that equipment recommended for approval under this recommendation and fired by the Model J burner, he shall notify the Board, in writing, listing the new model numbers.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of June 18, 1935 through October 21, 1952 in accordance with the above report.

620-39-SM

APPLICANT—United States Gypsum Company, owner.
SUBJECT—Application reopened February 5, 1952—U. S. G. Sheathing and Samson Gypsum Sheathing, approval of.

APPEARANCES—

For Applicant: William W. Bainbridge.

ACTION OF BOARD—Resolution amended in accordance with report of Committee.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: Cal. 620-39-SM

Subject: Amendment to resolution as to omission of felt.

United States Gypsum Co. requested by letter dated January 10, 1952 adopted April 22, 1941 and amended through February 15, 1950 under Cal. No. 620-39-SM be amended so as not to require the use of asphalt felt over asphalt emulsion core U. S. G. Sheathing and to permit the application of asphalt or asbestos siding over the asphalt emulsion core, U. S. G. Sheathing when applied in an approved manner. The application was reopened by a vote of the Board on February 5, 1952.

Purpose

The material is an exterior sheathing board.

Description

The material is basically the same as the material approved April 22, 1941 under Cal. No. 620-39-SM except that the sheathing has a waterproof paper enclosure and the gypsum core is made water repellent by the addition of water emulsified asphalt to the mix.

MINUTES

Inspection and Test

The process of manufacture of the asphalt emulsion cored gypsum sheathing was witnessed by Asst. Engr. J. A. Darts, Committee on Test and W. W. Bainbridge representing the applicant.

Samples of the material were identified and tested in accordance with the requirements of ASTM 79-52 and were found to comply with the requirements.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends that the resolution adopted April 22, 1941 and amended February 21, 1950 under Cal. No. 620-39-SM be amended so as to include approval of the use of 1/2 inch thick "V" edge U. S. G. Gypsum Water Repellent Sheathing without asphalt felt (except where exterior stucco is used when felt must be used) or 1/2 inch thick Square Edge U. S. G. Sheathing with asphalt felt including in both cases the application of asphalt or asbestos siding over the sheathing when applied in a manner as approved in 3 story single family class 4 residence as provided in C26-254.0 and in other frame construction as provided under C26-248.0 and C26-250 Administrative Building Code provided that the requirements of the resolution adopted April 22, 1941 under Cal. No. 620-39-SM be complied with and further that this sheathing shall be further identified by the wording U. S. G. Gypsum Water Repellent Sheathing.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of April 22, 1941 in accordance with the above report.

520-48-SM

APPLICANT—Precast Building Section, owner.
SUBJECT—Application reopened January 22, 1952—re Precast Building Sections (masonry walls).

APPEARANCES—

For Applicant: Werner Gottschalk.

ACTION OF BOARD—Resolution amended in accordance with report of Committee.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: Cal. 520-48-SM

Subject: Amendment of resolution as to extension of use Precast Building Sections.

Severud, Elstad and Kreuger, for Precast Building Sections requested by letter dated December 5, 1951, that the resolution adopted December 12, 1950 under Cal. No. 520-48-SM, be amended so as to extend the use of Precast Building Sections as to Fire Walls; enclosure walls; Parapet Walls and interior Partitions. The case was reopened by a vote of the Board January 22, 1952.

Purpose

The Precast Building Sections (precast masonry units) are to be used as enclosure walls, parapet walls and partitions.

Description

The units in size of 2'-8"; 3'-4"; 4'-0" and 4'-8" wide by 10'-0" high by 0'-8" thick, are manufactured in the same

manner and of the same mix as the units approved for use as panel, apron and spandrel wall construction as approved by the Board December 12, 1950 under Cal. No. 520-48-SM.

Inspection and Test

The units were subjected to various conditions of load testing, both on a full size wall (10'-0" x 10'-0") and a cantilever wall (3'-8" x 10'-0") and the results show that the load required to produce failure were 90 lbs. per sq. ft. and 76 lbs. per sq. ft. respectively.

A two hundred and fifty cycle of alternate freeze thaw showed that the average percent of loss of weight was 0.4%.

A fire test on a full size wall was conducted at Ohio State and the panel successfully met the requirements of a four hour load bearing wall as the panel was under a load of 18,000 lbs. during the entire course of the test.

The various tests, herein mentioned were witnessed at various times by the Committee on Test and a more detailed description of the test is contained in the copy of the resolution adopted December 12, 1950 under Cal. No. 520-48-SM.

Recommendation

On the basis of the tests conducted on the Precast Building Sections on the application for approval of Precast Section for use under C26-15.0; C26-106.0; C26-439.0 as having met the requirements of C26-446.0 Administrative Building Code, and having carried the fire endurance test to over four hours, the Committee on Test recommends that the resolution adopted December 12, 1950 be amended so as to permit the use of Precast Building Sections under the following sections of the Administrative Building Code for the specific uses as allowed therein: C26-61.0 as an enclosure wall; C26-64.0 as a Fire Partition as set forth under the requirements of C26-633 and C26-634; C26-68 as a fire wall as set forth under the requirements of C26-631.0 and C26-632.0; C26-70 as a fireproof partition as set forth under the requirements of C26-636.0 and C26-637.0 as a bearing wall as provided under C26-443.0; as a Parapet Wall as provided under C26-444.0; as a stairway, elevator or similar enclosure as provided under C26-45.0 Administrative Building Code on condition that in all other respects the requirements of the resolution adopted December 12, 1950 under Cal. No. 520-48-SM be complied with and further that when this material is used as a parapet wall under C26-444.0 the vertical rod doweling at panel joints shall be dimensioned to provide resistance to wind load of 30 p.s.f. acting on either face of the parapet wall, within the allowable steel stress. The Committee further recommends that when this material is used for bearing wall construction as provided under C26-443.0 installations shall conform to Drawings marked "Recd. April 6, 1954" copies of which are on file with and are part of this record; said drawings giving details of Concrete floor construction; support of wall unit on foundation; steel beam and slab construction; typical concrete sill section; solid head of precast panel. Typical panels and detail of metal lath form for key at top of panel.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
EDWIN W. KLEINERT,
Commissioner.
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 12, 1950 in accordance with the above report.

733-48-SM

APPLICANT—Van-Packer Corporation, owner.
SUBJECT—Van-Packer Flue (chimney for coal, wood, gas, etc.), approval of.

APPEARANCES—

For Applicant: S. B. Covert.

MINUTES

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 733-48-SM

Subject: Van-Packer Flue, approval of.

Van-Packer Corp. Chicago, Illinois, filed June 1, 1948 an application with the Board of Standards & Appeals for approval of the material known as the Van-Packer Flue under the provisions of Article 12, Chapter 26 Admin. Building Code.

Purpose

The material is to be used as a low temperature as provided under C26-705.0 Administrative Building Code.

Description

The flue is made up in precast cylindrical sections. Each section consists of a $\frac{5}{8}$ inch thick fire clay chimney tile liner, surrounded by a three (3) inch thick vermiculite concrete insulation and $\frac{1}{4}$ inch asbestos shell.

The sections are formed by casting the vermiculite concrete insulation between the fire clay tile as an inner form and the asbestos cement outer form. Concentricity is provided by jigs which space the parts. The sections are air and steam cured and oven dried. After drying, both ends of each section are cut smooth with masonry cutting sheels. A circular groove, $\frac{1}{2}$ inch deep by $\frac{1}{8}$ inch wide is cut into the face at both ends of each section in order to receive a $1" \times \frac{1}{8}"$ steel spline. Openings for cleanouts are cast at time of manufacture.

In erecting this type of flue, the lowest section or support section 4'-0" long—is carried on a 2'-0" x 2'-0" x 0'-8" concrete base. The next section is placed on the base or support section so that the metal spline is set in the groove. These sections are joined with an acid resisting cement, at each joint a sheet metal draw band is provided; after drawing the band tight, three sheet metal screws anchor the draw-band to each section in order to hold the joint tight until the joint cement has set. The succeeding sections are laid up in similar manner.

The average weight of the sections is 27 lbs. per ft. of length.

Inspection and Test

Actual installations were inspected by Asst. Engr. J. A. Darts Committee on Test but the installation inspected were not in compliance with C26-710.0.h.i Administrative Building Code.

The flue was tested at the Underwriters Laboratory, Chicago, Illinois for the following:

Fire Hazard, Heat Shock, Smoke Test, Freezing and Thawing, Sulphuric Acid Immersion, Water Immersion and Load and successfully passed all the tests. The complete Underwriters Laboratory Report Misc. Hazard 3836 Application No. 49C3511 is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the Van-Packer Flue for voluntary use as following conditions; The chimney shall be carried down to an incombustible base and shall rest on a footing 2'-0" x 2'-0" x 0'-8" or greater depending on the soil condition; this chimney shall only be used in residence building of Class 4 construction and the extension beyond the ridge line shall not be more than 2'-0"; that clearance from combustible shall be in compliance with the requirements of C26-710.0.3. n, o, p Administrative Building Code; the chimney shall be adequately braced by $1" \times \frac{1}{8}"$

metal supports at every tier of beams, including the rafters; that each section shall be joined to the lower section by means of the metal spline, joint cement and aluminum band, all as herein described and further that each carton or container in which this flue is marketed shall be tagged, stamped or labeled, "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 733-48-SM" or each section of flue shall be similarly marked.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

EDWIN W. KLEINERT,
Commissioner,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

733-49-SM

APPLICANT—Aetna Steel Products, Corp., owner.

SUBJECT—Application reopened July 11, 1950—re Aetna Hollow Steel ($1\frac{3}{8}"$) One and One-Half Hour Fire Door.

APPEARANCES—

For Applicant: Leslie T. Swanson.

ACTION OF BOARD—Resolution amended in accordance with report of Committee.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 733-49-SM.

Subject: Amendment of resolution as to modification of design.

Aetna Steel Products Corp. Pottsville, Pa. requested by letter dated June 22, 1950 that the resolution adopted June 6, 1950 be amended so as to modify the construction of the approved door. The application was reopened by a vote of the Board July 11, 1950.

Description

The door approved June 6, 1950 under Cal. No. 733-49-SM was so constructed that the panels of #20 gauge steel and the stiles of #18 gauge steel are locked together by means of interlocking reinforced hooked channels and are welded on 6 inch centers at the four seams along both faces of the entire door. The modified door is constructed of #18 gauge gauge throughout. The door is made in two sections and they are welded with a continuous fusion weld along the entire length of the door. There is no change in design or spacing of the stiffness or in the type or density of the rockwool insulation.

Inspection

Details of the modified construction were inspected and were compared with the details of construction of the approved door by Asst. Engr. J. A. Darts and were found to comply with drawings marked received Dec. 4, 1953.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends that the resolution adopted June 6, 1950 be amended so as to include the modified construction as herein described and otherwise that

MINUTES

the requirements of the resolution adopted June 6, 1950 be complied with.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of June 6, 1950 in accordance with the above report.

243-52-SA

APPLICANT—Gruenberg Electric Co., owner.
SUBJECT—Geco Industrial Oven (electric), approval of.
APPEARANCES—

For Applicant: Alex T. Greenberg.

ACTION OF THE BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 243-52-SA

Subject: GEICO Industrial Oven, approval of.

Gruenberg Electric Corp., Brooklyn, New York, filed March 24, 1952, an application with the Board of Standards and Appeals for approval of the appliance known as GEICO Industrial Oven under the provisions of the Paint Spraying Rules of the Board.

Purpose

The appliance is used for the bake drying of various non-combustible articles finished with enamels, japans, lacquers and finishes of that nature.

Description

The GEICO Industrial Type BGP is constructed of non-combustible material and is double wall construction. The interior and exterior walls are fabricated of at least 22 gauge steel and the space between the walls is insulated with at least two inches of fiberglass insulation.

The doors of the oven are equipped with safety vent latches of a type approved by the factory mutual.

The ovens are provided with a forced air circulation system and a high volume blower forces the air through the oven in ducts. The oven is provided with a fresh air intake and exhaust stack. An exhaust blower is interlocked with the main start switch so that the oven cannot be started without the exhaust being turned on.

The heating units are seamless steel tubular heating elements. These heaters are so constructed that the actual heating element is surrounded with an electrical insulator. The insulating material is then surrounded with a seamless steel tubing. There are no open heating coils; only the steel tubing, which is heated from the inside, is exposed to the oven air.

The heaters are interlocked with the circulation blower so that they cannot be energized when the blower is not running. If the blower should stop, the heaters will be disconnected and remain off.

The heaters have a seven inch section on each end of the heater that is not heated and the terminal connections are on each end. This unheated section, with the terminals, passes through the insulated wall from the inside of the oven to the outside and all connections to the oven are made on the outside of the oven so that there are no wires or connections within the oven.

The terminal, being on outside of the oven, will eliminate any possibility of ignition due to arcing.

The temperature in the oven is controlled by an automatic thermostat which turn the heating units on or off to maintain the set temperature. A secondary control is set a few degrees above the automatic thermostat so that in case the thermostat fails, the secondary control will function and stop operation completely except for the exhaust fan; the heating elements and the circulation blower will be disconnected and inoperable until the oven is repaired.

All control equipment, contactors, relays, fuses etc. are mounted in a control box that is mounted on the outside of the oven. The heater circuit, blower and control circuits are separately fused. A blown fuse in the blower and control circuit will cause the shut down of the heater circuits as the heaters are interlocked in this manner.

The type BGP is constructed of various size, ranging from 12 cu. ft. to 96 cu. ft. inside dimension and the wattage ranges from 5000 watts in the smallest oven to 18000 watts in the largest oven and the voltage, in all sizes, is 200 V3 Phase.

Inspection and Test

An oven was inspected and tested at 1637 George St. Brooklyn, New York by Asst. Engr. J. A. Darts, Committee on Test. The oven functioned as designed and the controls operated as required. In addition pieces of news print were draped over the heating elements and at the end of one half hour, under operating conditions with the heating elements and circulating blower in operation, the paper was barely charred.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the GEICO Industrial Oven Type BGP for voluntary use in New York City when constructed as herein described and installed in accordance with the requirements for all paint. Drying ovens under the requirements of the Paint Spraying Rules of the Board and all electrical work shall be in compliance with the requirements of the Electrical Code and that the oven bears a label permanently attached reading, "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 243-52-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

WHEREAS, the report of a Committee on Test reads:

MINUTES

REPORT OF COMMITTEE ON TEST

Re: Cal. 438-52-SM.

Subject: Gold Bond Gypsum Plaster & Gold Bond Gypsum Lath Ceiling (with Gold Bond Clip-lok System) approval of.

Sheldon H. Cady for National Gypsum Co., Buffalo, New York, filed May 27, 1952, an application with the Board of Standards & Appeals for approval of the material known as Gold Bond Gypsum Plaster and Gold Bond Gypsum Lath Ceiling with Gold Bond Clip-lok System, under the provisions of C26-618.0, C26-88.0, C26-615 Administrative Building Code.

Purpose

The purpose is to provide a short span fire resistive ceiling with a three (3) hour fire protection to structural steel.

Description

The construction consists of a 2 inch poured in place reinforced concrete floor slab, open web steel joists and a ceiling of $\frac{5}{8}$ inch of gypsum perlite on $\frac{3}{8}$ inch perforated gypsum lath secured by wire clips to furring channels which, in turn were tied to the lower chords of the joists.

The joists are spaced 24 inches on centers and a row of X-bridging, consisting of $\frac{3}{4}$ inch Cold Rolled Channels, cut to tie around the joist and maintain the 24 inch spacing are placed transversely to the joists at mid span but not exceeding 6'-6" on centers along the center line of the joist.

The base for the reinforced portland cement slab was an expanded metal rib both weighing 3.4 lbs./sq. yd. The lath is locked on top of the joists, transversely, and lapped 1'-0" on the end of the adjoining sheet and 0'-4" along the edge. The laths are tied together along the lapped joints and to each joist at each rib with #18 galvanized wire. The concrete is a 1:2:4 mix, by volume and the reinforcing in the concrete is 6 inch square weld mesh of #8 ga. wire.

The $\frac{3}{4}$ " Cold Rolled Channels, spaced 12 inches on center are tied transversely to the lower chord of the joists with double ties of #18 gauge wire.

The $\frac{3}{8}$ inch perforated gypsum lath, 48" x 16" are then placed with the long dimension parallel to the joists and are secured to the furring channels with formed wire clips. Each lath is supported by four clips along each edge. Along each furring channel, at the third joint of the 16 inch edge, two wire clips are punched through the lath and hooked over the channels for additional support. The lath is secured to one another at the ends and edges by formed wire clips.

The plaster is applied in three coats, the scratch consisting of 100 lbs. of gypsum to 2 cu. ft. of perlite, the brown coat consisting of 100 lbs. of gypsum to 3 cu. ft. of perlite and the third or white coat consisting of 3 parts lime putty to 1 part of gaging plaster. The total thickness of plaster being $\frac{5}{8}$ inches.

Inspection and Test

A floor and ceiling construction as described above was tested at the National Bureau of Standards, Washington, D. C., in the presence of Asst. Engr. J. A. Darts, Committee on Test and representatives of the National Gypsum Co.

The test was discontinued at three hours in order to save the joists and floor for later tests. The deflection of the floor at that time was 0.3 inches. None of the end points of heat transmission had been reached at that time. No hose stream or reloading tests were made. A copy of the record of test by the Bureau of Standards, test panel 316 file 10.27U is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant the Committee on Test recommends that approval of the National Gypsum Co. Gold Bond Gypsum Plaster and Gold Bond Gypsum Lath Ceiling when used as a ceiling assembled as described in this report as a short span fire resistive ceiling for the protection of joists, beams and girders in all classes of construction under the provisions of C26-615.0 as having met the requirements of C26-601.0, C26-

602.0 and C26-603.0 Administrative Building Code providing all component parts are of an approved type installed in accordance with their individual approvals and provided the ceiling is assembled as described in this report.

The Committee further recommends that all perforated lath, gypsum perlite plaster and accessories manufactured by National Gypsum Company for use in this construction shall be tagged, stamped or labelled as the containers or shipping tickets or bill of lading stamped or marked "Approved by the Board of Standards & Appeals for use in New York City under Cal. No. 438-52-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

812-52-SM

APPLICANT—Duffy Concrete Products, Inc., owner-manufacturer.

WHEREAS, the report of a Committee on Test reads:

AMENDED REPORT OF COMMITTEE ON TEST

Re: Cal. 812-52-SM.

Subject: Duffon Concrete Plank (concrete plank for roof and floor construction), approval of.

Duffy Concrete Products, Inc. owner-manufacturer of Tenaflay, N. J., filed November 5, 1952, an application with the Board of Standards and Appeals for approval of the Duffon Concrete Plank for roof and floor construction under the provisions of C26-347.0 and C26-626.0 Administrative Building Code.

Purpose

A reinforced cinder concrete roof plank for floor and roof construction.

Description

This plank is of precast reinforced concrete construction. The concrete is composed of one part high early portland cement, four parts hard coal cinders and aerating compound. The planks are 2" or $2\frac{3}{4}$ " thick and $23\frac{7}{8}$ " wide for square edge and $22\frac{7}{8}$ " wide for tongue and groove. The steel welded wire fabric reinforcement consists of 3-12 and 7-11 for 2 roof plank up to 6'-0" clear spans, 2-12 and 7-11 for 2" roof plank up to 7'-0" clear spans, 2-12 and 7-11 for all $2\frac{3}{4}$ " plank up to 8'-0" clear spans and for all floor plank 2" or $2\frac{3}{4}$ " thick. The welded wire fabric is placed top and bottom of all planks with a $\frac{3}{4}$ " concrete protection.

The concrete mix described above is mixed in a rotary drum and poured into the steel forms, thoroughly tamped and kiln cured for 24 hours, then stacked and air cured for a minimum of 14 days.

All planks are securely attached to the structural supports by means of 18 gauge galvanized metal clips nailed to the

MINUTES

planks. All joints between planks are filled with a high temperature resistant asphaltic mastic compound.

Inspection and Test

These planks were inspected and tested at the plant of the applicant at Tenafly, New Jersey. Sample slabs were identified and tested at third point loading in accordance with the requirements of C26-626.0 Administrative building Code.

The results were as follows:

2" tongue and groove plank—

7'-0" C to C span 6'-8" clear/span

Area 2 slabs per panel = 25.62 sq. ft.

Panel #1 6460 lbs.

Panel #2 5990 lbs.

Av. 6225 lbs.

Load lbs. per sq. ft. $6226 \div 25.62 = 244$

Safe uniformly distributed carrying capacity in accordance with C26-626.0 = 61 lbs. sq. ft.

2¾" tongue and groove plank 8'-0" C-C span

7'-8" clear span 1'-7/8" wide

Area 2 slabs per panel = 29.44 sq. ft.

Panel #1 ultimate load 7210

Panel #2 ultimate load 7400

Av. 7305 lbs.

Load (lbs. per sq. ft.) $7305 \div 29.44 = 248$

Safe uniformly distributed carrying capacity in accordance with C26-626.0 = 62 lbs. per sq. ft.

Recommendation

The Committee on Test recommends on the basis of the foregoing data and as per the application of accepted engineering formula submitted with the application that the Duffcon Concrete Plank be approved for use in New York City under C26-191.0a as meeting the requirements of C26-626.0.b Administrative Building Code for roofs of class 1 and 2 construction where the fire protected covering is omitted from the roof trusses as provided in C26-618.0 under C26-620.0.c.l.b. as the Concrete top slab provided for therein as roof slab only for spans as follows:—2" plank 6'-8" clear span—2¾" plank—7'-8" clear span, provided not fire resistive rating is required under the following conditions:

A minimum bearing of 2 inches shall be provided on the steel or masonry supports and each plank shall bear in the supports sample spans. The roof surface shall consist of approved roofing material not exceeding 4 lbs. per sq. ft. The slabs shall be fastened to the purlins or roof beams with 18 U. S. gauge metal clips nailed to the planks and all planks when shipped shall be marked or tagged "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 812-52-SM."

552-53-SM

APPLICANT—Simpson Logging Co., owner (James A. Phillips, Inc., Agent).

SUBJECT—Application July 9, 1953—Simpson Acoustical Tile, FRF Finish, approval of.

APPEARANCES—

For Applicant: Robert Phillips.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test except there shall be a mechanical means of attachment, which shall be submitted to the Board.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 552-53-SM

Subject: Simpson Acoustical Tile FRF finish, approval of.

Simpson Logging Co. Washington filed July 9, 1953 an application with the Board of Standards & Appeals for approval of the material known as Simpson Acoustical Tile FRF finish under the provisions, C26-191.0 Administrative Bldg. Code and the Fibre Board Rules of the Board.

Purpose

The material is an acoustical tile with a flame resistant finish.

Description

The acoustical tile is a wood fibre tile made from a blend of Douglas fir. The tiles are 12" x 12", 12" x 24" and 24" x 24" and have a thickness of ½", 5/8", ¾" and 1". Each square foot of tile has 484 drilled perforations 1/16" in diameter extending to within 1/8 inch of the back surface.

The surface of the tile is thin finished with a flame resistant paint designated as FRF.

The tile is given a base coat with a paint of the following formulation:

Clay	2700	parts
Dispersant	8	"
Sodium Alginate	20	"
Starch	300	"
Water	2860	"

The tile is given two additional coats of paint; the under coat being as follows:

Alpha Protein	3.12	parts
Ammonium Hydroxide	.42	"
Sodium Pentachlorophenol	.17	"
Dispersant	9.00	"
Clay	1000.00	"
Styrene-Butadiene Latex	135.20	"
Water	883.79	"

The top coat being as follows:

Calcium Carbonate	300.00	parts
Titanium Dioxide	21.80	"
Sodium Silicate	23.26	"
Dispersant	1.75	"
Styrene-Butadiene Latex	84.50	"
Water	166.60	"

Inspection and Test

Tests were made at Manhattan College, New York in the presence of Asst. Engr. J. A. Darts, Committee on Test, R. Phillips representing the applicant and Professors O'Connell and McInerney of Manhattan College.

The test procedure was in accordance with Federal Specifications SS-A11-118 (A) Section 3C-1 which covers "slow burning and combustible materials". The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends that the Simpson Logging Co.'s product known as Simpson Acoustical Tile FRF Finish be approved for use in New York City when treated on the exposed surface with the mixture known as FRF consisting of ingredients as herein described.

MINUTES

Class of Construction	Ceiling Area (sq. ft.)
1	5000
2	5000
3	6000
4	no limit
5	6000
6	6000

In school buildings where the ceiling is 20 feet clear above the floor these areas may be increased 50%.

The Committee further recommends the flame resistant treatment shall be of a color differing from the color of the standard tile (not treated) to insure complete coverage of the tile and each package shall carry the wording "Approved by the Board of Standards & Appeals for use in New York City under Cal. No. 552-53-SM" and in addition the words "Fire Treated".

It is further recommended that this product even when fire treated, be backed up solidly (tightly) without air space to an incombustible backing such as concrete, cement plaster, asbestos cement building board or similar material and each tile shall be secured by mechanical means.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

583-53-SM

APPLICANT—Hamilton Manufacturing Company, owner.
SUBJECT—Application July 30, 1953—Hamilton Single Gooseneck Pedestal Faucet and Hamilton Swing Spout Mixing Faucet, No. L-18VB and L-019VB, approval of.

ACTION OF BOARD—Application reopened and resolution amended in accordance with report of Committee.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

CORRECTED REPORT OF COMMITTEE ON TEST

Re: Cal. 583-53-SM

Subject: Hamilton Single Gooseneck Pedestal Faucet and Hamilton Swing Spout Mixing Faucet, Models L-18VB and L-019VB, approval of.

Hamilton Manufacturing Company, Wisconsin, Filed July 30, 1953, an application with the Board of Standards and Appeals for approval of the Hamilton Single Gooseneck Pedestal Faucet and Hamilton Swing Spout Mixing Faucet Models L-18VB and L-019VB under the provisions of C26-1277.o.h Administrative Building Code, and the Submerged Inlet Rules of the Board.

Purpose

The material is a laboratory type plumbing fixture faucet.

Description

This faucet is designed for use in hospitals, laboratories and for places in which a hose connection can be made for use in bench sinks.

The vacuum breaker is incorporated in the gooseneck or spout outlet which is at least four inches above the discharge spout.

Inspection and Test

The two models were inspected and tested at 32 Vandewater Street, New York City in the presence of Asst. Engr. J. A. Darts, Committee on Test, E. O. Bauman, Chief Inspector, Bureau of Water Register; H. Gralow, Inspector Water Consumption and J. M. Mitchell and A. R. Salveson, representing the applicant.

All parts of the units remained tight under water pressures from 35 p.s.i. to 2 p.s.i. and at no time did the vacuum breaker leak at the higher pressures or show signs of weeping at the low pressures. The units were then subjected to sustained and intermittent vacuum of 27.5", 22.5" 15.0" and 7.5" Hg. and at no time did back flow occur.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Hamilton Single Gooseneck Pedestal Faucet and the Hamilton Swing Spout Mixing Faucet Models L-18VB and L-019VB for use in New York City under the provisions of the Submerged Inlet Rules of the Board, on condition that the faucets be stamped, "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 583-53-SM" or in lieu thereof, a die or stamp be made and stamped or labeled on article bearing the following inscription within a circle around the periphery at the top the word, "APP'VD," along the bottom, "BD. S&A", in the center, two lines, upper line, reading, "N.Y.C." lower line reading, "Cal. No. 583-53-SM".

The Committee further recommends that the vacuum breaker described herein shall only be used in the above mentioned fixtures and that this approval shall not be deemed to be an approval of the vacuum breaker per se for general application or approval.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,

For Applicant: Norbert F. Schumaker.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 143-54-SM

Subject: United States Plywood Fire Door approval of.

J. A. Fitzpatrick for United States Plywood Corp., New York, filed February 24, 1954, an application with the Board of Standards and Appeals for approval of the United States

MINUTES

Plywood Weldwood Fire Door under the provisions of C26-292.o.h.i.d.; C26-610.0 and C26-662.0 Administrative Building Code.

Purpose

The material is a 4'-0"x7'-0"x0'-13/4" three quarter hour fire resistive door.

Description

The Weldwood Fire Door is a flush type single swing composite fire door constructed of an incombustible core to which is bonded chemically impregnated wood edge banding.

The core is calcium silicate with asbestos fibers. In the manufacturing process this slurry is cast in vertical moulds, cured in a steam autoclave for 18 hours; the castings are then removed, shaped and dried to a moisture content of 3%.

The core and the chemically treated edge banding is coated an adhesive, clamped in a position and allowed to set. This assembly is then sanded; the exposed surface is sized and after setting, the veneer is applied to the core with special glue, then placed in a hot press under controlled condition.

Inspection and Test

Samples of the door 4'0"x7'-0"x0'13/4" were tested at the Underwriters Laboratory in the presence of Asst. Engr. J. A. Darts Committee on Test and representatives of the United States Plywood Corp.

A total of four doors were tested in accordance with the requirements of C26-610.0 Administrative Building Code, and the maximum heat transmission of all the doors tested was 180° F. There was a slight flaming of the edge banding at the hinge and lock stile but no passage of flame in considerable volume. The end of the hour fire endurance, the doors were subjected to the hose stream test and only one of the four doors passed the hose stream test.

The applicant amended his application to request approval of the door as a 3/4 hour opening protective assembly as C26-610.o.b Administrative Building Code states that, "opening protective assemblies other than fire windows and shutters tested to establish a three-quarters of an hour rating need not be subjected to a hose stream test;" hence this door successfully passed the 3/4 hr. test.

Recommendation

On the basis of the inspection and test and this data filed by this applicant, the Committee on Test recommends the approval of the United States Plywood Corp. Weldwood Fire Door when constructed as herein described for use as a three-quarter hour opening protective assembly as provided for under C26-610.0 Administrative Building Code, on condition that the lock used shall have a throw of at least 3/4 inch. and that all opening protective assemblies manufactured under this approval shall comply with the Opening Protective Assembly Rules of the Board.

The Committee further recommends that a metal veneer; 20 to 24 gauge may be bonderized onto the face of the door and that the door may be constructed with rails 4 1/2 inches and stiles 1 1/2 inches.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 26, 1953, after due notice by publication in the Bulletin laid over to June 9, 1953, for new decision and revised plans; then to June 23, 1953, for further consideration in connection with Cal. 284-53-BZ; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 37th avenue and 60th street are in a residence use, B area and class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated June 4, 1953, acting on N.B. Applic. 795-53, reads:

"1. The use of the premises as a factory and parking lot for more than five motor vehicles as an accessory use by factory employees only, in a residence use district is contrary to Article II, Sect. 3, of the zoning resolution.

MINUTES

2. The use of the premises for more than 65% of the area of the lot for an interior lot or 80% of a corner lot is contrary to Article IV, Sect. 12, Subsection (b), of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 and 175 ft. frontage by 100 and 175 ft. in depth, presently vacant; that it is proposed to erect a one story building, 14 ft. in height, 149 ft. front by 169 ft. deep; that the building will be steel, fireproof and of class 1 construction; and

WHEREAS, the applicant contends that the design of the proposed structure is modern in every respect and will be used for factory purposes; that liberal off street loading is provided; that the area of the plot is 22,500 sq. ft.; that in addition a 45 ft. by 100 ft. yard will be provided in perpetuity to prevent nuisance and avoid the closing of air space of adjoining building to the south; that a field inspection of the area included in the 500 ft. radius will show many non-conforming uses; that prior to April 1927 this area was in an unrestricted use area and since the change to residential use the only major construction has been factory and industrial buildings; that in view of the existing conditions, the premises cannot feasibly be used for residential construction and that this is the best possible use to develop this barren property; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the zoning resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, subdivision e, as to use, and Section 21, as to area, to permit the construction of a class I one story building, substantially as proposed and as indicated on revised plans marked "Received June 4, 1953," 5 sheets, and one sheet marked "Received April 27, 1953," showing proposed cellar under building for boiler room only, *on condition* that all existing uses on the premises shall be removed and the building proposed to be erected shall occupy only such space as is shown on such revised plans and shall comply with all laws, rules and regulations applicable to the building and use; that the rear unbuilt upon portion for a depth of 43 ft., as shown, shall be used only for parking in connection with the placing of motor vehicles on the space for employees only; that on this portion of the premises shall be erected a woven wire fence of the chain link type with a cyclone top to a total height, as proposed, of not less than 7 ft., continuously on the interior lot lines and the street lines, except for an opening to 60th street, which shall be fitted with a gate; that such opening shall not exceed 10 ft. in width and opposite it there may be a curb cut of similar width; that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

* Correction—The depth of the parking space in the rear, changed from '45 ft.' to '43 ft.' as printed in the conditions of the resolution.

914-52-A

APPLICANT—Hurley and Hughes, for West 38th Street Realty Corp., owner.

SUBJECT—Application filed December 29, 1952—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—60-64 West 38th street, south side, 141.8 ft. east of 6th avenue (Block 839, Lots 79 and 80), Borough of Manhattan.

APPEARANCES—

For Applicant: Natale R. Anzelmo.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Guinee 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated December 11, 1952 as to Alt. Applic. 1720/52, reads:

"1. Proposal to combine 60 W. 38 St. and 62-64 W. 38 St. into one bldg. by removal of the interior stwy. at 60 W. 38 St. would be contrary to Resol. 1080-48-A of B.S. & A.

2. Provide a live load construction of 120# per sq. ft. for 2nd and 3rd floors factory use at 60 W. 38 St. in accordance with 7.3.2.3. B.C."

and

WHEREAS, the applicant states that the buildings are 4 and 6 stories, 45 ft. and 65 ft. in height, 61 ft. 9 in. by 88 ft. 9 in. in area, of class 3 construction, erected prior to 1912, located on a lot 61 ft. 9 in. by 98 ft. 9 in. in area, in a retail use, B area, class 2 height district, and used and occupied since 1912 as follows: cellar, boiler room and storage; mezzanine—restaurant, store and office, 50 persons; 1st floor—restaurant and store, 115 persons; 2nd to 6th floors—office, showroom and factory, 80 persons on the 2nd and, 80 on the 3rd, 80 on the 4th, 50 on the 5th and 50 on the 6th floor; and proposed to be used and occupied, when the buildings are altered and combined, as follows: cellar—boiler room and storage; 1st floor—stores; mezzanine—offices, 20 persons; 2nd to 6th floors—offices, showroom and factory, 30 persons on each of the 2nd, 3rd, 5th and 6th floors and 68 persons on the 4th floor; that the building is provided with a two source sprinkler system throughout and an approved interior fire alarm system; that there is one 3 ft. 8 in. wide interior steel stairs, masonry enclosed, equipped with kalamein self-closing doors leading direct to street and to roof bulkhead along the west wall of 62 to 64 West 38th street; that in addition, there is one fire escape on the rear extending to roof by ladder with egress from its lower termination to street through fireproof passage and stairs; that window and door openings along the course of the fire escape are fireproof, self-closing; and

WHEREAS, certificate of occupancy #18275 issued March 19, 1932 upon completion of Alt. Applic. 2396/31 affecting 60 West 38th street permits the following use and occupancy: cellar—kitchen and storage; 1st floor—restaurant, 115 persons; 120 lb. live load; mezzanine—50 persons, 100 lb. live load; 2nd and 3rd floors—office and showroom, 30 persons each floor, 65 lb. live load; 4th floor—office and factory, 30 persons, 65 lb. live load, and limits the manufacturing on the 4th floor to not more than 25% of the total floor area of the building; and

WHEREAS, certificate of occupancy #2770 issued February 15, 1921 upon completion of work under Alt. Applic. 775/20 affecting 62-64 West 38th street, permits the following use and occupancy: cellar—storage and boiler room; 1st floor, 120 lb. live load and mezzanine, 60 lb. live load; store use—total occupancy for 1st floor and mezzanine, 70 persons; 2nd to 6th floors inclusive, 50 persons per floor—offices, showrooms and factory, 75 lb. live load, and contains the limitation that not more than 25% of the floor area of the building is to be used for manufacturing purposes; and

MINUTES

WHEREAS, the applicant states that this appeal is filed for the purpose of removing the stairs from the east side of No. 60 West 38th street; and

WHEREAS, the applicant contends that a primary means of egress from both buildings, No. 60 and No. 62-64 West 38th street, will consist of a 3 ft. 8 in. wide steel stair enclosed in a fireproof enclosure leading direct to street and roof, and this stair is sprinklered throughout; that the occupancy on the 2nd and 3rd floors will be reduced from a total of 80 people per floor to 30 per floor; that the 4th floor will be reduced from a total of 80 occupants to 68; that the 5th and 6th floors will be reduced from 50 persons to 30 persons per floor; that the allowable capacity per floor for the interior stair, in view of the existing two source sprinkler system and interior fire alarm system, is 68 persons per floor in accordance with section 278, subdivision 5 of the Labor Law; that therefore the total occupancy of the building is to be reduced from 575 persons to 208 persons on all floors; that the second means of egress from each floor is an existing Labor Law fire escape which was accepted as a secondary egress under certificates of occupancy #2770 and #3474; that this fire escape, which extends to the roof and terminates at the mezzanine floor through a fireproof passage into the fireproof enclosed stairway leading to the street, is easily accessible from every floor of the building; that due to the elevators being located in No. 62-64 West 38th street, 95% of all employees use the entrance at 62-64 as a main entrance to the building; that the stairway which it is proposed to be removed is never used by the employees; that the employees are thoroughly familiar with the stairway in 62-64 West 38th street and the rear fire escape; and

WHEREAS, the applicant requests the Board to accept the existing 65 lb. live load for the 2nd and 3rd floors of No. 60 West 38th street; that the 4th floor of this building was previously accepted for 65 lb. live load under certificate of occupancy #3474-32, on condition that only 25% of the floor area is to be used for incidental manufacturing; and

WHEREAS, the applicant therefore requests reconsideration of the decision of the borough superintendent in view of the

present two source sprinkler system throughout, the existing interior fire alarm system and the limitation of 25% of the floor area of the building to manufacturing use.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 1720/52, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the combining of the four story building and the six story building, as herein proposed and as indicated on plans filed with this appeal marked "Received December 29, 1952" (8 sheets), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, and also shall comply with the requirements of the resolution as adopted by the Board March 8, 1949, under Cal. 1080-48-A, affecting one of these buildings, namely 62-64 West 38th street, *on condition* that the requirements of such resolution shall be complied with where not inconsistent with the resolution as adopted this day; that the occupancy of the combined buildings shall not be in excess of the occupancy as permitted for the primary means of exit with due allowance for the sprinkler system and *sprinkler alarm* (erroneously referred to as a fire alarm system); that this resolution shall continue only so long as these two buildings are joined as herein proposed as one building and shall hereafter be so considered by the departments affected; that in the event they are again separated, the requirements for exits shall comply with all requirements for each building; that the amount of manufacturing in the combined buildings shall not exceed 25 percent of the total floor area; that the rear fire escape shall be continued as proposed and as shown thereon with an exit through the mezzanine floor to the street of the building formerly known as 62-64 W. 38th street and that a new certificate of occupancy shall be obtained and that floor loads shall be posted on all floors.

*Correction—In the resolution, the words "fire alarm system" changed to "*sprinkler alarm*" due to the applicant's erroneous reference that there was a fire alarm system in building.

PETITION FOR CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On June 1, 1954, Copy of Petition and Order of Certiorari was
served on the Board by Simon Gallet, attorney for Lincoln Cooperative
Apartments, Inc., objecting property owners, seeking a review of the
Board's determination on April 27, 1954, granting a variance, under
Section 7-f of the Zoning Resolution, permitting in the business use
area only of the plot located in residence and business use area district,
for a term of fifteen years, the construction of a gasoline service
station; under Section 7i, permitting minor repairing with hand tools
only for adjustments and maintained solely within the accessory
building; under Section 7-h for a term of ten years, permitting parking
and storage of motor vehicles having been serviced or awaiting service;
and under Section 7-A, permitting a show window as proposed in
accessory building; Cal. No. 924-50-BZ, Vol. II; Premises 2784-2806
Coney Island Avenue, Borough of Brooklyn.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of the same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

929-53-BZ

APPLICANT—Charles M. Spindler, for Estate of Julius Polakoff, Abraham Finkelstein and Solomon M. Kishner, owners.

SUBJECT—Application December 31, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, auto wash, lubritorium, storage and sale of accessories and office.

PREMISES AFFECTED—10504-10524 Flatlands avenue, south side, from East 105th to East 106th street, 901-911 East 105th street and 902-912 East 106th street (Block 8213, Lots 37, 40, 41, 42, and 43), Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: Stanley W. Berman and Harry Ragovin.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application withdrawn without prejudice after public hearing and inspection.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

739-39-BZ—Vol. II

APPLICANT—Henry George Greene, for Cromwell Avenue Garage Corp., owner.

SUBJECT—Application July 30, 1953 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sale of accessories and office; and to permit parking and storage of more than five motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—1722-1730 Lexington avenue and 128-130 East 108th street, southwest corner (Block 1635, Lots 155, 56, 156, 57 and 157), Borough of Manhattan.

APPEARANCES—

For Applicant: Arthur P. McNulty.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioners Kleinert and Keating 2
Negative: Chairman Murdock and Deputy Chief Connors 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 22, 1953 subject to regular procedure, for rehearing under a different section, namely section 7f, and in view of new ownership; and

WHEREAS, a public hearing was held on this application on May 11, 1954 after due notice by publication in the Bulletin; laid over to June 8, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Lexington avenue and East 108th street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated July 16, 1953 acting on N. B. Applic. 47-53 and superseded by N. B. Applic. 47-53 dated March 19, 1954, reads:

"1. Proposed occupancy as 'Gasoline service station, parking and storage for more than 5 motor vehicles,

lubritorium, car washing, sales area, office and storage, and car repair', is not permitted by Art. II, Para. 4a(15)(29)(46) in a business use district."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. 11 in. frontage by 75 ft. in depth, on which is located an open air parking lot, with attendant's shanty, for which certificate of occupancy No. 40272 has been filed; that it is proposed to erect and maintain a gasoline service station; and

WHEREAS, the applicant contends that the plot has been used for almost a year as a parking lot; that this use has proved to be impractical and attempts to sell, lease or make use of the property for a conforming use has brought no response from any interested parties; that the site is located within an area which is greatly in need of the facilities of a gas station; that it is proposed to erect a modern station under the ownership and management of the owner of the plot who is well qualified to maintain a station because of his previous experience in this field; and

WHEREAS, the applicant states the owner has held title to the property since August 14, 1952 and further states the assessed valuation of land is \$34,300, with no assessed valuation for buildings, making a total of \$34,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the premises are now being used as parking which is a conforming use in a business use district; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivisions f and i, of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N. B. Applic. 47-53, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

177-42-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for John F. McKenna, owner.

SUBJECT—Application January 25, 1954 (decision of the borough superintendent), under sections 7c, 21 and 7A of the zoning resolution, to permit in the business use district portion of a lot located in a residence and business use district, the erection and maintenance of a structure to be used as a public market, store and catering, with bowling alleys and storage for stores in cellar, using more than the area permitted, and with signs and business entrances nearer to the residence use district than is permitted; and to permit in open portion of lot in residence use district, the parking of patrons' cars, loading and unloading and ingress and egress from business use portion of lot.

PREMISES AFFECTED—582-610 86th street and 1-21 Gatling place, southeast corner and 2-18 Dahlgreen place (Block 6054, Lot 20), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on February 9, 1954 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on May 11, 1954 after due notice by publication in the Bulletin; laid over to June 8, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning reso-

MINUTES

lution show that the site, Gatling place and Dahlgreen place are in residence and business use, C area, class 1 height districts; 86th street is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated January 8, 1954 acting on N.B. Applic. 1291-53, reads:

"1. Proposed structure located in the business portion of a lot, which is partly located in a Business and Residential Use Zone, and the Residential Portion of the lot is proposed to be used for Parking of Patrons Cars, Loading and Unloading for Public Market, and egress from the Business Use through the Residence portion of lot, is in violation of Art. II, Sect. 3 of the Zone Resolution.

2. Proposed structure exceeds permitted coverage and is in violation of Art. IV Sect. 13 of the Zone Resolution.

3. Proposed structure in a transition from Business use to Residence use, and the proposed signs and Business entrances and exits exceeding 3'-6" within 75'-0" of the Residence use Zone is in violation of Art. II, Sect. 7A of the Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 251 ft. 3 $\frac{1}{8}$ in. frontage by 189 ft. 6 $\frac{1}{4}$ in. in depth, irregular, presently developed with a parking lot, in the business use district, granted under a variance of the Board under Cal. No. 177-42-BZ and for which certificate of occupancy No. 121375 was issued; that this use is now permissible in a business zone; that it is proposed to erect a one-story and cellar, class 3 structure, having a frontage of 251 ft. 3 $\frac{1}{8}$ in. on 86th street, 100 ft. on Dahlgreen place and 86 ft. on Gatling place; that the cellar will be used for bowling alleys and storage for the store and market; that the 1st floor will be used for a public market, store and catering; that the open area will be used for loading and unloading and parking of patrons' cars; and

WHEREAS, the applicant contends that the proposed building will be entirely in the business use portion of the site and the proposed uses are entirely conforming uses in said business part of the site; that the exits and egress at the rear of the building leading through the residence part of the site are only secondary means of egress from the 1st floor and the cellar and to receive merchandise at the rear of the market; that the proposed loading and unloading and the parking of patrons' cars in the residence zone will only be in conjunction with the proposed building in the business zone and will keep all parking and loading off the streets, thereby alleviating the parking problem in this area; that block 6055, lot 12 directly across the street, partly within the residence zone, is using said land for the parking of motor vehicles for patrons; that the entire site has an area of 44,462 sq. ft. and the proposed building has an area of 23,681 sq. ft.; that the part of the site in the business zone has an area of 25,126 sq. ft. so that although the proposed building would exceed the allowable coverage in the business zone by 7105.68 sq. ft., the building would be within the allowable coverage if coverage were computed for the entire site; that inasmuch as the open area in the residence zone will be maintained along with the building, the entire block receives the same advantage as if the entire site were in a business zone; that the Board, under Cal. No. 177-42-BZ, Vol. II, on the same site, granted a variance permitting the entire site both in the residence and business part to be occupied by a business building of similar nature and also permitted 100% coverage of the site, but the building was never erected; that the present application confines the entire building to the business zone and does not exceed ground coverage when computed on the entire site size; and

WHEREAS, the applicant further contends that the proposed exit and sign on Gatling place is used solely by the cellar bowling alley and is entirely in the business zone; although the exit and sign are within 75 ft. of the residence zone they are over 100 ft. to the end of the site, and the closest building to be affected would be lot No. 7 on Gatling place, which is over 100 ft. away; that the proposed exits on

Dahlgreen place are only secondary means of egress for the cellar and 1st floor and occur in the business use district; that although the said exits occur within 75 ft. of the residence zone, the closest exit to the nearest adjoining lot on Dahlgreen place is over 60 ft.; and

WHEREAS, the applicant states that the present owner has held title to the property since July 10, 1929; that the assessed valuation of land is \$72,000 and of the buildings \$500, making a total of \$72,500; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and A, of the zoning resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, as to use, and to permit the use of the premises in the rear for parking of patrons' cars and loading and unloading in connection with the proposed market, as indicated on plans filed with this application marked "Received January 25, 1954," 2 sheets, and "April 20, 1954," 3 sheets, *on condition* that the premises where the parking is proposed shall be leveled substantially to the grade of the abutting streets and shall be paved with asphalt paving as proposed; that on the rear lot line there shall be erected a woven wire fence of the chain link type to a height of not less than 5 ft. 6 in. where walls of adjoining buildings do not occur; that a similar fence shall be erected on the street building lines of Dahlgreen place and Gatling place with no openings therein except one for car entrance and exit, as shown, at either street with a curb cut opposite for a width of not over 30 ft. and a passenger gate for entrance and exit to the stores as indicated; that such gates for entrance and exit of cars and for entrance and exit of pedestrians shall be of a type similar to the fence and kept closed at all times when the market is not in operation; that under Section 21, the area of the building may be of the size as proposed and shown on plans cited above, in view of the entire size of the lot and the fact that the rear portion is to remain vacant for parking; that under Section 7A there may be show windows facing Gatling place and Dahlgreen place, as indicated, and entrance to cellar and to unloading space, provided no additional show windows shall be installed other than what is so shown; that an additional curb cut to Gatling place may be permitted for a width of 20 ft. for entrance and exit as to unloading space; that the unloading space shall be separated from the paved pedestrian sidewalk by suitable iron pipe railing as proposed; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such fire fighting equipment shall be maintained for the parking lot and for the building as the fire commissioner shall require; that signs shall comply with the requirements of the zoning resolution therefor and no signs shall extend above the roof; that at the parking lot entrances there may be a sign attached to the fence not extending over the building line and not illuminated, advertising only the use of the parking lot for patrons and employees only; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

861-48-BZ—Vol. II

APPLICANT—H. M. Cole, for Oncrest Realities, Inc., owner.

SUBJECT—Application October 23, 1953 (decision of the borough superintendent), under sections 7e and 21 of the zoning resolution, to permit in a residence use, B area district the erection and maintenance of a garage for the

MINUTES

parking of patrons' motor vehicles, using more than the area permitted, and to permit the parking of motor vehicles on roof of proposed garage (previously granted by the Board as a parking lot for patrons' motor vehicles).
PREMISES AFFECTED—2519-2525 Creston avenue, southwest corner of East 191st street (Block 3175, Lot 26), Borough of The Bronx.

APPEARANCES—

For Applicant: H. M. Cole.

For Opposition: Benjamin Annmerman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 10, 1953 subject to regular procedure, to consider new proposed use; and

WHEREAS, a public hearing was held on this application on March 23, 1954 after due notice by publication in the Bulletin; laid over to April 6, 1954, at request of objectant's representative; no further request for adjournment; then to May 11, 1954, for inspection and decision; hearing closed; applicant to obtain decision from Borough Superintendent as to Section 21A; then to June 8, 1954, pending decision of the Board of Estimate on new proposed revision of Section 21A; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 191st street are in a residence use, B area, 1½ height district; Creston avenue is in residence and retail-1 use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated September 25, 1953 on N.B. Applic. 1069-53 and superseded by amendment to N.B. Applic. 1069-53, dated December 30, 1953, reads:

"1. Proposed parking garage for less than 150 motor vehicles within a Residence use district is contrary to Art. II Sec. 3 Zoning Res.

2. Proposed structure will occupy excessive area of lot at curb level in a Res. B area district. Art. IV Sec. 12(b) Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 172.03 ft. and 135.65 ft. frontage by 149.2 ft. in depth, presently used as a parking lot for patrons of Alexander's Department store, for which certificate of occupancy No. 11663-52 has been filed; that it is proposed to erect a building 159 ft. 10 in. front by 123 ft. 8 in. in depth, one story, 9 ft. 6 in. in height, of class 1 construction, to be used as a garage for patrons of store; that it is further proposed to permit parking on roof of proposed structure; and

WHEREAS, the applicant contends that the construction of the new extension to Alexander's Department store, containing 70,000 sq. ft. of additional floor area and facing both the Grand concourse and Creston avenue, will further overtax the present auto parking facilities for customers and patrons, which are already inadequate to meet requirements; that the area adjacent to the intersection of Fordham road and the Grand concourse has a serious auto traffic and parking problem which is rapidly getting worse; that the plots immediately adjacent to the present parking lot are occupied by recently constructed six-story elevator apartment buildings, thus making it impossible to acquire additional property for expansion of the present parking lot facilities; that in an attempt to alleviate these parking conditions, it is proposed to construct a one story building of class 1 fireproof construction for parking of customers' autos and to use the roof of this structure for additional parking; that a parapet, 5 ft. in height, would be constructed around the entire structure and adequately reinforced structural

steel bumper rails will be installed as an integral part of the structure; that it is further proposed to set the building back from the property line on both streets and to maintain a privet hedge of appropriate height along the street fronts; that the exterior walls are to be of brick, the color and pattern suitable to adjacent buildings and to the park opposite; that the 5 ft. high parapet will effectively conceal the autos from the street and will prevent the roof of the structure from becoming an eyesore to occupants of adjacent apartment buildings; that parking layouts are filed with this application showing the proposed arrangement for cars on the 1st floor and roof; that it is proposed to have only one entrance to the structure at the extreme southerly end of the Creston avenue side, where the present single entrance to the parking lot exists; that the distance from the center of the proposed auto entrance to the public park entrance on Creston avenue is 200 ft. 13⅞ in., making no change in entrance or exit auto traffic which now exists; that since the proposed structure would serve the public interest and would not be detrimental to public welfare and safety, it is respectfully urged that the Board grant this appeal; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, this application was laid over in order to determine whether Section 21A, as amended by the Board of Estimate, would apply; that the Board finds that Section 21A will apply, and for this and other reasons the Committee has recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e, and that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the zoning resolution.

Resolved, that the decision of Borough Superintendent, acting on N.B. Applic. 1069-53, Objections 1 and 2, be and it hereby *affirmed* and that the appeal be and it hereby is *denied*.

48-54-A

APPLICANT—H. M. Cole, for Oncrest Realities, Inc., owner.

SUBJECT—Application January 6, 1954—Appeal from decision of the borough superintendent.

PREMISES AFFECTED—2519-2525 Creston avenue, southwest corner of East 191st street (Block 3175, Lot 26), Borough of The Bronx.

APPEARANCES—

For Applicant: H. M. Cole.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated December 30, 1953, on amend. to N. B. Applic. 1069-53, reads:

"4. Parking of motor vehicles on roof is not permitted as structure is a garage and should be enclosed as per Sec. C26.1470 and Sec. C26.422.0 Adm. Code.

5. Provide a lawfully enclosed stairs from roof and grade as per Sec. 64.181 (1)(a), 6.4.1.1."

and

WHEREAS, the applicant states that the premises consist of a lot 172.03 ft. front by 149.2 ft. in depth; located in a residence use, B area, Class 1½ height district, upon which it is proposed to erect a one story, class 1 constructed building, 9 ft. 6 in. in height; 159 ft. 10 in. in front by 123 ft. 8 in. in depth, for use as a garage for more than five motor vehicles, solely for parking of vehicles owned by customers

MINUTES

and patrons of Alexander's department store; and

WHEREAS, temporary certificate of occupancy No. 11663, issued December 17, 1952, upon completion of work under Alt. Applic. 704-48, permits the use of the premises for the parking of more than five motor vehicles solely for customers and patrons of Alexander's Department store, as permitted by variance granted by the Board under Cal. 861-48-BZ, to expire November 25, 1957; and

WHEREAS, the applicant contends as to Objection 4, issued by the Borough Superintendent, that it is proposed to construct a one-story building, of fireproof construction, with a masonry parapet 5 ft. in height, around the entire roof area, with a continuous structural steel bumper rail, integral with the structure; that live and dead load requirements for the storage of motor vehicles on the roof will be complied with; and

WHEREAS, the applicant contends as to objection 5, issued by the Borough Superintendent, that it is proposed to provide two steel exterior stairs, 3 ft. in clear width, remote from each other and leading to the street; that the 1st floor of the proposed building will be provided with two exits remote from each other, with self-closing fireproof doors 3 ft. wide, swinging in the direction of egress and leading to the street; that these exits will be in addition to the vehicular entrance facing Creston avenue.

Resolved, that the decision of the Borough Superintendent, acting on amend. to N. B. Applic. 1069-53, Objections 4 and 5, be and it hereby is *affirmed* and that the application be and it hereby is *denied* in view of the action this day under Cal. No. 861-48-BZ—Vol. II.

842-52-BZ

APPLICANT—David Kraus, for Benjamin Properties, Inc., owner.

SUBJECT—Application December 3, 1952—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district the change of occupancy from garage to business building (plumbing supply business, stock, salesroom, manufacturing and office).

PREMISES AFFECTED—159-163 West 127th street, north side, 100 ft. east of 7th avenue (Block 1912, Lot 6), Borough of Manhattan.

APPEARANCES—

For Applicant: David Kraus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, on May 12, 1953, this application was granted by the Board on certain conditions, under section 7e of the zoning resolution, to permit in a residence use district, for a term of fifteen years, to permit the building, a former garage erected in 1908, to be occupied as plumbing supply business, stock salesroom, manufacturing and office; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation; and

WHEREAS, this application was reopened on May 18, 1954 and set for hearing on June 8, 1954 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin, applicant to file further statement as to proposed occupancy; and

WHEREAS, a public hearing was held on this application on June 8, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated April 16, 1954 acting on Alt. Applic. 694-52, reads:

"In accordance with Resol. 842-52-BZ dated May 12, 1953—the time required to obtain permit and complete the necessary work has lapsed."

and

WHEREAS, the applicant states that it is proposed to use the premises as offices, salesroom and stockroom for the sale of plumbing supplies; that manufacturing has been discontinued at these premises and it is intended to continue the use of premises for the purposes as stated and not for manufacturing of any type; and

WHEREAS, the premises are occupied by the Benjamin Plumbing Supply Co. who have occupied the premises since the variance was granted by the Board on May 12, 1953, and have a lease for fifteen (15) years and who are associated with the owners of the property, Benjamin Properties, Inc.; and

WHEREAS, the time to obtain permits and complete the work expired on May 12, 1953.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 12, 1953, only so far as it has reference to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution from the date of this *amended* resolution." (Alt. 694/52)

155-53-BZ

APPLICANT—Maxfield Blaubeux, for Arnold Greenfield, owner (Benson Auto Painting Co., lessee).

SUBJECT—Application February 25, 1953 (decision of the borough superintendent), under sections 7i, 7c and 21 of the zoning resolution, to permit in a business and unrestricted use, C area district, the extension of existing motor vehicle repair shop, using more than the area permitted.

PREMISES AFFECTED—8691-8697 18th avenue, east side, 122 ft. 4½ in. north of Benson avenue (Block 6396, Lot 7), Borough of Brooklyn.

APPEARANCES—Maxfield Blaubeux and Ira Greenfield.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert and Deputy Chief Connors 3

Negative 0

Not Voting: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 18, 1954 after due notice by publication in the Bulletin; laid over to June 8, 1954, for consideration by the Board and for decision; hearing closed; no further argument; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Benson avenue and 18th avenue are in business and unrestricted use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 18, 1953 acting on Alt. Applic. 594-53, reads:

"1. Proposed extension exceeds area limits for a 'C' district & violates Art. 4 Sect. 6 of the zone resolution.

2. Proposed extension of motor vehicle repair shop located partially within a business use district violates Art. 2 Sect. 4a-29 of the zone resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 ft. 4 in. frontage by 125 ft. 6½ in. in depth, irregu-

MINUTES

lar, on which is located a building 24 ft. front by 119 ft. 4¾ in. in depth, one story, 13 ft. 8 in. in height, of class 3 construction, used as a motor vehicle repair shop, for which certificate of occupancy No. 129371-51 has been filed; that it is proposed to erect an extension 55 ft. 7 in. front by 129 ft. 4 in. in depth, irregular, one story, 13 ft. 8 in. in height, of class 3 construction, to be used as a motor vehicle repair shop; and

WHEREAS, the applicant contends that the premises are mostly in unrestricted and partly in business, 100 ft. in unrestricted zone and the small rear portion in a business zone; that it is proposed to extend the present motor vehicle repair shop for the entire frontage of the plot and for a depth of 119 ft. 4¾ in. and 129 ft. 4 in.; that the present building extends to 119 ft. 4¾ in. in depth and buildings on lots 13, 17 and 28 extend to rear lot line, which exceeds the allowable area permitted by the present zoning resolution; that with lot No. 48 as a buffer for residences facing Bay 19th street, the excess area of the proposed building will in no way affect block ventilation; that there are a number of motor vehicle repair shops and the extension of the present repair shop will in no way affect the present character of the neighborhood; and

WHEREAS, the applicant states the owner has held title to the site since January 16, 1949; that the assessed valuation of land is \$10,500 and of the building \$5,000, making a total of \$15,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; the committee has taken into account the objections of the residents on Bay 19th street and has noted that between the rear of the lots of the residents facing Bay 19th street and the premises in question there is a narrow lot, No. 48, which appears to be owned jointly by the City of New York and two of the owners facing on Benson avenue, Lot #6, and one along 18th avenue, Lot #28; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the zoning resolution, as to use, and that the applicant has substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21, as to area, and Section 7, Subdivisions c and i, to permit extension of the existing building, as proposed and as indicated on plans filed with this application marked "Received February 25, 1953," 1 sheet, and "October 16, 1953," 4 sheets, and "January 22, 1954," 1 sheet, *on condition* that the building shall not be increased in height over what is proposed, and in all other respects shall comply with all laws, rules and regulations applicable to the construction and use, other than as modified this day under Cal. No. 156-53-A; that the rear yard shall be as proposed and shown; that there shall be maintained along the building line where walls of existing and proposed building do not occur a masonry wall not less than 5 ft. in height; that such fire fighting equipment shall be maintained as the fire commissioner shall direct; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

156-53-A

APPLICANT—Maxfield Blaufeux, for Arnold Greenfield, owner (Benson Auto Painting Co., lessee).

SUBJECT—Application February 25, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—8691-8697 18th avenue, east side, 122 ft. 4½ in. north of Benson avenue (Block 6369, Lot 7), Borough of Brooklyn.

APPEARANCES—

For Applicant: Maxfield Blaufeux and Ira Greenfield.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 18, 1953, acting on Alt. Applic. 594-53, reads:

"3. Provide 2 means of exit leading to street and remote from each other as in Sect. 270 of the Labor Law."

and

WHEREAS, the applicant states that the building is one story, 13 ft. 8 in. in height; 24 ft. 9 in. by 119 ft. 4¾ in. in area, of Class 3 construction, erected 1951, located on a lot 80 ft. 4 in. front by 120 ft. 4 in. in depth, in an unrestricted and business use, C area, Class 1 height district, and used and occupied since 1951 as a motor vehicle repair shop, 4 persons; and proposed to be used and occupied as a motor vehicle repair shop, 12 persons; and

WHEREAS, the applicant states that it is proposed to extend the present motor vehicle repair shop, established under Certificate of Occupancy 129371, for the entire frontage of the plot and for a depth of 119 ft. 4¾ in. and 129 ft. 4 in. as indicated on plans filed with the application for a zoning variance under Cal. 155-53-BZ; and

WHEREAS, the applicant contends that each area to be used by separate tenants will be separated by 8 in. cement block walls, thus reducing the hazards of the spread of fire, and the number of employees by each tenant will not exceed 4 persons; that in addition to the exit doors at the front there has been provided an exit door in the rear from each area to the rear court and an iron ladder to the roof; that in addition there will be a 2 ft. 6 in. by 6 ft. wicket door in each overhead door; that in view of the non-hazardous use and the small area for each tenant it is requested that this application be granted.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 594-53, Obj. 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the masonry partitions throughout the building with fireproof doors therein as shown on plans filed with application 155-53-BZ, shall be maintained, including exit doors to the rear yard so as to provide a second means of exit in addition to the doors leading directly to 18th avenue; that in all other respects the building shall comply with all laws, rules and regulations applicable thereto, other than as modified this day under resolution adopted under Cal. 155-53-BZ; that this variance shall continue only so long as the buildings as proposed with the separating walls shall be under the same control and the above requirements maintained.

426-53-BZ

APPLICANT—Henry Nordheim, for James V. Forgioni, owner.

SUBJECT—Application May 28, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, C area district, the change in occupancy from three car private garage to one family dwelling, one car garage, with new second story, without the required rear yard.

PREMISES AFFECTED—932 East 231st street, south side, 349.5 ft. east of Bronxwood avenue (Block 4866, Lot 65), Borough of the Bronx.

APPEARANCES—

For Applicant: Henry Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

MINUTES

THE VOTE TO GRANT—

Affirmative 0
 Negative: Chairman Murdock, Commissioners Kleinert
 and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 18, 1954 after due notice by publication in the Bulletin; and laid over to June 8, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 231st street and Bronxwood avenue are in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 11, 1953 acting on amendment to Alt. Applic. 52-53, reads:

"4. A three (3) feet 6" rear yard in a C district is contrary to Sect. 13 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 10 ft. 6 in. frontage by 110.01 ft. in depth, irregular, on which is located a building 37 ft. front by 20 ft. in depth, 1½ stories, 20 ft. in height, of class 4 construction, presently used as a one family dwelling and one car garage (with new second story), for which violation No. C-2509-50 has been issued; that it is proposed to permit the building, as altered and increased in height, to remain; and

WHEREAS, the applicant contends that on December 18, 1923, the owner bought a plot of land 90 ft. front on 231st street, by 110.01 ft. deep; that this was divided into two parcels, 30 ft. of the easterly part remaining vacant, and in 1927 he built a dwelling and garage on the westerly 60 ft. under N. B. 269-1927; that the plans for the garage herein concerned were approved March 9, 1927; that in 1947, during a critical housing shortage and to accommodate some members of his family, he thought it best to convert the garage for living accommodations, but did not apply for an alteration permit due to ignorance; that the alteration consisted of three rooms, bathroom and entry hall on 1st floor; that the roof was raised so as to allow 8 ft. headroom for a bedroom in the attic with a stairway from the 1st floor; that the rear and two side walls on the 1st story are of masonry and attic framing of wood covered with metal lath and stucco; that finally on September 18, 1951 a violation was filed for altering garage without a permit and to correct this violation the owner proposed to further subdivide the 60 ft. frontage and rearrange the plot in such a manner that the garage would stand on a separate lot; that this was done and given lot No. 65 by the tax office; that at the time of constructing the garage a 4 ft. rear yard was shown and approved on plans; however 3 ft. 6 in. was left when it was finished; that regarding the requirement of a 10 ft. rear yard it may be noted that there is a retaining wall on the land to the rear of this building 7 ft. in height, so that this building does not cut off any light or ventilation from the neighbor as his land is much higher than this yard; and

WHEREAS, the applicant states the owner has held title to the property since December 18, 1923 and further states the assessed valuation of land is \$1,500, and for the buildings \$3,500, making a total of \$5,000; that the building was erected on March 9, 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; that the extension of the accessory garage in the residential use area appears to extend beyond the lot itself on which such existing building is constructed; that such building extended for use as a residence without a permit should not be permitted; and

WHEREAS, the building, formerly an accessory garage to the single family house, has been remodelled without permit to another dwelling on the lot and is contrary to definition under Section 1, v of the Zoning Resolution; and

WHEREAS, the applicant failed to substantiate a basis to warrant exercised of discretion to grant under section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hard-

ship.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 52-53; Obj. 4, be and it hereby is affirmed and that the appeal be and it hereby is *denied*.

427-53-A

APPLICANT—Henry Nordheim, for James V. Forgione, owner.

SUBJECT—Application May 28, 1953—Appeal from a decision of the borough superintendent.

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
 Negative 0

687-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Libmanat Realty Corp., owner (Richmond Screw Anchor Co. Inc., lessee).

SUBJECT—Application September 21, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a residence and business use district, the maintenance of extension to building B; and extension of manufacturing use and the erection of a mezzanine and the change of occupancy of building C on 1st floor from store and office to storage of metals, and in the cellar from ordinary storage to storage of metals; and the change of occupancy of building D from storage to manufacturing, and to permit two existing mezzanines to remain.

PREMISES AFFECTED—100-120 Montauk avenue, 816-838 Liberty avenue, southwest corner, 95-111 Atkins avenue (Block 3991, Lot 8), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3
 Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 11, 1954 after due notice by publication in the Bulletin; and laid over to June 8, 1954, for inspection and decision. No further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and business use, C area, class 1 height districts; Montauk avenue is in residence, local retail and business use, C area, class 1 height districts; Liberty avenue and Atkins avenue are in local retail and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 2, 1953 acting on Alt. Applic. 2854-53, reads:

"1. On a lot located partly in a business use district and partly in a residence use district, the proposed changes are contrary to Art. II Sec. 3 of the Zoning Resolution in that:

(a) The 20 foot yard which separated the Building "A" and shed "B" has been roofed over to form an

MINUTES

extension to building "B" thereby extending the non-conforming use of building "B".

(b) The non-conforming use of Building "B" formerly used as a lumber shed is being changed to manufacturing and a mezzanine erected without permit, is proposed to be legalized.

(c) The occupancy of Building "C" is being changed on the 1st floor from store and office to storage of metals and in the cellar from ordinary storage to storage of metals.

(d) The occupancy of Building "D" is being changed from storage to manufacturing and two illegally erected mezzanines are proposed to be legalized."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 180 ft. in depth, irregular; that the use district maps accompanying the building zone resolution show that the premises are in a class C area district and a class 1 height district; that part of the site within 100 ft. of Liberty avenue and 100 ft. of Atkins avenue is in a business zone and the balance of the site is in a residence zone; that as of July 25, 1916 that part of the site more than 100 ft. from Liberty avenue was in an unrestricted use district and was changed to its present use designation on April 7, 1953; that the site is occupied by several buildings identified on plans as buildings, A, B, C, D, E and F, legally erected under the following permits; that building A (no changes), a 40 ft. by 100 ft., two story building of class 3 construction was erected under N.B. No. 5946-24 as a lumber mill and two story factory, for which no certificate of occupancy was issued; that the building was later altered under Alt. No. 4788-40 and certificate of occupancy No. 99747 was issued for a factory; that building B, a 60 ft. by 100 ft. one story building of class 5 construction was erected under N.B. No. 3759-24 as a lumber storage shed, for which no certificate of occupancy was issued; that building C, 18 ft. 6 in. by 38 ft., two stories, class 3 construction, was erected under N.B. No. 5797-14 to use the 1st floor as a store and office and the 2nd floor as a one family dwelling, for which no certificate of occupancy was issued; that building D, 41 ft. 6 in. by 100 ft., one story, class 3 construction, was erected under N.B. No. 210-44 and certificate of occupancy No. 116580 was issued to use the building for the storage of metal products; that buildings E and F (no changes) are two one-story buildings of class 5 construction, each 25 by 55 ft. and were erected under N.B. Applics. 232 and 233 of 1944 for use as storage of metal goods and that no certificate of occupancy was issued; that the buildings are now being occupied as follows: building A—cellar and 1st floor, manufacture of metal products, 2nd floor, office and drafting room; building B—1st floor, manufacture of metal products, mezzanine, storage of metal products; building C—cellar, storage of metal products; 1st floor, storage of metal products and wash-room; 2nd floor, one family dwelling; building D—1st floor, manufacture of metal products; buildings E and F—storage of metal and metal products and the loading and unloading of such products in the open area of site; that it is proposed to continue all of the above uses in all of the buildings; that building A and 60 ft. of building B, within the business zone, and buildings E and F, also in the business zone, are present legal uses; and

WHEREAS, the applicant contends that the basis of this application is a request to secure a variance to extend the present legal use in building A throughout buildings B, C and D, thereby only changing from one non-conforming use to another, except for the request to legalize the 20 ft. portion of building B which was erected without a permit, and also the two mezzanines in building B and D also erected without permits; that as the two mezzanines are within the envelope of the present buildings and as the illegally extended 20 ft. of building B is in between the present legal use of building A and the present non-conforming use of building B, the block cannot be affected; that the entire site was in a business and unrestricted zone

until April 7, 1953 until which time the owner had the right to erect buildings as proposed; and

WHEREAS, the applicant states that the present owner has held title to the property since December 2, 1940; that the assessed valuation of land is \$35,000 and of the buildings \$100,000, making a total of \$135,000; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the extension and the buildings existing and as proposed and shown on plans filed with this application marked "Received September 21, 1953," 13 sheets; *on condition* that use of no additional buildings shall be constructed and the buildings shall not be extended in height or area; that the occupancy of the buildings shall be as stated and as shown on plans above cited and for the uses as stated thereon; that this variance includes Objection 1, sub-items a, b, c and d; that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this resolution.

688-53-A

APPLICANT—Lama, Proskauer and Prober, for Libmanat Realty Corp., owner (Richmond Screw and Anchor Co., Inc., lessee).

SUBJECT—Application September 21, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—100-120 Montauk avenue and 816-838 Liberty avenue, southwest corner and 95-111 Atkins avenue (Block 3991, Lot 8), Borough of Brooklyn.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25th, 1954, for inspection and decision; hearing closed; then to June 8, 1954, for applicant to file

MINUTES

revised plans; no further argument, hearing closed May 4th; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Eastchester road and Hammersly avenue are in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated November 23, 1953 acting on amendment to N.B. Applic. 1151-53, reads:

"1. In a Residence district the proposed store is contrary to Sect. 3 of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 50.37 ft. frontage by 103.89 ft. in depth, presently vacant; that it is proposed to erect a building 25 ft. front by 70 ft. in depth, one story, 14 ft. in height, of class 3 construction, to be used as retail store; and

WHEREAS, the applicant states that the plot is unimproved and it is proposed to erect a one-story brick building to be used by the owners as a retail store for the sale of groceries, candies and stationery; that a small portion at the rear of the store is to be used for the storage of goods in connection with the store at the front; that the owners acquired title to the plot in July, 1939, which was ten years before the change of the use zone from business to residence; that they have been conducting a grocery, candy and stationery business for the past several years in the building immediately adjoining to the south at 3052 Eastchester road, under the terms of a lease which expired on November 1, 1953; that their landlord has now demanded that they surrender possession and in the event they fail to do so, has threatened eviction proceedings in the courts; and

WHEREAS, the applicant contends that Eastchester road is a moderately heavy trafficked highway which runs diagonally across the Bronx and intersects the Bronx and Pelham parkway to the south and Gun Hill road to the north, thus providing a convenient short cut to the upper Bronx and Westchester; that the several plots adjacent to the subject premises along the easterly side of Eastchester road from Hammersly avenue to Adece street are now being used for business purposes such as retail stores, a gasoline service station and a store for the sale of motor vehicles; that the proposed structure will be of modern design and will enhance the general appearance of the neighborhood and will tend to increase rather than decrease real estate values; that it would create an undue hardship upon the owners to deprive them of the use of this plot for the purpose of continuing a business they have established over the years; that this business represents their only means of livelihood and one in which they have invested their savings; and

WHEREAS, the applicant states that the owner has held title to the property since July 21, 1939 and further states the assessed valuation of land is \$6,000, with no buildings; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e as to use, to permit the plot to be occupied as proposed and as indicated on plans filed with this application marked "Received December 15, 1953" (6 sheets), as amended by revised plans marked "Received January 4, 1954" (5 sheets), provided that the building as erected is the size and design on such revised plans with a width of 25 feet and a depth of 70 feet; and on condition that there shall be erected on the line of Hammersly avenue from the proposed building, to the adjoining lot, and from the building on Eastchester road to the adjoining lot a woven-wire fence of the chain-link type not less than five feet six inches in height with no openings therein except one from Hammersly avenue for entrance to the rear door for pedestrian use; and provided the unbuilt upon portion of the premises shall be seeded with grass and landscaped

with suitable planting material and kept in good condition at all times; that the sidewalks and curbing around the premises shall be constructed or restored or repaired to the satisfaction of the Borough President; that the windows at the rear of the building shall all have sills not less than five feet above the yard grade and there shall be no windows on the south-erly wall; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto as would be permitted for a similar building in a local retail district; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution and a certificate of occupancy shall be obtained.

933-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Kay Moving Service, Inc., owner.

SUBJECT—Application December 30, 1953 (decision of the borough superintendent), under sections 7f, 7i, 7h and 7A of the zoning resolution, to permit in a business use district, for a term of twenty years, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sales of accessories, and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot, with curb cuts nearer the residence use district than is permitted.

PREMISES AFFECTED—2468-2474 Amsterdam avenue and 500 West 183rd street, southwest corner (Block 2155, Lots 50 and 52), Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama, Bernard Benson and Joseph Curro.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Commors 3

Not Voting: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 18, 1954 after due notice by publication in the Bulletin; laid over to June 8, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Amsterdam avenue are in a business use, B area, class 1¼ height district; West 183rd street is in residence and business use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 29, 1953 acting on N.B. Applic. 142-53, reads:

"1. Proposed gasoline service station, lubritorium, car washing, minor auto repairs, office and sales, storage, parking and storage of motor vehicles in premises located in a business use district is contrary to Article II, Section 4 a (29) (46) of the Z.R.

2. Proposed business entrances within 75 ft. of a Residence use district is contrary to Article II, Section 7A of the Z.R."

and

WHEREAS, the applicant states the premises consist of a plot, 104 ft. 11 in. frontage by 100 ft. in depth, presently vacant; that there has been no change in zoning since 1916; that it is proposed to erect a modern gasoline service station consisting of ten 550-gallon gasoline storage tanks and six dispensing pumps; that the contemplated accessory building will have a frontage of 60 ft., a depth of 30 ft., one story in height, of class 3 construction, and contain the conjunctive uses of office and sales, lubritorium, minor auto repairs and car wash; that part of the site will be reserved for the open parking and storage of motor vehicles; and

MINUTES

WHEREAS, the applicant contends that Amsterdam avenue is a main auto lane leading north and south through Manhattan and this, together with the large home and apartment house development in the area, make the proposal in keeping at this point; that directly opposite the site and within the affected area, block 2149, lots 11, 16, 23 and 26 are developed with public garages and lot 30 is also developed with a three story public garage; that it would therefore be impossible to develop the site with a conforming use; that although the site is zoned for business, there are sufficient stores in the area for public requirements; that the rock formation on the site would also preclude the use of the site for stores as the rental from stores on this otherwise garage street would be low and the construction costs due to rock would be excessive; that the proposed gas station will go far towards improving the appearance of the entire community and as there are no other gas stations in the affected area, the proposal will be of benefit to the public; that all auto services will be performed within the building; that the gas pumps will be set 10 ft. back of the building lines and the parking and storage of motor vehicles on the site will help alleviate the parking situation in this area; that the curb cuts as proposed on West 183rd street are required for efficient operation of the station, as West 183rd street is also a heavily traversed auto lane; that the curb cuts will not affect the residential aspect of the street to any greater extent than the present stores which are non-conforming uses in block 2155, lot 68 and block 2154, lot 88; that the proposed gas station will be in complete harmony with the affected area as it has developed; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and A, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision f, for a term of 15 years, to permit the premises to be occupied as a gasoline service station, substantially as proposed and as indicated on plans filed with this application marked "Received December 30, 1953" 4 sheets; that the plot shall be leveled substantially to the grade of the abutting streets; that the premises shall be constructed and arranged substantially as indicated on such plans as above cited; that the accessory building shall have no cellar underneath and in all other respects shall comply with the requirements of the Building Code, and shall have no windows opening to the south along the lot line; that the pumps shall be erected not nearer than 15 ft. to the street building line and shall be of a low approved type; that gasoline tanks shall be limited to ten (10) approved 550 gallon tanks; that the balance of the premises shall be paved with concrete or asphalt pavement; that curb cuts shall be restricted to two, each 30 ft. in width to Amsterdam avenue and two of similar width to West 183rd street, as proposed and shown; that no portion of any curb cut shall be nearer than 5 ft. to any lot line as prolonged; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that the sidewalks and curbing around the premises shall be reconstructed or restored to the satisfaction of the Borough President; that under Section 7f, there may also be parking and storage of cars awaiting service; that the accessory building shall be of the arrangement as indicated; that under Section 7A, curb cuts as above permitted on 183rd street may be constructed as shown; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line of one post standard at the intersection for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to be extended beyond the building line for a distance of not more than 4 ft.; that at such intersection there shall be erected a block of con-

crete not less than 12 in. in height, extending approximately 5 ft. from the intersection along either street line; that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

27-54-BZ

APPLICANT—Carl H. Salminen, for Macedonia A.M.E. Church, owner.

SUBJECT—Application January 14, 1954 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a retail use, B and C area district, the extension of existing church, using more than the area permitted and without the required rear yard and to be used as church, gymnasium, chapel, classrooms and kindergarten.

PREMISES AFFECTED—37-22 Union street, west side, 128.43 ft. south of 37th avenue (Block 4977, Lot 46), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen, Rev. G. G. Crumpley, F. D. Peters, Thomas Bynnan, E. Manigault and James Garvin.

For Opposition: Ann H. Murdock.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 11, 1954 after due notice by publication in the Bulletin; laid over to June 8, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 37th avenue are in a retail use, B and C area, class 1½ height district; Union street is in a retail use, C area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 15, 1953 acting on Alt. Applic. 2555-53, reads:

"2. In a C district, no building shall occupy more than 60% of the area of the plot, sec. 13 of the Zoning Resolution.

3. Provide a rear yard as required by secs. 12 and 13 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 109 ft. 11¼ in. frontage by 109 ft. 3 in. in depth, irregular, on which is located a building 30 ft. 3½ in. front by 100 ft. 25⅞ in. deep, irregular, one story, brick and frame church with basement, erected in 1902 under permit No. 876-02; that no certificate of occupancy was issued; that the property has been used continuously for religious services since 1810; and

WHEREAS, the applicant states that the property is situated in a retail C area district to a depth of 80 ft. from the new property line determined by the City and the remainder of the property is in a B area district to a depth of 27 ft.; that on April 8, 1946 the use district was changed from business to retail and was business use back to July 25, 1916; that the area district was changed on April 8, 1946 from C to B, 100 ft. west of Union street; that the height district has not been changed since July 25, 1916 and there are no changes pending in the City Planning commission; and

WHEREAS, the applicant further states that it is proposed to extend the existing building 34 ft. by 109 ft. 11¼ in., irregular, one story, 20 ft. in height, of class 3 construction, to be used as a church, gymnasium, chapel, classrooms and kindergarten; and

MINUTES

WHEREAS, the applicant contends that the congregation has felt the need for expansion for many years but has been unable to acquire additional property; that recently the city contemplated condemning this entire property for a city parking area, but after a great deal of controversy and as evidenced by the following resolution appearing in the city record dated September 13, 1949, Cal. No. 203, the church did acquire a 32 ft. strip on Union street which amounts to 3520 sq. ft., but the suitable area of protection around the church was not provided for although mentioned in the resolution:

"This resolution was adopted with the understanding (1) that property of the Macedonia A. M. E. Church be excluded from the taking (2) that arrangements be made through the Director of Real Estate for the exchange of the 32 ft. strip of property and (3) that suitable area of protection around the area be provided by the City."

that the city has now completed most of the work of the parking area around the church and has brought their fence lines right up to the church lot line, which is not in keeping with item 3 of the resolution; that in complying with the needs of the church, the total area of the building will exceed that permitted by sections 12 and 13 of the zoning resolution; that the total area would be 10,060 sq. ft.; that the plot area in the C area district is 8550 sq. ft. and in the B area district 2804 sq. ft., making a total of 11,354 sq. ft. or a land coverage of 88.6% of the total area which is in excess of the coverage permitted by the zoning resolution; that the building area in the C area district covers 8048 sq. ft. which is 34% of that permitted, if considered as an interior lot; that however, prior to the city taking over the surrounding property, the lot was considered as a corner lot; that the City also took off a 20 ft. strip, reducing the C area district from 100 ft. to 80 ft., the church thereby losing 2,210 sq. ft. of property, and if this was included in the total area of the C area district, it would be within the requirements of the zoning resolution; that the building in the B area district covers 2012 sq. ft. which is 71% of the area and is within the requirements of the zoning resolution; that an appeal was made to the City planning commission on September 21, 1953 for a change of zone from B and C areas to an A area district, but this was denied with a suggestion that the matter be referred to this Board; that the proposed extension and alteration, when completed, will constitute a modern church and gymnasium with the latest athletic equipment, educational facilities and a redesigned chapel; that this new structure will serve to answer the needs of the growing congregation as well as the surrounding community of colored people; that it will tend to combat juvenile delinquency by providing recreational and educational facilities for teen-agers; that the structure will be designed along modern lines; that the majority of the property owners within the affected area have consented in writing to the proposed extension; that the owners appeal to the Board to exercise their authority and find a favorable decision on their behalf; and

WHEREAS, the applicant states that the present owner has held title to the property since January 27, 1810; that the assessed valuation of land is \$30,000, and of the buildings \$65,000, making a total of \$95,000, and that the present building was erected in 1902; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the matter before the Board is basically in connection with the proposed extension of the building to Union street; as a question arose as to whether any portion of the plot where the church is located and where the proposed extension is to be constructed has been a cemetery, the Board has made an exhaustive examination and search of the records and can find no record of a cemetery on the church plot itself; that the cemetery is actually under the present parking lot which is on the entire super block and is several hundred feet westerly from the church; and

WHEREAS, on the question of extension to the building,

the Committee recommends, in view of the unique conditions with the building entirely surrounded by the parking lot and the street, that no adjacent owner would be benefited by land left unbuilt upon and that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, to permit the building as proposed with the coverage and omission of rear yard as proposed and as indicated on plans filed with this application marked "Received January 14, 1954," 7 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 28-54-A; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution; and that a Certificate of Occupancy shall be obtained.

28-54-A

APPLICANT—Carl H. Salminen, for Macedonia A. M. E. Church, owner.

SUBJECT—Application January 14, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—37-22 Union street, west side, 128.43 ft. south of 37th avenue (Block 4977, Lot 46), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen, G. G. Crumpley, F. D. Peters, James Garvin, E. Mannigault and Thomas Bynman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated December 15, 1953, acting on Alt. Applic. 2555-53, reads:

"1. The extension of a church building, facing one street and of class III construction, to exceed 5,000 sq. ft. in area is contrary to Sec. 4.2.1 of the Administrative Code."

and

WHEREAS, the applicant states that the existing building is 1 story, 20 ft. in height; 100 ft. 2½ in. front by 48 ft. in depth, of class 3 construction, erected in 1902, located on a lot 109 ft. 11¼ in. front by 109 ft. 3 in. irregular in depth, in a retail use, B and C area, class 1½ height district, and used and occupied since erection: basement, boiler room, storage, kitchen, toilets, meeting room, board room, 60 persons; 1st floor, church, choir, study, office, chapel and first aid room, 250 persons; that the building is proposed to be increased in area to 109 ft. 6½ in. front by 97 ft. 8 in. irregular in depth, in class 3 construction, and to be used and occupied as follows: basement, boiler room, storage, kitchen, toilets, meeting room, board room, auditorium, gymnasium, locker room and check room, 270 persons; 1st floor, church, choir, study, office, chapel, first aid room, classrooms, kindergarten, 250 persons; there are four interior stairs, two 3 ft. in width and two 5 ft. 6 in. in width; three of the stairs are of wood and one stair of metal; that three stairs are enclosed in fire retarded partitions and the fourth stair is enclosed in fireproof partitions; stair doors are metal covered, fireproof self-closing; and

MINUTES

WHEREAS, the applicant states that the premises are improved with a one story brick and frame church with basement, erected in 1902 under N.B. Applic. 876 of 1902 and no certificate of occupancy has been issued; that the church has been continuously used for religious services since 1810 until the old small wooden structure was replaced by the present building in 1902; and

WHEREAS, the applicant states it is now proposed to extend the present church building in Class 3 construction which will exceed 5,000 sq. ft. in area; that if approval is granted by the Board, it is proposed to maintain a fire wall dividing the existing church from the new extension, such wall to be equipped with self-closing doors as required by the Administrative Code; that the area of the existing building is 4,403 sq. ft. and the proposed extension will be 5,657 sq. ft., which is 657 sq. ft. in excess of the coverage permitted by Sec. C26-254.0 of the Administrative Code; and

WHEREAS, the applicant requests the Board to exercise its discretion and modify objection 1, issued by the Borough Superintendent so as to permit the construction of the extension as herein proposed.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 2555-53, be and it hereby is *modified* and that the appeal be and it hereby is *granted* as to objection 1 to permit the extension of the church building of class 3 construction of the area as proposed and as permitted this day under zoning application #27-54-BZ, *on condition* that in all other respects the building shall comply with the requirements of the Building Code and all other laws, rules and regulations applicable to the construction and use; that where there are windows in the westerly wall of the proposed extension opening upon a court, such windows shall be fireproof self-closing; that all doors opening between the existing church building and the proposed extension shall be located near the separating wall and shall be of the fireproof self-closing type as approved by the Board for at least 1½ hour construction; that there shall be a complete fire stop in the brick wall separating the church from the proposed extension at all points from the cellar floor to the roof; that such fire fighting appliances shall be maintained as the fire commissioner shall require and the requirements of the resolution adopted this day under Cal. No. 27-54-BZ shall be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 106-33-SA

Subject: Amendment of resolution as to additional trade name.

Sun-Ray Burner Manufacturing Corporation requested by letter dated March 24, 1954, that the resolution adopted May 16, 1933 be amended so as to permit the Sun-Ray Fuel Oil Burner, approved May 16, 1933 under Cal. No. 106-33-SA, to be marketed under an additional trade name. The case was reopened by a vote of the Board April 27, 1954.

Recommendation

The Committee on Test recommends that the resolution adopted May 16, 1933 under Cal. No. 106-33-SA be amended so as to permit the Sun-Ray Fuel Oil Burner, as manufactured by the Sun-Ray Burner Manufacturing Corporation to be marketed by the Manville Boiler Company, Hackettstown, New Jersey, under the trade name of Manville on condition that the requirements of the resolution adopted May 16, 1933 under Cal. No. 106-33-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of May 16, 1933 in accordance with the above report.

150-48-SA—Vol. II

APPLICANT—Overhead Heaters, Inc., owner.

SUBJECT—Application reopened September 23, 1952—re Shafconaire Hanging Oil Fired Unit Heaters, Models 10A, 20A, 30A and 40A (previously approved re Shafco Hanging Oil Fired Unit Heater).

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 150-48-SM Vol. 11.

Subject: Amendment to resolution as to installation with 40-40 Mesh Screen.

Overhead Heaters Inc. Detroit, Michigan requested by letter dated July 10, 1952 that the resolution adopted June 8, 1948 and amended July 12, 1949 under Cal. No. 150-48-SM Vol. 1 be amended so as to permit the installation of the Shafco Hanging Oil Fired Unit Heater in garages and places of explosive atmospheres the application was reopened by a vote of the Board September 23, 1952.

Purpose

The appliance is an oil fired suspended unit heater designed for installation in domestic and commercial installations and in garages and places of explosive atmospheres.

Description

The appliance was approved June 8, 1948 under Cal. No. 150-48-SM Vol. 1 and the resolution was amended July 12, 1949 so as to permit the installation of the heater, approved June 8, 1948 under Cal. No. 150-48-SM, in garages and places of explosive atmospheres under certain conditions. The

MINUTES

modification requested is the substitution of 40-40 mesh screen over the air intake of the oil burner instead of the enclosure box, as now approved.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends that the resolution adopted June 8, 1948 and amended July 12, 1949 under Cal. No. 150-48-SM Vol. 1 be amended, so as to permit the substitution of 40-40 wire mesh screen over the air intake of the oil burner instead of the enclosure box on condition that all other requirements of the resolution adopted June 8, 1948 and amended July 12, 1949 under Cal. No. 150-48-SM Vol. 1 be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of June 8, 1948 and July 12, 1949 in accordance with the above report.

13-54-SA

APPLICANT—Svenska M. Greiff, owner. (Special Equipment Corp., agent.)

SUBJECT—Application January 8, 1954—Thermo-Spray SPC-4 with Air Heater Type GL-3 (for preheating lacquers, paints, etc.)

APPEARANCES—

For Applicant: Herbert R. Simonds.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

REPORT OF COMMITTEE ON TEST

WHEREAS, the report of a Committee on Test reads:

Re: Cal. 13-54-SA

Subject: Thermo-Spray SPC-4 with Air Heater Type GL-3 (for preheating paints, lacquers, etc.) approval of.

Special Equipment Corp., Greenwich, Conn. for Svenska Maskinaktiebolaget Greiff Sweden filed January 8, 1954 an application with the Board of Standards and Appeals for approval of the appliance known as Thermo Spray SPC-4 with Air Heaters Type GL-3 under the provisions of the Paint Spraying Rules of the Board.

Purpose

The appliance is used to preheat paints, lacquers and similar materials.

Description

The Thermo-Spray Type SPC-4 consists of an Electric air heater, Paint heater (heat exchanger) and Paint hose.

The compressed air for atomizing the paint first passes through an thermostat regulated explosion proof electric air heater where the air is heated to 300° to 350°F. This air heater is also equipped with a temperature fuse, soldered with pure tin, which breaks the current, in the event the thermostat fails to operate. In the outlet tube for the heated compressed air there is another temperature fuse consisting of a ball bearing, the ball being soldered with pure tin. As this is placed direct in the hot airstream it reacts quicker than the electric temperature fuse. In case of over heat, the tin melts and allows the ball to drop down, blocking the air out and the air flow to the air heater; when

this happens the electric fuse is blown, cutting the current.

Under operating conditions, the air after being heated in the electric air heater, passes over a heat exchanger (paint heater) where the paint is heated as it travels from the pressure pot to the spray gun. The heated air gives up most of its heat to the paint in the tubes of the heat exchanger and the balance of the heat is used in the spray gun for atomizing the paint.

A small percentage of the air, after being heated, is by passed from the heat exchanger and flows through a hot air tube, which lies next to the paint tube, leaving the heat exchanger, so that the paint is kept at constant temperature from the time it leaves the heat exchanger right up to the spray gun, even during interruptions in spraying. The paint hose and this warm air hose are both enclosed in one outer casing.

Inspection and Test

The equipment was inspected and tested at 183 Lorraine St., Brooklyn, New York, by Asst. Engr. J. A. Darts, Committee on test and representatives of the applicant. The equipment was tested through its entire operating range under various ranges of heat conditions and under simulated failure conditions. In all cases the safety controls functioned as required. The equipment has been approved by the Underwriters Laboratory under Electrical 23757 Application No. 53C4902; a copy of the report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Thermo-Spray SPC-4 with Air Heater Type GL-3 (paint preheater) for use in New York City when constructed in accordance with this report and when operated in accordance with the Paint Spraying Rules of the Board on condition that each device bears a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 13-54-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 9, 1943, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

“that this variance shall continue for a term of five (5) years from the date of this amended resolution; and that a new certificate of occupancy shall be obtained.” (Alt. 899/43)

723-44-A—Vol. II

APPLICANT—Irving M. Fenichel, for Lomada Realty Corp., owner (L-S Manufacturing Company, Inc., lessee).

SUBJECT—Application reopened April 27, 1954 as Vol. II—re Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—70-17 51st avenue, north side, 45.04 ft. west of 71st street and 50-40 71st street (2nd floor); (Block 2440, Lot 48), Woodside, Borough of Queens.

APPEARANCES—

For Applicant: Irving M. Fenichel.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 19, 1954, on Alt. Applic. 315/54, reads:

“1. Exits for original office granted by Bd. of Standards and Appeals under Cal. 723-44-A, April 10, 1945. Proposed extension in area of office must be returned to Bd. of Stds & Appeals for reconsideration and decision as to adequacy of exits.

2. Provide two enclosed fireproof stairways as exits. Sec. 270 Labor Law.”

and

WHEREAS, the applicant states that the building is 1 and 2 stories, 12 ft. 6 in. 15 ft. 2 in. and 23 ft. 6 in. in height, of class 3 construction, 50 ft. by 150 ft. irregular in area at street level, 29 ft. by 36 ft. irregular in area, at 2nd floor level, erected 1927, located on a lot 50 ft. front by 150 ft. irregular in depth, in an unrestricted use, B area, class 1½ height district, and used and occupied since 1931: cellar,

MINUTES

boiler room, no persons; 1st floor, processing of precious metals, 15 persons; 2nd floor, offices, 8 persons; and proposed to be extended on the 2nd floor to 50 ft. front by 77 ft. irregular in area, in class 3 construction, and to be used and occupied: cellar, boiler room, no persons; 1st floor, processing of precious metals, 15 persons; 2nd floor, offices, 8 persons; that the building is provided with two interior stairs, 3 ft. 6 in. in width, of steel construction, enclosed in partitions of wood studs and metal lath and plaster both sides, equipped with kalamein self-closing doors; stair hall leads direct to street, and is provided with a ladder and scuttle to roof; one of these stairs leads from 71st street to the cellar, 3 ft. 8 in. wide, enclosed in masonry, equipped with fireproof self-closing door at cellar level; and the other stairs extends from 51st avenue to the 2nd floor; that it is proposed to erect a new Labor Law fire escape on the 51st avenue front extending to street by counter-balanced stairway; and

WHEREAS, the applicant states that the existing 2nd floor which covers an area of approximately 925 sq. ft. is to be used for offices by 3 persons; that the addition to the office space will have an area of approximately 800 sq. ft. and will be used for bookkeeping offices with an occupancy of 5 persons; that the existing exits will remain intact and in addition it is proposed to provide an exit to the roof from the new office section as well as a labor law fire escape at the front of the building with a counter-balanced stairway to the street; and

WHEREAS, the applicant contends that to be required to furnish an additional labor law stairway from the relatively small office space would create an unreasonable and unnecessary hardship and that since the 2nd floor will be used only for office purposes, and in view of the limited number of occupants it is requested that the 2nd floor exit as proposed be accepted; and

WHEREAS, under Cal. No. 723-44-A, Vol. I, the Board on April 10, 1945, modified objection 1, issued by the Borough Superintendent, under Alt. Applic. 1260/44 on condition that the existing exit from the 1st floor to 51st avenue and the exit from the storage room and garage to 51st avenue be maintained; that doors be constructed within the openings leading from the factory to the storage room and the storage room to the garage; that the ceiling of the garage be fire retarded and that as to the 2nd floor, the existing primary means of exit be maintained and that means be provided to reach the roof through the rear windows and a ladder provided to reach 51st avenue maintained on the roof, and that the 2nd story be used for office purposes only. This variance was in connection with the 1st floor for tool making and manufacturing and the 2nd floor for office; and

WHEREAS, this appeal was reopened by a vote of the Board April 27, 1954, to consider a new decision of the Borough superintendent, based on a proposed extension of the 2nd floor in area and a change in use and in occupancy of the building.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 315/54, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the exit from the 1st floor shall be maintained as indicated on plans filed with this appeal marked "Received March 23, 1954," (2 sheets), and "May 11, 1954," (1 sheet); that the existing 2nd story and the proposed extension there-to may have one stairway, as indicated with the proposed fire escape on the 51st avenue side with counter-balanced stair to street, provided such 2nd story throughout is used only for office and clerical work; that there shall also be doors opening from the 2nd story to the main roof; that the exit from the boiler room shall be as indicated on the plan and the cellar shall not be extended beyond what is now shown as a boiler room; that in so far as the portion of the building is concerned that was before the Board under Vol. I, the requirements of the resolution as adopted April 10, 1945, shall be complied with where not inconsistent with this *amended* resolution; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such fire-fighting appliances shall be

maintained as the Fire Commissioner shall direct; and as to objection No. 2, to make a variation in the requirements of the Labor Law as cited in the decision of the Borough Superintendent, and that the decision be and it hereby is *modified* and that the appeal be and hereby is *granted on condition* that the requirements of this resolution shall be complied with.

480-53-A

APPLICANT—Harry Hurwit, for Brogrand Realty Co., Inc., owner.

SUBJECT—Application June 12, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—106 Grand street and 40-42 Mercer street, northeast corner (Block 474, Lot 45), Borough of Manhattan.

APPEARANCES—

For Applicant: Harry Hurwit.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 15, 1953, acting on Alt. Applic. 589/53, reads:

"1a. At least two exits leading to the street are required from every floor above or below ground and also from roof if there is a safe egress to adjacent roof.

Note. a fire escape is not a legal means of egress in a factory bldg. over five stories in height section 271 B.C." (presumably Labor Law, not Building Code)

and

WHEREAS, the applicant states the building is 6 stories, 85 feet in height, 25 ft. by 107 ft. in area, Class 3 construction, erected in 1884 on a lot 25 ft. front by 107 ft. in depth, in an unrestricted use, B area, Class 1½ height district, used and occupied since erection as follows: Cellar—storage; 1st floor—store, 10 persons; 2nd to 6th floors—offices, salesrooms and factory, 15 persons each floor. No change in use or occupancy is now proposed. The building is equipped with one interior 3 ft. 8 in. wide wood stairway, enclosed in partitions of wood studs with 26 gauge metal on plaster board both sides, equipped with fireproof, self-closing doors, extending direct to street and provided with ladder and scuttle to roof, and one fire escape on the Mercer street front, extending to roof by gooseneck ladder and to street by counter-balanced stairs; windows and doors on the course of the fire escape are fireproof, self-closing; and

WHEREAS, the applicant states that in addition there is an existing horizontal exit on 2nd to 5th floors leading to stairs in adjoining building at 108 Grand street; and

WHEREAS, the applicant contends that since the building is but 6 stories in height and only 25 ft. wide and the existing stairs, elevator, toilets, etc. reduce the floor area considerably, an additional stairway would reduce it still further and make it almost useless for any practical use and create a hardship to the point of confiscation; and

WHEREAS, under Cal. No. 1306-25-S the Board on May 25, 1926, denied an appeal from Fire Department Order #87132-LD, issued November 14, 1925, requiring the interior stairway at west side of building to be extended to roof in accordance with Section 271 of the Labor Law in the adjoining building at 108 Grand street then under same ownership as building in question; and

WHEREAS, under Cal. No. 2491-17-S an application for variation of Section 79-b-2 of the Labor Law with respect to extending stairway 3 ft. above the roof was withdrawn October 8, 1918; and

WHEREAS, on June 5, 1917, under Cal. No. 543-17-A, the Board acted on an appeal from a decision of the Borough Superintendent on Alt. App. 2510/16, requiring that stairs

MINUTES

be extended to the roof, as modified by a decision of the Borough Superintendent dated April 13, 1917, on amendment to Alt. App. 2510/16, which modified decision read as follows:

"Stairs do not have to extend to roof under Sec. 79-b-1, Labor Law, and also under a General Resolution of the Board of Appeals passed April 10, 1917, in connection with Cal. No. 381-17."

and

WHEREAS, this amendment was again disapproved by the superintendent of buildings; and

WHEREAS, the Board on June 5, 1917, adopted the following resolution:

"Resolved, that the decision of the superintendent of buildings be not sustained, and that the appeal be and it hereby is granted."

and

WHEREAS, the Board on January 16, 1917, under Cal. No. 475-16-A relating to adjoining building at 108 Grand street, modified a decision of the superintendent of buildings, holding that horizontal exits between stairways were not acceptable and permitted the horizontal openings between 106 and 108 Grand street to be accepted in lieu of fire-resisting enclosure for the primary means of egress in 108 Grand street; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 589/53, Objection 1, *on condition* that the primary means of exit shall be maintained with 26 gauge metal on plaster boards on both sides or equivalent as proposed and as indicated on plans filed with this appeal marked "Received May 7, 1954" (7 sheets); that a second means of exit, a fire escape on the Mercer street side of the building, shall be maintained with an approved counterbalanced stair to grade; that such fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the building shall not be increased in height or area; that the manufacturing use of the building shall be as approved without any occupancy requiring a permit from the Fire Commissioner for combustibles or inflammable liquids; that the occupancy per floor shall not be increased; that the existing sliding doors between this building and No. 108 may be continued but shall not be considered in computing the occupancy; that in all other respects the building and occupancy shall comply with all requirements of law.

569-53-A

APPLICANT—Falcon Stone Ring Manufacturing Co. Inc., lessee (Estate of Bernard London, owner).

SUBJECT—Application July 22, 1953—Appeal from an order of the fire commissioner.

PREMISES AFFECTED—186-192 West 4th street and 9-11 Barrow street, southwest corner (6th floor); (Block 590, Lot 69), Borough of Manhattan.

APPEARANCES—

For Applicant: Henry L. Sperling.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinfert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, Order #95417 LC issued by the Fire Commissioner April 14, 1953, and repeated in his decision of July 7, 1953, reads:

"Before a permit for the purpose indicated above (to store oxygen) may be issued to you, the following order must be complied with. Kindly notify this department when such order has been complied with.

1. Have each person who uses oxygen and a com-

bustible gas for heating, melting, or welding, obtain a certificate of fitness. C19-93.0-b, Administrative Code."

and

WHEREAS, the applicant states that the building is 8 stories, 90 feet in height, 81 ft. 1½ in. front by 126 ft. 4 in. in depth, of Class 3 construction, erected in 1897, located in a residence use, C area, Class 1½ height district, used since 1897 as follows: 2nd floor—manufacturing luggage, 40 persons; 3rd floor—printers—35 persons; 4th floor—printers, 47 persons; 5th floor—manufacturing watch cases, 25 persons; 6th floor—printing, 13 persons and jewelry manufacturing, 38 persons; 7th floor—jewelry manufacturing, 46 persons; 8th floor—printers, 21 persons; and

WHEREAS, the applicant states the building is equipped with approved standpipe and two-source sprinkler systems; that an approved interior fire alarm has been installed; that there are three 3 ft. 6 in. wide interior slate stairs, brick enclosed, equipped with kalamein, self-closing doors and lead from roof bulkhead direct to street; and

WHEREAS, the applicant states the order appealed from has been issued to the Falcon Stone Ring Manufacturing Company the occupants of a substantial portion of the 6th floor; and

WHEREAS, the applicant contends that no fire hazards exist or are maintained on the premises by use of a controlled mixture of illuminating gas or oxygen through the medium of a blow pipe or similar device or apparatus used by the jewelry workers to intensify the heating of the illuminating gas for soldering and melting in the manufacture of jewelry; that the blow pipes and torches used are of the modern type manufactured by Hoke and approved by the Board under Cal. No. 450-43-SA; that these devices are so constructed that it is impossible for them to backfire or cause a fire; that the oxygen used is stored in one metal cylinder containing approximately 244 cu. ft. of gas; that this cylinder is not handled by anyone other than Leon Sokolsky, holder of certificate of fitness #M 84601; that in addition there is a 244 cu. ft. cylinder of oxygen used by the same holder of the certificate of fitness in connection with the melting furnace in which gold and platinum bars and sheets are melted; that this cylinder is approximately 75 feet from the tank used for soldering; that it is the duty of the holder of the certificate of fitness to turn on the valves of the tanks each morning when work is started and turn them off at the end of the day or at such other time when oxygen is not needed; that all other workers in the establishment are prohibited from handling the tanks or touching the valves and in the absence of Mr. Sokolsky no oxygen is used in the factory for any purpose whatever; that since about 20 workers use the small type torches and blow pipes, it would be an unreasonable requirement to compel each jeweler to secure a certificate of fitness; and

WHEREAS, the Board on July 18, 1950, under Cal. No. 272-50-A granted a variation of the requirements of Section 271 of the Labor Law, as cited in a decision of the Borough Superintendent on Alt. App. 1069/47, requiring two remote unobstructed means of egress for each tenant on the 4th, 5th and 6th floors; and

WHEREAS, the applicant now states that the resolution adopted by the Board July 18, 1950, has been complied with.

Resolved, that the decision of the Fire Commissioner, as expressed in Order #95417 LC, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the use as described and as indicated on plans filed with this appeal marked "Received July 22, 1953" (1 sheet) and "April 21, 1954" (1 sheet) *on condition* that there shall be two persons holding certificates of fitness, so that at all times men doing welding work shall be under the jurisdiction of a person holding a certificate of fitness; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as *modified* by the Board under Cal. No. 272-50-A.

865-53-A

APPLICANT—Ralph E. Leff, for Bedford Associated, Inc., owner.

MINUTES

SUBJECT—Application for consideration—reopening and amendment of resolution—re Appeal from a decision of the borough superintendent, previously granted on condition.

PREMISES AFFECTED—21-02 to 21-24 43rd avenue, south side, from 21st to 22nd street; 21-01 to 21-17 21st street and 21-02 to 21-18 22nd street, 3rd floor; Block 441, Lot 16, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Ralph E. Leff.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 2, 1954, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 2, 1954, by adding thereto:

"that in lieu of the required two-source sprinkler system, the sprinkler system as installed with the approval of the Rating Organization of the Board of Fire Underwriters with a connection to fire headquarters through an approved central station may be accepted; that in all other respects the resolution above cited shall be complied with." (Alt. 2167/52)

9-54-A

APPLICANT—New York City Transit Authority, City of New York, owner.

SUBJECT—Application January 5, 1954—Appeal from a decision of the fire commissioner.

PREMISES AFFECTED—65 Commercial street, north side, from Box street to Newtown Creek (Block 2472, Lot 425), Borough of Brooklyn.

APPEARANCES—

For Applicant: Thomas H. Normile.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated December 15, 1953, reads:

"In reference to your letter dated November 20, 1953, and plan drawings No. 419-10, No. 491-11, No. 491-12 all dated Nov. 5, 1953, submitted to this department for examination, please be advised that we are without power to grant your request, inasmuch as proposed diesel oil storage system does not comply with the requirements of the Administrative Code, Chapter C19-59-m governing such installations."

and

WHEREAS, the applicant states that the premises consist of a plot 260 ft. by 467 ft. in area, in an unrestricted use, A area, class 2 height district, upon which there exists a 1½ story, 20 ft. high building, 77 ft. by 192 ft. in area, used and occupied since 1948 as a trolley coach and car depot, and proposed to be used and occupied as a bus garage and repair shop, 100 persons; and

WHEREAS, the applicant states that this is a request for permission to install 3 5,000 gallon tanks to be used for the storage of diesel oil at the Crosstown Bus Garage, such oil to be used solely for servicing buses operated by the New York City Transit Authority.

Resolved, that the decision of the Fire Commissioner dated December 15, 1953, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the installation and use of the three (3) 5,000 gallon diesel oil tanks as proposed and as shown on plans filed with this appeal marked "Received May 21, 1954," (3 sheets), *on condition* that such tanks shall be in a vault below grade, as proposed, and with the ventilation as proposed interlocked with the pumps and there shall be also an open pipe leading to an exterior point where it can be used by the fire department for attaching hose for flooding the vault or for foam; that the insulation shall be maintained to the satisfaction of the Fire Commissioner and shall be used only as proposed for storing diesel oil as a fuel for buses as proposed.

20-54-A

APPLICANT—Lama, Proskauer and Prober, for Isaac Klapper, owner.

SUBJECT—Application January 6, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—2125-2127 86th street, north side, 200 ft. east of 21st avenue and 2124-2136 85th street (2nd floor); (Block 6347, Lots 16 and 67), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 7, 1953, on Alt. App. 3028/52, reads:

"2. Stairs from 2nd floor to lead in a continuous enclosure to street & extend to roof as in Sect. 6.4.1.11 of the Bldg. Code."

and

WHEREAS, the applicant states the building is two stories, 24 ft. in height, 40 ft. by 90 ft. in area at 1st floor, 40 ft. by 18 ft. 6 in. in area at 2nd floor, Class 3 construction, erected in 1928 on a lot 40 ft. front by 100 ft. in depth, in a business use, C area and Class 1 height district; used and occupied since 1928: Cellar—boiler room, toilet and storage, 0 persons; 1st floor—store, 15 persons; 2nd floor—toilets and locker room, 0 persons; and

WHEREAS, the applicant states that the premises are developed with a Class 3 constructed building having a frontage of 40 ft. on 86th street and a depth of 100 feet; that the first floor is used as a store and the 2nd floor as a locker room for the store; that the building was erected under N.B. 6568/28 and Certificate of Occupancy #52636 was issued for the existing use; that the Board under Cal. No. 56-51-BZ granted a variance to erect a one-story extension at the rear with a depth of 50 ft. and a width of 120 ft. to be used as an extension to be used in connection with the present store; that this extension will be erected in the near future; that the 2nd floor is now used as a locker room, toilets and rest room in conjunction with the store; that this 2nd floor is 40 ft. by 18 ft. 6 in. in area and will be maintained as now existing; that the 2nd floor now has a 3 ft. wide wood stair leading to the 1st floor terminating close to present front exit of the store; that a new scuttle and iron ladder to the roof will be installed; and

WHEREAS, the applicant contends that inasmuch as the second floor does not have a permanent occupancy and that only a few persons will occupy it at any time, and as the present exit was deemed legal in the past and is now questioned only because of the erection of the new rear extension, it is requested that this appeal be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 3028/52, Obj. 22, be and it hereby is

MINUTES

modified and that the appeal be and it hereby is *granted* to permit the continuance of the 2nd story as existing and as shown on plans filed with this appeal marked "January 6, 1954," (4 sheets), with the means of exit from such mezzanine story to the main floor of the store, *on condition* that such 2nd story or mezzanine shall be used only for the uses as proposed and as shown on such plans; that in all other respects the building and occupancy shall comply with the requirements of the resolution adopted by the Board July 7, 1953, under Cal. No. 56-51-BZ—Vol. II, as *amended* this day.

77-54-A

APPLICANT—James E. Casale, for Joseph L. Ennis and Co., Inc., owner.

SUBJECT—Application February 4, 1954—filed pursuant to section 310 of the Multiple Dwelling Law for variation of the requirements of section 172 subdivision 2 of the Multiple Dwelling Law re minimum dimensions of yard.

PREMISES AFFECTED—963 Lexington avenue and 151-153 East 70th street northeast corner (Block 1405, Lot 22), Borough of Manhattan.

APPEARANCES—

For Applicant: James E. Casale.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 28, 1954, acting on Alt. Applic. 2266/53, reads:

"1. Before the above building may be converted to a multiple dwelling a 10 ft. yard must be provided as per Sec. 172, sub. 2 of the M. D. Law."

and

WHEREAS, the applicant states that the building is 5 stories, 59 ft. 8 in. in height; 20 ft. 5 in. by 75 ft. 6 in. in area, at street level; 20 ft. 5 in. by 52 ft. in area at typical floor level; of class 3 construction; erected 1890, located on a lot 20 ft. 5 in. front by 75 ft. 6 in. in depth, in a restricted retail use, B area, class 1½ height district, and used and occupied since 1924: cellar, boiler room, toilet, storage, no persons; basement, retail stores, 6 persons; 1st floor, store, 5 persons; 2nd floor, dwelling, one family; 3rd floor, 4 furnished rooms; 4th floor, dwelling, 1 family; and now proposed to be used and occupied as follows: cellar, boiler room, toilet, storage; basement, retail stores, 6 persons; 1st floor, store, 5 persons; 2nd, 3rd and 4th floors, 2 apartments each floor; that the building is provided with one 3 ft. wide interior wood stairs, enclosed in partitions of wood studs, lath and plaster, equipped with wood doors which are self-closing; stair hall leads direct to street and to roof bulkhead; and

WHEREAS, the applicant states that the building is occupied as stores on the basement and first floor and as a two family dwelling on the upper three floors; that the present use has been in effect since 1924; that prior thereto the premises was a one family dwelling since erection in 1890; that the original building was 52 ft. deep, and was extended some time between 1894 and 1924; and

WHEREAS, the applicant contends that the building occupies the entire lot on the 1st story, 71 ft. in depth on the 2nd and 3rd floors, and 52 ft. in depth on the 4th and 5th floors; that the yard is 3 ft. 10 in. deep on the 2nd and 3rd floor and 23 ft. 6 in. on the 4th and 5th stories; that under Section 172, Subdivision 2 of the Multiple Dwelling Law a 10 ft. deep rear yard is required across the entire lot for a converted dwelling; and

WHEREAS, the applicant states that it is now proposed to alter the building so that the stores on the first 2 stories will remain intact; that the upper 3 stories will be converted into 2 apartments on each floor; and

WHEREAS, the applicant contends that the only apartment affected by the lack of yard area will be the apartment at the rear of the 2nd floor; that at the rear of this apartment however, the sole space ventilated off the yard will be the bathroom; that the rooms designed for living purposes will be provided with adequate light and air by means of windows opening on East 70th street; that the rear rooms on the upper floors face a yard 23 ft. 6 in. in depth for the full width of the lot as well as East 70th street; and

WHEREAS, the applicant requests that a variance be granted by the Board pursuant to the power vested in it under Section 310 of the Multiple Dwelling Law to permit conversion of the upper 3 stories of the building to a multiple dwelling; and

WHEREAS, the applicant further contends that the light and air will not be effected by the lack of the 10 ft. rear yard required by the Multiple Dwelling Law at the 1st story level.

Resolved, that the decision of the Borough Superintendent acting on Alt. Applic. 2266/53, Obj. 1, be and it hereby is *modified* and that the appeal be and it hereby is granted under the powers vested in the Board under Section 310 of the Multiple Dwelling Law, as to the depth of the rear yard, and to permit such depth as proposed and as shown on plans filed with this appeal marked "Received February 4, 1954," (6 sheets), *on condition* that all living rooms shall have their windows facing the street or, as shown above the 2nd floor, over the roof of the rear extension, *on condition* that the building shall not be increased in height or area; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

279-54-A

APPLICANT—John F. Fitzsimons, for Allied Vista Corp., owner.

SUBJECT—Application April 15, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—23-19 to 23-61 129th street, east side, 57.82 ft., 115.64 ft., 167.64 ft., 219.96 ft., and 271.96 ft., north of 25th avenue, 150.05 ft., 202.05 ft., 254.05 ft., and 306.05 ft. south of 23rd avenue; 128-17 25th avenue, northwest corner of 129th street; 129-05 25th avenue, northeast corner of 129th street; 23-26 to 23-64 129th street, west side, 48.90 ft., 158.14 ft., 103.52 ft., 212.76 ft. and 267.05 ft., north of 25th avenue; 23-26 to 23-36 129th street, west side, 203.81 ft. 258.92 ft. and 313.14 ft., south of 23rd avenue (Block 4232, Lots 1, 45, 48, 50, 53, 55, 57, 60, 64 and Block 4234, Lots 6, 9, 12, 15, 18, 21, 23, 25, 27 and 28), College Point, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decisions of the Borough Superintendent dated March 24, 1954, acting on N.B. Applic. 700 to 718/54, inclusive, read:

"1. The erection of a class 4 frame dwelling within the fire limits is contrary to Sec. 4.1.1 and 4.1.2 of the Building Code.

2. Use of 2 in. thick beams within the fire limits is contrary to 7.1.4 of the Building Code."

and

WHEREAS, the applicant contends that the premises consist of 2 plots located in an unrestricted use A area, class 1 height district, which it is proposed to subdivide into separate lots and to erect on each lot a 1½ story, 22 ft. 6 in. height, class 4 constructed, 1 family dwelling, 35 ft. 6 in. front by 25 ft. in depth, and an accessory parking area; and

MINUTES

WHEREAS, the applicant states that the dwellings will be surfaced on the exterior, partially with wood siding, shingles or asbestos siding or asbestos shingles and partially with stucco from plate line to foundation and gables surfaced with wood siding, shingles or asbestos siding or shingles and roofs will be surfaced with asphalt shingles; that the dwellings will be set back 15 ft. from any street line and will be provided with side yard not less than 5 ft. in width; that the building will be so located on the lots that the dwellings will not be nearer than 16 ft. to the next adjoining dwelling; and

WHEREAS, the applicant contends that the group of buildings which are the subject of this appeal is the 3rd group in the residential development by this particular builder; that the other groups were previously acted upon by the Board under Cal. Nos. 859-52-A and 763-53-A; that the construction proposed will more than conform with the frame dwelling construction permitted in a residence use D area district outside of the fire limits; and

WHEREAS, the applicant requests that in the event this appeal is granted by the Board, that the resolution include the provision that in the event the owners desire to substitute a garage for a parking area in the future they may construct such garage conforming to the requirements for a residence use D area district.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 700 to 718-54, incl., Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the proposed frame dwellings shall be each for a single family only and shall comply with the requirements for a similar building when erected outside of the fire limits within a "D" area and residential use district and with the yards as proposed; that the floor beams of 2 in. normal thickness may be permitted; that in the event a garage is erected on each plot for each house as indicated on plans filed with this appeal marked "Received April 15, 1954," (3 sheets), such garage may be of frame construction as would be permitted in a "D" area residence district; that in all other respects the buildings and occupancies shall comply with all laws, rules and regulations application thereto; and shall be located as proposed on such plan and otherwise constructed with approved materials.

298-54-A

APPLICANT—Samuel M. Kurtz, for Marie Beatrice Babor, Executrix (Samuel L. Kohn, lessee).

SUBJECT—Application April 22, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—417 East 75th street, north side, 227 ft. 1 in. east of 1st avenue (Block 1470, Lot 11), Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel M. Kurtz and Samuel L. Kuhn.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 14, 1954, acting on Alt. Applic. 510/54, reads:

"1. Factory building use discontinued on October 1, 1948, as established by owner's letter. Comply with Sec. 270 L.L.

2. CO. 37204 indicated building is not a factory building. Comply with Sec. 270 L.L.

3. Provide two exits from all floors including 1st and cellar in accordance with Section 270 L.L.

4. Present front fire escape per plan 85/1907 does not comply with exit requirements of Section 270 L.L.

5. Second and 3rd floors do not meet requirements of Section C26-345.0 for 120 lb. live load."

and

WHEREAS, the applicant states that the building is 3 stories, 38 ft. 2 in. in height; 38 ft. 11 in. by 102 ft. 2 in. in area at street level; 30 ft. 11 in. by 48 ft. in area at typical floor level; of class 3 construction; erected 1907, located on a lot 38 ft. 11 in. front by 102 ft. 2 in. in depth, in an unrestricted use, B area, Class 1½ height district, and used and occupied since May, 1950—cellar, boiler room and storage; 1st floor, offices, shop, 6 persons; 2nd floor, repairing and warehouse, 3 persons; 3rd floor, repairing and warehouse, 3 persons, for which Certificate of Occupancy #37204 was issued May 16, 1950, upon completion of Alt. Applic. 1955/48; and

WHEREAS, the applicant states that the building is proposed to be used and occupied as follows: Cellar, boiler room and storage; 1st floor, office and factory, 22 persons; 2nd floor, office and factory, 6 persons; 3rd floor, office and factory, 6 persons; that there is one 3 ft. 8 in. wide interior wood stairway, enclosed in wood and partitions, fire retarded, equipped with kalamein fireproof self-closing doors; that stair hall lead direct to street and is provided with a ladder and scuttle to roof; that there is one fire escape on the front leading to street by sliding drop ladder; and

WHEREAS, the applicant contends that the building was in actual use as a factory building on July 1, 1948; that with present modification proposed to make it comply with the Labor Law as to exits, and with a variance requested regarding live loads on the 2nd and 3rd floors, the building will continue to be structurally adequate and will afford ample and safe egress in the event of fire; and

WHEREAS, the applicant contends as to Objections 1 and 2, issued by the Borough Superintendent, that the building was erected under N.B. Applic. 326/96 as a blacksmith shop and wheelwright; that the 3 story and cellar portion was erected under N.B. Applic. 85/07 as a blacksmith and wagon shop and the one story addition without cellar was constructed in the rear under Alt. Applic. 3503/39 for commercial use; and Certificate of Occupancy #26344 was issued July 16, 1940 for non-storage garage on the 1st floor, storage of furniture on the 2nd and 3rd floor with a live load of 75 lbs. per sq. ft. on each floor; that Fire Department records show permits issued for garage purposes in 1935, and each year thereafter including 1940; that in 1944, the building was leased for the manufacture of powdered soap; that in 1945, the State Labor Department reported to the Department of Housing and Buildings that the windows on the course of the fire escape were not fireproof and there was no stairway from the lowest balcony to ground; that on November 26, 1945, an inspector of the Department of Housing and Buildings reported that the building was used as factory and Violation 6446/45 was issued for changing of the use of the building to factory, contrary to Certificate of Occupancy #26344; that this illegal use continued until 1948 when Alt. Applic. 1975 of 1948 was filed to discontinue the elevator shaft and floor over every floor and Certificate of Occupancy #37204 was issued May 16, 1950, permitting the present use and occupancy with the provision that not more than 5 persons were to be employed at manufacturing in the entire building; and

WHEREAS, the applicant further contends that the building was originally designed and constructed for commercial and factory use and has been so used throughout the years; that on July 1, 1948, it was actually in use as a factory building; that the present application is for increasing the occupancy to 22 persons (18 at manufacturing) on the 1st floor, 6 persons on the 2nd floor and 6 persons on the 3rd floor; that it is intended to continue the use of the 1st floor as a cabinet making shop and to provide facilities for amateur woodworking shop, and on the 2nd and 3rd floors to continue the use of altering and repairing and making of upholstered items of furniture; and

WHEREAS, the applicant contends as to Objection 3, issued by the Borough Superintendent, that since the building was erected before October 1st, 1913 and occupied as a factory building on July 1, 1948, Section 272 of the Labor Law applies to this building; that there are at least two

MINUTES

means of egress from each floor; that since the cellar has a usable area of actually 860 sq. ft. and with no occupancy, only one exit is required; that the balance of the cellar is at a higher level with a clear headroom of only approximately 6 ft.; that the exits will consist of the following: from the cellar, one fireproof self-closing door leading to wood stair in fireproof masonry enclosure to 1st floor and the 2nd exit by stair to street through sidewalk doors which will be kept unlocked; 1st floor—1 new fireproof self-closing door to fireproof masonry enclosed passageway leading direct to street and a second egress by fireproof self-closing door to street on west side of the building; 2nd floor—one fireproof self-closing door to 3 ft. 8 in. wide wood stairway, enclosed in fire retarded partitions, and a secondary exit by new fireproof window through existing fire escape which will be provided with new 60 deg. 22 in. wide counterbalanced stair to street, in addition to the existing drop ladder, and a 3rd exit by window at rear to roof of 1st floor extension; 3rd floor—one exit by fireproof self-closing door to 3 ft. 8 in. wide wood stair, enclosed in fire retarded partitions, and a 2nd exit by new fireproof window to existing fire escape with 60 degree 21 in. wide stairway leading to 2nd floor balcony; and

WHEREAS, the applicant contends as to Objection 4, that the fire escape was erected under N.B. Plan 85/07 and is in good condition and complies with section 274 of the Labor Law; that in addition at the 2nd floor a new 60 deg. 22 in. wide stair extension and balcony and a new 60 deg. 22 in. wide counterbalanced stair will be provided leading direct to the street; that all windows on the course of the fire escape will be made fireproof and iron steps will be provided on the 2nd and 3rd floors to sill level of new fireproof windows giving access to the fire escape; and

WHEREAS, the applicant contends as to Objection 5, that live loads for the 1st, 2nd and 3rd floors were established at 75 lbs. per sq. ft. under computation application 40 of 1932, and have been continued in effect under Certificate of Occupancy #26344 and Certificate of Occupancy #37204; that the floor of the existing portion of the 1st floor is concrete slab on ground, good for 120 lb. live load, and the floor of the front portion of the 1st floor will be reinforced so as to be capable of sustaining 120 lbs. live load per sq. ft., and it is proposed to retain the present 75 lb. designed live load for the 2nd and 3rd floor; that the existing construction is cast iron columns, masonry piers, and fire retarded steel girders and full dimension 3 in. by 12 in. wood joists, covered on the underside with ½ in. plaster boards and 26 gauge metal; that due to the small area of these floors, the cast iron column is in the center of the space with steel girders running the 46 ft. length and the wood beams spanning 18 ft. 6 in. in the other direction; that it would be impracticable to provide additional runs of girders and columns and piers required to increase this load; that the proposed limited use and occupancy of these floors which does not require machinery other than one or two household type sewing machines and with an occupancy of only 6 persons would make it an unnecessary hardship to be required to increase the live load to 120 lbs. per sq. ft.; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* of the Labor Law, as required in a decision of the Borough Superintendent, acting on Alt. Applic. 510/54, and that the appeal be and it hereby is *granted* as to Objections 1, 2, 3 and 4, *on condition* that the building shall not be increased in height or area; that the exits as proposed shall be maintained as indicated on plans filed with this appeal marked "Received April 22, 1954" (3 sheets), and that the decision of the Borough Superintendent, acting on Alt. Applic. 510/54, Objection 5, be and it hereby is *modified* and the appeal be and it hereby is *granted on condition* that the occupancy shall not exceed the existing live load which shall be posted; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of the same expedited by conforming to these directions.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 28, 1953 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on May 4, 1954 after due notice by publication in the Bulletin; laid over to May 25, 1954, for inspection and decision without further argument; hearing closed; then to June 8, 1954, for applicant to file revised plans; then to June 15, 1954 for the applicant to file a revised drawing of the front of the building; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 113th avenue are in residence and business use, B area, class 1 height districts; Sutphin boulevard is in a business use, B area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 17, 1953 acting on Alt. Applic. 624-53, reads:

"1. Proposed extension of a gasoline service station located partly in a Business use and partly in a Residence use district to include garage for more than 5 cars, auto laundry, auto repairs, welding parts and additional gasoline pumps, parking and lubrication, is contrary to the Resolution of the Bd. of Standards & Appeals Cal. #572-31-BZ and contrary to Art. 2 Sec. 3 & 4 of the Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 139.87 ft. and 107.93 ft. frontage by 331.23 ft. in depth, irregular, on which is located a gasoline service station with a frontage of 41.83 ft. and a depth of 331.57 ft.; that it is proposed to add the adjoining property, 98.04 ft. front by 107.93 ft. in depth; and

WHEREAS, the applicant contends that the pumps presently upon the adjoining premises are insufficient to handle the traffic and as a result cause tie-ups and loss of business; that in addition, the present pumps at time of usage impedes the auxiliary business; that the frontage presently used makes it extremely difficult for automobiles to enter and leave the premises in order to obtain gas and oil; that the additional area will give a better circulation of vehicles to and from the station, thus assisting traffic and pedestrian use of walks; that the additional area, which will be newly paved, will prevent dumping of articles by others in the vacant lot; that this would necessarily enhance the present squalid effect caused by such dumping; that by using the proposed area for cars awaiting service, the curbs will be kept clear for traffic; that the street upon which the subject premises fronts is heavily used by traffic which would greatly benefit by the proposed use of the additional area; and

WHEREAS, the applicant states the owner has held title to the property since 5/26/48 and 8/5/52, and further states the assessed valuation of land is \$500, and for buildings \$8,000, making a total of \$8500, and states the building was erected in 1928.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 5, 1933, by adding thereto:

"that in the event the owner desires to enlarge the area, remodel the front of the building and construct masonry walls, including other items, substantially as proposed and

MINUTES

as indicated on plans filed with this application marked 'Received July 10, 1953' (5 sheets), as amended by plans marked 'Received June 4, 1954' (6 sheets) and 'June 10, 1954' (6 sheets), such extension of area and use may be permitted as thereon proposed, *on condition* that there shall be no curb cuts or entrances to 113th avenue; that along the rear lot line of the extended area there shall be constructed and maintained a masonry wall of brick, not less than 5 ft. 6 in. in height which shall return along 113th avenue to the building line of Sutphin boulevard, except that such wall may be reduced to a height of 4 ft. 6 in. within 10 feet of such Sutphin boulevard building line; that all existing and proposed pumps shall be of an approved low type, erected not nearer than 15 ft. to the street building line of Sutphin boulevard; that the total number of tanks, including those now existing shall not exceed ten 550 gallon approved tanks; that the use of the existing building may continue as permitted by resolution adopted July 5, 1933; that the front shall be reconstructed in accordance with revised plans marked 'Received June 10, 1954'; that the entire premises where not occupied by the garage building, except for the rear of the lot, shall be paved with concrete or asphaltic paving; that fences shall be maintained along the rear lot lines of the portion not covered by existing building; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be restricted to a permanent sign attached to the facade of the existing building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building line of one post standard to support a sign which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend beyond the building line for a distance of not more than 4 feet; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution."

166-48-BZ—Vol. II

APPLICANT—Henry Nordheim, for Land Properties, Inc., owner.

SUBJECT—Application January 15, 1954 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence and business use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—1191 East 213th street, north side, 46.8 ft. west of Boston road and 1196 East 214th street (Block 4708, Lots 4 and 73), Borough of The Bronx.

APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 26, 1954 subject to regular procedure, to consider a new proposal on the part of the premises where parking was previously permitted by variance expiring June 19, 1953: and

WHEREAS, a public hearing was held on this application on June 15, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 213th street and 214th street are in residence and business use, C area, class 1 height districts; Boston road is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated

January 13, 1954 acting on amendment to Alt. Applic. 1140-53, reads:

"1. Proposed parking & storage of motor vehicles on a lot partly in a Business & partly in a Residence use district is contrary to Art. 2 Sec. 3 Zoning Res.

2. Retention of size of lot for bldg. on nwc Boston Rd. & Wilson Ave. N.B. 1137-49 C. of O. 8235-50 contrary to C. of O. on record; see Cal. 92-41-BZ Bd. of Standards & Appeals."

and

WHEREAS, the applicant states that the premises consist of a plot, 121.49 ft. and 115.38 ft. frontage by 195 ft. in depth, irregular, presently vacant; and

WHEREAS, the applicant contends that this site was formed by part of lot 1; that this section became lot 73, and lot 4 is the remaining section after lot 9 was taken from it; that originally there were only two plots on this entire block and were numbered 1 and 4; that lot No. 1 was cut up into three parcels, lot No. 1 fronting on East 213th street, Boston road and partly on Wilson avenue and East 214th street; that lot 73 is now part of the site herein proposed and lot 70 was combined with lot 9, for which there is at present an application to continue the parking use which was granted by the Board June 19, 1951 and expired June 19, 1953: that in the large taxpayer fronting on Boston road there is an A & P store, which desires parking space for patrons, but what is left of lot 1 is insufficient, so it is proposed to rent all of the space of lots 4 and 73, charging no fee for parking; that with the present A & P space together with the proposed site, there should be approximately 15,000 sq. ft. of space; that this will take many cars off the surrounding streets during shopping hours and will conform to the policy adopted by chain store systems in other locations; and

WHEREAS, the applicant contends as to objection No. 2 issued by the borough superintendent, that this objection is not warranted for the reason that he is retained by the owner of lots 4 and 73 and therefore cannot act for the owner of lot No. 1; that the department takes the position that since the owner of lot 1 sold part of his former territory that comprised his grant by the Board, that objection No. 2 is justified; that the subdivision of the land in this block was put through in a legal manner, all parcels being recorded at the registers office and the tax office; that the owner of lot No. 1 should make an application to this Board for an amendment of his variance, a process which was explained to the borough superintendent so as not to confuse that case with the present application; that it is not the obligation of the owner of lots 4 and 73 to correct another person's error; and

WHEREAS, the applicant states that the present owner has held title to the property since June 17, 1949 for lot 73 and since February 25, 1953 for lot 4; that the assessed valuation of the land is \$6,500; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five (5) years, to permit the plot as now proposed to be occupied for the parking and storage of motor vehicles as indicated on plans filed with this application, marked "Received January 15, 1954" (2 sheets), *on condition* that the plot shall be leveled substantially to the grade of the abutting streets and surfaced with clean gravel or steam cinders and treated with a binder so as to render a reasonably impervious surface and to provide surface drainage; that there shall be erected on the street building lines and the rear lot line to the west a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height; that a similar fence shall be erected on the rear lot line of Lot #1; that entrances shall be restricted to one entrance to East 214th street, as indicated, not over 15 ft. in width, with curb cut opposite of

MINUTES

similar width; that such opening shall be provided with gates of similar construction to the fence which shall be kept closed when the parking lot is not in operation; that there shall be erected against the fences suitable protection to prevent damage thereto by motor vehicles; that during the term of this variance the premises shall be occupied for no other use than as herein permitted and no building shall be erected thereon, except there may be a building not over 100 sq. ft. in area and one story in height, which may be of frame, erected near the entrance, solely for the use of the attendant; that proper aisles shall be maintained at all times for easy ingress and egress; that no signs shall be erected except there may be a sign at the entrance attached to the fence, which shall not extend beyond the building line and shall not be illuminated, advertising the use of the lot and such other information as may be required by the commissioner of licenses; that any lights for illumination shall be on pipe post standards, equipped with metal reflectors so arranged as to reflect away from the adjoining residential occupancies; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within six (6) months from the date of this resolution.

478-52-BZ

APPLICANT—Arnold Lederer, for Frank Picciolo, owner.
SUBJECT—Application June 26, 1952—(decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, E area district the extension of garage within required set back from street line.

PREMISES AFFECTED—1225 83rd street, north side, 190 ft. east of 12th avenue (Block 6302, Lot 68), Borough of Brooklyn.

APPEARANCES—

For Applicant: Arnold W. Lederer and Gus P. Chiarello.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 25, 1954 after due notice by publication in the Bulletin; laid over to June 15, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 27, 1952 acting on Alt. Applic. 4093/47, reads:

"1. Extending garage within req'd 10'-0" set back, is contrary to sect. 15, par. 'd', Art. IV Zone Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 30 ft. frontage by 100 ft. in depth, on which is located a one-family dwelling and accessory garage, for which certificate of occupancy No. 511-34-18 has been issued for one family dwelling; that it is proposed to permit the existing garage, as extended, to remain; and

WHEREAS, the applicant contends that plans were filed by another architect for the subject premises and premises adjoining under Cal. No. 546-52-BZ and Alt. Applics. 4088 and 4093 of 1947, for the construction of a new patio set into a grass terrace, under which the present garage was to be extended; that the plans did not indicate the legal sidewalk width but did indicate the depth of the required setback from the building line; that the contractor, in error, did not follow the dimensions, consequently the garage and the patio, above same, extends into the required setback

approximately 4 ft.; that this appears to have been an error of judgment; that the depth of the garage was increased in order to accommodate only one car and it was found impossible to open the doors of the car; that the extension of the garage does not obstruct any light or air, nor does it obstruct any view from the living quarters of adjoining properties; that this terrace and garage extension were constructed under permit No. 1911-48; that violation No. 3879-49 was placed on the premises October 5, 1949 for extending beyond the area permitted into the required front yard; and

WHEREAS, the applicant further contends that the extension of the garage area provides for the storage of cars within the building, therefore removing one more car from the streets; that light and ventilation of adjoining properties have not been affected by the proposed change; that the appearance of the property as developed contributes rather than detracts from the general appearance of the block; that this property was under another ownership when this alteration took place and that the present owner is now the burdened owner; that there is a private garage located on the rear of premises 8223 12th avenue, block 6302, lot 1, which now is less than 10 ft. from the building line on 83rd street; that unnecessary hardship would follow compliance with the strict letter of the law and it is therefore requested that this appeal be granted; and

WHEREAS, the applicant states the owner has held title to the property since January 5, 1952 and further states the assessed valuation of the land is \$3,000 and of building \$8200, making a total of \$11,200; that the building was erected in 1924; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, to permit the existing extension, as proposed and as indicated on plans filed with this application, marked "Received June 26, 1952" (1 sheet), "November 5, 1953" (1 sheet) and "March 25, 1954" (8 sheets), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall continue as a one-family dwelling and shall not be further extended in height or area; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution.

546-52-BZ

APPLICANT—Arnold W. Lederer, for Gus Chiarello, owner.

SUBJECT—Application July 9, 1952 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, E area district, the extension of garage within required setback from street line.

PREMISES AFFECTED—1221 83rd street, north side, 160 ft. east of 12th avenue (Block 6302, Lot 69), Borough of Brooklyn.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application

MINUTES

on May 25, 1954 after due notice by publication in the Bulletin; laid over to June 15, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 12th avenue are in a residence use, E area, class 1 height district; 83rd street is in residence and business use, E area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated July 7, 1952 acting on Alt. Applic. 4088-47, reads:

"1. Extending garage within req'd. 10'-10" setback is contrary to sect. 15, par. "d" Art. IV of zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 30 ft. frontage by 100 ft. in depth, on which is located a one family dwelling and accessory garage, for which certificate of occupancy No. 31369-25 has been issued; that it is proposed to permit the garage to remain; and

WHEREAS, the applicant contends that plans were filed by another architect for the subject premises and premises adjoining under Cal. 478-52-BZ and under Alt. Applics. 4088 and 4093 of 1947, for the construction of a new patio set into a grass terrace, under which the present garage was to be extended; that the plans did not indicate the legal sidewalk width but did indicate the depth of the required setback from the building line; that the contractor in error did not follow the dimensions, consequently the garage and the patio above same extends into the required setback approximately 4 ft.; that this appears to have been an error of judgment; that the depth of the garage was increased in order to accommodate only one car; that the extension of the garage does not obstruct any light or air nor does it obstruct any view from living quarters of adjoining properties; that this terrace and garage extension were constructed under permit 1911-48; that on October 5, 1949 violation No. 3879-49 was issued inasmuch as the extension on the front of the garage is larger than shown on approved plan; and

WHEREAS, the applicant further contends that the extension of the garage area provides for the storage of a car within the building, therefore removing one more car from the streets; that light and ventilation of adjoining properties have not been affected by the proposed change; that the appearance of the property as developed contributes rather than detracts from the general appearance of the block; that there is a private garage located on the rear of premises No. 8223 12th avenue, in block 6302, lot 1, which now is less than 10 ft. from the building line on 83rd street; that unnecessary and needless hardship would follow compliance with the strict letter of the law and it is therefore requested that this variance be granted; and

WHEREAS, the applicant states that the present owner has held title to the property since November 3, 1939; that the assessed valuation of land is \$3,000 and of the building \$7,700, making a total of \$10,700; that the building was erected 1924; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, to permit the existing extension, as proposed and as indicated on plans filed with this application, marked "Received July 9, 1952" (1 sheet), "November 5, 1953" (1 sheet) and "March 25, 1954" (8 sheets), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall continue as a one-family dwelling and shall not be further extended in height or area; and that all permits required

shall be obtained and all work completed within six (6) months from the date of this resolution.

179-53-BZ

APPLICANT—Vito P. Battista, for Margaret Crocitto, owner (James Nazzaro, lessee).

SUBJECT—Application March 12, 1953 (decision of the borough superintendent), under sections 7c, 7i and 7h of the zoning resolution, to permit in a business use district the reconstruction of existing gasoline service station and the erection of a new accessory building to include lubricatorium, car washing, storage and sale of accessories, motor vehicle repairs; and to permit four additional gasoline storage tanks, and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—6515-6523 7th avenue and 701-707 66th street, northeast corner (Block 5830, Lots 1 and 4), Borough of Brooklyn.

APPEARANCES—

For Applicant: Vito P. Battista and Margaret Crocitto.

For Opposition: Edward Hoffman for Park Dep't.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 25, 1954 after due notice by publication in the Bulletin; laid over to June 15, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, C area, class 1¼ height district; 7th avenue is in residence, business and unrestricted use, C area, class 1¼ height districts; 66th street is in residence and business use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated March 10, 1953 acting on N.B. Applic. 56-53 and superseded by N.B. Applic. 56-53 dated March 9, 1954, reads:

"1. On a lot located in a business use district, proposed gasoline service station and motor vehicle repair shop is contrary to Art. II Sec. 4(a) subdiv. 29 & 46 of the Zoning Resolution.

2. On the same street as a public playground and a public park, the proposed gasoline service station is contrary to Art. V Sec. 21A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 70 ft. 10½ in. and 85 ft. 11⅞ in. frontage by 99 ft. 7¼ in. and 96 ft. 5⅜ in. in depth, irregular, on which is located a gasoline service station; that at the time the present buildings were erected, it was located in a business use district and there has been no change in height, area and use districts since 1916; that the present building was erected as a garage and office for an oil selling station under N.B. 11803-1924; that fire department folder, old No. 14484-11 and new No. E-559699 indicates an application was approved for a metal building and a tank and pump system on December 23, 1924 and final permit No. 33057 was issued February 2, 1925; that there are no department records for the concrete block shed, for the frame extension or for the outdoor carlifts; that violation No. 5475-1945, for erecting a frame extension to the office and garage, was heard in Magistrates court in 1952 and a fine of \$25 was paid; that this was superseded by violation No. 379-52 which is still pending; that it is proposed to replace the existing metal and frame building by erecting a one story brick building, for use as a gasoline service station office and salesroom, storage room, lubrication, car washing and minor motor vehicle repairs with hand tools only, and permit parking and storage of more than five motor vehicles; and

MINUTES

WHEREAS, the applicant contends that curb cut permit No. A-51251 was issued for two 8 ft. curb cuts on the northeast corner of 66th street and 7th avenue on June 24, 1924 and was issued in the name of the present owner; that the outdoor grease racks are a temporary convenience but involve factors in safety and operation and will be removed; that the unfinished concrete block building is but a temporary storage expedient which will be demolished, and storage space will be provided in the proposed building; that the existing metal building and frame extension is inadequate, dilapidated and a fire hazard; that the arrangement and construction of these structures for present day gasoline station operations is completely outmoded; that the buildings are not a satisfactory improvement for the land; that the buildings are assessed for \$1800 and the land for \$20,200; that this disproportionate value of land to building has placed a severe financial burden on the owner and a proposed \$30,000 investment under a long term financial plan by the lessee has been the only practical plan presented to date; that the granting of this application would permit the owner to make a reasonable and profitable use of her property without directly adversely affecting anyone; that the premises faces two avenues, the house to the east being the owner's home and the property to the north is another existing gas station; and

WHEREAS, the applicant further contends that the new modern building will be 9 ft. longer and 4 ft. wider; that it is designed to provide modern rest rooms, to permit lubrication and washing of cars indoors, to permit installation of controlled night lighting, preventing glare into adjoining premises; that the gas pumps will be set back 10 ft. from their present location on the building line and parking space will be provided for 20 cars; that the facade of the new building will be in character with adjoining buildings fronting on 66th street; that the most modern equipment will be installed and the entire area will be concreted; that the new indoor services will insure continued services with greater convenience and safety to the public; that the facade will be of rough wire cut maroon brick and the arrangement and finish of the proposed station will contribute considerably towards improving the general character of the neighborhood; that Eriksson park, in blocks 5845 and 5846 was opened to the public September 15, 1935 and the public playground in block 5830 was opened to the public May 1, 1936; that the outdoor washing of motor vehicles leaves the station wet and dirty, and icy in winter and the customer demand for this all year service requires that car washing be done indoors; that this added facility will enable the operator to keep the station clean at all times; that request is made to increase the number of underground tanks by four, to make a total of ten; that the need for off-street protected parking for cars will reduce traffic congestion and prove an added convenience to neighborhood car owners and it is requested that parking and storage of more than five motor vehicles be included in the resolution; that the signs on the building are non-flashing business wall signs which indicate the firm name and principal business transacted on the premises; that the pole identification sign indicates the brand of gasoline and it is requested that these signs be permitted; that it is felt that the proposed new maroon brick building will result in a decided improvement in the general appearance and character of the premises and will insure to the comfort, convenience and safety of the public; and

WHEREAS, the applicant states that the present owner has held title to lot 77 since January 14, 1916, to lot 1 since August 11, 1921 and to lot 4 since January 27, 1930; that the assessed valuation of land is \$20,200 and of the buildings \$1,800, making a total of \$22,000; that the building was erected February, 1925; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; the use of the plot has continued since 1924 and this application is for improvement and rearrangement of the area and particularly to set back the pumps which are now extending beyond the building line of Seventh avenue; and

WHEREAS, sidewalk crossings existed prior to the estab-

lishment of the park and there will be no extension of the number of such crossings; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision c to permit the reconstruction and re-arrangement of the lawfully existing gasoline service station as proposed and indicated on plans filed with this application marked "Received March 26, 1954" (4 sheets) on condition that the premises shall be re-arranged as indicated on such plans showing proposed conditions and all buildings and uses presently on the plot shall be removed; that there shall be erected on the interior lot lines where walls of the adjoining buildings do not occur a masonry wall not less than five feet six inches in height; that all pumps where indicated as facing Seventh avenue shall be of a low approved type and erected not nearer than fifteen feet to the street building line; that the number of gasoline storage tanks shall not exceed ten 550-gallon tanks; that the curb cuts shall be as indicated to Seventh avenue, not exceeding a portion of the present curb cut and to a total length of not over 20 feet and to 66th street, a portion of the present curb cut not to exceed fifteen feet and not to extend beyond the street building line of Seventh Avenue as prolonged; that signs shall be restricted to a permanent sign attached to the facade of the proposed accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over four feet; that the sidewalks and curbing on the premises shall be repaired or restored to the satisfaction of the Borough President; that the premises when not occupied by the proposed accessory building and pumps shall be paved with concrete or asphaltic pavement; that such fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7, Subdivision i, there may be minor repairing with hand tools only, maintained entirely within the accessory building; that under Section 7, Subdivision c, there may also be parking of cars awaiting service and general parking, provided that such parking does not interfere with access to the accessory building or pumps; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

294-53-BZ—Vol. II

APPLICANT—David B. Ancowitz, owner.

SUBJECT—Application April 14, 1954 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, G area district, the erection and maintenance of a six story, class A multiple dwelling, with accessory one-story garage; application was previously withdrawn at the time of hearing calling for the erection of a fourteen story, class A multiple dwelling.

PREMISES AFFECTED—North side of West 256th street from Arlington to Independence avenues (Block 3425, Lot 326), Borough of The Bronx.

APPEARANCES—

For Applicant: John S. McGinty.

For Opposition: Osborne A. McKegney.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioner Kleinert 1

Negative: Chairman Murdock, Commissioner Keating
and Deputy Chief Connors 3

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on

MINUTES

April 20, 1954 subject to regular procedure, and set for hearing May 18, 1954 at 10 A.M.; and

WHEREAS, a public hearing was held on this application on May 18, 1954 after due notice by publication in the Bulletin; laid over to June 15, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that Independence avenue and West 256th street are in a residence use, G1 area, class 1 height district; Arlington avenue is in a residence use, F area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated March 29, 1954 acting on N.B. Applic. 312-53, reads:

"A-2. Proposed non-fireproof 6 story & cellar class A multiple dwelling with accessory 1-story garage for 57 cars to be erected in a 'G' area district will be contrary to Sec. 16-B of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 499.3 ft. frontage by 365.73 ft. in depth, irregular, presently vacant; that it is proposed to erect a six-story, class A multiple dwelling, with a one-story accessory garage building; and

WHEREAS, the applicant contends that this application is for a variance, pursuant to section 21 of the zoning resolution, relating to the G area as it affects the subject property which is located on the north side of West 256th street from Arlington to Independence avenues, containing about 145,000 sq. ft., inclusive of the uncut street areas; that it is bounded on the south by the uncut street line of West 256th street, on the west by the uncut line of Independence avenue, on the north by the southerly line of lot 336 and on the east by Arlington avenue; that it runs generally 499.30 ft. westerly from the northeast corner of Arlington avenue and West 256th street, thence 256.35 ft. north along Independence avenue to the southerly line of lot 336, thence easterly 365.73 ft. along said southerly line to Arlington avenue, thence southerly along the westerly line of Arlington avenue 214.93 ft. to the point of beginning; that a grant of this application will do no harm to any one and would improve the area with a garden type apartment house and promote the general welfare of families needing the accommodations; and

WHEREAS, the applicant states that the subject property was in an E area district when it was purchased on March 27, 1946; that it was intended to construct a multiple dwelling but due to war time restrictions and scarcity of materials, the building was not constructed; that the Bronx Advisory Planning Board received a request from a number of property owners within this E area and adjacent F area district to have such areas rezoned to a G area district; that the City Planning commission, at a public hearing on April 7, 1948 adopted the resolution rezoning the subject property so as to change it from an E to a G area district, effective May 13, 1948; that the entire area from Riverdale avenue to Arlington avenue north of West 254th street was not included in the rezoning and has since been developed with multiple family dwellings, which did not in anywise preserve the so-called suburban character of the area; that the subject property overlooks the Hudson river and its westerly boundary on Arlington avenue faces nothing but large apartment houses; that the topography of the land is irregular, sloping sharply in a westerly direction from Arlington to Independence avenues and the entire area is rocky and wooded; that its southern boundary is contiguous with and adjacent to a large, open area owned and operated by the Hoffman school, whose only building is located near Rivercrest road, giving a clear space of at least 500 ft. from subject property to Rivercrest road, the residences of which cannot be seen and the vision of whose residents could not be obscured by any improvements which may be permitted to be made; that on the west is the building of the School for Economic Research and on the north is a monastery; that at the northerly end of Arlington avenue, Riverdale Country School owns about 28 acres upon which it intends to build a new school; that it is thus obvious that the con-

struction of this garden type apartment house could not destroy the suburban look of the area or affect in any way the prerogatives claimed by the private dwelling residents; and

WHEREAS, the applicant contends that the filed grade of the land in West 256th street at Arlington avenue is 185.0 and the invert elevation of the sewer at that point is 173; that the filed grade of the intersection of Independence avenue and West 265th street is 165.0; that the construction would front on Arlington avenue and West 256th street; that there is an existing 24 in. combined sewer, 12 ft. deep, in West 256th street, flowing to the east of Arlington avenue; that there is no sewer outlet at or to the west of Arlington avenue and such a sewer could not be provided except by pumping; that the terrain is rocky over a great portion and would not only require a great deal of blasting but also fill, on account of the grade; and

WHEREAS, the applicant states that the practical difficulty facing him is that his land cannot be developed with one family dwellings; that the ten residents of Rivercrest road protest that an apartment house would impair the value of their property and destroy the suburban character of the neighborhood in that people won't buy private residences located near apartment houses; that photograph No. 2, submitted with this appeal, shows substantial homes on the east side of Arlington avenue south of West 254th street; that these homes are more than comparable to the 10 residences on Rivercrest road; that construction estimates obtained show that it would cost at least \$50,000 to build just a fair-sized private dwelling and not more than one of such dwellings could be erected on plots of the size required for such homes; that to plot the development for such homes would require a turn-around in order to give ingress and egress to interior lots; that the sewer on Arlington avenue and West 254th street can only be tapped into from 10 ft. on Arlington avenue frontage; that there is no other public sewer and this would mean that the private homes would be required to gain access permission from the private sewers which run to the river; that no private sewers can be built; that that it would be financial folly to attempt improvement with private homes on this property; that after this property was rezoned from E to G area in 1948, efforts were made to sell the property but there were no buyers as no one wanted any acreage in a restricted area; that the granting of this application would be a decided improvement to the area and would increase the taxable value of the land and would not alter the essential character of the locality as it now exists; and

WHEREAS, the applicant states that the present owner has held title to the property since March 27, 1946; that the assessed valuation of land is \$40,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, in the opinion of the Board the plot can be developed with a use permitted in a G area; that the land west of Arlington Avenue, for some distance south of this plot, has been zoned so as to reserve this area for private homes and to exclude multiple dwellings; that the terrain generally along the area east of Arlington Avenue southwardly is similar to this plot and adaptable to single family residence use, in the opinion of the Planning Commission and the Board of Estimate, which recently held hearings as to zoning of the area generally; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 312/53, Objection A-2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

636-53-BZ

APPLICANT—Kenneth W. Milnes, for Lester W. Sofield, owner

MINUTES

SUBJECT—Application September 4, 1953 (decision of the borough superintendent), under section 7f of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, lubritorium, car wash and office, for a term of fifteen years.

PREMISES AFFECTED—700 Post avenue, southwest corner of Clove road (Block 227, Lot 74), West Brighton, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: Vincent K. Drury and John R. Furlong.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, Bd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 27, 1954 after due notice by publication in the Bulletin; laid over to May 11, 1954, for further consideration; then to June 8, 1954, pending decision of the Board of Estimate on new proposed wording of Section 21A; then to June 15, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Post avenue are in a business use, C area, class 1½ height district; Clove road is in business and unrestricted use, C area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 4, 1953 acting on N.B. Applic. 631-53, reads:

"1. Gasoline service station in a business use district is contrary to Art. II, Sect. 4a, subdiv. 46 Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 and 119 ft. frontage by 112 ft. in depth, irregular, presently vacant, except for billboards; that it is proposed to erect an accessory building 42 ft. front by 29 ft. in depth, one story, 14 ft. in height, of class 3 construction, to house lubritorium, car wash, storage and office; that it is further proposed to install ten 550 gallon gasoline tanks and four dispensing pumps, with two curb cuts on Post avenue and two on Clove road; and

WHEREAS, the applicant contends that the owner has for the past three years been successfully operating the gas station on the opposite corner; that this station had been shut down and inoperative for some time before the owner took a lease on it; that through his diligence he was able to place this business on a paying basis and in the meantime built up a very large group of permanent clients; that he then attempted to purchase the service station from the original owner; that the owner refused, but then subsequently sold the premises to a third party as an investment; that this third party also refused to sell the premises to Mr. Sofield, but did raise the rent on the property; that Mr. Sofield repeatedly attempted to purchase this property without success; that he was then offered the opportunity of buying a large piece of land, vacant except for a large billboard sign, on the opposite side of Post avenue, the subject area of this appeal; that the area near this property has never been greatly improved in past years; that there is a gas station on one corner, a large wet wash steam laundry on the diagonal corner and a store on the remaining corner; that within about 200 ft. south of this property on Clove road is a large weaving factory; that north on Clove road is the City of New York municipal garage and west of the property on Post avenue is a natural gas pumping station owned by a public utility; that the service station as proposed would not be any detriment to the neighborhood, but on the contrary will improve it; that Clove road, which has become a main connecting highway between Richmond terrace on the north shore and Hylan boulevard on the South shore, is now one of the most heavily travelled

roads on Staten Island and a service station in this location would be a great service to the motoring public; that although this service station is to be owned solely by Mr. Sofield, present plans are that he will use Shell Oil company products; that the station will be of modern, non-fireproof design and it is requested that this application be granted for a term of fifteen years; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that under the wording of the amendment as to Section 21A of the zoning resolution, the distance between the proposed gasoline service station and the school does not preclude the granting of this application; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the premises to be occupied as a gasoline service station, substantially as proposed and as indicated on plans filed herewith, marked "Received September 4, 1953" (3 sheets) and "May 6, 1954" (1 sheet), *on condition* that all buildings and uses on the premises shall be removed and the plot leveled substantially to the grades of the abutting streets and constructed and arranged substantially as indicated on such plans; that the building shall be faced with face brick; that there shall be no cellar under the building; that in all other respects the building shall comply with all requirements of the Building Code; that pumps shall be of the type and at location proposed and not nearer than 15 feet to either street building line; that curb cuts shall be restricted to two 30 feet in width each to Post avenue and two similar curb cuts to Clove road; that there shall be erected on the interior lot lines to the south and west a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height including the concrete base; that the balance of the premises where not occupied with pumps and building shall be paved with concrete or asphaltic paving; that planting areas shall be maintained as indicated, properly protected by concrete curbing; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building line of one post standard located near the intersection, supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and which sign may extend beyond the building line for a distance of not over 4 feet; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the borough president; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

815-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Menashe Shekerdge, owner.

SUBJECT—Application November 13, 1953 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a business use district, for a term of twenty years, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—2153-2159 8th avenue and 301

MINUTES

West 116th street, northwest corner (Block 1943, Lots 29, 30 and 31), Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Moses Kooperstein and H. A. Pollach.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioners Kleinert and Keating 2

Negative: Chairman Murdock and Deputy Chief

Connors 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 27, 1954 after due notice by publication in the Bulletin; laid over to May 18, 1954, at request of applicant with approval of objectors. Applicant to file revised plans; then to June 15, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 8th avenue are in a business use, B area, class 1½ height district; West 116th street is in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 5, 1953 acting on N.B. Applic. 128-53, reads:

"1. Proposed gasoline service station, lubritorium, car washing, minor auto repairs, office and sales, storage, and parking and storage of motor vehicles located in a business use district is contrary to Art. II Sec. 4 (46) and (29) as to the 'gasoline service station' and 'minor auto repairs' respectively."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 ft. 11 in. frontage by 90 ft. in depth, on which are located four-story brick stores and tenements; that the two buildings on lot No. 29 were erected under N.B. 1727 of 1885 and the two buildings on lots 30 and 31 were erected under N.B. 1728 of 1885; that no certificates of occupancy have been issued; that it is proposed to demolish all the present buildings and secure a variance of the building zone resolution for a period of twenty years in order to erect a modern gasoline station consisting of twelve 550-gallon gasoline tanks and six gasoline pumps; that the proposed accessory building will have a frontage of 60 ft. and a depth of 30 ft., one story in height, of class 3 construction and will contain the conjunctive uses of lubritorium, car wash, minor auto repairs, office and sales and storage; that the northerly portion of the open site will be used for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the proposed accessory building will be highly modern in design and will tend to improve the appearance of the entire affected area and be in keeping with any future development that may take place within the said area; that the area to be provided on the site for parking and storage will help alleviate the parking situation at this point; that the erection of a one-story accessory building as proposed, to replace the present five story building, will go far towards providing better ventilation for the entire block; that 8th avenue is a highly trafficked auto lane leading north and south across Manhattan, and as such the proposed gas station is entirely in keeping at this point; that there are no other gas stations within the affected area and the proposal is a vitally required service at this time; that the four upper floors of the present buildings have been vacant for years due to obsolete rooms, toilet facilities and light and ventilation; that it would be prohibitive in any case to rehabilitate these buildings and rehabilitation would not be feasible in this neighborhood; that the land is extremely high in assessed value and it is mandatory that the site be developed as proposed so that the owner may receive an equitable return on his investment and to continue to pay real estate taxes; that the removal of the present five story building and billboards on the face

of these buildings should be welcomed by the entire community; and

WHEREAS, the applicant states that the present owner has held title to the property since June 14, 1945; that the assessed valuation of land is \$5,700 and of the buildings \$5,000, making a total of \$10,700; that the building was erected in 1885; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the upper stories of the building appear to be vacant but the street stores are apparently all rented; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivisions f and i of the zoning resolution

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 128/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

928-53-BZ

APPLICANT—Paul Friedman, for Francis P. Headley, owner.

SUBJECT—Application December 31, 1953 (decision of the borough superintendent), under section 7f of the zoning resolution, to permit in a business use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, auto washing, lubritorium, storage and sale of accessories and office.

PREMISES AFFECTED—1982-1992 Utica avenue and 4914-4924 Avenue L, southwest corner (Block 7847, Lots 44, 46 and 47), Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioners Kleinert and Keating and

Deputy Chief Connors 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 6, 1954 after due notice by publication in the Bulletin; laid over to May 11, 1954, for inspection and decision; hearing closed, no further argument; then to May 18, 1954, for inspection and decision; then to June 2, 1954, for additional inspection and for decision; hearing previously closed; then to June 15, 1954, at the request of the applicant for owner to consider withdrawal of application; hearing closed on April 6, 1954, after full hearing; premises have been inspected by a Committee of the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Utica avenue and Avenue L are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 7, 1953 acting on N.B. Applic. 1307-53, reads:

"1. Proposed gasoline service station, auto washing, lubrication, office & accessory sales, located within a business use district is contrary to Art. 2 Sect. 4a-46 of the Zone resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect and maintain for a term of 15 years a gasoline service station, auto washing, lubrication, office and accessory sales; and

WHEREAS, the applicant contends that there is no economic demand for the construction of an ordinary business use at the subject premises as the main shopping area of Flatbush avenue adequately serve the neighborhood; that the residential portion of the neighborhood is almost entirely developed

MINUTES

with one-family homes so that no increased residential support for additional stores may be anticipated reasonably in the foreseeable future and the maximum rentals obtainable would be insufficient to yield a reasonable return on the investment; that the subject premises is particularly suitable for development of a gas station because of its location at the intersection of Utica avenue and Avenue L, both of which are heavily trafficked, because no similar facilities exist in the immediate neighborhood and because an investment in such development will produce an attractive return; that a grant of this application would not adversely affect the neighborhood as all of the properties within the area of notification are zoned for business use except for four lots (Block 7847, lots 33, 35, 36 and 37) which are in a residence use district, one of which is vacant and undeveloped; that a grant of this application would not adversely affect properties fronting on Utica avenue as more than half that frontage is vacant within the area of notification and is developed largely with special types of factory and loft building occupancies (Block 7829, lot 74; block 7847, lots 52, 54, 65, 67 and 68), or is used for open lot occupancy such as truck parking (block 7829, lots 70, 72 and 74), or storage of material (block 7848, lots 36, 37 and 38); that the appearance of the neighborhood would be improved as it would eliminate a vacant, weed-covered lot, which is unsightly by day and dangerously dark at night; that more light and ventilation for surrounding properties would be provided as the proposed structure would occupy considerably less area and bulk than a conforming use; that the proposed structure would decrease traffic hazards which are incident to the development of buildings flush to the building lines and which thereby create blind intersections; that the proposed structure would be set back 49 ft. from the Utica avenue building line and more than 47 ft. from the Avenue L building line, giving clear visibility to traffic at the intersection; that there would be no adverse effect upon real estate values of nearby properties; and

WHEREAS, the applicant states the owner has held title to the property since June 19, 1952 and further states that the assessed valuation of the land is \$6,300 (no buildings) for a total of \$6,300; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the premises to be occupied as a gasoline service station, substantially as proposed and as indicated on plans filed with this application, marked "Received December 31, 1953" (3 sheets), *on condition* that complete working drawings shall be submitted for further consideration by the Board and imposition of conditions before same are filed with or acted on by the borough superintendent; that such working drawings shall be filed within two (2) months from the date of this resolution and after approval thereof, all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

1-54-BZ

APPLICANT—James E. Kelleher, for William Igoe, owner.

SUBJECT—Application January 5, 1954 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence and business use district, the parking of motor vehicles on unbuilt upon portion of lot.

PREMISES AFFECTED—63-55 60th place, northeast corner of Grove street (Block 3523, Lot 1), Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: James E. Kelleher.

For Opposition: Samuel Brodsky

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 15, 1954, after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Grove street are in residence and business use, C area and Class 1 height districts; 60th place is in a business use, C area and Class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 17, 1953, acting on Alt. Applic. 75/53, reads:

"1. The proposed use of the res. portion of plot for parking of motor vehicles is contrary to Art. 2, Sec. 3 of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot 66.53 ft. front by 158.66 ft. in depth, on which is located a 2-story and attic frame dwelling and a three-car accessory garage; that it is proposed to permit the parking and storage of motor vehicles on unbuilt upon portion of lot; and

WHEREAS, the applicant contends that prior to applicant's ownership the property in question was owned by his uncle, John Hall, and prior to that his grandfather, William H. Hall, who acquired the property in 1902; that such property was used by the grandfather as a livery stable as evidenced by photograph marked "Exhibit A"; that this use continued until automobiles supplanted horses; that at that time garages were erected to house cars and at present there is a garage on the disputed 58 feet, presently in use for such purpose; that the use of this disputed 58 feet has been continuous, without interruption and objection since 1902; that adjoining subject site to the north is a large 3-story loft building used for manufacturing, which building is set back to the rear line of its property, and if a line were drawn to Grove street, such line would coincide with the rear line of applicant's premises; that this proposed parking use will not affect the area or lessen the value of neighborhood property, but will permit the storage of 20 to 25 vehicles and thus relieve the parking problem existing throughout the city, allow the Sanitation Department to clean the streets properly and allow the Fire Department to perform in the event of necessity without the hindrance of parked vehicles; that directly across the street on Prospect Place is a bar and grill and to the south on Grove street is a small structure containing two stores and in its rear dilapidated garages formerly used as stables; that one block away and on the southeasterly side of Linden street is a large loft used for manufacturing and adjoining it is a parking lot duly licensed and similar to this proposed; and

WHEREAS, the applicant states the present owner has held title to the property since April 1, 1945; that the assessed valuation of the land is \$10,000 and of the buildings, \$4,000, making a total of \$14,000; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h, to permit the residential portion of the premises, as proposed, to be used for the parking of motor vehicles in conjunction with the same use for the portion in the business use district, and with the continuance of the existing residence and accessory garage, as proposed and shown on plans filed with this application,

MINUTES

marked "Received January 5, 1954" (4 sheets), *on condition* that the existing woven wire fence shall be maintained around the entire lot, as proposed and shown, together with existing curb cuts to Grove street and Prospect Place of the widths and locations shown on such plans; that during the term of this variance, which is for five years, the portion of the premises in the residence district shall be occupied for no additional use; that signs shall comply with the requirements of the zoning resolution, except that in the residence use district there may be a sign attached to the fence near the entrance to Grove street, advertising the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not extend beyond the building line, shall be not more than 15 ft. in area and shall not be illuminated; that such portable fire-fighting equipment shall be maintained and stored within the premises as the Fire Commissioner shall direct; and that all permits shall be obtained, including a certificate of occupancy and all work completed within six (6) months from the date of this resolution.

74-54-BZ

APPLICANT—Seelig and Finkelstein, for Herman J. Karp, owner.

SUBJECT—Application February 2, 1954 (decision of the borough superintendent), under section 9A of the zoning resolution, to permit in a residence use, D area and a one times height district, the erection and maintenance of a multiple dwelling in excess of height permitted within two miles of airport.

PREMISES AFFECTED—2427-2439 East 29th street, east side, 265 ft. 6 in. north of Avenue Y; 2461-2463 East 29th street and 2901-2911 Avenue Y, northeast corner (Block 7422, Lot 1042), Borough of Brooklyn.

APPEARANCES—

For Applicant: Harry Finkelstein.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors..... 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 8, 1954 after due notice by publication in the Bulletin; laid over to June 15, 1954, for further consideration and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class 1 height district; East 29th street and Avenue Y are in residence and local retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 25, 1954 acting on N.B. Applic. 1416-53, reads:

"1. Proposed multiple dwelling exceeds height allowed for areas within two miles of Airport in violation of Article 3 Section 9A subdiv. (a) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 600 ft. frontage by 120 ft. in depth, irregular, presently vacant; that it is proposed to erect a building 521 ft. front by 85 ft. in depth (typical floor 72 ft. 6 in. deep), six stories, 61 ft. 3 in. in height, of class 3 construction, to be used as a multiple dwelling (Class A); and

WHEREAS, the applicant contends that the six-story apartment house to be erected will house 169 families and a garage in the cellar for 156 cars; that the building is to be a low rental cooperative housing project, to be built under section 213 of the Federal Housing administration law; that the site and plans have been approved by the Administration and a certificate of eligibility issued for permission to sell

the apartments; that applications have been received for all the apartments, the greater percentage of which will be veterans; that this building will cover only 45% of the lot instead of the permissible 55% on the interior and 65% on the corner, in addition to which a 5 ft. setback has been voluntarily created for the full lot depth of 120 ft. on Avenue Y and a 10 ft. setback for the full lot length of 600 ft. on East 29th street; that this actually makes a physical width of street of 70 ft. on East 29th street, under which width of street, the height as proposed would be permissible; that in any event, that portion of the building facing Avenue Y can be erected to a height of 70 ft. for a distance of 100 ft. from Avenue Y, since Avenue Y is 80 ft. in width; that on the east side of Haring street, between Avenues X and Y, multiple dwellings have been erected on a plot about 500 ft. long, to a height of 60 ft. 6 in. and on the west side of Haring street, running through to Brown street, a six-story apartment house has been erected with a frontage of about 573 ft. and a depth of about 200 ft. for 240 families, which building is also 60 ft. 6 in. in height; that on the south side of Avenue X between Brown and Haring streets, six-story buildings have also been erected; that all of these buildings are directly to the rear of the premises in question and are located closer to the airport than that proposed; that Avenues X and Y and several other avenues crossing these streets are 80 ft. in width and buildings facing on them would be permitted to be erected to a height of 70 ft.; that Knapp street and Gerritsen avenue, which are also located between the subject premises and the airport, are 100 ft. in width and buildings located on them could be erected to even a height of 87 ft. 6 in.; and

WHEREAS, the Department of Commerce states that based on an investigation made by their office, they are of the opinion that the proposed construction will not create a hazard to air navigation and therefore believe hazard marking and night obstruction lighting are unnecessary; and

WHEREAS, the applicant states the owner has held title to the property since July 3, 1952 and further states the land is assessed at \$23,000; and

WHEREAS, the committee of the Board has inspected the area generally and is familiar therewith; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under section 9A of the zoning resolution; and

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the requirements of the zoning resolution as to Section 9A regarding airport areas, and that the application be and it hereby is *granted* under Section 9A to permit the additional height of the building as proposed and as indicated on plans filed with this application, marked "Received May 5, 1954" (1 sheet), "February 2, 1954" (1 sheet) and "April 23, 1954" (1 sheet), *on condition* that the building shall not be increased further in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

Adjourned: 12:50 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, JUNE 15, 1954, 2 P.M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

621-53-A

APPLICANT—Luminous Ceilings, Inc., for 135 Madison Ave. Corp., owner (French Fabrics, Inc., lessee).

SUBJECT—Appeal from an order and a decision of the Fire Commissioner.

MINUTES

PREMISES AFFECTED—135 Madison avenue, northeast corner of East 31st street (Block 861, Lot 22), Borough of Manhattan.

APPEARANCES—

For Applicant: Arthur W. Segil.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleiner and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, Order No. 68228LF issued by the Fire Commissioner dated April 17, 1953, reads:

"You are hereby ordered and required, within 10 days from the date of the service of this order, to:

1. 'Inspection shows that before the Sprinklers may be approved'

All of the Sprinkler Heads now obstructed by the Light Defuser, shall be extended below such obstruction or that said obstruction be removed. C19-161.0 Adm. Code."

and

WHEREAS, the decision of the Fire Commissioner dated August 7, 1953, reads:

"In response to your communication of August 6, 1953, you will please be advised that your request for re-issuance of Order No. 68228LF under a new date is denied. It is not the policy of this Department to re-date violation notices. However, this decision may be appealed to the Board of Standards and Appeals if you decide to file an appeal.

For your information, the time limit for compliance with the order has expired, and unless an appeal is filed within ten days we will have no alternative but to forward the case to our Legal Division."

and

WHEREAS, the applicant states the building is 12 stories, 150 ft. in height, 98 ft. 9 in. front by 125 ft. in depth, of class 1 construction, erected 1928, located on a lot 98 ft. 9 in. front by 130 ft. in depth, in a restricted retail use, B area, class 2 height district, and used and occupied as follows: basement, 25 persons; 1st floor, offices—25 persons; that the building is equipped with an approved standpipe system, an approved two-source sprinkler system throughout; and

WHEREAS, the applicant has filed with this appeal a letter from the owner corporation authorizing the filing of this appeal to the Board as to the validity of the Fire Department order to remove a ceiling lighting fixture presently obstructing the sprinkler system; and

WHEREAS, the applicant states that a certificate of occupancy has been issued for the building; and

WHEREAS, the applicant contends that the Fire Department has ordered the removal of a suspended illuminating ceiling installed in the street floor of the premises; that a description of this ceiling is given in an underwriter's report filed with this appeal; that the reason for the order is that the suspended ceiling was installed under the sprinkler system required by the Labor Law, enforcement of which, is by the Fire Commissioner; that the Fire Commissioner takes the position that any installation which is suspended below the sprinkler system violates the Labor Law; and

WHEREAS, the applicant further contends that this is an unreasonable interpretation; that its suspended ceiling will not shield automatic sprinklers installed above it from the rising temperature conditions of a fire and therefore will not interfere with the opening of the sprinkler, nor will the ceiling's metal supporting members and the acoustical baffles affect the water distribution pattern; that the gases generated due to fire exposure of this system do not constitute a toxic hazard in relation to other commonly used and accepted building matter; that sprinkler systems ordinarily are set at 165 degrees; that the suspended ceiling in question consistently falls out of the way of the sprinkler system at about 145

degrees and in fact it has been determined that the actual time of the opening of the sprinkler was less with the suspended ceiling below it; and

WHEREAS, the applicant states that the Middle Department Association of Fire Underwriters has approved the installation of this suspended ceiling within its territory of Pennsylvania and Delaware on the basis of the Underwriters' Laboratories conclusion and a letter from the superintendent of its Special Risk department, a copy of which is attached to this appeal; and

WHEREAS, the applicant requests that in view of the fact that the suspended ceiling in question will melt at a temperature at least 15 degrees lower than that required to operate the sprinkler system; that the ceiling will fall away upon melting from the sprinkler system; that the ceiling does not interfere with or affect the opening of the sprinkler or the water distribution pattern; that the ceiling does not generate toxic gases due to fire exposure; that therefore the Board is requested to reverse the order of the Fire Commissioner so that these suspended ceilings be permitted below sprinkler systems in buildings which fall under pertinent provisions of the New York state law with reference to sprinkler systems: and

WHEREAS, the applicant has filed with this appeal a copy of the report of Underwriters' Laboratories, Inc., retardant 3448 dated December 20, 1951, relating to Acusti-Luminus Ceiling, which is under consideration for general approval under Cal. Nos. 459-52-SM and 99-53-SM; and

WHEREAS, the premises were inspected by a Committee of the Board.

Resolved, that the order of the Fire Commissioner acting on Order 68228-LF, Obj. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that additional sprinkler heads shall be installed so that at all four sprinkler head locations there shall be one sprinkler head installed upwardly and one downwardly, substantially as proposed and as indicated on plans filed with this appeal marked "Received June 11, 1954" (1 sheet), *on condition* that the piping shall comply with the requirements of the Building Code; that the arrangement as to the additional heads shall be as shown on Section B-B on drawing marked "Received June 11, 1954," that such downward heads shall extend beyond the line of the luminous ceiling; that the extent of the present luminous ceiling shall not be increased.

253-54-A

APPLICANT—E. Kalisch, for Unside, Inc., owner (Sunny-Bliss Realities, Inc., lessee).

SUBJECT—Application April 13, 1954—Appeal from an order of the fire commissioner.

PREMISES AFFECTED—50-09 to 50-19 Roosevelt avenue, north side, from 50th to 51st streets (Block 1319, Lot 30), Woodside, Borough of Queens.

APPEARANCES—

For Applicant: Herbert M. Kalisch.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleiner and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, Order No. 3070-4, issued by the Fire Commissioner April 1, 1954, reads:

"1. Discontinue and remove the direct method of refrigeration from that part of the building prohibited by C19-98.0b, Administrative Code. (This applies to exposed refrigerant piping which runs outside machinery room to condensers on roof.)"

and

WHEREAS, the applicant states that the building is 1 story, 60 ft. in height; 50 ft. by 175 ft. in area, of fireproof construction, erected 1925, located on a lot 173 ft. by 231 ft. in area, in a business use, B area, class 1½ height district, and

MINUTES

used and occupied since erection as a theatre, 1,700 persons; that the building is equipped with an approved standpipe system and an approved two source sprinkler system; that there is an approved interior fire alarm system and regular monthly fire drills are maintained; that the building is provided with one 3 ft. 6 in. wide interior steel stairs, enclosed in gypsum partitions, equipped with fireproof self-closing doors, leading direct to street and provided with a ladder and scuttle to roof; and

WHEREAS, Certificate of Occupancy #39899 was issued February 25, 1929, permitting the use of the building as theatre and stores, number of occupants not specified; and

WHEREAS, the applicant states that in line with city and state policies of water conservation, the air conditioning installation was made with two evaporative condensers on the roof; that there being no other feasible way of running the refrigerant piping to these condensers it was run in the back stage area, inside the theatre building; and

WHEREAS, the applicant states that it is now proposed to run a vertical cinder block shaft around the refrigerant lines, from the point where they pass through the 1st floor to above the point where they penetrate the outside wall; that where 3 of these lines run horizontally across the inside wall they will be removed, and reinstalled outside of the building; that at a point above where the lines pass through the outside walls, the proposed cinder block shaft will be vented to the atmosphere by means of a louvred opening; and

WHEREAS, the applicant contends that the proposed shaft will completely seal off the refrigerant from the inside of the building and obtain the same result as would be obtained by running the line outside of the building.

Resolved, that the decision of the Fire Commissioner, as expressed in Order #3070-4, dated April 1, 1954, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the continuance of the direct system of ventilation, *on condition* that the refrigerating piping shall be changed in location and protected as proposed and as indicated on plans filed with this appeal, marked "Received April 13, 1954" (5 sheets); and that the installation shall be made and maintained to the satisfaction of the Fire Commissioner.

285-54-A

APPLICANT—James E. Casale, for Talon, Inc., owner.
SUBJECT—Application April 21, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—43 East 51st street, north side, 176 ft. west of Park avenue (Block 1287, Lot 29), Borough of Manhattan.

APPEARANCES—

For Applicant: James E. Casale.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 1, 1954, on amendment as to Alt. Applic. 337-54, reads:

"Objection #1. repeated: Proposed commercial use in a class 3 H.F.P. building, over four stories in height is contrary to Sec. 4.2.1 of the B.C.

a. Provide a two hour enclosed stairway 3 ft. 8 in. wide with all openings protected by f.p.s.c. doors that swing in the direction of egress and lead directly from street to roof in a continuous passage. 6.4.1.1, 6.2.2, 6.3.1.8.1 B.C.

b. Winders are not acceptable as required stairways, 6.4.1.4. B.C."

and

WHEREAS, the applicant states that the building is six stories, 70 ft. 9 in. in height; 22 ft. by 93 ft. in area at 1st floor; 22 ft. by 74 ft. 6 in. in area at typical floor; of class 3 construction; erected 1902, located on a lot 22 ft. front by 100 ft. 5 in. in depth; in a retail use B area, class 1½ height district, and used and occupied since 1903—cellar, elevator machinery, kitchen and laundry; 1st to 6th floors, inclusive, private residence for which no certificate of occupancy has been issued; that the building is now proposed to be used and occupied as follows: cellar elevator machinery, superintendent's workroom, telephone switchboard room and storage, mechanical equipment and workroom, 9 persons; 1st floor, reception room and offices, 6 persons; 2nd, 3rd, 4th, 5th floors, offices, 6 persons on the 2nd 14 on the 3rd, 17 on the 4th and 19 on the 5th; 6th floor, office, lounge and restrooms, 7 persons; that the building will be equipped with a one source sprinkler system, and a 3 ft. wide wood interior stairway enclosed only on the 5th and 6th floors with partitions of studs fire retarded both sides, equipped with wood doors which are not self-closing; stair hall leads direct to street and to roof bulkhead; that in addition there is a fire escape on the rear extending to roof by stair and to yard by stair, connected to the platforms of the fire escape on the rear of the adjoining building at No. 41 East 51st street; and

WHEREAS, the applicant states that it is proposed to use the building for the administrative offices of the owner as follows: cellar, stockroom, design and workroom, telephone switchboard room, building superintendent's workroom and mechanical equipment, air-conditioning equipment and elevator machinery room, with a total occupancy of 9 persons; 1st floor has an open lobby and reception room with offices at the rear with a total occupancy of 6 persons; 2nd to 5th floors, as offices; that the 6th floor will be used as a board meeting room, ladies lounge and rest rooms and will have a normal occupancy of 7 persons; that the building is provided with an ornamental open wood stairs, 4 ft. wide, from 1st to 5th floor, that in addition there are two service stairs, one extending from cellar to 6th floor, consisting of winders and the other a winding stair at the rear of the extension extending from the cellar to the 2nd floor; that these two winding stairs are to be removed and the openings floored over; that it is proposed to retain the present main open stair due to its ornamental character; and

WHEREAS, the applicant contends that permission is requested to retain the existing open stair in view of the fact that an approved sprinkler system will be installed in the stair and the adjacent stair hall; that the stair in question has a minimum width of 3 ft. 4 in.; that treads are 8 in. wide at the inner edge and taper to a total width of 14 in. at the wall side; risers are approximately 7 in. high; that this stairway will be extended from the 5th floor to the roof by a 3 ft. wide wrought iron stair within a 1 hour fire retarded enclosure on the 5th and 6th floors and a fire retarded bulkhead on the roof; that from the cellar two new wrought iron stairs will provide egress to the street and to the 1st floor and the corridor adjacent to these stairs will be protected by a sprinkler system on cellar and 1st floor; that a 2nd means of egress will be provided by a new wrought iron platform at the rear of the building on each floor enclosed with 5 ft. high wire mesh connecting to the existing platforms at the rear of the adjacent building at No. 41 East 51st street, which is in the same ownership; that a gate is provided in the fence separating the yards of the two buildings; and

WHEREAS, the applicant further contends that the building will not be increased in height or area; that there will be no direct sales or storage of merchandise in the building; that the hazard formerly existing will not be increased by the proposed commercial use; that the building will be heated by the New York Steam Corporation; that in view of the number of persons proposed, the sprinkler system in the stair halls and the secondary egress provided by the rear platforms and the stairway at the rear, it is felt that the proposed use and occupancy will be less hazardous than the existing condition which would be permitted to remain if the residential occupancy were continued.

MINUTES

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. Applic. 337/54, Objection 1, items a and b, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the occupancy of the building substantially as proposed for one occupant throughout, namely, Talon Inc., who is also the owner, as indicated on plans filed with this appeal marked "Received April 21, 1954" (13 sheets), *on condition* that the building shall be arranged for exits as proposed, except that stairhalls shall be enclosed in fire-retarded partitions and all doors leading thereto or from shall be fireproof, self-closing and swinging in the direction of exit; that the door to the reception room shall be of an approved type and arranged to swing outwardly or made double-swinging; that the portion of the cellar through which persons must pass to the street shall be equipped with a sprinkler system of a type as approved for a converted multiple dwelling, in addition to the sprinkler system for the stairhall as would be required for a converted multiple dwelling, fed from a main from the street of sufficient size; and with the required tank on the roof in the event the pressure from the street main is not sufficient; that this variance may continue only so long as the premises are maintained and occupied by the owner as above stated and in accordance with this resolution; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area; that in the event the existing doors other than those to the stairhall are of heavy hard wood construction, such doors may be permitted to remain in lieu of the fireproof doors heretofore required, provided they swing in the direction of exit and are maintained self-closing.

645-48-A—Vol. II

APPLICANT—M. Martin Elkind, for William A. Bangert, owner.

SUBJECT—Application reopened February 9, 1954 as Vol. II—re appeal from a decision of the borough superintendent.

PREMISES AFFECTED—153-17 Jamaica avenue, north side, 150 ft. east of 153rd street and 153-18 90th road (2nd and 3rd floors); (Block 9754, Lot 53), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to June 22, 1954, at 2 P. M. for inspection and decision.

929-52-A

APPLICANT—Lama, Proskauer and Prober, for Arthur Levy, J. J. Blinn and Bertha Blinn, owners.

SUBJECT—Application December 31, 1952—Appeal from an order and a decision of the fire commissioner.

PREMISES AFFECTED—852-858 Monroe street, south side, 100 ft. west of Howard avenue and 853-859 Madison street (1st floor); (Block 1481, Lot 30), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Laid over to July 7, 1954, at 2 P. M. at request of the applicant to obtain a decision from the borough superintendent.

701-53-A

APPLICANT—Leonard F. Rothkrug, for Horace Greeley, owner.

SUBJECT—Application October 1, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—140 Clinton street, west side, 40 ft. north of Livingston street (Block 264, Lot 23), Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Horace Greeley.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to June 22, 1954, at 2 P. M. for further consideration by the Board.

793-53-A

APPLICANT—Henry W. Redlien, for Flobos Realty Co., owner.

SUBJECT—Application November 6, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—191 Flatbush avenue, east side, 51.9 ft. south of Pacific street (Block 1127, Lot 11); (2nd floor), Borough of Brooklyn.

APPEARANCES—

For Applicant: Henry W. Redlien and M. J. Bosch.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to June 29, 1954, at 2 P. M. for further consideration after applicant has filed revised plans.

910-53-A

APPLICANT—Leonard F. Rothkrug, and Arnold W. Lederer, for Congregation Ahavath Achim (Woodruff Avenue Temple), owner.

SUBJECT—Application December 24, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—151-153 Woodruff avenue, north side, 145 ft. 7½ in. east of Ocean avenue (Block 5054, Lot 62), Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug, Arnold Lederer and Julius Kaplan.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over for further consideration after applicant has filed required plan; date to be set.

53-54-A

APPLICANT—Victor Bohm, for Marjorie Teperman, owner (Stylewear Display Accessories, Inc., lessee).

SUBJECT—Application January 28, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—599-601 4th avenue, southeast corner of 17th street (Block 631, Lot 10), Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to June 22, 1954, at 2 P.M. for further consideration after applicant has submitted additional information to the Board.

374-54-A

APPLICANT—Morris Hannes, for Pentecostal Church of God, Inc., owner.

SUBJECT—Application May 6, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—4320 3rd avenue, west side, 25 ft. 2 in. north of 44th street (1st floor); (Block 727, Lot 47), Borough of Brooklyn.

APPEARANCES—

For Applicant: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to June 22, 1954, at 2 P.M. for inspection and decision.

MINUTES

418-54-A

APPLICANT—James E. Casale, for 14 East 74th Street Corp., owner.

SUBJECT—Application May 26, 1954—filed pursuant to section 310 of the Multiple Dwelling Law for variation of section 172 of the Multiple Dwelling Law re minimum dimensions of legal yard.

PREMISES AFFECTED—69 East 80th street, north side, 80 ft. 6 in. west of Park avenue (Block 1492, Lot 33½), Borough of Manhattan.

APPEARANCES—

For Applicant: James E. Casale.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to June 22, 1954, at 2 P.M. for consideration after applicant has corrected his plans.

272-22-BZ—Vol. IV

APPLICANT—Esso Standard Oil Company, owner.

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent) previously granted on condition, under sections 7c and 7i of the zoning resolution, permitting in a business and unrestricted use district, the extension in area and uses of existing gasoline service station (previously granted by the Board), to include the additional use of motor vehicle repair shop within the accessory building of service station, and permitting the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—69-02 Queens boulevard, southwest corner of 69th street (Block 2432, Lots 9 and 18), Woodside, Borough of Queens.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. IV, on January 27, 1953, on certain conditions; and

WHEREAS, the resolution was further amended on May 19, 1953; and

WHEREAS, time to obtain permits and complete the work was extended on October 6, 1953; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 23, 1922, as thereafter *amended* through October 6, 1953, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that all permits have been obtained and work has been substantially completed, that all work shall be completed and a certificate of occupancy obtained within six (6) months from the date of this *amended* resolution" (Misc. Applic. 347/53 and Alt. Applic. 1214/51).

949-26-BZ—Vol. II

APPLICANT—The Texas Company, owner.

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent) previously granted on condition, under sections 7i, 7A and 7h of the zoning resolution,

permitting in a business use district the erection of a new building and the reconstruction and rehabilitation of existing gasoline service station (previously granted by the Board), with accessory uses of lubritorium, auto laundry, motor vehicle repairs, and office; and the parking of ten motor vehicles waiting to be serviced; with a curb cut and driveway more than the permitted distance from the intersection.

PREMISES AFFECTED—201 City Island avenue, northwest corner of Winters street (Block 5626, Lot 363), Borough of The Bronx.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, on June 24, 1952, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 24, 1952, only so far as it has reference to additional time within which to obtain a certificate of occupancy, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that all required permits have been obtained and the work has been substantially completed prior to the expiration of the time, that all work shall be completed and a certificate of occupancy obtained within six (6) months from the date of this *amended* resolution." (N.B. Applic. 625/51)

604-28-BZ—Vol. III

APPLICANT—Harry Yarish, for Anne Pillitteri and Bella Herman, owners.

SUBJECT—Application for consideration—reopening and amendment of resolution as to change in arrangement—re Application (decision of the borough superintendent) previously granted on condition, under section 7f of the zoning resolution, permitting in a business use district, for a term of ten (10) years, the erection and maintenance of a gasoline service station, lubritorium and office, on which is located an automatic auto laundry.

PREMISES AFFECTED—1527-1547 Utica avenue and 5002-5018 Glenwood road, southeast corner and 5001-5027 Kings Highway (Block 7734, Lot 34), Borough of Brooklyn.

APPEARANCES—

For Applicant: Stanley Yarish.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Request to reopen to amend denied. The Board deemed that the proposed arrangement was not desirable and recommended that the arrangement as previously approved be followed.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. III, on April 29, 1952, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on May 5, 1953; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 25, 1938 as thereafter *amended* by resolutions adopted through May 5, 1953, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Housing and Buildings; that in view of statement by applicant that permits were obtained and work completed during October 1953, and that additional time is required to obtain a certificate of occupancy, that all work shall be completed and a certificate of occupancy obtained within six (6) months from the date of this *amended* resolution." (N.B. Applic. 948/49)

438-37-BZ

APPLICANT—Webb and Knapp, Inc., for Allied Stores, owner (Anna Bass and William Riano, lessees).

SUBJECT—Application for consideration—reopening and extension of term of variance—re Application (decision of the borough superintendent), previously granted on condition, under sections 7h and 21 of the zoning resolution, permitting partly in a business use and partly in a residence use district, for a term of years, the parking and storage of more than five motor vehicles.

THE RESOLUTION—

WHEREAS, this application was granted by the Board on
April 27, 1954, on certain conditions; and

WHEREAS, a request was made for an amendment of the
resolution; and

WHEREAS, a request was made for an additional finding in
connection with the resolution adopted April 27, 1954; and

WHEREAS, the Board deemed that there was no justification
for reopening.

Resolved, that this application for reopening and amendment
of the resolution be and it hereby is *dismissed*.

Adjourned: 5:00 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

WARNING

Notice is hereby given to all appellants and applicants,
and to all lawyers, architects and engineers representing
owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by rep-
resentative at the hearing of their case, dismissal for lack
of prosecution is likely to result.

Second, That due and ample notice of the date set for
hearing is provided in the publication in this BULLETIN of
the calendars of the Board, each case being set down by
Calendar Number and the premises under the date of the
hearing.

Third, That no plea of ignorance of the date of the
hearing can be entertained in view of this publication and
of the posting of the calendars on the bulletin board in the
offices of the Board and of the further publication of the
calendars in the daily press.

Fourth, That no one is entitled to written notice of the
date for the hearing in his case, and that the plea of failure
to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all
cases promptly; therefore, no appeal or application will
be held in abeyance by reason of failure of the appellant
or applicant to file necessary data, or by any other method
of delay.

Sixth, That no appeal or application will be accepted for
filing unless, at the time of filing, all papers, plans and data
required by law are supplied, as specified on the blank
appeal or application forms.

Applicants, under the building zone resolution, are en-
titled to one copy of Form 7NO.

If they desire additional copies, for their own conve-
nience in notifying proper owners, they may obtain such
copies at the office of the Board of Standards and Appeals,
Room 1014, Municipal Building, Manhattan, at five cents
each—postage to be added if the forms are forwarded by
mail.

PETITION FOR CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On June 11, 1954, Copy of Petition and Order of Certiorari was
served on the Board by James S. Painton, attorney for petitioner
and owner, James Ciccarelli, seeking a review of the Board's deter-
mination on May 11, 1954, denying application under Section 21 of
the Zoning Resolution, to permit in a residence use district the
erection and maintenance of a garage for more than five fuel oil
trucks belonging to the owner; Cal. No. 641-53-BZ; Premises 359
Beach 85th street, west side, 224 ft. north of Beach Channel Drive,
Arverne, Borough of Queens.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of the same expedited by conforming to these directions.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal withdrawn at request of applicant.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Keating 1

280-19-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Rand-force Amusement Corp., owner.

SUBJECT—Application March 10, 1954 (decision of the borough superintendent), under sections 7c and 19A of the zoning resolution, to permit in a residence and business use, B and C area district, the change in use from theatre and stores to supermarket and stores, by reconstructing the existing structure and also to erect a new one story extension using more than the area permitted; and to permit a loading berth without the required width.

PREMISES AFFECTED—1410-1422 St. John's place, south side, 70 ft. west of Utica avenue, Block 1384, Lot 35, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Emanuel Frisch.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 20, 1954 subject to regular procedure, to consider change in use; and

WHEREAS, a public hearing was held on this application on June 22, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in business and residence use, B and C area, class 1 and 1¼ height districts; Utica avenue is in a business use, B and C area, class 1 and 1¼ height district; St. John's place is in a business use, C area, class 1 height district; and

WHEREAS, the decisions of the borough superintendent, dated February 3 and March 31, 1954 acting on Alt. Applic. 87-54, read:

"4. The change of use of this building partly within a business and partly within a residence use district from motion picture theatre and stores to supermarket and stores is contrary to the Zoning Res. Art. II Sect. 3.

5. The space for the loading berth is required to be at least 12'-0" in width by the Zoning Res. Art. IX Sect. 19-A (h).

6. Exit passage to street from rear exit of cellar is obstructed by loading and unloading space.

7. Both required exits from cellar should be enclosed.

8. The side courts being required at the time of erection of the building for exit purposes, cannot be

MINUTES

considered excess area under sect. 19e of the Zoning Resolution. Therefore the extension as shown exceeds the permitted area under sect. 13 of the Zone Resolution.

9. The change from class I to class III is contrary to sect. 2.1.3.5 and sect. 4.2.1 of the Building Code." and

WHEREAS, the applicant states that the premises consist of a plot, 120 ft. frontage by 140 ft. 7 in. in depth, on which is located a theatre and stores of class I construction, having a frontage of 100 ft. and a depth of 130 ft. 7 in.; that this building was erected under N.B. 3874-19 and under Cal. No. 280-19-BZ; that certificate of occupancy No. 5562 was issued March 26, 1920; that it is proposed to change the use as called for in certificate of occupancy No. 5562 to supermarket and stores by rearranging the 1st floor, excavate for a new cellar, build a new one-story extension of class III construction, having a frontage of 10 ft. and a depth of 50 ft.; that the westerly court will be used for loading and unloading; and

WHEREAS, the applicant contends that the change of use in the business zone part of the building is permitted and that portion of the supermarket within the residence zone is within the confines of the existing building and will not adversely affect adjoining properties; that the part of the building within the residence district projects into said district 16 ft. 3½ in.; and

WHEREAS, the applicant contends as to item No. 5 issued by the borough superintendent, that the loading and unloading berth complies in all respects to section 19A of the zoning resolution, except for width; that the loading berth is 10 ft. wide and under section 19A it should be 12 ft.; that to increase the width to 12 ft. would create an unnecessary hardship and expense upon the owner; that the width of 10 ft. is practical and will accommodate the largest trailer trucks to be used by this company; and

WHEREAS, the applicant contends as to objection No. 8 issued by the borough superintendent that inasmuch as this building was erected as a theatre, side courts were required for exit purposes only and not under the zoning ordinance; that at that time any conforming use in the business portion of the plot could have occupied 100% of the business portion of the lot under the zoning ordinance; that the building is now being converted to a public market which does not require side courts for exit purposes and therefore an extension to the present building which does not occupy more than the allowable coverage of the present open spaces should be legal; that at present, in the business portion of the lot, there is 2500 sq. ft. of open area; that 60% of this area equals 1500 sq. ft.; that the proposed extension is 500 sq. ft., which is less than the allowable by 1000 sq. ft.; that the proposed extension will be no deeper than the adjoining building on lot No. 41 and the remaining open side court will match the adjoining yards of lots 45, 46, 47 and 48; and

WHEREAS, the applicant states that the present owner has held title to the property since February 24, 1953; that the assessed valuation of land is \$61,000 and of the buildings \$79,000, making a total of \$140,000; that the building was erected in 1919; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c and 19A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision c, to permit the extension of the existing building into the more restricted district, substantially as proposed and as indicated on plans filed with this application marked "Received April 12, 1954," 6 sheets and "May 28, 1954," 1 sheet, and to permit under Section 19A (h) the proposed loading berth as shown and as indicated on such plans; that there shall be no windows or other openings to the

adjoining premises located in the residence district; that such fire fighting appliances shall be installed and maintained as the fire commissioner shall direct; that the exits to the cellar shall be enclosed as shown on such plans except that the stairway in the exterior court may be in the open provided there is a door from the cellar to such stairs at the cellar level; that the proposed extension of the building shall be of class 1 construction and not part class 3 as proposed; that a new certificate of occupancy shall be obtained; that the building shall not be further increased in height or area; that the existing theatre marquee on the building shall be completely removed as proposed; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. 318-54-A.

318-54-A

APPLICANT—Lama, Proskauer and Prober, for Rand-force Amusement Corp., owner.

SUBJECT—Appeal filed April 20, 1954, from a decision of the borough superintendent.

PREMISES AFFECTED—1410-1422 St. Johns place, south side, 70 ft. west of Utica avenue, Block 1384, Lot 35, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Emanuel Frisch.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-ert and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated March 31, 1954, on Alt. App. 87/54, reads:

"6. Exit passage to street from rear exit of cellar is obstructed by loading and unloading space.

7. Both required exits from cellar should be enclosed.

9. The change from Class I to Class III is contrary to Sect. 2.1.3.5 and Sect. 4.2.1 of the Building Code."

and

WHEREAS, the applicant states that the building is 2 stories, 39 ft. 6 in. in height, 100 ft. by 130 ft. 7 in. in area, of fire-proof construction, erected in 1919 on a lot 120 ft. front by 140 ft. 7 in. in depth, in business and residence use, C and B area, Class 1 and 1¼ height district, used and occupied: Cellar—boiler room; 1st floor—motion picture theatre, 1000 persons; mezzanine—projection room, 2 persons; proposed to be reduced to 2 stories, 29 ft. 6 in. in height and to be Class 1 and Class 4 construction, used and occupied as follows: Cellar—boiler room and storage, 5 persons; 1st floor—supermarket and stores, 25 employees; mezzanine—toilets and locker room, 25 persons. The building is equipped with an approved standpipe system, an approved interior fire alarm system, two 3 ft. 6 in. wide steel and wood stairs, fireproof enclosed, equipped with fireproof, self-closing doors, leading direct to streets and with ladder and scuttle to roof; and

WHEREAS, the applicant states that the records of the Department of Housing and Buildings show that the building was erected under N.B. 3874/19 subject to a variance granted by the Board under Cal. 280-19-BZ and certificate of occupancy 5562 issued March 26, 1920; and

WHEREAS, the applicant states it is now proposed to change the use to supermarket and stores by rearranging the first floor, excavating for a new cellar, constructing a new 1-story Class 3 extension having a frontage of 10 ft. and a depth of 50 ft. and to use the westerly court for loading and unloading; and

MINUTES

WHEREAS, the applicant contends as to Objection 6 issued by the borough superintendent, that the supermarket cellar will be provided with one main interior stairs, 3 ft. 8 in. wide of steel construction, completely fireproofed and leading directly to the street, and a secondary exit 3 ft. 8 in. wide consisting of an open concrete stair leading to the side court thence through the loading and unloading space to the street; that in addition a 3 ft. 8 in. wide steel stair will be provided at the rear of the building completely fireproofed at the cellar and leading to the first floor with egress to the street through the supermarket; that even though a truck may be in the unloading space at the time of exit requirements, the truck would not fully occupy the 10 ft. wide driveway, and that the cellar has a main exit direct to the street and only five employees; and

WHEREAS, the applicant contends as to Objection 7, that one exit from the cellar leading directly to the street at the front of the building will be fully enclosed by fireproof partitions; that the second exit at the side of the building from the cellar is an open concrete stair of required width, located in an open court over 10 ft. wide at this point, and therefore presents a safe secondary means of egress; and

WHEREAS, the applicant contends as to Objection 9, that the proposed supermarket will have an open area within fire walls of 10,300 sq. ft.; that the permissible allowable area for a Class 3 building is 7500 sq. ft.; that the present fireproof construction will be retained; that the only difference from the requirements for a fireproof building will be the 1st floor created by excavating for a new cellar and crawl space; floor will be constructed of steel girders and wood beams having a minimum thickness of 3 inches; that the ceiling over the cellar will be fire-retarded with rock lath and plaster with a one-hour rating; that no heating appliance will be in the new cellar and such portable fire-fighting appliances will be installed as the Fire Commissioner may direct.

Resolved, that the decision of the Borough superintendent, acting on Alt. Applic. 87-54, be and it hereby is *modified* and that the appeal be and it hereby is *granted* as to objection 6, on condition that the exit passage to the street from the rear exit to cellar shall generally be kept open except when trucks are in such space for loading and unloading; and *withdrawn* as to objections 7 and 9 in view of the decision by the Board this day under Cal. 280-19-BZ, Vol. II.

14-37-BZ—Vol. II

APPLICANT—Herman E. Horwood, for Celia Benjamin, et al., owners, Werner Auto Service, lessee.

SUBJECT—Application January 8, 1954 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a business use district the continuation of existing automobile showroom, non-storage garage for more than five motor vehicles, motor vehicle repair shop, mechanical testing and relining of brakes (previously granted by the Board for a term of five years, expired June 2, 1953), and to permit the added uses of body and fender repairs, spraying and the use of oxygen and acetylene torch.

PREMISES AFFECTED—1665-1675 Jerome avenue, west side, 150 ft. north of Featherbed lane, Block 2861, Lot 35, Borough of The Bronx.

APPEARANCES—

For Applicant: H. E. Horwood.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 26, 1954 subject to regular procedure, to consider extension of uses; and

WHEREAS, a public hearing was held on this application on June 22, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Jerome avenue are in a business use, B area, class 1¼ height district; Featherbed lane is in residence and business use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 10, 1953 acting on Alt. Applic. 1141-53 and superseded by Alt. Applic. 1141-53 dated April 29, 1954, reads:

"1. In a business district the proposed use of the premises for the purpose of automobile show rooms, non-storage garage for more than 5 cars, motor vehicle repair shop, mechanical testing and relining of brakes including body and fender repairs including spraying & use of oxygen and acetylene is contrary to Art. II, Sec. 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, on which is located a building 100 ft. frontage by 85 ft. in depth, one story, 12 ft. 6 in. in height, of class 3 construction used as an auto showroom, motor vehicle repair shop, mechanical testing and relining of brakes, for which certificate of occupancy No. 5302-49 has been filed (expired June 2, 1953); that it is proposed to permit the continuation of former uses with the addition of body and fender repairs, spraying and the use of an acetylene torch; and

WHEREAS, the applicant requests modification and extension of time to secure permits, which was granted on May 12, 1953, due to the fact that when this request for extension was made, he was not aware of the fact that the present tenant does not conduct the same type of business that prevailed at the time of the original grant and subsequent extensions thereof; that when he leased the building this tenant intended to use it for the sale of used cars and also to perform general repair work of a minor nature, but more particularly body and fender repairs with spraying and the use of acetylene torch and only found out the limitations in the resolution against the use of acetylene and that the minor repairs permitted were only on new cars owned and dealt in by the tenant, when he applied for fire department permit and the new certificate of occupancy, and now asks permission for repairs on his own and also transient cars; that the used cars handled have each a small amount of gas in the tanks for demonstration purposes, no gasoline being stored otherwise or sold, and the fire department has requested that a garage permit be obtained because of this; and

WHEREAS, the applicant contends that the premises immediately adjoining to the south and the two immediately adjoining to the north are used as motor vehicle repair shops and both of those to the north specialize in body and fender repair work with spraying, painting, etc.; that 1677 Jerome avenue was granted under Cal. No. 187-43-BZ and 1679 Jerome avenue under Cal. No. 192-38-BZ; that the State Labor Department ordered a spray room installed before it was discovered that this work was not permitted; that the spray room had been installed at an expense of about \$4,000 and it would be a great hardship and actual loss of investment not to be able to give the same service as adjoining competitors; that a reopening of this case is requested and time to secure permits extended and the resolution modified to permit the continuance of the previously approved uses, with added permission for oxygen and acetylene and spraying and non-storage garage for more than five cars awaiting sale or repair as the showroom has space for about six cars and there would occasionally be one or two

MINUTES

cars in the shop overnight when repairs could not be completed the same day; and

WHEREAS, the applicant states that the present owner has held title to the property since June 16, 1952; that the assessed valuation of land is \$26,000 and of the buildings \$26,000, making a total of \$52,000; that the building was erected 1930.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted February 16, 1937, as amended through May 12, 1953, so as to permit in addition to the repairing work within the building for the term as stated, namely five (5) years, under Section 7, Subdivision i, expiring on May 12, 1958, the additional work of mechanical testing, relining of brakes, body and fender repairs, including spraying within an approved room and use of oxygen and acetylene, provided all such uses where required to be subject to a permit from the fire commissioner shall have such permits; that the number of cars permitted to be stored within this non-storage garage shall not exceed ten (10); that in all other respects the requirements of the resolution above cited shall be complied with; that all permits shall be obtained and all work completed within six (6) months from the date of this amended resolution.

278-51-BZ

APPLICANT—A. H. Salkowitz, for Janb Realty Corp., owner.

SUBJECT—Application April 17, 1951 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a local retail use, D area district, the extension to existing building, using more than the area permitted.

PREMISES AFFECTED—675 Stanley avenue and 884 Hendrix street, northwest corner, Block 4353, Lot 31, Borough of Brooklyn.

APPEARANCES—

For Applicant: A. H. Salkowitz and Benedict S. Gullo.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-	
ert and Deputy Chief Connors	3
Negative	0
Absent: Commissioner Keating	1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 15, 1954 after due notice by publication in the Bulletin; laid over to June 22, 1954, for applicant to obtain and file an additional objection under Section 7A from the Borough Superintendent; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a local retail use, D area, class 1 height district; Stanley avenue and Hendrix street are in residence and local retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated March 29, 1951 acting on Alt. Applic. 407-51, reads:

"1. Proposed extension to a bldg. that now occupies area permitted in a 'D' district is contrary to Art. 4 Sect. 14c of the zone resolutions; note bldg. erected under N.B. 1376/50."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 65 ft. in depth, on which is located a building 25 ft. front by 45 ft. 6 in. in depth, one story, 15 ft. in height, of class 3 construction, presently used as stores, for which certificate of occupancy No. 128256-50 (N.B. 1376-50) for two retail stores; that it is proposed to occupy the entire area of the lot for the purpose of

erecting a store to the rear of the existing store building; that the new addition will have a frontage of 19 ft. 6 in. on Hendrix street and will be 25 ft. deep; and

WHEREAS, the applicant contends that at present, the open lot to the rear of the building forms an unsightly appearance due to existing grade conditions and to maintain it at existing grade would require the expensive installation of high retaining walls; that along the rear lot line of the building a driveway is provided for the cellar storage area of the adjoining store building by means of a ramp from the side wall grade at Hendrix street along the rear lot line of the affected store building to the cellar level of the adjoining store; that the owner wishes to obtain an additional return for his high original investment and a satisfactory return against the high assessment of the land by installing the proposed store; that any addition contemplated would not conflict with the character of the neighborhood inasmuch as such addition is limited in area to 500 sq. ft. and would provide a shield for the unsightly ramp condition of the adjoining property; and

WHEREAS, the applicant states that the present owner has held title to the property since May 10, 1949; that the assessed value of the land is \$2,000 and of the buildings \$10,000, making a total of \$12,000; that the building was erected 1950; and

WHEREAS, the applicant has amended his appeal to include Obj. 2 as rendered by the borough superintendent, under Alt. Applic. 407-51, dated June 7, 1954, which objection reads as follows: "Proposed show windows within 75 ft. of a residential district is contrary to Art. II, Sec. 7A of the zone resolution;" and

WHEREAS, the applicant has filed a new decision by the Borough superintendent as to Section 7, Subdivision A; and

WHEREAS, the premises and the surrounding area were previously inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision A, of the zoning resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the ground of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21, as to area, to permit the proposed extension substantially as shown on plans filed with this application marked "Received April 17, 1951," 1 sheet, and "April 21, 1954," 5 sheets, *on condition* that the extension in all other respects shall comply with all laws, rules and regulations applicable thereto; and permitting under Section 7A, the show window and entrance as proposed; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

367-51-BZ—Vol. II

APPLICANT—Norman Lederer and Leonard Joseph, for Flood Oldsmobile Co. Inc., owner.

SUBJECT—Application February 19, 1954 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a business use district the erection and maintenance of a building to be used as an automobile showroom, sales room, motor vehicle repairs, auto painting, welding, body repairs, parts storage and office, with roof parking of customers' cars; and to permit a gasoline supply for private use only, and to permit the sale and display of used cars on open portion of plot (previously granted by the Board).

PREMISES AFFECTED—14-36 Pennsylvania avenue and 2617-2639 Fulton street, northwest corner; 50-66 Jamaica avenue and 1-23 Sheffield avenue, Block 3659, Lot 1; Borough of Brooklyn.

MINUTES

APPEARANCES—

For Applicant: Leonard Joseph and Richard Lofstedt.

For Opposition: None

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 23, 1954 subject to regular procedure, to consider new decision of the borough superintendent, new plans and different layout; and

WHEREAS, a public hearing was held on this application on June 22, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district map accompanying the zoning resolution show that the site, Pennsylvania avenue, Fulton street and Sheffield avenue are in a business use, C area, class 1 height district; Jamaica avenue is in business and manufacturing use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 18, 1954 acting on N.B. Applic. 467-51 and superseded by N.B. Applic. 467-51 dated May 7, 1954, reads:

"1. Auto showroom, offices, sales room, shops, paint room, welding, body repairs, used car lot, gas service station, parts & storage and parking of customers' cars on roof is contrary to Art. II Sect. 4, paragraphs 15-29 & 46 of the Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200, 175 and 148.7 ft. frontage by 200.42 ft. in depth, irregular, presently vacant; that it is proposed to erect a building 140 ft. by 190 ft., irregular, one and two story, 17 ft. 20 ft. and 27 ft. high, of class 1 fireproof construction to be used as an auto showroom for new and used cars, offices, sales room for auto parts, shops, paint room, welding room, body repair room, toilets, waiting room, lunch room and gasoline station; that in the shops, it is intended that such work shall be carried on as is usually done in connection with the sale and servicing of automobiles such as wheel alignment, motor repairs, lubricating, car washing, electrical repairs, etc.; that it is further proposed to install one 550 gallon gasoline tank and one dispensing pump for the use of cars sold and serviced on the premises only; that it is also proposed to install three curb cuts on Fulton street and one on Jamaica avenue; and

WHEREAS, the applicant further states that the use in 1916 was business; that on April 29, 1921 the use was changed to unrestricted for 100 ft. deep along the Fulton street side and for 100 ft. deep along Pennsylvania avenue, the balance of the block remaining business use; that on December 16, 1932 the entire block was changed to unrestricted use and on May 15, 1941 the entire block was rezoned for business use; and

WHEREAS, the applicant contends that the construction of the auto showroom is a conforming use in this zone and the repairs and services are a related and required use for cars dealt in by the showroom; that the large amount of automobile traffic on Pennsylvania avenue makes this an ideal location for an auto showroom for the sale of new and used cars; that there is little demand on the Fulton and Sheffield avenue frontages for the types of building permitted on these streets under the zoning resolution and consequently there is little inducement for investment in the construction of such buildings; that the existence of the elevated structure on Fulton street, directly in front of the property, acts as a further deterrent to the erection of such structures; that the Independent Subway passes directly under the property and before any construction is undertaken, approval of the Transit Authority will be secured; that the parking lot and watchman's building, approved by

the Department of Housing and Buildings under N.B. 259-51 will not be built; that the property directly opposite the subject property, on Jamaica avenue, is used as a parking lot and auto body repair shop; that on the property directly opposite that, facing on Jamaica avenue and Fanchon place, a large bus garage has recently been completed, which is used by the Transit authority for the storage and maintenance of its busses; that the property directly opposite the subject property, on Sheffield avenue, is used for the display and sale of used cars; that in addition, there are on that street two 2-story frame structures, one of which is in bad disrepair; that on the southwest corner of Fulton street and Pennsylvania avenue is a gasoline service station, adjoining which, on Pennsylvania avenue, is a garage; that diagonally opposite the property on the southeast corner of Fulton street and Pennsylvania avenue there is another gas station; that as mentioned above, there is a gas station on the southwest corner of Jamaica and Pennsylvania avenues, this being the only lot on the block not a part of the subject property; that diagonally opposite the property on Fulton street from Sheffield to Georgia avenues, there is a home for the aged; that this home does not operate as a hospital; that the proposed building will be a dignified structure and an architectural asset to the locality; and

WHEREAS, the applicant states that the present owner has held title to the property since September 1, 1950 and that the assessed valuation of land is \$61,000.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted December 18, 1951, as thereafter amended through March 2, 1952, by adding thereto:

"* * * that in the event the owner, the Flood Oldsmobile Company, Inc., desires to rearrange the buildings and to extend in height, and to include roof parking and other changes, that such changes may be permitted substantially as indicated on revised plans filed marked 'Received April 28, 1954,' 4 sheets, and 'May 12, 1954,' 1 sheet, provided that before any further action is requested from the Department of Housing and Buildings complete working drawings shall be submitted to this Board for further consideration and conditions, and that such working plans shall be submitted not later than July 8, 1954, for consideration on July 13, 1954, at 10 AM, and this shall also include any new administrative appeal in the event the borough superintendent finds same required in connection with the proposed entrance to the widened Jamaica avenue."

522-52-BZ

APPLICANT—John J. Tricarico, for Mary A. Keena, owner.

SUBJECT—Application July 9, 1952 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district the change in occupancy from wet wash laundry on 1st floor to public garage.

PREMISES AFFECTED—179 Palmetto street, north side, 200 ft. east of Central avenue, Block 3342, Lot 54, Borough of Brooklyn.

APPEARANCES—

For Applicant: John J. Tricarico.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 22, 1954 after due notice by publication in the Bulletin; and

MINUTES

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; Palmetto street is in residence and business use, C area, class 1 height districts; Central avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 10, 1952 acting on Alt. Applic. 1837-52, reads:

"1. Proposed change of occupancy from a wet wash laundry to a public garage for more than 5 cars in a bldg. located within a residential use district is contrary to Art. 2 Sect. 3 of the zone resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 100 ft. in depth, on which is located a building 25 ft. front by 100 ft. in depth on 1st floor; on 2nd floor front portion 35 ft. deep, rear portion 41 ft., one and two stories, 24 and 41 ft. in height, of class 3 construction, used as a wet wash laundry on 1st floor, dwelling in front portion and storage in rear portion on 2nd floor, for which certificate of occupancy No. 3673-23 has been filed; that it is proposed to use the 1st floor as a garage for eight motor vehicles; and

WHEREAS, the applicant contends that the rear second story portion was originally erected as a hay loft; that there is a cellar at front of building 25 by 35 ft.; that there has been no change in area or addition in height since date of erection; that the building was erected in 1911, prior to the enactment of the building zone resolution at which time buildings of this type were permitted; that the present owner has owned it continuously since 1922 and prior leased said premises in 1911 and lived on the premises from 1911 to about 1940; that occupancy at time of erection was as follows: horses and wagons used for trucking and express service and in 1915 two large motor vehicle trucks were added to trucking and express service; that permission was granted by the fire department to store trucks, buses and private cars ever since 1916 inclusively until 1950, storage of motor vehicles varying from two motor vehicles in 1916, permit No. V-6146 to eight motor vehicles in 1950, permit No. B-39503; that in 1923 an application was filed with the building department to convert the first floor into a wet wash laundry, a non-conforming use, and application was approved and certificate of occupancy No. A-3673-23 was issued; that throughout this period of occupancy as a wet wash laundry, motor vehicles were stored on premises as noted on fire department permits issued yearly without an intervening lapse; that a variation is requested to permit the 1st floor to be occupied as a public garage for eight motor vehicles in accordance with permits issued by the fire department and that the legal non-conforming wet wash laundry occupancy on 1st floor be relinquished; that occupancy as a garage will not be detrimental or adversely affect the community; and

WHEREAS, the applicant states that the present owner has held title to the property since February 16, 1923; that the assessed valuation of land is \$3,000 and of the buildings \$9,000, making a total of \$12,000; that the building was erected 1911; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e to permit the continuance of the use of the building substantially as proposed and as indicated on plans filed marked "Received July 9, 1952" (3 sheets) and "January 25, 1954" (2 sheets) *on condition* that any laundry occupancy of the building shall be discontinued and the building shall be used only as proposed for the storage of not over eight (8) cars and the second floor occupied as living quarters for one family and the attic in the rear building used only for incombustible storage; and under section 7i, to permit minor repairing of motor vehicles with hand tools only, maintained solely within the building; that such portable fire-fighting appliances shall

be maintained as the fire commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 710-52-A; and that all permits required and a new certificate of occupancy shall be obtained and all work completed within six (6) months from the date of this resolution.

710-52-A

APPLICANT—John J. Tricarico, for Mary A. Keena, owner.

SUBJECT—Appeal filed September 24, 1952, from a decision of the borough superintendent.

PREMISES AFFECTED—179 Palmetto street, north side, 200 ft. east of Central avenue, Block 3342, Lot 54, 1st floor, Borough of Brooklyn.

APPEARANCES—

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated June 10, 1952, on Alt. Applic. 1837-52 reads:

"2. Proposed garage for more than 5 cars in a building over one story in height and of class 3 construction is contrary to 4.2.1 and 2.1.3.5 of the building code."

and

WHEREAS, the applicant states that the building is 1 and 2 stories, 24 ft. and 41 ft. in height; 25 ft. by 100 ft. in area at 1st floor; 25 ft. front by 35 ft. in depth at the front of the 2nd floor, and 25 ft. in width by 41 ft. in depth at the rear of the 2nd floor, all in class 3 construction, erected 1911, located on a lot 25 ft. front by 100 ft. in depth, in a residence use, C area, class 1 height district, and used and occupied since 1926—cellar, ordinary; 1st floor, non-storage garage for 8 cars, 1 person; 2nd floor, one family and storage, no change in use or occupancy is now proposed; that the building is now provided with one 2 ft. 8 in. wide wood stairs, enclosed in fire-retarded partitions, equipped with wood doors, which are not self-closing; stair hall leads direct to street and is provided with a ladder and scuttle to roof; and

WHEREAS, the applicant states that in 1923 an application was filed with the Department of Housing and Buildings to convert the 1st floor into a wet wash laundry, a non-conforming use, and was approved and certificate of occupancy A-3673-23 was issued; that throughout this period of occupancy as a wet wash laundry, motor vehicles were stored on the premises as indicated by fire department permits issued yearly without any lapse; and

WHEREAS, the applicant contends that in view of the fact that an application for a zoning variance has been filed with the Board under Cal. 522-52-BZ, to permit the 1st floor to be occupied as a public garage for 8 motor vehicles and the discontinuance of the legal non-conforming wet wash laundry use on the 1st floor; that the garage portion of the building will be on the 1st floor only; that the use as a garage will not be detrimental or adversely affect the community and that it would be impossible to make the building comply with Sec. 4.2.1 of the administrative code, it is requested that this appeal be granted.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 1837/52, Objection 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted this day under Cal. No. 522-52-BZ shall be complied with and the building shall not be increased in height or area.

749-52-BZ—Vol. II

APPLICANT—J. Herbert Burmeister, for Lana Homes, Inc., owner.

SUBJECT—Application February 25, 1954 (decision of the borough superintendent), under sections 19B and 21 of the zoning resolution, to permit in a residence use, D area district, more than one building on a lot by the erection of a two-story garden development, not in conformity with the area district requirements of the zoning resolution as to rear yards, and with parking and garage space as proposed for each group of building as units instead of individual buildings.

PREMISES AFFECTED—175-04 to 175-16 56th avenue, south side, from 175th street to 175th place; 56-05 to 56-15 175th street and 56-06 to 56-10 175th place, Block 5598, Lot 2(15), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: J. Herbert Burmeister and Siegfried A. Ramer.

For Opposition: Rose Wolf, E. Scricca and Antonio Scricca.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative	0
Negative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connors.....	3
Absent: Commissioner Keating	1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 6, 1954 subject to regular procedure, to consider revised proposal; and

WHEREAS, a public hearing was held on this application on June 15, 1954 after due notice by publication in the Bulletin; laid over to June 22, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 56th avenue, 175th street and 175th place are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated February 17, 1954 acting on N.B. Applic. 5420-52, reads:

"1. Proposed amendment changing size of building and plot is contrary to B.S.A. Cal. 749/52/BZ and 750-52-A and should be referred to the Board for their consideration.

2. Erection of more than one building on a lot is contrary to Art. I Sec. 1(2) of the Zoning Resolution.

3. Provide open and enclosed parking as required per Sec. 19B of the Zoning Resolution.

4. Provide rear yards as per sec. 14 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200.28 ft. frontage by 179.44 ft. in depth, irregular, presently vacant; and

WHEREAS, the applicant contends insofar as objection No. 1 is concerned, that the construction of the buildings will be identical to those erected under Cal. No. 749-52-BZ and 750-52-A, with the exception of the fact that the building will be made larger in order to utilize the entire block; that that portion of lot, formerly known as Lot 15, was not owned by him at the time that the above appeals were made and approved; that insofar as objection No. 2 is concerned, article 1, section 1 of the zoning resolutions cannot exclusively restrict the use of additional buildings, where more than one occurs on a lot having the status of accessory; that article 1, section 5, expressly states that a lot is a parcel or plot of ground which is or may be occupied by a building or accessory buildings including the open spaces required by this resolution, and it must, therefore, be intended that where there is one dwelling and the other buildings are in

accessory, that this is not in violation of this article; that in addition, article 1, section (U), in the last line thereof, states that the floor area of a building shall include the floor area of accessory buildings, except garages on the same lot, which will be measured in the same way, and it is clear that it is intended that accessory buildings may be maintained; that each of these premises, N.B. 5421, 5422, 5424 and 5425 of 1952 has a single heating unit which will service the entire building; that the buildings are intended for ownership by one owner and are not being erected for the purpose of sale since they have only one single heating unit, and that therefore the other buildings are accessory buildings; that insofar as objection No. 3 is concerned, as pertains to each of the new buildings numbers, the buildings will continue to be under one ownership; that garage space in each instance is provided for 50% of the occupants and parking area is amply provided for the remaining 50% of the occupants in each of the buildings involved; that insofar as objection No. 4 is concerned, these premises are to be erected for rental purposes by the owner and will be retained by it, and should it ever be sold will only be sold in one unit for the reason that each building has one central heating system; that it is therefore clear that each of these premises will have available backyard facilities; that these buildings will be attached and form part of the units which were approved by the Board under Cal. No. 749-52-BZ, and that the facts involved here are exactly the same as those involved under the aforesaid calendar number where a variance was granted; and

WHEREAS, the applicant states that the present owner has held title to the property since April 17, 1953 and that the assessed valuation of the land is \$7,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and full consideration has been given to the previous action by the Board, and also to the objections of the owners in the area whose houses were built by the same builder and sold to them by that builder; and

WHEREAS, the Committee is of the opinion that the extension to the end of the block, as proposed, should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a variance under Section 19B, and that the application failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 5420-52, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

750-52-A—Vol. II

APPLICANT—J. Herbert Burmeister, for Lana Homes, Inc., owner.

SUBJECT—Appeal from a decision of the borough superintendent, reopened April 6, 1954, as Vol. II, to consider additional decisions of the borough superintendent.

PREMISES AFFECTED—175-05 North Hempstead Turnpike, northeast corner of 175th street, 56-05 to 56-39 175th street, and 175-04 56th avenue, Block 5598, Lot 2 (new lot 15) and the northwest corner of Northwest turnpike and 175th place, 175-15 North Hempstead Turnpike, 56-06 to 56-40 175th place and 175-16 56th avenue, Block 5598, Lot 2 (15), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Siegfried A. Ramer, Robert Ingrossia and J. Herbert Burmeister.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal withdrawn in view of the action taken by the Board this day under Cal. 749-52-BZ, Vol. II.

Negative 0
Absent: Commissioner Keating 1

398-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Sheilnor Realty Corp., owner.

SUBJECT—Application May 21, 1953 (decision of the borough superintendent), under sections 7f, 7i and 7A of the zoning resolution, to permit in the business use district portion of a plot located in a residence and business use district, the erection and maintenance of a gasoline service station, car wash (non-automatic), lubritorium, motor vehicle repairs, storage and sale of accessories, and office, with show windows nearer to residence use district than is permitted, and to permit the parking and storage of motor vehicles, all for a term of fifteen years.

PREMISES AFFECTED—5701-5717 Fillmore avenue, 1573-1583 East 57th street, northwest corner, 1598-1602 Avenue T and 1598-1602 East 58th street; Block 8379, Lots 1, 3, 5, 7 and 9, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Maxwell H. Tretter and Bert Bernheim.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connors 3
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; laid over to June 15, 1954, for inspection and decision; hearing closed; no further argument; then to June 22, 1954, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 57th street, East 58th street and Fillmore avenue are in residence and business use, D area, class 1 height districts; that Avenue T is in a business use, A and D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 7, 1953 acting on N.B. Applic. 481-53, reads:

"1. Proposed gasoline service station, lubritorium, minor auto repairs (hand tools only) car washing, office, storage and parking and storage of motor vehicles in a business and residence use district is contrary to Art. II, P. 4(a), subsection 29 & 46 and Article II, P. 3 of the Z.R.

2. In a transition from business to a residence use district, show windows within 75' of the residence zone is contrary to Article II, P. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft., 144 ft. 3 $\frac{1}{8}$ in., 68 ft. 5 $\frac{7}{8}$ in. and 60 ft. frontage by 100 and 200 ft. in depth, irregular, presently vacant; that it is proposed to erect a modern gasoline service station consisting of eight 550 gallon storage tanks and six gasoline pumps; that the contemplated accessory building will have an irregular frontage of 64 ft., a depth of 30 ft., one story in height, of class 3 construction, and contain the conjunctive uses of lubritorium, car wash, office and storage; that a part of the site will be reserved for open parking and storage of motor vehicles; and

WHEREAS, the applicant contends that although part of the site is in a residence zone, the gasoline station will be

confined to the business zone, and the residence zone part will be landscaped; that the building as proposed will be highly modern in design; that the part of the site to be reserved for parking and storage of motor vehicles will relieve traffic congestion as the area develops; that Fillmore avenue and Avenue T as opened up will be busy auto lanes extending across Brooklyn; that the contemplated garden apartments and dwellings being erected on blocks 8401, 8400, 8399 and 8378 will require the services of the proposed gas station; that it would benefit the city to have this site developed in the only feasible manner so that the owner could continue to pay taxes, and it is mandatory that the site be developed as proposed so that the owner may receive an equitable return on his investment; and

WHEREAS, the premises were inspected by a committee of the Board previously, before any of the buildings were erected, and inspection has been made again within a week; and

WHEREAS, the Board found that buildings recently erected in the area are residential buildings and generally tenanted; and that on the adjoining block front to the east there has been a one story store building erected; and

WHEREAS, photographs and plans of the area, filed on May 21, 1953, do not now show existing conditions; and

WHEREAS, in the opinion of the Board there are plenty of adjacent gas stations on Flatbush avenue between Avenue U and Fillmore avenue that are near enough to be available to these premises, and also that the premises are capable of being used for a conforming use; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f, i and A of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 481-53, be and it hereby is affirmed and that the application be and it hereby is *denied*.

698-53-BZ

APPLICANT—John F. Fitzsimons, for Charles J. Goubeaud, owner.

SUBJECT—Application October 1, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district, the maintenance of existing dog kennels, the practice of veterinary medicine, dwelling for caretaker and accessory garage.

PREMISES AFFECTED—204-18 46th avenue, south side, 142.91 ft. east of 204th street, Block 7304, Lots 15 and 17, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons and Charles J. Goubeaud.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

Negative 0
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 25, 1954 after due notice by publication in the Bulletin; laid over to June 15, 1954, for inspection and for decision after applicant has submitted additional information; then to June 22, 1954, for inspection and decision; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class I height district; 46th avenue is in residence and business use, D area, class 1 height districts; 204th street is in a business use, D area, class 1 height district; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated September 22, 1953 acting on Alt. Applic. 1474-53, reads:

"1. Proposed use of premises located in a Residence Use District for the non-accessory practice of the profession of Veterinary Medicine including Dog Kennels is contrary to Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 ft. frontage by 100 ft. in depth, on lot 17 of which is located the main building which was erected under N.B. Applic. 3318-22; that the porch was added under Alt. 1928-23; that the owner's father, who was also a doctor of veterinary medicine, purchased the property in November of 1924 and used and occupied it as a dwelling with the accessory use practicing his profession; that during the course of the years the kennels located in the rear were added and there was also added the extension on the west side of the main building; that the present owner's father conveyed the property to him in September of 1939; that the present owner acquired lot 15 on June 25, 1949 and sometime thereafter engaged a contractor to construct the one car garage; that under the contract the builder was to file all necessary plans and secure all necessary permits; that the builder neglected to attend to these details and has since died; that the owner presently uses the ground floor of the main building for the practice of his profession and a caretaker-helper has his living quarters on the 2nd floor; that it is proposed to permit the continuance of the present use and occupancy; and

WHEREAS, the applicant contends that the professional use has been continuous since 1924 and has not adversely affected the neighborhood; that the doctor himself owns no dogs, nor does he train any dogs on the premises; that exercising the dogs on the premises is by way of treatment only; that the doctor owns lot 13 abutting the property to the west and also lot 6 in the same tax block, on which lot there is a legal non-conforming use of two stables; that the property on the north side of 46th avenue, immediately opposite the site, is vacant, as is the property abutting the site on the east, for a distance of 140 ft.; that lots 57 and 59 abutting the property to the south are in one ownership and are improved with a one family dwelling and two separate garage buildings; that lot 53, also abutting the property to the south, is vacant; that a variance is requested to permit the presently existing non-conforming use to continue, subject to such conditions as the Board deems necessary to preserve the general character of the neighborhood; and

WHEREAS, the applicant states that the indicated street widening is in no way involved in this application; and

WHEREAS, the applicant states that the present owner has held title to the property since June 25, 1949 for lot No. 15 and since September 9, 1939 for Lot 17; that the assessed valuation of land is \$1,200 and of the buildings \$1,600, making a total of \$2,800; that the building was erected 1923; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e, for a term of ten (10) years to permit the continuance of the existing use of the premises, previously established without a permit, for the maintenance of dog kennels and the practice of veterinary medicine and dwelling for the caretaker and accessory garage, substantially as proposed and as indicated on plans filed with this application marked "Received October 1, 1953," 5 sheets, *on condition* that the premises shall not be further extended and the use shall not be changed; that the condition of the premises, including fences, shall be maintained in proper condition; that in all other respects shall comply with all laws, rules and regulations applicable thereto, other than as modified by the Board this day under Cal. #699-53-A; that such fire fighting appliances shall be maintained as the fire commissioner shall direct; that all permits

shall be obtained, including a certificate of occupancy and all work completed within six (6) months from the date of this resolution.

699-53-A

APPLICANT—John F. Fitzsimons, for Charles J. Goubeaud, owner.

SUBJECT—Appeal filed October 1, 1953, from a decision of the borough superintendent.

PREMISES AFFECTED—204-18 46th avenue, south side, 142.91 ft. east of 204th street, Block 7304, Lots 15 and 17, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons and Charles J. Goubeaud.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated September 22, 1953, on Alt. App. 1474/53, reads:

"2. Proposed use is considered a business and is therefore not permitted in a frame building by Section C26-254.0 of the Administrative Code."

and

WHEREAS, the applicant states that the building is two stories, 18 ft. in height, 16 ft. 2 in. by 39 ft. 5 in. in area at first floor, 16 ft. 2 in. by 24 ft. 3 in. in area at 2nd floor, Class 4 construction, erected in 1923 on a lot 80 ft. by 100 ft. in area, in a residence use, D area, Class 1 height district, used and occupied since 1925: 1st floor—veterinary's office, 5 persons; 2nd floor—dwelling, 1 family; and

WHEREAS, Violation #1682/53 was issued by the borough superintendent for the erection of a one story building of cinder blocks approximately 12 ft. by 20 ft. in area without approved plans and permit; and

WHEREAS, the applicant contends that the business referred to in the decision of the borough superintendent is the practice of the profession of veterinary medicine and has been carried on upon the premises since 1924 first by the father of the present owner and then by the owner himself, Dr. Charles J. Goubeaud; and

WHEREAS, the applicant contends the building was erected under N.B. 3318/22; that the first floor is occupied as an office and accessory uses in the carrying on of the Doctor's profession; that the second floor contains the sleeping quarters of a caretaker; that at no time does the human occupancy exceed the occupancy ordinarily found in a two-family dwelling; that the use of the premises professionally does not increase the fire hazard; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent acting on Alt. Applic. 1474-53, Obj. 2, be and it hereby is *modified* and that appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted this day under companion application, Cal. #698-53-BZ shall be complied with.

832-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Queens Equity Realty Co. Inc., owner.

SUBJECT—Application November 17, 1953 (decision of the borough superintendent), under sections 7e and 7h of the zoning resolution, to permit in a residence use district, for a term of twenty years, the erection and maintenance of a

MINUTES

gasoline service station, car wash, lubritorium, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of lot.

PREMISES AFFECTED—91-02 to 91-12 (91-10 official) Springfield boulevard and 219-12 to 219-20 91st avenue, southwest corner, Block 10711, Lot 6, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Everett Wuttke, C. F. Jordan, M. A. Zimmerman, C. A. Magell, S. Hulletrung, Mildred Magill, Helen McCord Schwarzwaelder, Edith Wuttke and John A. Menken.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioner Klein-
ert and Deputy Chief Connors 3
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 18, 1954 after due notice by publication in the Bulletin; laid over to June 22, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Springfield boulevard are in a residence use, G-1 area, class 1/2 height district; 91st avenue is in residence and local retail use, G-1 area, class 1/2 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 30, 1953 acting on N.B. Applic. 4338-53, reads:

"1. Proposed gasoline service station, car washing, minor auto repairs, lubritorium, office and sales, parking and storage of motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 130 ft. frontage by 100 ft. in depth, presently vacant except for billboards; that as of July 25, 1916 that part of the premises within 100 ft. of 91st avenue was in a business use district and the entire premises was in a class 1 height district and class D area district; that the present use designation became effective January 21, 1947 and the present height and area designations became effective June 30, 1952; that it is proposed to erect a modern gasoline service station consisting of ten 550 gallon gasoline storage tanks and four dispensing pumps; that the proposed accessory building will have a frontage of 45 ft., a depth of 30 ft., one story in height, of class 3 construction and contain the conjunctive uses of office and sales, lubritorium, car wash and minor auto repairs; that part of the open site will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that part of the corner of the site is in the bed of mapped streets as 91st avenue and Springfield boulevard are to be widened at some future date, although at this date the City does not have title to this land and no proceedings are pending to acquire title; that the proposed accessory building will be colonial in design, having a peaked roof and brick facades, and will be in complete harmony with the type of dwellings in the area; that the entire affected area is almost totally developed with dwellings and the proposed gas station is a vitally required service as there are no other gas stations within the affected area; that Springfield boulevard is a highly traversed auto lane and as such the proposal is also a required service and in keeping at this point; that all of the corners at the intersection of 91st avenue and Springfield boulevard, except the site, are zoned for local retail use and therefore the erection of dwellings on the site would not be feasible; that the present stores facing the site in blocks 10719 and 19720 are suf-

ficient for the public at this time, so that not even stores would be a feasible use for the site; and

WHEREAS, the applicant states that the present owner has held title to the property since December 22, 1936 and that the assessed valuation of the land is \$3800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board is in receipt of a letter from the Borough President stating that a communication has been sent to the City Planning Commission to request that this proposed widening, which will take part of this lot, be removed; and

WHEREAS, the Board found that these premises can be developed with a conforming use and that a gasoline station would be out of place and unnecessary at this location; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivisions e and h, of the zoning resolution

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 4338-53, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

833-53-A

APPLICANT—Lama, Proskauer and Prober, for Queens Equity Realty Co., Inc., owner.

SUBJECT—Application filed November 17, 1953, pursuant to Section 35 of the General City Law for erection of a gas line service station on a lot, a portion of which lies within the proposed mapped widening of 91st avenue and Springfield boulevard.

PREMISES AFFECTED—91-02 to 91-12 (91-10 official) Springfield boulevard, and 219-12 to 219-20 91st avenue, southwest corner, Block 10711, Lot 6, Queens Village, Borough of Queens.

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 22, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in an unrestricted use, C area, class 1¼ height district; 89th street is in business and unrestricted use, C area, class 1¼ height districts; 5th avenue is in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated November 24, 1953 acting on Alt. Applic. 4651-53, reads:

"1. Proposed structure in a "C" area zone exceeds permitted coverage and is in violation of Article IV, Para. 13 of the zoning resolution.

2. Provide loading berth in compliance with Article IV, Para. 19-A of the zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 ft. 1½ in. frontage by 100 ft. in depth, on which is located a 3-car garage, a two-story frame dwelling and a one-story structure 50 ft. by 35 ft., one story in height, of class 3 construction, used for storage of ice and beverages, office and loading platform; that it is proposed to demolish the dwelling and the three-car garage and construct a one-story brick and block extension to the present ice and beverage structure, which is at the rear of the premises; that present occupancy was approved under Alt. 983-45; that the present storage structure will be extended to the front and side and occupy the full site; that the total coverage of the site equals 15,000 sq. ft.; the permissible coverage equals 9,840 sq. ft. and excess coverage equals 5,160 sq. ft.; and

WHEREAS, the applicant contends that the site is in an unrestricted area in which there are gas stations, auto parking lots, shops and garages; that directly in the rear of the premises, block 6066, lot 37, there is a two-story public garage on a plot 100 ft. by 100 ft.; that the 1st story of these premises occupies a full 100% coverage of the plot; that directly opposite the site, another one story structure, block 6065, lot 39, occupied as a shop and garage by the Department of Sanitation, also covers the full plot; and

WHEREAS, the applicant contends as to objection 2 issued by the borough superintendent, relative to the 100 ft. by 100 ft. section of the building, that this section has been planned and will be used essentially and primarily as a garage for the storage of motor vehicles; that the use of auto repairs is only an accessory to the said garage and it is doubtful if more than 10% of the area will be used for auto repairs; that the Department of Housing and Buildings is of the opinion that if the area of an auto repair shop exceeds 8,500 sq. ft., a loading platform is required, but it is contended that the inclusion of auto repairs to the garage use does not make this structure primarily a repair shop, as such is not intended; that the construction of a loading platform in said garage would serve no purpose and the waiving of the loading platform is therefore requested; that the site is assessed for \$21,000 unimproved and in order to meet taxes it is necessary for the owner to improve this plot to obtain revenue, and the allowable coverage would not warrant the expense involved; that the only feasible use this site can be put to is that which is proposed; that the ice and beverage storage portion of the building, 50 ft. by 100 ft., is necessary for the conduct of the business, and the garage area will be rented to dwellers in the area; that the owner has been assembling this parcel since 1942 but was unable to complete same until the latter part of 1951; that there is a definite need for moderately priced garage space in the area; that the construction of this building can in no way adversely affect surrounding properties and the building will be architecturally treated so that it will be an improvement in the area; that the owner will comply with all requirements set by the Board; and

WHEREAS, the applicant states that the present owner has held title to lot 19 since January 9, 1942; lot 21 since July 30, 1951; lot 22 since April 23, 1946; lot 23 since May 13, 1942 and lot 24 since February 20, 1947; that the assessed valuation

of land is \$21,000 and of the buildings \$8,400, making a total of \$29,400; that the building was erected 1936; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to area, to permit the proposed building to be occupied as a storage garage, substantially as proposed and as indicated on plans filed with this application, marked "Received December 1, 1953" (3 sheets) and "April 28, 1954" (3 sheets), *on condition* that the building shall not be further increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that there shall be no windows opening to adjoining premises where there are no walls of adjoining premises on the lot line; and *granted* as to Objection 2, so as to require no loading berth, in view of the exemption under Section 19A, paragraph g; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

853-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Martin Siegel, owner.

SUBJECT—Application November 30, 1953 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a business use district, for a term of twenty years, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot with show windows and curb cuts nearer the residence use district than is permitted.

PREMISES AFFECTED—2402-2416 Knapp street and 3106-3116 Avenue X, southwest corner Block 7429, Lot 10, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred Lama.

For Opposition: Helen Olsen.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 15, 1954 after due notice by publication in the Bulletin; laid over to June 22, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area district; Knapp street is in business and manufacturing use, D area, class 1 height districts; Avenue X is in residence, business and manufacturing use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated November 12, 1953 acting on N.B. Applic. 1226-53, reads:

"1. On a lot located in a business use district the proposed gasoline service station, lubritorium, minor auto repairs, car washing, office and sales, parking & storage of motor vehicles is contrary to Art. II Sec. 4(a) Subdiv. 29 & 46 of the Zoning Resolution.

2. Proposed display windows and curb cuts within 75'-0" of a residence use district abutting, is contrary to Art. II Sec. 7A of the Zoning Resolution."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 140 ft. frontage by 100 ft. in depth, presently vacant; that as of July 25, 1916 the premises were in an undetermined use district and was changed to its present designation on June 19, 1925; that it is proposed to erect a modern gasoline station consisting of twelve 550-gallon gas tanks and eight dispensing pumps; that the contemplated accessory building will have a frontage of 64 ft., a depth of 30 ft., one story in height, of class 3 construction and contain the conjunctive uses of lubritorium, minor auto repairs, car wash, office and sales; that a part of the site will be reserved for open parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the proposed modern design of the building will improve the appearance of the entire area and will be in keeping with future development; that Knapp street is a main auto lane leading to Gerritsen beach and as such the proposal is in keeping at this point; that there are no other gas stations in the affected area and the gas station is a required service for the highly populated and developed Gerritsen beach and also the large apartment development to the west on Avenue X; that there is very little development in the immediate vicinity and therefore stores would not be warranted; that the proposed curb cuts on Avenue X are required for efficient operation of a modern station and the proposed show window of the accessory building will set 38 ft. back of the Avenue X building line so that the residential aspect of Avenue X could not possibly be affected; and

WHEREAS, the applicant states that the present owner has held title to the property since April 19, 1952 and that the assessed valuation of the land is \$6,100; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board, and further information has been obtained by the Board as to the recent rezoning of the areas across Knapp street and on either side of Avenue X from Knapp street to Garland court; the area is now manufacturing use; that the area along Knapp street on the west side, east, south and north, and all of Avenue X is business; that while the Board realizes there are some gas stations at Avenue U, some distance away, it is their opinion that this application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, f & i, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision f, for a term of fifteen (15) years, to permit the premises to be occupied as a gasoline service station, substantially as proposed and as indicated on plans filed with this application marked "Received November 30, 1953," 3 sheets, *on condition* that the plot shall be constructed and arranged substantially as shown on such plans; that the pumps shall be erected not nearer than 15 ft. to the street building line; that the curb cuts shall be as shown, with no curb cut nearer than 5 ft. to a lot line as prolonged; that at the intersection, there shall be erected a masonry block of concrete not less than 12 in. in height and extending along each building line for a distance of not less than 5 ft.; that the accessory building shall comply with the requirements of the building code therefor and shall be faced with face brick on all sides; that there shall be no cellar under the accessory building; that the greasing equipment shown shall be of the hydraulic type; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps which shall be of a low approved type, excluding all roof signs and all temporary signs but permitting the erection within the intersection of one post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line parallel to Avenue X for a distance of not over 4 ft.; that the gasoline storage tanks shall not exceed twelve (12) 550 gallon approved tanks; that on the lot lines to the south and west where wall of proposed accessory building does not occur there shall be erected a

woven wire fence of the chain link type on a masonry base not less than 5 ft. 6 in. in height with a suitable masonry terminating posts at the street lines; that there shall be no windows in the rear of the accessory building; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that sidewalks and curbs abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that the plot where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that under Section 7i, for a similar term there may be minor repairing maintained solely within the accessory building for adjustments only; and under Section 7e, there may be parking of motor vehicles awaiting service and for general storage and parking, provided such parking and storage does not interfere with the dispensing of gasoline and the services of the accessory building; that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

939-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Roadside Tavern, Inc., owner.

SUBJECT—Application December 30, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a residence and business use district, the extension to existing structure of class 1 construction on 1st floor and to maintain and extend the existing uses of restaurant, dancing, dining, cabaret and catering; and to permit the use of 2nd floor of class 3 construction to continue as caretaker's apartment; and to permit the parking of patrons' cars on unbuilt upon portion of plot.

PREMISES AFFECTED—2544 Flatbush avenue, 4201-4223 Avenue V, northwest corner and 2245-2283 Hendrickson street Block 8559, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinfert and Deputy Chief Connors 3
Negative 0
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 15, 1954 after due notice by publication in the Bulletin; laid over to June 22, 1954 for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Avenue V are in residence and business use, D area, class 1 height districts; Flatbush avenue is in business and unrestricted use, D area, class 1 height districts; Hendrickson street is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 7, 1953 acting on Alt. Applic. 1919-52, reads:

"1. Extending business building into residential use district is contrary to Art. II Sec. 3 of the Zoning Resolution.

2. Parking of cars within a Residential use district is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 340 ft. frontage by 200 ft. in depth, on which is located a one story building having a frontage of 100 ft. and a depth of 90 ft. having a small 20 ft. by 34 ft. 4 in. 2nd floor of class 3 construction; that the building was originally erected under N.B. 8330-37 with certificate of occupancy No. 84992 issued for dining room and open air dancing pavilion;

MINUTES

that the building was later extended under Alt. 4154-39 with certificate of occupancy No. 106694 issued for cabaret, dancing, bar and restaurant; that the building was again extended to its present size under Alt. 2538-45 as restaurant, dining and dancing, for which certificate of occupancy No. 116112 was issued; that under Alt. 1949-41, certificate of occupancy No. 106729 was issued to use part of the lot for parking of motor vehicles for patrons of the restaurant and Alt. 1919-52 was issued for parking of patrons cars within the business use part of the lot; that it is proposed to maintain the present building and the use of restaurant, dancing, dining, cabaret, catering and open parking of patrons' cars and the 2nd floor as a caretaker's apartment; that it is further proposed to rearrange inside partitions and erect a new extension of class 1 construction, having a width of 137 ft. and an irregular depth of 90 ft.; and

WHEREAS, the applicant contends that inasmuch as the above uses are permitted within the business part of the site, it is only proposed to extend said uses into the residence zone, and as the premises fronts on three streets the block will not be affected; that the residence part of the site which fronts on Hendrickson street is faced with non-conforming uses in block 8558, lot 61 being used for the storage of material and lots 55 and 57 being used for the storage of machinery; that the provision to park patrons' cars on the site will alleviate any parking problem which this restaurant might create; that the building will be reconstructed and extended in a modern manner; that in view of these facts and as it is only proposed to extend a present legal use and as all entry to the site, both for the public and patrons' cars, will be confined to the business zone, except for emergency exits, it is requested that this application be granted; and

WHEREAS, the applicant states that the present owner has held title to the property for parcel 1A since November 24, 1941; for parcels B, C, E and F since November 17, 1953 and for parcel D since June 1, 1946; that the assessed valuation of land is \$58,300 and of the buildings \$29,300, making a total of \$87,600; that the building was erected 1937; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board and the committee recommends that the application should be granted on condition, and included in the conditions should be the requirement that there should be no openings to Hendrickson street; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the extension of the existing restaurant building substantially as proposed and as indicated on plans filed with this application marked "Received December 30, 1953," 5 sheets, and to permit the space proposed for parking for the use of patrons' cars; that such parking space shall be leveled substantially to the grade of the surrounding streets and shall be surfaced with clean gravel or steam cinders and treated with a binder; that on the interior lot lines where walls of existing buildings do not occur, there shall be erected as proposed a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, except that any existing fence of not less than such height may be continued, provided it is maintained in good condition; that all openings to the premises and to the parking area shall be from Flatbush avenue; that in all other respects the building shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 940-53-A; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

940-53-A

APPLICANT—Lama, Proskauer and Prober, for Roadside Tavern, Inc., owner.

SUBJECT—Appeal filed December 30, 1953, from a decision of the borough superintendent.

PREMISES AFFECTED—2544 Flatbush avenue, 4201-4223 Avenue V, northwest corner and 2245-2283 Hendrickson street Block 8559, Lot 1, Borough of Brooklyn.

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleibert and Deputy Chief Connors 3
Negative 0
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated December 7, 1953, on Alt. Applic. 1919/52, reads:

"3. Area of Class 3 building with proposed extension will exceed the permissible area under Sec. 4.2.1 of the Administrative Code."

and

WHEREAS, the applicant states the building is 2 stories, 15 ft. and 25 ft. in height, 100 ft. by 90 ft. in area at street level, 20 ft. by 34 ft. 4 in. in area at typical floor level, of Class 3 construction, erected in 1937 on a lot 340 ft. in front by 200 ft. in depth, in business and residence use, D area, Class 1 height district, used and occupied since 1937: 1st floor—restaurant, dancing, dining, cabaret, catering and parking of patrons' cars, 1550 persons; 2nd floor—1 family dwelling; proposed to be increased in area at 1st floor to 100 ft. front by 180 ft. in depth, in Class 1 construction and used and occupied without change. The building is provided with one 2 ft. 6 in. wide wood stairs, enclosed in partitions of wood lath and plaster, equipped with wood doors which are not self-closing; ladder and scuttle to roof is provided; and

WHEREAS, Certificate of occupancy 106729 issued September 8, 1942, upon B.N. 1949/41 permits the use of a portion of the premises for parking of motor vehicles of patrons of the restaurant; and Certificate of Occupancy #116112 issued December 13, 1946, on Alt. App. 2538/45 and PA 75/46 permits the following use and occupancy: first floor—restaurant, dining and dancing, 785 persons; 2nd floor—caretaker's apartment; and

WHEREAS, the applicant states that the premises are developed with a one-story building having a frontage of 100 ft. and a depth of 90 ft. with a small 20 ft. by 30 ft. 4 in. second floor of Class 3 construction; that the building was originally erected under N.B. Application 6330/37 and Certificate of Occupancy #84992 issued for a dining room and open air dancing pavilion; that this building was later extended under Alt. 4154/39 and Certificate of Occupancy #106694 issued for a cabaret, dancing, bar and restaurant; the building was again extended to its present size under Alt. 2538/45 as a restaurant, dining and dancing, and Certificate of Occupancy #116112 was issued; that Alteration 1949/41 and Certificate of Occupancy #106729 were issued permitting part of the lot for parking of motor vehicles for patrons of the restaurant; that Alteration 1919/52 was issued for the parking of patrons' cars within the business use portion of the lot; and

WHEREAS, the applicant states that it is now proposed to maintain the existing building and the use of restaurant, dancing, dining, cabaret, catering and open parking of patrons' cars and to maintain the present use of the 2nd floor as a caretaker's apartment; it is also proposed to rearrange the inside partitions and erect a new extension of Class 1 construction having a width of 137 feet and an irregular depth of 90 feet; and

WHEREAS, the applicant contends that the present building is of Class 3 construction; that the proposed extension will be of Class 1 construction; that the entire building as extended will have an area of 22,190 square feet; that the allowable area for Class 3 construction fronting on three streets is 17,500 sq. ft., so that the proposed building will extend the allowable area by 4,690 sq. ft., but as the entire

MINUTES

extension will be of fireproof construction and as the building will face on three streets and is 203 ft. distant to the north lot line, the area cannot be affected and no hazard exists; and

WHEREAS, the applicant states that such portable fire extinguishing apparatus will be installed as the Fire Commissioner may direct.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 1919-52, Obj. 3 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution as adopted this day under companion application, Cal. #939-53-BZ, shall be complied with; that in view of the non-fireproof construction of the building the number of exits shall be double the capacity for a fireproof building; that the buildings shall not be increased in height or area; that all permits, including any cabaret or dancing permits, shall be obtained and all work completed within the requirements of the term as stated in the resolution as adopted under Cal. #939-53-BZ.

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 965-48-SA-Vol. 11

Subject: Amendment to resolution as to additional trade names and model designations.

Beam Manufacturing Company Iowa, requested by filing an application dated January 18, 1954 that the resolution adopted December 14, 1948 and amended June 28, 1949 under Cal. No. 965-48-SA-Vol. 1 be amended so as to permit the marketing of the AMC Automatic Clothes Washing Machine under additional trade names. The application was reopened by a vote of the Board under Cal. No. 965-48-SA-Vol. 11, February 24, 1954.

Description

The Board, on December 14, 1948 under Cal. No. 965-48-SA-Vol. 1 approved the AMC Wizard Automatic Clothes Washing Machine and by amendment dated June 28, 1949 approved the AMC Model A149AP and Wizard Model W149AP. The requested models AMC 153AP and AMC 454AP are similar to the approved models differing only as to exterior styling. There has been no change in the water supply features of the machine.

Inspection

Details of the construction of the new models were compared with the details of the approved models by Asst. Engr. J. A. Darts Committee on Test and were found to be as described with only changes being the exterior styling.

Recommendation

On the basis of the inspection, the Committee on Test recommends that the resolution adopted December 14, 1948 and amended June 28, 1949 under Cal. No. 965-48-SA-Vol. I be amended so as to include the following trade names and model numbers (including the models previously approved under Cal. No. 965-48-SA-Vol. I) AMC Model A-149AP; AMC Model A-153AP; AMC Model A-454AP Wizard Model W-149AP; Wizard Model W-454AP, and Firestone Model F-454AP on condition that the requirements of the resolution adopted December 14, 1948 under Cal. No. 965-48-SA-Vol. I be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of December 14, 1948 and June 28, 1949 in accordance with the above report.

1105-48-SA

APPLICANT—Automatic Burner Corporation, owner.

SUBJECT—Application reopened April 27, 1954—re ABC Oil Burner, Model 52A previously approved; Re: amendment of resolution as to additional trade name.

APPEARANCES—

For Applicant: Nonc.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 1105-48-SA

Subject: Amendment of Resolution as to additional trade name.

Automatic Burner Corp., Chicago, Illinois requested by letter dated April 1, 1954, that the resolution adopted May 3, 1949 under Cal. No. 1105-48-SA, be amended so as to permit the ABC Oil Burner, Model 52A to be marketed by the Crane Company, Chicago, Illinois under the trade name Crane Line Oil Burner Model 4872.

Recommendation

The Committee on Test recommends that the resolution adopted May 3, 1949 under Cal. No. 1105-48-SA, wherein the ABC Oil Burner, Model No. 52 A was approved and permission granted to market the approved burner under additional trade names be amended so as to permit the ABC Oil Burner Model 52A to be marketed by the Crane Company, Chicago, Illinois under the trade name of Crane Line Oil Burner Model 4872, on condition that the requirements of the resolution adopted May 3, 1949 be complied with.

(Sgd.) HARRIS H. MURDOCK,

Committee on Test.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of May 3, 1949 in accordance with the above report.

349-50-SM

APPLICANT—United States Gypsum Company, owner.
SUBJECT—Application May 9, 1950—USG Fire Retardant Weatherwood Insulating Tile, Plank and Building Board (fire retarded with USG Fire Retardant), approval of.

APPEARANCES—

For Applicant: William W. Bainbridge.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the report of Committee of Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 349-50-SM

Subject: Amendment to resolution as to trade name.

United States Gypsum Company, New York requested by letter, dated April 8, 1954, that the resolution adopted December 19, 1950 under Cal. No. 349-50-SM be amended so as to permit the approved products known as Fire Retardant Weatherwood Insulating Tile, Plank and Building Board to be marketed under an additional trade name. The application was reopened by a vote of the Board May 4, 1954.

Purpose

The material is to be used as an acoustical and insulating tile on ceilings.

Description

There has been no change in the material, fire retardant paint or method of application.

Recommendation

The Committee on Test recommends that the resolution adopted December 19, 1950 under Cal. No. 349-50-SM be amended so as to permit the approved material known as Fire Retardant Weatherwood Insulating Tile, Plank and Building Board to be marketed under the trade of "U. S. G." Fire Retardant Insulating Tile, Plank and Building Board on condition that the requirements of the resolution adopted December 19, 1950 under Cal. No. 349-50-SM be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 19, 1950 in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 425-51-SA

Subject: Amendment to resolution as to "pressure-trol," and "visual" indicator.

The Alstrom Corp. New York requested by letter dated February 1, 1954 that the resolution adopted November 14, 1951 under Cal. No. 425-51-SA be amended so as to modify the requirement as to pressuretrol. The application was reopened by a vote of the Board February 24, 1954.

Description

The Alstrom Safeguard Oil Preheater Model DT approved by the Board November 14, 1951 under Cal. No. 425-51-SA was equipped with a visual indicator constructed in accordance with Dwg. 1040-1 marked Recd June 15, 1951 which is on file with and is part of the record and the indicator was so arranged that it energized a pressuretrol which in turn shuts off the burner in the event of an oil or boiler water leak.

The requested modification are shown on Dwg 1093 marked Recd. February 2, 1954 and Dwg. 2112 marked Recd. March 26, 1954 shows a change in the rear head and the visual indicator.

The internal construction is the same, having the oil tube immersed in other tubes, filled with a neutral incombustible heat transfer liquid.

Recommendation

The Committee on Test recommends that the resolution adopted November 14, 1951 under Cal. No. 425-51-SA be amended so as to delete the requirement of the pressuretrol and that the visual indicator shall be in compliance with Dwg 1040-1 marked Recd. June 15, 1951 which is a visual indicator constructed glass protected by a steel guard. The Committee further recommends that the indicator as proposed on Dwg 2112 marked Recd. March 26, 1954 be rejected and further that all requirements of the resolution adopted November 14, 1951 under Cal. No. 425-51-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
EDWIN W. KLEINERT,
Commissioner,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of November 14, 1951 in accordance with the above report.

517-53-SA

APPLICANT—The Kraissl Co., Inc., owner.
SUBJECT—Application June 22, 1953—Kraissl Fuel Oil Pumps, Kraissl Class 60 Series, approval of.

APPEARANCES—

For Applicant: Leland E. Mills.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

REPORT OF COMMITTEE ON TEST

Re: Cal. 517-53-SA

Subject: Kraissl Fuel Oil Pump Class 60 Series, approval of.

The Kraissl Company, New Jersey, filed September 28, 1953, an application with the Board of Standards and Appeals

MINUTES

for approval of the appliance known as Kraissl Fuel Oil Pump Class 60 Series under the provisions of the Oil Burner Rules of the Board.

Purpose

The appliance is used to pump heavy fuel oil to supply oil burners.

Description

The pump head is of the internal gear type, machined so that at the reduced speeds necessary to handle heavy oils, maximum pressure and vacuum characteristics are obtained. The rotor and shaft are a solid forging which eliminates the possibility of misalignment due to the deflection of a rotor on a separate shaft. The pumps are furnished with a bronze journal bearing.

In the design of fuel oil pumps for heavy oils, the pumps must be slowed down to the speed at which the liquid being pumped can keep up with it; therefore; this pump is driven with a "V"-belt drive.

The Tuthill Pump was approved by the Board under Cal. No. 60-28-SA and by its action May 13, 1931 under Cal. No. 60-28-SA amended the resolution adopted July 10, 1928 under Cal. No. 60-28-SA so as to permit the approved pump to be marketed by the Kraissl Company under the trade name Kraissl Fuel Oil Pump. The present model "Series 60" is basically the same as the approved pump except that a "trap" has been provided at the bottom of the stuffing box, at which point, oil, which has worked its way along the shaft, is trapped. By means of internally provided channels, this trapped oil is returned to the suction zone of the pump, thus preventing leakage out of the stuffing box.

Inspection and Test

The appliance was inspected by Asst. Engr. J. A. Darts, Committee on Test and details of construction were compared with the pump approved July 10, 1928 under Cal. No. 60-28-SA and the difference, herein described, was noted.

Recommendation

On the basis of the data filed by the applicant the Committee on Test recommends the approval of the Kraissl Fuel Oil Pump Class 60 Series when constructed as herein described, for use in New York City when installed and operated in accordance with the Oil Burner Rules of the Board on condition that each pump bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 517-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

919-53-SA

APPLICANT—Superior Combustion Industries, Inc., owner.

SUBJECT—Application December 21, 1953—Superior and Teco Oil Heaters, Models 420, 430, 440, 540, 640, 660, 740, 840, 850 and 860, (preheaters for fuel oil), approval of.

APPEARANCES—

For Applicant: Henry M. Ficken.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 919-53-SA

Subject: Superior and Teco Oil Heaters, Models 420, 430, 440, 540, 640, 660, 740, 840, 850 and 860, approval of.

H. M. Ficken for Superior Combustion Industries Inc., filed December 21, 1953 an application with the Board of Standards and Appeals for approval of the Superior and Teco Oil Heaters, Models 420, 430, 440, 540, 640, 660, 740, 840, 850 and 860, under the provisions of the Oil Burner Rules of the Board.

Purpose

The appliance is a fuel oil preheater.

Description

The appliance is a standard shell and tube type preheater and is so arranged that the oil is in the tubes and the water is in the shell. The shell is of steel pipe having a minimum wall thickness of $\frac{1}{8}$ inches and the tubes are $\frac{5}{8}$ " OD-16 B.W.G. The top of the shell contains a dome in which a probe is submerged. This probe is electrically connected to the electric current of the burner through a Warriek Relay. The water in the shell acts as a conductor to complete an electrical circuit. Should oil get in the water, the current through the relay is broken, the Warriek Relay. "Drops out" and the oil burner is cut off.

Inspection and Test

The appliance was inspected and tested by Asst. Engr. J. A. Darts, Committee on Test and H. M. Ficken, representing the applicant. The tests were conducted to simulate a break in the oil tube thereby introducing oil into the water in the shell; this was done under various water flow conditions ranging from 4 gallons per hour to 10 gallons per hour using 1 oz. of oil in all cases with the water being 140° F. In all cases the probe functioned as required and cut off the burner when the oil flowed into the well and broke the current. The maximum length of time was 15 seconds when the flow was 10 gallons per hour. The shell and tube were also hydrostatically tested to twice the working pressure.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Superior and Teco Oil Heaters, Models 420, 430, 440, 540, 640, 660, 740, 840, 850, and 860 on condition that the heater be constructed as herein described; that the probe, in addition to being connected to the burner so as to cut the burner off in the event of an oil leak, shall also be connected to both a visual and audible alarm system, that will operate when the burner goes off due to oil leakage into the shell and further that all installations shall comply with the requirements of the Oil Burner Rules of the Board and each appliance shall bear the label permanently affixed reading as follows, "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 919-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
EDWIN W. KLEINERT,
Commissioner,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. 86-54-SM

Subject: Airtherm Direct Fired Heater (Gas fired) Model A650, A750, B1000, B1200, C1400, C1600, D1800, D2000, approval of.

Airtherm Manufacturing Company of St. Louis, Missouri, filed January 27, 1954 an application with the Board of Standards and Appeals for approval of Airtherm Direct Fire Heater (gas fired) Models A650, A750, B1000, B1200, C1400, C1600, D1800, and D2000 under the provisions of C26 Article 12 administrative Building Code.

Purpose

A complete gas fired self contained heating unit for large areas.

Description

The finned combustion chamber is oval in shape, constructed of 12 gauge steel. The combustion chamber is lined with a castable refractory, which is a silicon-carbide refractory with a high test transfer valve developed for this purpose. It is precast, form poured to the inside of the 12 gauge steel combustion chamber. Prior to pouring, the refractory, several hundred 5/16" x 1" steel studs are spot welded to the interior of the combustion chamber shell, and these studs are then completely covered with refractory material when the refractory is poured and molded into place. The studs act as a further binder in anchoring the refractory to the chamber. The tubular shape of the combustion chamber and the reinforcing feature of the welded studs represent a rigid binding of the refractory to the chamber shell.

The Convector tube section is constructed of 14 gauge steel and consists of a series of diamond shaped tubes which are welded to the tube header. The tube headers are constructed of 3/16" and 12 gauge steel.

An induced draft fan provides positive venting of the combustion chamber and convector tube section. An air switch is furnished on the induced draft fan for the purpose of shutting off the burner in the event of a draft failure due to a failure of the motor or a V-belt drive. Etc.

The main blower fans, three per unit, are of the forwardly curved blade type, double inlet, double width, dynamically and statically balanced. The fan and shaft assembly is mounted in heavy duty ball bearing pillow blocks.

Unit frame work is built of structural steel members. The unit casing is constructed of 16 gauge steel. All electrical devices not required for temperature of safety control are mounted in the control panelboard furnished on the heater. All starters, switches, relays, etc., are wired to their respective motors or controls, and are operated from the control panel. Wiring is in rigid conduit.

List of Standard Controls and Burners:

Main Disconnect Switch	Cutler-Hamer
Main Blower Fan Motor	Cutler-Hamer or Allen-Bradley
Starter	
Induced Draft Fan Motor	Ditto
Starter	Ditto
Hand-firing Switch	Minneapolis-Honeywell or White Rodgers
Fan & High Limit Control	Ditto
Room Thermostat	Minn.-Honeywell or Fireye
Combustion Safeguard Control	Ditto
Induced Draft Fan Over Running Control	Drysis
Air Switch	
Control Circuit Transformer	General Electric
Gas Burner	Webster or Eclipse

Airtherm Direct-Fired Heaters are supplied as a complete self-contained heating system, with burner, main blower fan motor, induced draft fan and motor, and all safety, operating and combustion safeguard controls for automatic operation. To complete the installation, after the equipment has been placed as desired it is then only necessary to connect the main power supply line to the disconnect switch which is mounted on the heater casing, connect the necessary fuel supply line to the burner, and provide an adequate vent stack. The units are manufactured in eight (8) capacity ratings, ranging from 650,000 BTU per hour output, 8600 CFM, up to 2,000,000 BTU per hour output, 26,500 CFM.

Inspection and Test

Models of this heater has been inspected at various locations. The heater is gas filled with approved type burners. The types were inspected by Chief Engr. L. V. Huber Committee on Test and J. C. Watkins representing the applicant.

Recommendation

On the basis of the investigation and the data submitted by the applicant the Committee on Test recommends the approval of the Airtherm Dual Fired Heater (gas fired) models A650, A750, B1000, B1200, C1400, C1600, D1800 and D2000 for use in New York City with natural manufactured or mixed gas on condition that each heater has a label permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City Under Cal. No. 86-54-SM." It is further recommended that this appliance shall not be installed in garages or places of explosive atmospheres.

REPORT OF COMMITTEE ON TEST

Re: Cal. 184-54-SA

Subject: Humphrey Radiant Fire Circulator, Model 20, 40 and 60 (gas-fired) approval of.

The General Gas Light Company owner-manufacturer filed March 8, 1954 an application with the Board of Standards and Appeals for approval of the Humphrey Radiant Fire Circulator Models 20, 40 and 60 (gas-fired) under the provisions of Article 12, Administrative Building Code.

Purpose

A gas fired radiant heat circulator, not to be used in garages or places of explosive atmosphere.

Description

These are warm air circulating heaters with raised ports, cast iron burners and radiant type sections. The pilots are stainless steel, dust proof type. A warm air outlet grille is provided for heat circulation. The outer casing and heat exchanger chambers are made of heavy gauge steel with chrome front guard hearth and reflectors. There is a built in type down draft diverter and a hand valve for manual operation. A gas pressure regulator is provided. A 4 inch diameter flue opening is provided at rear of the heater for chimney connection. A temperature control set consisting of room thermostats, low voltage, gas valve, a Baso safety pilot control with Humphrey Stainless Steel Dust-free pilot. The models differ as to input rating and Size model 20 has an input rating of 20,000 B.T.U. per hour. Width 19½ inches, height 32½ inches, depth 17½ inches. Model 40 has an input rating of 40,000 B.T.U. per hour, width 27 inches, height 32½ inches, depth 17¼ inches. Model 60 has an input rating of 60,000 B.T.U. per hour width 38½ inches, height 32½ inches, depth 17¼ inches. The radiant fire circulators have been approved by the American Gas Association Inc., for natural manufactured and mixed gas. Certificate number 2-(765-6.0 & 9.0).001 Model Number 60.

Inspection and Test

These models were inspected and tested at 23 Warren Street and found to operate as designed, present at the test were Chief Engr. L. W. Huber of the Committee on Test and J. A. Meier representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant the Committee on Test recommends the approval of the Humphrey Model 20, 40 and 60 Radiant Fire Circulator Gas Space Heaters for use in New York City with Natural Manufactured and Mixed Gas when installed and operated in accordance with this report and the provisions of C-26 Article 12 Administrative Building Code provided each heater to bear a label permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 184-54-SA." It is further recommended that these units shall not be installed in garages or places of explosive atmosphere.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

For Applicant: James H. Adams.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connors 3
Negative 0
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 205-54-SM

Subject: Elevator Entrances Inc. 1¼ inch thick—1½ to 3 hr. Fireproof Door, approval of.

Elevator Entrances Inc. Paterson New Jersey filed March 16, 1954 an application with the Board of Standards and Appeals for approval of the Elevator Entrances Inc. 1¼ inch thick—1½ to 3 hour Fireproof Door under the provisions of C26-610.0; C26-661.0; C26-662.0; C26-663.0 and C26-664.0 and C26-665.00 Administrative Building Code.

Purpose

The door is to be used on bi-parting swing or slide type elevator entrances.

Description

The door is made of two sheet of #18 U. S. gauge steel formed along side edges and are welded at lengths of approximately 4 inches and at intervals of approximately 8 inches on centers. The top and bottom of the door is closed with #16 U. S. gauge steel channels spotwelded to both face sheets on 4 inch centers.

The panels are stiffened with vertical ribs consisting of #16 U. S. gauge steel channels and interlocking strips spotwelded to the face panels at intervals of 4 inch centers. The maximum spacing of the reinforcing channels is 9 inches. The stile edges of the door are reinforced with #16 U. S. gauge angles; spotwelded at intervals of 4 inches on centers.

The door is reinforced for hinges and locks on in the case of slide operation with ¾ inch steel bar welded to top channel for hanger mounting.

The door is insulated with #6 air cell asbestos.

Inspection and Test

The manufacture of the door and the plant of the applicant was inspected by Asst. Engr. J. A. Darts Committee on Test and the door was tested, in accordance with the requirements of C26-610.0 Administrative Building Code, at Protextal Laboratory in the presence of Asst. Engr. J. D. Darts Committee on Test and J. H. Adams representing the applicant.

The heat transmission at the end of the first half hour was 582°F which was 68° below the allowable maximum. The door successfully passed the fire and hose stream test for a 3 hr. fire resistive rating. The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant the Committee on Test recommends the approval of the Elevator Entrance Inc., 1¼ inch thick 1½ to 3 Hr. Fireproof Door for use in biparting, swing or slide type elevator entrances on condition that each door bears a label, permanently affixed reading as follows: Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 205-54-SM" and further that the requirements of the Rules for Inspection of Approved Opening Protective Assemblies are complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

REPORT OF COMMITTEE ON TEST

Re: Cal. 240-54-SA

Subject: Humphrey Royal Circulators, (gas-fired) Models 620, 640 and 660 RV, approval of.

General Gas Light Company owner-manufacturer filed April 8, 1954 an application with the Board of Standards and Appeals for approval of the Humphrey Royal Circulators Models 620, 640 and 660 RV under the provisions of C26-Art. 12 Administrative Building Code.

Purpose

Circulator Type gas fired room space heaters; not to be used in garages or places of explosive atmospheres.

Description

These are all metal gas burning circulators in three sizes 20,000, 40,000, and 60,000 BTUs. They are equipped with 3" pressure regulators for manufactured gas and 5" pressure for natural gas. The burners are cast iron raised port type stainless steel pilot SPC-6 Baso Safety Pilot Valve. A built in type draft diverter is an integral part of the interior construction of the circulator and prevent any possible down-draft from affecting the burner operation. The heat exchanger is made of heavy gauge steel designed for efficient heating and circulation of the heated air. A lever type control valve is part of the manifold assembly for manual control of the heater. Outlet grilles are located on top and front of the heater for discharge of heat for room circulation. The models differ as to size and BTU input, model 620, is 2,000 BTU input model 640, 4,000 BTU input and model 660, 6,000 BTU input. These models are flue connected and have been approved by the American Gas Association for Natural Manufactured and Mixed Gases:

MODELS #260	CERTIFICATE #2 (1163.2) .001
" 640	" 2 1163.0001
" 660	" 2 1163.1401

Inspection and Test

These models #620, 640, 660 RV were inspected and tested at 23 Warren Street, New York City and found to operate as designed, present at the test were Chief Engr. L. V. Huber of the Committee on Test and J. A. Meier representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant the Committee on Test recommends the approval of the Humphrey Royal Circulators (gas-fired) Models 620, 640, and 660 RV for use in New York City when installed and operated in accordance with this report and the provisions of C26-Art. 12 Administrative Building Code provided each unit be labeled "Approved by the Board of Standards and Appeals for use in New York City under Cal. THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 24, 1953, on Alt. Applic. 3094/53, reads:

"8. Proposed rearrangement of encroachments beyond bldg. line is contrary to C26-233.0 of the Administrative Code."

and

WHEREAS, the applicant states the building is 3 stories, 35 ft. in height, 20 ft. by 45.75 ft. in area, of Class 3 construction, erected in 1898 on a lot 20 ft. front by 100 ft. in depth, in a restricted retail use, B area, Class 2 height district; used and occupied since 1928 as follows: Cellar—boiler and laundry rooms; 1st floor—doctor's office; 2nd and 3rd floors, 1 family each, for which no certificate of occupancy has been issued. The building is proposed to be altered and used and occupied without change except that the cellar will be used as a doctor's office in addition to a boiler room; and

WHEREAS, the applicant states that this appeal is solely to review the finding of the Borough Superintendent that the proposed rearrangement of encroachments beyond the building line is not within the limits of the existing encroachments and therefore is contrary to Sec. C26-233.0 of the Administrative Code; and

WHEREAS, the applicant states that it is proposed to alter the building so as to rearrange the cellar for doctor's office and to erect a multiple dwelling law type fire escape on the rear; that the proposed change of use of the cellar will allow additional space for the owner for professional offices in addition to the doctor's offices in the first floor; and

WHEREAS, the applicant states there is an existing outside stairway 2 ft. 10 in. wide, beginning 4 ft. 9 in. outside the building line and leading to the cellar entrance door; that this stairway was an existing encroachment beyond the building line prior to January 1, 1938; that there is an existing iron railing and gate located 10 ft. beyond the building line and a stair 7 ft. 8 in. in width located 2 ft. 7½ in. outside the building line and leading from the street to the first floor level of the building; that this railing, gate and stairs were existing encroachments beyond the building line prior to January 1, 1938; that the stairway to the first floor and the iron railing and gate are to remain in place unaltered; that the proposed change of cellar occupancy necessitates the rearrangement and reconstruction of the outside stair within the limits of the encroachments existing prior to January 1, 1938, to facilitate safe ingress and egress of patients from the doctor's offices; that it is proposed to have two steps 3 ft. 8 in. wide located 6 ft. 8 in. from the northerly side lot line and 9 ft. beyond the building line; that these two steps will lead to a platform and a stair of five steps, 11 ft. 4 in. wide located 5 ft. 4 in. beyond the building line and leading to a platform from which entrance to the cellar may be had through the present entrance to the cellar door at the street front; and

WHEREAS, the applicant contends that Section C26-233.0b permits the rearrangement and reconstruction of such parts of structures as project beyond the building line, provided such rearrangements and reconstruction is within the limits of projections existing before January 1, 1938; that as the proposed rearrangement and reconstruction of existing area is within the limits of the encroachments existing prior to January 1, 1938, the proposed alteration falls within the purview of Section C26-233.0b of the Administrative Code; and

WHEREAS, the applicant states that if a favorable determination is had on this appeal, the proposed rearrangement is

within the limits of the existing encroachment, the owner will then proceed to obtain concurrence of the Borough President, the Commissioner of Housing and Buildings or the Borough Superintendent, in accordance with Section C26-233.0 of the Code; and

WHEREAS, the plans filed with this appeal indicate that the existing projections beyond the building line consist of three steps leading up to the 1st story and projecting 2 ft. 7½ in. outside of the building line; eight steps leading down to the cellar story, projecting 4 ft. 9 in. outside of the building line and an iron railing and gate projecting 10 ft. outside of the building line, in addition to a vault, and that it is proposed to rearrange these projections so that the steps to the cellar will consist of five risers projecting a total of 6 ft. 4 in. beyond the building line and two risers projecting a total of 9 ft. beyond the building line and to retain the existing steps to the first floor and existing iron railing and gate now located 10 ft. beyond the building line; and

WHEREAS, in the opinion of the Board no part of the proposed rearrangement of the encroachment will extend beyond the existing iron railing now located 10 ft. outside of the building line; therefore such rearrangement as proposed is within the limits of the existing projection and may be permitted in the discretion of the borough superintendent with the concurrence of the Borough President as provided for in Subdivision b of Section C26-233.0 of the Administrative Code.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 3094/53, Objection No. 8, be and it hereby is *modified* and that the appeal be and it hereby is *granted* so as to permit the Borough Superintendent to exercise his discretion with the concurrence of the Borough President as provided for in Section C26-233.0, Subdivision b, of the Administrative Code, *on condition* that the encroachment shall comply with all laws, rules and regulations applicable thereto and provided further that nothing herein contained shall be deemed to interfere with the right of the City acting through the Council or the Board of Estimate or any of its officers to direct removal or to maintain an action for the removal of such projection beyond the building line or for the collection of any penalty incurred in connection with the maintenance of the projection.

53-54-A

APPLICANT—Victor Bohm, for Marjorie Teperman, owner (Stylewear Display Accessories, Inc., lessee).

SUBJECT—Application January 28, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—599-601 4th avenue, southeast corner of 17th street, Block 631, Lot 10, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 28, 1954, as to Alt. Applic. 2651/53, reads:

"1. Provide at least two exit stairs as required by Sec. 270 of the Labor Law, enclosed in fireproof partitions and complying in all details with that section."

and

WHEREAS, the applicant states that the building is 2 stories, 26 ft. in height; 76 ft. by 40 ft. 2 in. in area at 1st floor; 76 ft. by 31 ft. 4 in. in area at 2nd floor; of class 3 construction; erected in 1922; located on a lot 76 ft. front by 40 ft. 2 in. in depth; in a business use, B area, class 1 and class ½ height district, and used and occupied since January 1954,—

MINUTES

cellar, storage; 1st floor, stores; 2nd floor billiard academy, for which certificate of occupancy #15660 was issued October 25, 1922 upon completion of work under Permit #8380, of 1922; and

WHEREAS, Violation #3587 of 1953, was issued October 19, 1953, for occupying the 2nd floor as a factory without obtaining a certificate of occupancy; and

WHEREAS, the applicant also states that the building is now occupied by retail stores on the 1st floor and the manufacture and sale and display of mannequin wigs on the 2nd floor, and it is now proposed to legalize this new occupancy; and

WHEREAS, the applicant contends that the building is provided with an enclosed stair with fire retarded partitions from the 2nd floor direct to the street on 4th avenue without openings on the 1st floor; that there is an emergency exit to the roof of the 1st floor extension from the 2nd floor through a 3 ft. 2 in. by 7 ft. fireproof self-closing door leading to an iron balcony and provided with a counter balanced stair to the street on 17th street front; that the cellar is used for ordinary use by the retail stores that there is an interior stair from the cellar to one of the retail stores and there are three outside stairs to 17th street, provided with flush iron sidewalk doors; that the wigs manufactured on the 2nd floor are produced mainly by hand and involve highly skilled work; that the occupancy is usually 3 persons employed at manufacturing and never more than five persons employed at manufacturing; that the second floor area is used in great part for office, display and storage of wigs and the floor area is divided by an 8 ft. high stud partition; that only an area of approximately 640 sq. ft. is available as a working area for manufacturing.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law as cited in a decision of the Borough Superintendent, as to Alt. Applic. 2651/53, and that the decision be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the primary means of exit shall be maintained as proposed and as indicated on plans filed with this application marked "Received January 28, 1954" (2 sheets), "May 28, 1954" (2 sheets), and "June 18, 1954" (2 sheets), and as shown on such plans a secondary means of exit shall be maintained from the 2nd floor by means of a fireproof self-closing door opening upon the 1st story roof and leading to a fire escape with a counterbalanced stair to 17th street, provided such roof of the first story extension shall be made fireproof with a concrete or masonry slab and with roof surfacing of gravel on four-ply roofing, as shown; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area.

330-54-A

APPLICANT—Arthur J. McDermott, for Arthur J. McDermott, Jacob A. and Georgia Post Visel, owners.

SUBJECT—Application April 27, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—90-01 Parsons boulevard, south-east corner of 90th avenue (Block 9756, Lot 28), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Arthur J. McDermott and William Leppin.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE—

Affirmative: Chairman Murdock and Commissioner Keating

Negative: Commissioner Kleinert and Deputy Chief Connors

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 31, 1954, acting on Alt. App. 781/54, reads:

"1. Change in use of frame residence to professional offices is contrary to C26-254.0 (table).

2. Residence not permitted on third floor of frame building C26-254.0 (table).

3. Minimum width of stair 3'-0. 6.4.1.a.

4. No toilet rooms permitted to open into stair enclosure. 6.4.1.8.2.

5. Required stair shall be in continuous enclosure to street level 6.4.1.11.

6. Stairway enclosure to comply with 6.1.2.2.5."

and

WHEREAS, the applicant states the building is 2½ stories 27 ft. in height, 23.46 feet front by 68 ft. in area, Class 4 construction, erected prior to 1908, located on a corner lot 23.46 ft. front by 101 ft. in area, in a retail use, B area, Class 1½ height district; used and occupied since 1940; Cellar—ordinary & heating plant; 1st and 2nd floor—professional offices 7 and 5 persons respectively, 3rd floor—dwelling, 1 family. The building is provided with one 36 in. wide wood stairs, enclosed in wood partitions, equipped with wooden doors which are not self-closing; stairhall leads directly to street and is provided with ladder and scuttle to the roof; and

WHEREAS, the applicant states the premises were acquired by a dentist in 1915 and he conducted his offices on the premises; and that in this connection maintained a waiting room, office and two operating rooms on the first floor, and two bedrooms on the 2nd floor and one attic room on the 3rd floor; that the building was extended in 1916 and continued to be used by the dentist in the practice of his profession and as a dwelling until 1939; that the present owners acquired the building November 1, 1940, and have since maintained their law offices on the premises and a portion of the building not so occupied has been devoted to residence use; that since November 1, 1940 and up to the present time the 1st and 2nd floors have been occupied as offices and the 3rd floor as a dwelling for one family; that the entire block upon which premises are located with the exception of the buildings is devoted to retail business; that the building in question has been occupied since 1915 for professional and residential purposes, and it is requested the Board permit its continuance as such; that it is not proposed to alter the existing conditions shown on plans filed with this appeal; that the purpose of making application to the Borough Superintendent under App. 781/54 was to procure a certificate of occupancy without which mortgage lending institutions will not advance funds to enable the owners to pay off the overdue existing mortgage; and

WHEREAS, the following motion was submitted for consideration:

"Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 781/54, Objs. 1 to 6, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the occupancy of the building as proposed and as indicated on plans filed with this application marked 'Received April 27, 1954' (8 sheets), *on condition* that this variance shall continue only so long as the occupancy of the 1st and 2nd floors is by lawyers offices as proposed and with the 3rd or attic story as one apartment; that the building shall not be increased in height or area, and in all other respects shall comply with all laws, rules and regulations relative to the construction and occupancy."

and

WHEREAS, the Board deemed that the proposed occupancy should not be permitted in the Class 4 frame building and without a second means of exit from the floors above the first.

Resolved, that the decision of the Borough Superintendent acting on Alt. Applic. 781/54, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

374-54-A

APPLICANT—Morris Hannes, for Pentecostal Church of God, Inc., owner.

MINUTES

SUBJECT—Application May 6, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—4320 3rd avenue, west side, 25 ft. 2 in. north of 44th street (1st floor); (Block 727, Lot 47), Borough of Brooklyn.

APPEARANCES—

For Applicant: Morris Hannes.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 21, 1954, on Alt. Applic. 1735/53, reads:

"1. The change in occupancy of the first floor of this frame building from business to public use is contrary to the Bldg. Code, Sect. 2.1.3.5 and Sect. 4.1.2.

2. The exits from the first floor are not sufficiently remote from each other."

and

WHEREAS, the applicant states the building is 2 stories, 23 ft. in height, 25 ft. by 80 ft. in area at 1st floor, 25 ft. by 50 ft. in area at 2nd floor, of Class 4 construction, erected prior to 1896 on a lot 25 ft. front by 100 ft. in depth in an unrestricted use, A area, Class 1 height district; used and occupied since August 1949: Cellar—boiler, storage and toilets; 0 persons; 1st floor—church, 150 persons; 2nd floor apartment for rector; and proposed to be increased in area on the 1st floor to 25 ft. front by 100 ft. in depth and used and occupied as follows: Cellar—storage, boiler and toilets, 0 persons; 1st floor—church, 200 persons; 2nd floor—apartment for rector. The building is provided with one interior 3 ft. wide wood stairs, enclosed in fire-retarded partitions on the 1st floor and on the 2nd floor with partitions of wood lath and plaster. The 1st floor stair-hall doors are fireproof, self-closing; 2nd floor stairhall doors are of wood, not self-closing; and

WHEREAS, Violation #1030/53, issued March 30, 1953, was for changing the use of the building from store and one family to church on the 1st floor and 1 family on 2nd floor without obtaining a certificate of occupancy; and

WHEREAS, the applicant states that the building is of frame construction for the front 50 ft. with an extension on the 1st floor, 30 feet of brick construction; that it is now proposed to extend the first floor to the full depth of the lot, making the first floor extension fifty feet in depth and use the church for 200 persons, the 2nd floor to remain as a one family dwelling for the pastor; and

WHEREAS, the applicant contends as to Objection 1 of the Borough Superintendent's decision, that the owner purchased the property in August 1949 and immediately occupied the 1st floor as a church and the 2nd floor as an apartment for the pastor; that upon receiving Violation 1030/53 an architect was engaged, plans drawn and approved and contract was let to do the work necessary by the approved plans for use as a church on the 1st floor; that the contractor started work and then discovered that a portion of the building was of frame construction instead of Class 3 construction; that after a hearing by the Borough Superintendent on November 30, 1953, Alt. Applic. 1735/53 and Permit #4165/53 were revoked December 2, 1953 by the Borough Superintendent; that subsequently the applicant was engaged to prepare plans for the extension of the 1st floor of the building and to file the appeal with the Board and an amendment was filed to the alteration application, resulting in 16 objections being issued by the Borough Superintendent, of which 14 were complied with and the two remaining objections are the subject of this appeal; and

WHEREAS, the applicant further contends that it is necessary to have a location in the neighborhood as all the mem-

bers of the congregation live nearby; that the pastor tried to find another location but was unable to find a building close by, as the few buildings available were not suited to the purpose and would require extensive alterations to make same comply with the Building Code; that it was decided to make the building in question safe for the occupancy proposed in accordance with any recommendations by the Board; and

WHEREAS, the applicant contends that a sprinkler system installed in accordance with the requirements for converted dwellings on the 1st floor and cellar will provide protection for the occupants by putting out any fire that may occur in the 1st floor and cellar and prevent its spread; that such sprinkler system will be supplied by the domestic water supply of the building; that Section C26-254.0 of the Administrative Code recognizes a sprinkler system when it permits an increase in area of a building for business or garage structures; that if the percentage increase which amounts to 100% in area were applied to a church, then the permitted area for a one story building of frame construction would be 1200 sq. ft. in lieu of the 600 sq. ft. permitted by the Code; then if the Board feels the sprinkler system should be given credit for an increase in floor area, the excess in area of the frame construction would be only 50 sq. ft.; that Section 3.1.5 of the Building Code permits the sections applicable to each floor according to its use; that since the 2nd floor was always used for an apartment of frame construction, this section permits the continuation of this apartment on the 2nd floor and no change is required for this floor in its construction; that the fact the 1st floor and cellar ceiling will be fire retarded with rock lath and plaster will provide additional safeguard against the spread of fire; and

WHEREAS, the applicant contends as to Objection 2, that the exits are 23 feet apart, one being at the southerly side and the other through a fire-retarded passage through the hallway on the first floor; that in addition the 1st floor will have a sprinkler system which will help put out a fire if same should start; and

WHEREAS, the applicant contends that in view of the changes proposed and the fact it would be a hardship if this appeal were denied, as the owner would have to look for other quarters in the neighborhood which they cannot find, it is requested that this appeal be approved so that the 1st floor can be used for a church and the 2nd floor as an apartment for the pastor; and

WHEREAS, an examination of Alt. Applic. 1735/53 indicates that it was filed with the Borough Superintendent April 21, 1953, describing the building as non-fireproof construction; and proposing to obtain a certificate of occupancy for the 1st floor as a church with an occupancy of 100 persons; that on May 29, 1953, 13 objections to the approval of the application were issued by the Borough Superintendent; that on June 4, 1953, upon filing of cloth plans this application was approved and permit issued September 14, 1953; that under date of November 3, 1953, the Borough Superintendent notified the owner, the architect and the contractor to appear to show cause why permit #4165/53 and Alt. 1735/53 should not be revoked on the grounds of misrepresentation of material facts, and stated that the application represented the structure to be non-fireproof construction when as a matter of fact it was of frame construction; after a hearing held November 30, 1953, the Borough Superintendent on December 2, 1953, revoked Permit #4165/53 and Alt. 1735/53, on which it was issued on the grounds of misrepresentation of material facts; and

WHEREAS, on January 26, 1954, an amendment was filed consisting of new engineer's affidavit, new specification sheet, showing existing side wall for a depth of 50 ft. to be of frame construction, and upon this amendment on February 5, 1954, 16 objections were issued by the Borough Superintendent; on February 26, 1954, the applicant requested reconsideration of Objections 4 and 8, which reconsideration was accepted, and on February 26, 1954, Objections 1 and 2, which are the subject of this appeal, were issued and again reissued April 21, 1954; and

MINUTES

WHEREAS, the premises and surrounding area were inspected by a Committee of the Board and due consideration has been given to the proposals to attempt to make the place safe, but the Committee recommends that the application should not be granted.

Resolved, that the decision of the Borough Superintendent acting on Alt. Applic. 1735/53, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

418-54-A

APPLICANT—James E. Casale, for 14 East 74th Street Corp., owner.

SUBJECT—Application May 26, 1954—filed pursuant to section 310 of the Multiple Dwelling Law for variation of section 172 of the Multiple Dwelling Law re minimum dimensions of legal yard.

PREMISES AFFECTED—69 East 80th street, north side, 80 ft. 6 in. west of Park Avenue, Block 1492, Lot 33½, Borough of Manhattan.

APPEARANCES—

For Applicant: A. F. Gunther.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 24, 1954, on Alt. Applic. 620-53, reads:

"Al. Bldg. not provided with a legal yard or a yard court of equivalent area, therefore building cannot be converted to multiple dwelling use."

and

WHEREAS, the applicant states that the building is 4 stories and basement, 53 ft. in height; 20 ft. 6 in. front by 97 ft. 8 in. in depth at street level; 20 ft. 6 in. front by 63 ft. 7 in. in depth at typical floor level, of class 3 construction, erected 1904, located on a lot 20 ft. 6 in. front by 102 ft. 2 in. in depth, in a residence use, B area, class 1½ height, and used and occupied since 1949 as a two family dwelling, and proposed to be used and occupied as follows: cellar, boiler room and storage; basement, 1 apartment; 1st and 2nd floors, combined, one duplex apartment; 3rd floor, 1 apartment, 4th floor, 1 apartment; that the building is provided with one interior wood stairs, 2 ft. 8 in. average in width, enclosed in partitions of studs and plaster, equipped with wood self-closing doors; stair hall leads direct to street and is provided with a ladder and scuttle to roof; and

WHEREAS, Certificate of Occupancy #35745, was issued June 13, 1949, upon completion of work under Alt. Applic. 457-49, and permits the use and occupancy of the building as a 2 family dwelling; and

WHEREAS, the applicant states that the building was erected in 1904 as a one family dwelling; that in 1949, plans were filed to alter it to a 2 family dwelling and certificate of occupancy was issued for such use; that the building is 63 ft. 7 in. deep and has a two story extension at the rear extending back 35 ft. and has a width of 17 ft. 6 in.; that the area of the rear yard is 196 sq. ft. and the required rear yard area is 266 sq. ft. leaving a deficit of 70 sq. ft.; and

WHEREAS, the applicant contends that the apartment at the rear of the basement and the lower half of the duplex apartment on the 1st floor are the only two affected; that the extension stops at the 2nd floor level, therefore, the apartments on the 2nd, 3rd and 4th floors receive adequate light and air; that adjacent yards to the north and west afford a well ventilated area; that it is a great hardship for the owner to be required to maintain the building in its present condition as she resides in the duplex apartment on the 1st and 2nd floor; that as a multiple dwelling, three additional apartments could be installed and the revenue obtained from them would alleviate the current hardships; that it is therefore requested

that the Board pursuant to the powers vested in it under Section 310 of the Multiple Dwelling Law grant a variance to enable the premises to be converted to a multiple dwelling use.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 620/53, Objection A1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* under the powers vested in the Board under Section 310 of the Multiple Dwelling Law, to permit the existing yard and courts to be accepted in lieu of the requirements in connection with the proposed alteration of the building as a converted Multiple dwelling, *on condition* that the open spaces as indicated on adjoining lots and as shown on plans filed with this appeal marked "Received May 26, 1954," (12 sheets), be maintained; that this variance shall continue only so long as such open spaces on adjoining lots as shown on such plans remain, and that in all other respects the building and occupancy shall comply with the requirements of the Multiple Dwelling Law and all other laws and rules applicable to the building and occupancy; that the building shall not be increased in height or area.

MINUTES

* CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on June 15, 1954, as they appeared in Bulletin No. 25, Vol. 39, are hereby corrected to read as follows:

464-41-BZ—Vol. II

APPLICANT—Robert Gottlieb, for Louis Rothberg and Fannie Privot, owners.

SUBJECT—Application for consideration approval of working plans—re Application (decision of the borough superintendent), previously granted on condition, under sections 7f, 7h and 7i of the zoning resolution permitting in a business use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs and office; and permitting the sale and display of used cars and parking and storage of motor vehicles upon portion of plot.

PREMISES AFFECTED—3933-3939 3rd avenue, west side, 139.9 ft. north of East 172nd street (Block 2920, Lots 34, 35, 36 and 37), Borough of The Bronx.

APPEARANCES—

For Applicant: Benjamin Zlochower.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and working drawings approved.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinfert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on May 4, 1954, on certain conditions; and

WHEREAS, the applicant submitted working drawings, for approval by the Board, as being in substantial compliance with the requirements of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 4, 1954, by adding thereto:

"* * * that the working drawing marked 'Received May 20, 1954' (2 sheets), *as revised by working drawings marked 'Received June 10, 1954' (2 sheets)*, are hereby *approved* as in substantial compliance with the resolution adopted by the Board on May 4, 1954." (N.B. 1279/53)

* Correction—Reference to revised working drawings marked "Received June 10, 1954" inserted in the resolution, as indicated in italics.

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.
